WMU ScholarWorks Citation
http://scholarworks.wmich.edu/alumni_center/1

This Booklet is brought to you for free and open access by the Western Michigan University at ScholarWorks at WMU. It has been accepted for inclusion in Alumni Center by an authorized administrator of ScholarWorks at WMU. For more information, please contact maira.bundza@wmich.edu.
From its humble beginnings in 1903 as a teachers college through its transition to a global public research institution, Western Michigan University has called Kalamazoo its home. The University’s location did not happen by accident, it was the community’s vision for and commitment to education that brought the new school to Kalamazoo. The University’s original building—a highly visible landmark atop Prospect Hill—was erected to represent the integral ties between a proud community and its school.

Today, Prospect Hill is undergoing a renewal that when complete will reaffirm the special and unique relationship between the citizens of Kalamazoo and WMU. The WMU Alumni Center project is committed to preserving and transforming the University’s birthplace into a facility that serves both the campus and community while showcasing the deeply rooted relationship between the two.
PROJECT GOALS

- Serve as a home for all alumni
- Become a community asset
- Showcase the birthplace of the University in the context of the City of Kalamazoo
- Serve as a touchstone for the WMU experience
- Offer flexible and multipurpose gathering spaces open to the community
- Illustrate the University’s commitment to sustainability

PROJECT TIMELINE

December 2012  Renovation of East Hall as the new WMU Alumni Center is announced
June 2013       TowerPinkster is selected as the architectural firm
October 2013    The WMU Alumni Association announced a $1 million contribution toward the renovation project
March 2014      Final design is unveiled
