HON. A. M. FREELAND
Anno Exeunte

Again Earth's cycle indicates
Upon the dial of Time
A moment passed, a pulse beat
In this vast eternity,
Which terminates for man
A length of days.

Again upon the threshold,
Armed with a fostering mother's care,
In confidence replete,
Hopes unalayed by doubts,
Youth stands in short abeyance,
Makes his choice, and takes his way
Into the restless world.

Again Earth must retrace its settled course,
A mighty ship without a port of call,
An aimless wanderer.
Life picks its more uncertain way,
And in its slow unfolding
We who enter now the race
For that great goal of Happiness
Can hope to glean a little
Of what must be true,
And to inspire a little more
Those who must soon pursue, with quickened hearts,
A measure of that golden treasure, too.

R. C. M.
Campus
Through the leafy screen of that which was
We see that which was to be.
Wistful willows slumber over a crooning brook.
Firmly resting, near the clouds.
A sombre structure enlivened by the ring of voices.
Through panelled glass,
The glow of ardent activity within.
And, at night,
A warmth of light giving vitality
To stony pillars.
Masculine ruggedness of stalwart columns
Softened by the presence of peonies.
Splendid home of our friends—perpetual and intimate
—Books.
Down, 'neath the trees,
The wind weaving gay carpets of lights
and shadows.
JOHN C. HOKKJE, Registrar and Director of Extension.

BERTHA S. DAVIS, Dean of Women.

RAY PELLETT, Dean of Men.
A. B., A. M. University of Michigan.

FRANK ELISWORTH, Director of Training School.

WILLIAM J. RHYNESBERGER, Principal, Normal High School.

ERNEST BURNHAM, Ph.D. Director of Department of Rural Education.

ANNA L. FRENCH, Librarian.
Michigan State Normal College. Drexel Institute School of Library Science.

ROXANA A. STEELE, Supervisor of Demonstration Schools.
B. S., A. M. Columbia University.

HARRY P. GREENWALL, Alumni Sec.

PAUL B. SANGRENN, Ph.D., Director, Department of Research.
ART

ELAINE STEVENSON, Fine Arts.
Western State Normal School. Emma W. Church School of Design.

LYDIA SIEBESCHLAG, Fine Arts.

JESSIE M. ROBERTS, Fine Arts.

MRS. LOUISE F. STRUBLE, Art, Training School.

AGNES BROMBEL, Art.
B. S. Oklahoma State College. B. A. E. Art Institute.

VERNA FENSTERMACHER, Art, Demonstration Schools.
Western State Normal School.

BIOLOGY

JESSE A. PLACE, Biology.

LESLIE A. KENOYER, Ph.D., Biology.

HENRY N. GOBBARD, Ph.D., Biology.
Ph.B., Ph.D. University of Michigan. University of Chicago.

ARTHUR D. DELAMARter, Agriculture.
CHEMISTRY

William McCracken, Ph.D., Chemistry.

Robert J. Eldridge, Chemistry.
B. S. Kalamazoo College. M. S. University of Chicago.

James W. Boynton, Chemistry.

Wilbur Marshall, Chemistry.
Western State Normal School.

EDUCATION.

Lavina Spindler, Education and Psychology.
Columbia University. A. B. University of Michigan.

Theodore S. Henry, Ph.D., Education and Psychology.

Elmer H. Wilds, Education and Psychology.

Emma L. Watson, Commerce.

Mrs. Ada Kline Clark, Commerce.
A. B. Western State Normal School.

CommerCe

E. D. Pennell, Commerce.
Manley M. Ellis, Ph.D., Education and Psychology.
Ph.D. University of Michigan.

George H. Hilliard, Ph.D., Education and Psychology.
A. B., A. M., Ph.D. University of Iowa.

Orrin Powell, Education and Psychology.

William Halnon, Ph.D., Education and Psychology.

Anna L. Evans, Rural Education.

Katherine A. Mason, Education.
B. S., A. M. Columbia University.

Mrs. Minnie Campbell, First Grade, Training School.

Effie B. Phillips, Education.
B. S. University of Minnesota. M. A. Teachers College, Columbia University.

ENGLISH

George Sprau, English.
A. B. Ohio Northern University. A. B., A. M. Ohio University. A. M. Harvard University.

William R. Brown, Ph.D., English.
A. B. University of Texas. A. M., Ph.D. Harvard University.
Eleanor Rawlinson, English.
University of Chicago.

Lucille Norris, English.
A. B. Kalamazoo College A. M. University of Michigan.

Louis Foley, English.
A. B. Ohio University. A. M. Ohio State University.

Helen Master, English.

Minnie D. Loutzenhiser, English.
B. S., A. M. University of Washington.

Ruth G. Van Horn, English.
A. B., A. M. University of Michigan.

Herbert Slusser, English.
A. B., A. M. University of Michigan.

Edith Eicher, English.

Lorena M. Gary, English.
Western State Normal School.

Frances Swain, English.
A. B., A. M. University of Michigan.
JAMES R. MASTERSON, English.
A. B. Western State Normal School.
A. M. Harvard University.

GEOGRAPHY

LESLIE H. WOOD, Geography.
A. B. University of Michigan. A. M. University of Chicago.

LUCIA HARRISON, Geography.
A. B. University of Michigan. M. S. University of Chicago.

BELLE STRUNK, Geography.
Western State Normal School. B. S. University of Chicago.

LOUISE BOSWELL, Geography.
B. S. University of Chicago.

HISTORY AND SOCIAL SCIENCES

SMITH BURNHAM, History.

NANCY E. SCOTT, Ph.D., History.

ROBERT R. RUSSELL, Ph.D., History.

DELLA B. BARNETT, History.
A. B. Grinnell College. A. M. University of Chicago.

OSCAR S. TRUMBLE, History.
MRS. KATHERINE MULRY JOHNSON, History.
Indianapolis Normal School. B. S. Columbia University.

JAMES OWENS KNAUSS, Ph.D., History.
A. B. Lehigh University. A. M. Harvard University. Ph.D. Cornell University.

FLOYD W. MOORE, Economics.
A. B. Albion College. A. M. University of Michigan.

HOWARD F. BIGelow, Economics.
A. B. Wesleyan University. A. M. Harvard University.

D. C. SHILLING, History and Government.
B. Pd. Ohio Northern University. A. B. Miami University. A. M. University of Wisconsin.

WALTER A. TERPENING, Ph.D., Sociology.

GERALD BARNEs, Ph.D., Sociology.
B. A. Amherst. Ph.D. University of Michigan.

HOME ECONOMICS

MARY A. MOORE, Household Arts.
Kalamazoo College. Western State Normal School. Teachers College, Columbia University.

RUTH V. SCHUMACHER, Household Arts.
B. S. Iowa State College. A. M. University of Michigan.

FRANCES E. WALTON, Household Arts.
A. B. University of Omaha. A. M. Teachers College, Columbia University.
LANGUAGES

Elisabeth Zimmerman, Latin and German.

Amelia Hockenberry, French.

Marion Tamin, French.

Eunice E. Kraft, Latin, Normal High School.

MANUAL ARTS

Marion J. Sherwood, Manual Arts.

Elmer C. Weaver, Manual Arts.
Western State Normal School.

Fred Huff, Manual Arts.
University of Michigan. A. B. Western State Normal School.

George E. Tabraham, Manual Arts.
Western State Normal School.

Charles S. Nichols, Manual Arts.
Western State Normal School. A. B. University of Wisconsin.

D. O. Pullen, Manual Arts.
Western State Normal School.
MATHEMATICS

HAROLD BLAIR, Mathematics.
B. S. University of Michigan.

HUGH M. ACKLEY, Mathematics.
A. B., A. M. Olivet College.

GROVER C. BARTOO, Mathematics.
Geneseo Normal School, New York.
A. B., A. M. University of Michigan.

PEARL L. FORD, Mathematics.
A. B. Western State Normal School.

H. GLENN HENDERSON, Music.
Michigan Conservatory, Detroit. Studied under Swayne. Moritz, Moskowski and Guilmant.

GEORGE E. AMOS, Band and Orchestra.

MRS. DOROTHEA SAGE SNYDER, Music.
Western State Normal School.

THELMA HOOTMAN TAWNEY, Music. Training School.
G. M. Northwestern University.

LEOTI COMBS BRITTON, Music.

MUSIC

HARPER C. MAYBEE, Music.
PENMANSHIP

ETHEL SHIMMEL, Penmanship.
Western State Normal School.

PHYSICAL EDUCATION (MEN)

LAURENCE TAYLOR, Physical Education.
A. B. Western State Normal School.

HERBERT W. READ, Physical Education.
Western State Normal School. A. B.
University of Michigan.

EARL T. MARTINEAU, Physical Education.
A. B. University of Minnesota.

PHYSICAL EDUCATION (WOMEN)

DORIS A. HUSSEY, Physical Education.
Sargent School of Physical Education.
A. B. University of Michigan.

CRYSTAL WARNER, Physical Education.
A. B., A. M. University of Michigan.

MARION A. SPAULDING, Physical Education.
Western State Normal School.

EDITH MULLEN, Physical Education.
B. S. Teachers College, Columbia University.

MARY BOTTJE, Physical Education.
Western State Normal School. University of Wisconsin.

PHYSICS

JOHN E. FOX, Physics.
PAUL ROOT, Physics.
A. B. Albion College. A. M. University of Michigan.

W. G. MARBURGER, Physics.
A. B., M. S. University of Michigan.

SPEECH

LAURA V. SHAW, Speech.
B. S. Ohio Wesleyan University. A. M. University of Michigan.

CARROLL P. LAMMAN, Speech.

ANNA E. LINDBLOM, Speech.
A. B., A. M. University of Iowa.

NORMAL HIGH SCHOOL

MRS. AMELIA BISCOMB, English.

J. LEE HART, Mathematics.
A. B. Western State Normal School.

ADO HOEKEKE, English and Latin.
A. B. University of Chicago.

GRACE E. SEEKELL, History.
A. B. University of Michigan. Teachers College, Columbia University.

BEATRICE SHAUNING, Mathematics.
A. B. Western State Normal School.
Louise J. Walker, English.
A. B. Albion College. A. M. Columbia University.

Myrtle Windsor, French and Spanish.
A. B. University of Michigan.

Merrill Wiseman, Science.
A. B., A. M. Ohio Northern University.

NORMAL TRAINING SCHOOL
LaVerne Argabright, Fourth Grade.

Helen Barton, Sixth Grade.
A. B. Michigan State Normal School.

Jane Blackburn, Second Grade.
B. Ed. Illinois State Normal University.
B. S. Teachers College, Columbia University.

Isabel Crane, Physical Education.
Michigan State Normal College.

Ina Kelley, Eighth Grade.

Mary E. Vandenbark, Speech.
A. B. DePauw University.

Reed A. Waterman, Physical Education.
Western State Normal School.
TOMPSIE BAXTER, Fifth Grade.

VERLE COTTENS, Kindergarten.

ROWENA HANSEN, First Grade.
B. S. Teachers College, Columbia University.

FANTIE NESBITT, Second Grade.
B. S. Columbia University.

LULA McWILLIAMS.

ETHEL HALE RUSSEL, Third Grade.
B. S. University of Iowa. A. M. University of Iowa.

LOUISE STEINWAY, Seventh Grade.
Massachusetts Normal. B. S. Teachers College, Columbia University.

HURD TRAINING SCHOOL
LOIS M. CLARK, Supervisor.
Western State Normal School.

PAW PAW TRAINING SCHOOL
ORIN W. KAYE, Superintendent.
A. B. Olivet College.

JAMES S. AYARS, Mathematics.
B. S. Northwestern University.
MRS. BESS BAKER, History.
Ph.B. University of Chicago.

AMELIA BAUCH, Mathematics.
B. S., A. M. Columbia University.

ARTHUR B. CASTLE, Science.
B. S. University of Michigan.

HELEN M. COOPER, Third Grade.
B. S. Teachers College, Columbia University.

LOUISE M. COOPER, First and Second Grades.
B. S. Teachers College, Columbia University.

MARJORIE DICKINSON, Kindergarten.
Oberlin College.

BRYAN EMMERT, Physical Education.
Ph.B. University of Chicago.

MARY S. HENDERSON, English.
A. B. University of Michigan.

HAZEL JONES, First Grade.
Iowa State Teachers College. University of Chicago.

C. F. KEUZENKAMP, Manual Arts.
B. S. Kansas State Teachers College.
Reynold G. Oas, Agriculture.
B. S. Michigan State College.

Clella Stufft, Fifth Grade.
A. B. University of Nebraska.

Frances A. Pope, English.
Ph.B. University of Chicago.

Lela C. Trager, Physical Education.
B. S. University of Iowa.

Edson V. Root, Mathematics.
Western State Normal School.

Olive G. Turner, Later Elementary.
A. B. University of Michigan.

In keeping with her faith
A commonwealth has built
Upon this mountain-mound,
Close to a dove-like sky,
Peerless in noble worth and majesty,
A temple for the seeds of Truth;
Seeds borne on the wings of four world winds
From the lands where winds begin.

Shade

The kindliest thing God ever made,
His hand of very healing laid
Upon a fevered world, is shade.

His glorious company of trees
Throw out their mantles, and on these
The dust-stained wanderer finds ease.

Green temples closed against the beat
Of noontime’s blinding glare and heat,
Open to any pilgrim’s feet.

THE presence of juniors and seniors on the campus has broadened the scope of Western State Normal to an appreciable degree. Although primarily a teachers' training school, it has included in its range the preparation of students of other fields by granting a Bachelor of Arts and Bachelor of Science degree.

The four-year course is comparatively a new plan; the State Board authorized its adoption in 1918. It is not in opposition to the life certificate course, but allows the credits gained in this course to be applied on a degree and presents a chance for finer specialization. The requirements for a Bachelor of Science degree correlate with the requisitions of pre-medic students and those who plan to specialize in engineering or law.

Approximately one hundred seniors will be graduated with a degree this June. These students are placed in the better school systems of the state with great facility. The value of degrees, both from the standpoint of personal satisfaction and remuneration is so keenly felt, that an increased number enroll each year in order to secure a Bachelor's Degree.

Advisors

Mr. Sprau

Mr. Slusser

Mr. Shilling
AT PRESENT, a two-year course, the requirements of which are a major of twenty-eight term hours and a minor of sixteen term hours, prepares teachers for the tenth, eleventh, and twelfth grades in the high school. The increased demand for high school instructors with a degree has lessened the popularity of this course and it is expected that a three-year plan will be formulated and adopted in a few years which will eventually lead to an A. B. course. The present requirements allow great flexibility in electing subjects so that transitions to an A. B. course are easily and frequently made.

This course, as it now stands, qualifies those who elect it to teach many subjects in the high school curriculum. The usual combinations of specializations are: science and mathematics, English and history, and English and languages. Other groups are not infrequent, however.
On the campus, we find that members of the Senior High department are active in clubs and activities. The presidents of both the women's honorary debating societies as well as several members of the debating squads are Senior High students.

Junior High Department

THE new idea in education, The Junior High School, which has been readily adopted in most progressive schools, calls for a special preparation for Junior High School instructors. To meet this new demand Western has instituted a two-year Junior High Course, the importance of which must be acknowledged when we note that last year fifty-four prospective teachers were graduated from this department alone.

The curriculum in this new educational sphere consists of subjects which will adapt students to teach in the seventh, eighth and ninth grades. Recognizing the special importance of these three transitional years in the life of the child, special psychological and educational courses are emphasized.
Requirements of this course are a major and minor subject besides considerable work in psychology, education and English. Two other year subjects are needed in order that the Junior High instructor may be ready to teach four subjects if necessary.

Within the next few years this training will probably be formulated into a three-year course similar to the present Music and Art courses.

Miss Steinway
The Later Elementary Department which prepares teachers for the third, fourth, fifth and sixth grades has a larger enrollment than any department at Western State except the Early Elementary Department. During the Winter Term, two hundred and forty-eight students were preparing for their Life Certificate from this particular field.

Courses in psychology, education, English, art and music and three consecutive courses in some subject taught in the later elementary curriculum are required. The remainder of the term hours is earned through electives which include a well-balanced variety of subjects. Added to actual class work, the graduates of this department, as the graduates of other departments, obtain experience in teaching in the Training school and outlying schools of Western's teacher-training institution.
Members of this department have in the Later Elementary Club a very strong organization which is supplementary to their regular school work. The Later Elementary Club is especially helpful to freshmen, since it supplies them with information concerning later elementary education which they cannot receive in the classroom.

This department has always been one of the largest at Western. It not only has an unusually attractive course of study but its graduates find splendid positions, without difficulty, in some of the best school systems in Michigan.

ADVISORS

Dr. Henry
Dr. Sangren
Miss Eicher
Miss Strunk
Mrs. Johnson
THE Early Elementary Department has the largest enrollment of any department at Western. Its purpose is to prepare teachers to meet the problems presented by children of pre-school, kindergarten, and primary ages. The course of study is arranged to adapt teachers to meet these needs.

An entire year of work in the education department is devoted to child study. In the early elementary curriculum, special emphasis is placed on social training, training in English, story telling, plays and games, and methods of teaching reading and literature. Thus, the entire program is planned to develop an understanding of the younger child’s needs and interests.

The education of the very young child is rapidly becoming a more scientific process. Realization of the importance of early training has done much to develop this particular phase of education. The old and indefensible idea that any teach-
er was good enough to train young children has disappeared and in its stead comes the recognized fact that the early grade teachers have a very important task, and must be prepared to accomplish it. Educators agree that the training in the early years make or mar the emotional life of the average child.

The tendency now is for the primary teachers to become a specialist in child study; instead of a mere master of subject matter, she has become a student of child psychology. The Early Elementary curriculum at Western recognizes this tendency and is in accord with it.

The ideal of the Home Economics Department is to encourage within its students a desire to apply the principles of right living to their own lives, the application of which will lead to higher standards of health and home life. With the development of this attitude toward herself the home economics teacher is prepared to instruct others. In order to satisfy the demand for more training for high school teachers, the Home Economics Department has extended its curriculum until now three years are required for a life certificate.

The home economics students cooperate with many organizations on and off the campus. Members of the clothing department have made children’s garments and donated them to the children’s day nursery; students of the clothing class modeled at the annual style show at Streng and Zinn’s; they also made garments and displayed them at Jones’ Department Store. On the campus this department serves most of the school banquets, and assumed especially great responsibility in making Rural Progress Day a decided success this year.

ADVISORS

Mrs. Schumacher  Miss Mary Moore
Miss Walton
Western State Normal offers a three-year curriculum in commercial subjects, granting a life-certificate which may be applied toward either a Bachelor of Arts or Bachelor of Science degree. The course includes a variety of subjects relating to commercial teachers' training, modern business methods, and many others of a more general nature. Excellent opportunities for practice teaching are found in the well equipped commercial departments of the Paw Paw High School, Kalamazoo Central High School, and Normal High School.

The aim of the department is to prepare students for teaching commercial subjects in public high schools. At present there are about eighty in the department. Owing to the recent change in the length of the course, the number to be graduated at the end of this year is very limited; about thirty will complete the course next year.

Miss Watson
Manual Arts Department

The work of the Manual Arts Department is carried on almost entirely in the splendid new Manual Arts Building in which we find an auto shop, an elementary benchwork room, a forge shop, a soft metal foundry, and other shops of various sorts. This adequate equipment allows for careful and complete training for the prospective manual arts teachers.

This department offers not only a regular two-year life certificate course, but also well-planned third year work, and a fourth year course, at the completion of which the Bachelor of Science Degree is granted. The actual purpose of the curriculum of this department is to develop teachers who are efficient in useful arts, an altogether worthy aim. The classes are conducted by the laboratory method in order to encourage individuality and practical experience, as well as originality in production.

ADVISORS

Mr. Sherwood
Mr. Huff
Mr. Nichols
FROM a weak beginning of only fifteen members in 1919, the Men's Physical Education Department has developed into a strong group with an enrollment of ninety-six men. The two-year course was changed to a three-year course in 1925; a four-year course is also elected by many physical education men.

This department endeavors to fit its members to lead men and boys in physical education work as well as to coach teams in public schools. Our own splendid coaching staff is very well equipped to fulfill this aim of the department. They further desire to instill firm support of the principles of clean sportsmanship in the athletic leaders-to-be.

The erection of the new gymnasium is the most important event in the development of a Men's Physical Education Department. It has stimulated greater interest in carrying out the splendid physical education course of study. The physical education instructors graduated from Western State Normal are in great demand throughout the state.

ADVISORS

Mr. Taylor

Mr. Martineau

Mr. Read
Music and Art Departments

Western's Music Department is devoted to preparing supervisors of music for public school work. The course of study includes work in psychology, education and English as well as several courses in music supervision. The first term is devoted to a study of methods in the primary grades, the second, to methods in the intermediate grades, and in the third term, emphasis is placed on methods of teaching, as well as directing choruses, in the junior and senior high schools.

Talented musicians of this department are given ample opportunity to show their abilities through the musical organizations. These include the Varsity Girls' Glee Club, the Men's Glee Club, the Orchestra, the Band, the String Quartette and the Music Study Club.

The Art Department at Western has a well-organized course of study carried out by unusually capable instructors. Four completely equipped rooms at the barracks make splendid work-shops for art students.

The Art Club is an enthusiastic group of art students which is known for its splendid cooperation with other school organizations in doing poster work and helping with decorations.

Many students combine the curricula of the two courses and prepare themselves to teach both Art and Music.

The Forensic Board is an advisory body organized to promote intercollegiate and intramural debating.

The board is composed of the debate coaches, debate manager, and representatives from each of the debating societies. No regular meetings are held and it is, therefore, due only to the hearty cooperation of the members that the board has been able to fulfill its duties effectively.

The most constructive work of the board this year was the promotion of the Australian debate. This event, arranged by the forensic board with the help of the four debating societies, indicated an increasing interest in forensics.

The Debate Loan and Scholarship Fund, administered and controlled by this body, has been materially increased as a result of this year's successful management.

Sydney Debate

Resolved: That the entry of women into political and professional life should be deplored.

Sydney—Affirmative

Western—Negative

The second international debate in Western's history was held at Central High School Auditorium on November 20, when, before an audience of 1800 students, townspeople, and high school visitors from other towns, a team from the University of Sydney, Australia, was met in a discussion of women in political and professional life. Western's team was chosen from a squad of the following six men, the last three constituting the team which met the Anti-podeans: Harry Endsley, Melvin Monroe, Herbert Tag, Albert Becker, Stephen Lewis, and Arthur Secord.

In upholding the affirmative, Messrs. Heathwood, Godsall, and McIntosh, all recent graduates, argued that there is inherent inequality between the sexes and that the home will be undermined by women's entering outside fields. To support their position the visitors relied largely on sweeping generalizations and witticisms.

Against their opponents Becker, Secord, and Lewis, speaking in that order with Secord having the rebuttal, used the same easy informality and humor which distinguish foreign debaters and in addition clearly out-argued the Australians on the real issues of the question, pointing out, respectively, that by history it is natural and right that women should have complete freedom of choice; that women, individually and collectively, are benefitted by entry into political and professional fields; and, finally, that society is the gainer by the introduction of certain traits that women bring into politics and professions.

The balloting at the end of the debate, which made possible separate tabulation of men's and women's votes, showed the following results.

Page One Hundred Eighty-one
Resolved: That this house endorses the governmental principles of Mussolini.

For the second successive year 1926-27 saw two questions used by the men. Because there was much promising new material among the fifty men who came out for debate—twice as many as in any previous year, Coach Lahman used two separate squads, one for each question.

HIGH LIGHTS

Migration Day to Albion
Three hundred Brown and Gold supporters crowd Albion chapel to hear an exciting debate, won by Albion by a narrow margin.

Debate before High Schools
This plan, only slightly used before, proves very popular and will be continued.

New Relationships
That with DePauw University, probably the strongest debating school in Indiana, this year marked by two of the closest possible debates, will probably be permanent.
Cornell College of Iowa pays its first visit to Western, following a single debate at Mount Vernon last year.

Inclusion in "University Debaters Annual"
As the result of six years of outstanding intercollegiate debating, Western is signal honored by being asked by the H. W. Wilson Company of New York to furnish a stenographic report of the second debate with Albion on Mussolini. This is one of five or six intercollegiate debates, on various subjects, chosen from the colleges and universities of the United States to be included in the "University Debaters Annual" for 1926-27, a volume found in practically all public and college libraries in the country.
Resolved: That the essential features of the McNary-Haugen Farm Relief Bill should be enacted into law.

With fifteen men constituting the farm relief group, a total of twenty-seven participated in squad work and received the training of study and frequent practice debating. Of this number twenty took part in actual intercollegiate contests, which is by far the greatest number in the history of the school.

Open Forums
Probably the most interesting feature of the farm relief discussions proves to be the open forums for questions and comments after the formal debates. By several appearances before farm audiences it is felt that some real service has been rendered toward public understanding of a pertinent question.

Rural Progress Day
From the standpoint of audience and of popular interest, the outstanding debate of the season is that with Beloit College in the forenoon of Rural Progress Day, when eleven hundred people from all southwestern Michigan fill the Gymnasium to hear this discussion between the Wisconsin school's affirmative representatives and Western's negative team. Only a fraction of the audience have ballots, but the vote at the close of the debate shows a practically even division of opinion on the McNary-Haugen plan.

New Opponents
Two duals and a single debate mark the opening of forensic relations with three colleges never before met by Hilltop men's teams. Beloit College of Wisconsin and North Central College of Illinois provide some of the friendliest opposition of the year. The first eastern school to visit Kalamazoo, Boston College, sends a crack two man team to bring the season to a close.

Women's Intercollegiate Debating

IN THE past year, women's varsity debating has been ably maintained at its traditional high quality. Squad debating has given training to eighteen women, eleven of whom have participated in intercollegiate debate.

The squad includes: Doris Boone, Norma Bliss, Percis Dykstra, Evangeline Greenman, Dorothy Haight, Margaret Horner, Martha Hoyt, Jeannette Johnson, Marion Lamphere, Kathryn Lancaster, Glennis Lee, Sarajane Lininger, Jean McClave, Laura Merritt, Eunice Peters, Grace Renwick, Harriett Rode, and Marjorie Spaulding.

The intercollegiate season opened with unanimous victory over Mount Pleasant on the question of giving Congress the power to pass uniform marriage and divorce laws. This debate was followed by a unanimous decision scored in the debate with Bowling Green, Ohio Normal. Variety was introduced by two no-decision debates with Olivet College, one at Olivet and one before Otsego High School. After losing two debates, one to Michigan State and one to Wheaton, the season was finished climactically with a unanimous victory over Albion College.

Debating at Western completes its work of the year with three distinct accomplishments: it has given eighteen women at Western the opportunity to debate frequently in practice debates and has given ten women the chance to take part in intercollegiate debating; second, Western has won a fair number of her debates; and third, the season has marked the beginning of complete organization of women's debating in the state.
Resolved: That congress should be given power to pass uniform marriage and divorce laws.

Intramural Debate

EACH fall brings to our four forensic societies the old spirit of rivalry in the intramural debates for the silver trophy presented by the Kalamazoo County Bar Association. The Forensic Board chose the farm relief question "Resolved that the essential features of the McNary-Haugen bill be enacted into law".

The first contests between the Academy and the Senate, and the Tribunal and the Forum resulted in a victory for the Tribunal and a triumph for the Senate. The Forum team was composed of Harry Endsley, Allen Edwards, and Darl Ostrander; the Tribunal, Albert Munk, Gordon Mandigo, and Don Weeks: the Academy, Ruth Burgan, Ann Bergklint, and Eunice Jones; and the Senate, Glennis Lee, Ethlene Johnson and Clara Schlutt.

The final debate was held on December tenth. The Tribunal upheld the affirmative and the Senate, the negative. The Senate won and this victory retained for the society the possession of the Lawyer’s Trophy for the third time. It is a common feeling among the societies that the intramural debates are the most important part of their year’s program.
Delta Rho

DELTA RHO Forensic Fraternity was organized by the coaches and varsity debaters early in 1923.

The name "Delta Rho", signifying "The Fine Art of Persuasion" was chosen since the purpose of this society has been to stimulate an interest in public speaking and especially to encourage a spirit of competition in inter-collegiate debating.

Early in the Winter Term a very entertaining and interesting debate was given in assembly under the auspices of this organization. The subject debated was: "Resolved that the Western State Normal hill should be removed immediately." Albert Becker and Glennis Lee upheld the affirmative and Arthur Secord and Marie Rapp defended the negative.

Social affairs are not missing in the life of Delta Rho. One especially enjoyable affair is the annual banquet held each June.

To be eligible for membership in this society, one must have participated in at least one varsity debate. Since the time of its organization, Delta Rho has stood as a mark of Western State Normal's active participation in Inter-Collegiate Debate.

The Varsity Girls' Glee Club is composed of twenty voices selected from the women's chorus. This year the organization possesses unusual talent; many of its members have appeared in groups and as soloists on several occasions. The entire group has made several successful appearances before the assembly and Kalamazoo clubs. The girls have gone on regular concert trips to Benton Harbor, Lawrence, Watervliet, St. Joseph, Nashville, and Lake Odessa under the efficient direction of Dorothea Sage Snyder.

The personnel of the Glee Club is:

First Contraltos: Marguerite May '29, Ethel Callard '29, Louisa Everest '29, Marion Kinch '29, Elizabeth Hutchins '30.

Accompanists: Elizabeth Hutchins '30, Marie Iliff '30.

Men's Glee Club

THE Men's Glee Club brought another honor to Western last spring by winning the State Intercollegiate Championship at Detroit. This singular triumph came as a compensation to Mr. Harper Maybee for his enthusiastic work in training the group.

The finding of several promising voices has made this year's organization a superior group as well. Their aim has been to raise the standards of Western in musical productions and programs. Besides doing campus work, the Glee Club has presented fine programs throughout the state. The String Quartette, a new group of musicians, has travelled with the Men's Glee Club.

In February, a concert tour was made of Detroit and nearby towns. The Glee Club also toured the Upper Peninsula and Western Michigan. These trips served as a means of bringing better music before Michigan audiences besides demonstrating Western's high standards of achievement.

OFFICERS

Lynn Voke, Secretary
Rexford Clark, Manager
Clarence Haines, Advertising Manager
Irl Cundiff, Accompanist
Max Newkirk, Accompanist
String Quartette

THE introduction of the String Quartette, the most recent musical group on Western's campus, has met with the approval of students as well as audiences about the state. The members of the quartette, Donald Sumrill, viola; Paul Nielson, cello; Harold King, first violin; and Walter Jenvey, second violin, are all members of the school orchestra and the Men's Glee Club.

The quartette has made several successful appearances in its rather brief history. It has travelled with the Men's Glee Club on several tours throughout the state, acting as accompaniment, as well as supplying special numbers; it has pleased student audiences in assembly, and has furnished splendid programs for Kalamazoo organizations.

Two of its members, Paul Nielson and Harold King, are freshmen and it is hoped that with them to continue the work, this quartette may continue as one of the school's most valuable assets.
WESTERN'S orchestra has made a more marked improvement this year than ever before in its career. In this accomplishment too much credit cannot be given to the interest, enthusiasm, encouragement, and efforts of Mr. Amos, the director. Among the contributions to the progress of this organization there are three particularly outstanding ones: an increase in membership from thirty-five to fifty; a more balanced instrumentation; and a distinct advancement in the class of music played which has led to the playing of standard overtures.

Under the leadership of Mr. Amos, the orchestra has had the opportunity to entertain at many functions. It played for numerous school activities among which were the high school operetta, Normal assemblies, the Midwinter Play, and the opera "Martha". Outside the Normal, it has given programs at the Lincoln School, Camp Custer, the State Hospital, the Teacher's Institute, and for the Children's May Festival. It culminated its year's program by a joint concert with the Western Band.

Orchestra
DURING the year of 1926-27, Western State Normal Band, under the competent direction of George Amos, has made rapid strides toward its aim—a concert band of sixty pieces. Many new talented musicians came into the band at the beginning of the year who, with the older men, were welded into an aggregation with considerable musical ability.

The band was in evidence at most of the athletic contests of the year. At the big game at Albion, they were received with especially great enthusiasm.

The joint concert, given in the spring term by the band and orchestra, was commented on very favorably by critics. Several trips were taken to nearby high schools, where the concerts were greatly appreciated. On assembly programs, the band has proved itself a popular group.

Band
Players

WITH the closing of the school year 1926-1927, the Western Normal Players were responsible for a series of dramatic events more numerous and extensive than anything undertaken by the club in the twelve years of its existence.

Under the able leadership of Miss Laura Shaw, of the department of speech, as faculty director, and Max Bricker, president, the club endeavored to uphold its policy of other years in the furthering of the drama and stage production on the campus.

The Players' organization is open to those who show sufficient dramatic ability and interest in the tryouts which are held during the Fall and Spring Terms of each school year. The club membership is limited to forty-five. All students carrying the full required college curriculum are eligible to tryout.

During the past year the Players have produced at club meetings such one-act plays for study and criticism as "Will-o-the-Wisp", "Ile", "Catsby", and "White Dresses".

The annual Midwinter play was held on February 18 at the Central High School auditorium. At this time the Players presented to the public a three-act drama by Martin Flavin, "Children of the Moon". The play, which was heavy tragedy, required a great deal of direction and hard work on the part of the coach, players and committees. It was well received by an appreciative audience, and marks one of the triumphs of the Players in their effort to present only the best drama available either for professionals or amateurs.

The biggest undertaking the club has ever attempted will take place late in the Spring Term when they will enter the Northwestern University Contest, for the Cumnoch Cup, at Evanston, during the twenty-first, twenty-second, and twenty-third of April.

At this time the players will present, before an audience of men and women well-known in the theatrical world, a one-act tragedy of great merit, "The Terrible Meek" by Charles Kennedy. Eight other colleges and universities will compete with the Players for the prize.

Backed by the entire organization, and directed by Miss Shaw, the Players expect to do the heaviest and most intensive dramatic work ever undertaken by this organization.

The close of the Spring Term saw the Players active when they presented for the public a one-act play during Commencement week. This play marked the close of one of the Players' most successful and productive years on the campus.

The Midwinter Play

THE Players chose for their twelfth annual Midwinter Play Martin Flavin's tragedy, "Children of the Moon". The play depicts a psychopathic problem, that of a family afflicted with "moon madness". Under the able direction of Miss Laura V. Shaw the cast gave an excellent performance of this difficult play.

Unequalled was the dramatic ability of Mary Cavanaugh who showed the finesse expected of a professional actress in her portrayal of the rôle of Laura Atherton, a selfish mother, who in the final scene renounces her own sentiments for the sake of what she believes to be her daughter's happiness.

The part of Madame Atherton required a person with becoming maturity and kindly understanding; Ruth Burgan generously supplied both of these elements.

A difficult character interpretation was that of Jane Atherton, the granddaughter. Especially exacting was the scene in which Jane discovers that she...
is the victim of the horrible "moon madness". Dorothy Eccles, as Jane, proved that she had keen sensibility for this particular character.

It is difficult to conceive of Stephen Lewis as a tottering old man broken in body and befogged in mind. However, in this capacity, he distinguished himself in "Children of the Moon".

Satisfying the requirement of the "handsome lover" in the play, was Larkin Noble, as Major Bannister. He presented the rôle in a most convincing manner.

Interesting additions to the production were the work of Theodore Hubbard as Thomas, whose distinctive movements were consistent, the action of Albert Pratt as the dignified and slightly humorous Dr. Wetherell, and the performance of Carl Snow, whose mastery of the cockney accent aroused much comment.

The scenery for the play was unusually well planned due to Miss Siedschlag's efforts. Lighting effects added greatly to the finish of the performance.

The overture played by the Normal Orchestra was appreciatively received by the audience.
Children of the Moon
FEW students on the campus fully realize what a barren place Western would be without the Art students. For they, exhibiting a true artistic spirit, do their work humbly, shut out from the outside world in their work shop in the barracks upon which the other buildings may look down.

But few activities of the school would be complete without this motley crew. It is they who work tirelessly to decorate the pages of The Brown and Gold; they, whose ingenuity helps to make the annual Women's Breakfast a delightful event; they, who keep our bulletin boards filled with attractive posters to tell us of forthcoming events—of a concert to be given by the Men's Glee Club, the Midwinter play, a "Cupid's Night" Party, or a Tea given by the Women's League, an entertainment given by the Girls' Glee Club, or any of the other activities found in the school year; and they who take home the prize for the "cleverest".

You cannot tell Western's artists by the usual marks. They do not wear their hair to their shoulders, nor do they go about with the absent, haunted look people believe artists habitually wear. There is only one way—the sign of the smock. That's the Paint Splashers!

Organizations
Western's Organizations

REMINISCENCES of a special stunt during the club house party, the festivity of the annual banquet, a chatty cup of tea in the club room, an outstanding headline in the Herald, the practice for the club's biggest endeavor of the year—these are the snatches of college life that often flash before us long after classroom actualities have dimmed irrevocably. Clubs and organizations on the campus have not only provided alumni with colorful memories but have also brought to Western a lofty distinction for her forensic ability, musical and artistic talent, and scientific achievement.

The founding of each organization has been actuated by a need to group together students of similar ideals and special talents in order that they might more fully realize their particular aspirations. Accordingly, the clubs are diverse in nature ranging from the Collegiate Country Life Club, perhaps the oldest, to the recent organization of purposeful writers—the Eldorado Club.

The ideals of the clubs include more than the hope of creating opportunity for supplementary learning; overshadowing this, is the greater aim of promoting lasting friendship among people who have common interests. In these sympathetic groups helpful solutions are exchanged for similar difficulties.

During the past year the organizations have progressed in the matter of attendance, greater activity, and in general in the more complete realization of the preconceived year's program. The collective success of the various clubs is reflected in the evident advancement of the school. In the strength of her firmly organized supplementary groups lies the fortitude of Western for her organizations are composed of the progressive, the ambitious, and the contented students on the campus.
Herald

DURING the past year it has been the endeavor of the Herald Staff to bring before the students of Western that type of news which they desire. Further than this, it has attempted to present the information in sufficient time for them to regulate their school work so as to be able to attend the functions in which they are interested.

It has been the desire of the entire staff to please all, and to please consistently. The staff feels that this has been accomplished by publishing all news items, submitted either by an individual or by an organization, which it deemed worthy of print.

Miss Blanche Draper, Editor, has been greatly pleased with the cooperation given her by the student body and assisting members of the Herald Staff.

Miss Draper, and Sam Wagner, student editor, chose the following to serve on the staff during the past year: Cecil Curtis, columnist; Robert Starring, sports; Edith Clark, literary; Marion Wade, alumni; Harriet Parker, clubs; and Helen Severance, general news.

"It Puts the Knot in the Tie That Binds".
The Student Council

The Student Council, the assembly representative of the student body, is elected during the Spring Term of each year by the students of Western State Normal School. It is composed of the four officers of the Student Association, the presidents of the four classes, three representatives from each class, the editor-in-chief of the Brown and Gold, the student editor of the Herald, the Music Manager, the Debate Manager, the Student Auditor, and the Publicity Manager.

Every Thursday evening this august body meets for an hour or for hours to deliberate upon the interests of the student body in an attempt to help the various organizations which are supported by student fees. For this purpose an annual budget is made out to meet their expenses throughout the year. The band, orchestra, the Men's and Women's Glee Clubs, and the Varsity Debate Squad have been helped materially on their long climb upwards.

The Student Council also sponsors such special features as Homecoming Day, a trip to an out-of-town basketball game, and one or two assembly programs each term. For the last purpose a definite authorization has been set aside.

This year a new officer has been inaugurated. A member of the Student Council has been placed on the Assembly Program Committee with the purpose of furthering the ultimate aim of the Student Council, namely, to unify the student body so that it may more directly participate in school activities.

Brown and Gold Staff

While other organizations have struggled singly or cooperatively in a general movement toward a greater Western, another group of students has worked persistently to record these efforts.

To the casual reader of this book, the natural consistency of the whole publication, the smooth organization of it all, seems but the usual. To one who has visited the "Brown and Gold Office" during office hours (from one in the afternoon till one in the afternoon) the usual becomes the unusual. He realizes that the growth of a concise, well-organized yearbook from a heap of pictures, unpolished articles and vague ideas is a process which involves the working of a large group.

This group—the Brown and Gold Staff—has attempted this year to present Western's forward movement—its success in keeping astride with the best policies of education. After the editor had chosen his staff in the fall, work began at once and advanced at the same rate as the school activities progressed.

The staff presents now the finished product—a chronicle of our Western movement in the year of 1927. If, in idly thumbing these pages, you may be inspired to forge ahead with a greater sturdiness, because of a more genuine understanding of what is being accomplished, we shall feel that this yearbook is a worthwhile effort.

Women’s League

COMMON interests of the women of the school are given consideration through the Women’s League, an organization to which all women of Western belong. The Women’s League Council which is composed of one representative from every department on the campus devises plans and carries out the women’s program of activities throughout the year. Two faculty members and the Dean of Women act as counsellors in these procedures.

It has been the attempt of the Women’s League Council, during this year, to bring before the students one large function each month. The “Girls’ Who’s Who” party given at the beginning of the fall term aided especially the freshman women of the school in becoming better acquainted. The Hallowe’en Masquerade Party was a zestful event attended by nearly three hundred women. A decided innovation was the “Christmas Chocolate” held during the last week of the Fall Term. The annual leap-year party—“Cupid’s Night”—was given on February fifth. The decorations consisted of clever valentines featuring newspaper comics, red streamers, showers of hearts, and softly shaded drop lights. Novel aprons, jaunty caps, and quantities of serpentine confetti created much diversion.

The Sophomore Girls’ Breakfast given in the Spring Term was even more successful than those of previous years. The entire affair was cleverly worked out in Egyptian effects with elaborate decorations. Miss Percis Dykstra presided as toastmistress and Hiss Helen Masters was the chief speaker on this occasion.

Informal tea has been served every Wednesday afternoon to faculty members and both the men and women of the school.

The chief accomplishment of the year has been the making of several additions to the women’s cozy club room. A set of dishes of dainty pattern, a very handsome desk, and smaller furnishings have greatly increased the attractiveness of this room.

Science Club

THE Student Science Club of Western State Normal was organized in January, 1921, but since January, 1922, it has been operating under a new constitution.

The purpose of the club is to instill a spirit of scientific research in its members; to awaken in them a desire and love for the sciences, and to develop a scientific attitude of mind.

The club is divided into a number of groups, each group being conducted by an appointed leader. The members of these various groups are responsible for a certain program of work carried out among them.

The meetings of the club are held twice monthly, and lectures are presented to the members and persons interested in science, by instructors in the different branches of science, or by members of the various groups who present the results of their experimental work.

Annually, the Science Club presents to the student body and members of the faculty, a program by some well-known lecturer. Last year the speaker was Dr. Cowles, biologist, of the University of Chicago. His subject was "Boundary Disputes" and the meeting was well attended.

This year the members have been working toward the completion of the Harvey Scholarship Fund. One of their accomplishments has been the presentation of the Harvey Memorial to Western Normal.

Forum

THE Forum, the oldest debating society on Western's campus, has now passed its tenth successful year. This year the Forum adopted the formal pledge system. Membership requirements have been made more strict, so new members are few, but mighty. New names added during the fall term are those of Harry Endsley, Herbert Tag, Robert Ferris, and Harold Rowley.

The other societies were twice entertained by the Forum. The first performance was billed as the initial debate of the intramural series. The question supported by our men—Endsley, Ostrander, and Edwards—was that of farm relief. Only one judge was kind-hearted enough to give the farmers a boost. The second entertainment furnished by the Forum was more carefully planned and a trifle more successful, since it was an all-society party attended by forty couples.

After the semi-annual banquet held in February, the midwinter elections took place. The new officers were Laurence Musser, President; Nelson Young, Vice-president; Earl Rizor, Secretary; Forrest Molineaux, Treasurer; Lynn Voke, Historian. At this time the Forum news sheet made its debut and, from the enthusiastic reception it received, will become another bond to cement the friendship of Forum men and alumni.

As usual, the club was well represented on the varsity debate squads. Secord and Becker, with Endsley as alternate, were on the team which met the University of Sydney. The Mussolini squad included Becker, Endsley, Young, Edwards, Fausey, and Rowley, while the association for the relief of starving agriculturists had as charter members Secord, Ostrander, Tag, and Reynolds. Ostrander was also debate manager.

This record shows that the original goal of the organization—to support debating at Western—has always been kept in mind. At the same time this group of men has developed a sincere comradeship which not only has made student days more cheery, but also has formed a band of true friends which lasts far beyond graduation—Ye Olde Forum Gang.

Page Two Hundred Twenty-four
THE Senate, the first women's forensic society on Western's campus, was founded in the fall of 1916. Its founders built upon a two-fold purpose: the promotion of forensic activities and the development of leadership. Many changes have taken place in its program, all of which have contributed to a fuller realization of its aim.

The forensic activities this year have been in the inter-collegiate and intra-mural fields. Six Senators have held positions on the Women's Varsity Debating Squad.

With characteristic enthusiasm preparation was begun for the intra-mural series. The question dealt with "Farm Relief". The negative team composed of Senators Johnson, Schlutt and Lee defended the Black and Gold. The Senate defeated the Academy and Tribunal and for the third time won the Lawyers' Cup.

The meetings have consisted of debates and interesting talks on current questions in order to encourage Senators to organize their ideas and give them confidently in public.

The traditional social affairs have been enjoyed as in other years. During the Fall Term the Senate gave the initial inter-society debate. The open meeting of the same term was especially enjoyable. Miss Loutzenhiser, our advisor, entertained the Senators and their guests with an interesting talk about her experiences in educational work in the West.

The initiation banquet for the Winter Term was a very happy occasion due in a large part to the return of many alumnae members. The annual house party is never to be forgotten and was larger this year than ever before. The banquet in June which always calls Senators from afar, concluded a year of pleasure and of work toward the highest good of the Senate.

HIGH standards of membership and genuine comradeship within the society have carried the Tribunal through another successful year.

The Tribunal was organized in October, 1920, to afford men of Western Normal a better opportunity for participation in debating, public speaking, and parliamentary practice. The society has grown to serve as a fraternity, and while its chief aim is to encourage forensics it has accepted into its membership outstanding men of wide interests about the campus.

Aside from its bi-weekly meetings, at which serious programs are given, the Tribunal enjoys several banquets and other social affairs during each year. Two years ago the Tribunal started what has since become a custom among the debating societies when it entertained for the Forum, the Senate, and the Academy. The Tribunal party this year was given March 11.

In the intra-mural debates the Tribunal defeated the Forum but lost to the Senate in the finals.

Officers for the second half of the year were:

Sam Wagner, President
James McMonagle, Vice-president
Merritt Lymburner, Secretary
King Estes, Treasurer
Oscar Swanson, Historian
Stephen Lewis, Representative to Forensic board

The Academy, the youngest forensic society at Western, was organized in 1921 in response to the growth of the college and of debating activities. High scholastic standards, forensic endeavors, and a true spirit of friendship and loyalty have carried the Academy thus far in its career, and the society is proud to report its sixth successful year.

One of the first important events of the fall term was the Senate-Academy intramural debate in which the Academy lost. The intramural team was composed of Ruth Burgan, Eunice Jones and Ann Bergklint. The Academy representatives on the 1927 varsity debate squad were Percis Dykstra, Martha Hoyt, Marian Lamphere, Norma Bliss and Kathryn Lancaster.

This year the Academy was awarded the first prize in the ticket-selling contest for the annual midwinter play.

The Academy “Letter-Box” in the Herald still provides an interesting means of keeping the alumnae of the society in close touch with the active organization.

Some of the various social functions which took place during the year were the Christmas Tea, which was a happy meeting planned as an opportunity for the Academites to become acquainted with all girls who were interested in debating; three banquets, each followed by very entertaining initiations of new members; forensic parties, at which Academy members were welcomed by the Senate, the Forum and the Tribunal; and one at which the Academy entertained. Indeed, the Academy’s social calendar has been far from a neglected item during this year.

As a climax to the many good times the annual house party was held at Gull Lake during the latter part of the spring term. It was a typical house party made delightful by the presence of about forty Academites including many loyal alumnae from the various parts of the state.

The Academy luncheon, given during the last week of school at the Columbia Hotel, was the usual joyous reunion of all members. This was a time of happy recollections and plans for future service to Academy and to Western.

Classical Club

LATIN scholars, as well as students of Greek and Latin history and mythology, find the Classical Club an organization of stimulation and interest. The aim of this club is to develop more capable instructors of Greek and Latin literature by vivifying the classics. The value of this purpose is testified to by the loyal and increasing membership.

Many interesting programs have been featured during the past year. Too, the club is especially fortunate in having acquired valuable collections made by Miss Kraft in Italy.

As a culmination of the club's activities of this year, the annual Roman banquet is being planned. This unusual event affords the members an opportunity to display their knowledge of Roman customs since the feast is entirely Roman. Draped togas, burning incense and flower-strewn tables assist in producing the ancient effects.

This banquet is typical of the efforts of Classical Club members to rejuvenate the Roman spirit, in order to increase a more sympathetic feeling for the antiquities.

Square and Compass Club

THE Square and Compass, as its name signifies, is an organization of those students and faculty members who belong to the fraternal orders of Free Masons and DeMolays. In this club, every degree from the DeMolay to the Shriner is represented. The aim is three-fold—to carry out the ideals exemplified by the order of Free Masonry in the everyday life of Western's students, to promote and preserve good fellowship between the members, and to aid, by means of a replenished loan fund, all worthy members who need financial support. The helpful suggestions of the faculty members, Mr. Sherwood, Mr. Tabraham, Mr. Place, Dr. Henry, Mr. Blair and Dr. Burnham, are frequently sought.

Four outstanding events are marked in this year's calendar. The annual "get-together" party at Mr. Sherwood's country home near Comstock came first. On this occasion, the old and new members became acquainted. The second affair was at Rota-Kiwan Scout Camp where Jim Shepard cooked up a stew which earned the unanimous yell for "More!" The Square and Compass Club played host to the Eastern Star Club during the winter term and entertained the women most enjoyably. The final "get-together" party was given at the Sherwoods' cottage at Pine Lake.

During the winter term the club filled the vacancies made by graduating members by electing R. B. Evans as vice-president and Ferdinand Trevarthen as secretary.

THE Western Normal Eastern Star Club was organized in the Fall Term of 1923. As its name signifies the club is open to members of the Order of the Eastern Star who are students of the Normal. The purpose of the Club is to carry materially and spiritually the ideals and lessons exemplified by the chapter into the every day life of the Western students. Upon recommendation of the examining board, consisting of three members and the advisor, students wishing to become members of the club were conducted through the initiation service that has been carefully worked out this year by the president, Ruth Fisher of Albion, and the club officers.

The club has a loan fund, started last year, which, when reaching the amount of one hundred dollars, may be used by any Eastern Star girl on the campus, who applies and is found worthy of assistance.

The Fall Term began with fifteen old members as a nucleus and during this term thirteen were initiated. The Winter Term initiation brought the club seven more, making a membership of thirty-five. At this initiation the club was very happy to have twelve representatives of Corinthian Chapter of Kalamazoo as guests.

The entire energies of the club this year have been spent on increasing the loan fund, which from thirty-six dollars in September has now reached over one hundred dollars. This fund was swelled greatly by a very generous and deeply appreciated gift of twenty-five dollars from the Corinthian Chapter.

Following a custom in the club, two degree teams were organized, the girls learning the lectures of the five points. Last year the club team was invited to give the initiation ceremony for Lotus Lily Chapter at Vicksburg. The club has visited Corinthian Chapter initiations several times during the year. At one visit the club degree team was very delighted to be invited by the Chapter to give the initiatory work to their candidates.

"Watch us grow with Western."

ALTHOUGH the Social Science Club is one of the youngest organizations on the campus, it has grown steadily until it now has a membership of thirty-four. The club was first organized in 1924 for the purpose of stimulating an interest in the different branches of social science.

The semi-monthly meetings this year have been made very interesting by several members of the faculty among whom were Professor Shilling and Dr. Knauss, who spoke before the club. Members of the club have also participated in the programs by presenting reports on topics of interest.

Several times during the year social meetings were held which brought about a closer contact between students and members of the faculty. The parties have been much enjoyed by all who attended them.

This year’s standing committees include Raymond Moody, membership chairman, and Martha Hoyt, program chairman.

The Oteyokwa Club

The Oteyokwa Club, the name of which was derived from an Indian word meaning "the gathering of friends in a strange land", was organized in November of 1920. Since that time this club has furnished a means by which students who come from the Upper Peninsula may become better acquainted, thereby making the Upper Peninsula students better known at Western and Western better known in the Upper Peninsula.

Under the leadership of Ferdinand Trevarthen, the Oteyokwa Club has enjoyed one of its most successful years. In addition to the social hours in which the members might dispel homesickness, there have been talks concerning the beauty, the interesting geology, and the mineral resources of the district.

One of the crowning social events was the Annual Football Hop given at the close of the football season. The club enjoyed the honor of entertaining the members of Northern State Normal's basketball team when they came to Kalamazoo to play Western on March 3.

"I WANT to be a Friend of Yours." What could be a better thought to have ever-present in our minds as we gather for a jolly, good time, or for a serious, thought-provoking talk or discussion?

The varied programs throughout the year indicate the diversified interests of the students. The first meeting was a presentation of "A Day at Lake Geneva" given by the delegates at the Geneva Conference—Enid Rowley, Emma Holbrook, Doris Swem, and Edna Kieft.

Inspirational talks have been given by Dr. Halnon, Dr. Goddard, Mr. Delamarter, Mr. Wilds, and Dr. Hilliard.

Much interest has been centered on such discussions as these: "Capitalism vs. Christianity", "Relationships between Men and Women", "Are the Chinese our Brothers?", "What is Youth Thinking?". Along with the inspirational meetings, the Y. W. C. A. has had teas, mixers, roasts, and a banquet.

This organization was represented at the National Student Conference at Milwaukee, Wisconsin, December 28-January 1, by two members of the cabinet, Enid Rowley and Emma Holbrook. The keynote of the conference was, "What Resources Has Jesus for Life in our World?" An echo of this conference was held at Kalamazoo on February 5 and 6, for all young people of Kalamazoo County.

The deputation team, which was begun only last year, has done a wealth of service, in that its members have answered several calls from nearby churches, thereby making known our ideals, and introducing to others the peace and fellowship we have found in living a Christ-like life.

Page Two Hundred Forty-three
The Deputation Team consists of members of the Y. W. C. A. and Y. M. C. A. who are interested in Gospel Team work. The two chairmen at the head of this work are Doris Swem from the Y. W. and Albert Munk from the Y. M. These chairmen cooperate in organizing and in the sending out of Deputation Teams. Frequent calls are obtained from Kalamazoo churches and from churches in the towns around Kalamazoo for these teams so that almost every week-end one or two teams are out on calls.

This Gospel Team work offers training for those who intend to enter the ministry, church work, or any form of Christian endeavor. It provides a moral and spiritual background for future teachers in order that they may better serve the community in which they are to be employed.
THE purpose of the Young Men's Christian Association is to exert a Christian influence on the campus. Weekly meetings are held, the programs of which consist of outside speakers, musical programs and discussions. At the beginning of the year the "Y" aids new men in enrolling and in getting acquainted. During the year it provides for mixers and in cooperation with the "W" Club fosters intramural basketball.

The "Y", by sending men to Geneva, and to national conferences such as the one held at Milwaukee, Wisconsin, by sending delegates to the older Boys' Conferences as discussion and group leaders, and by deputation work has provided splendid opportunity for individual development in Christian leadership.

Commerce Club

The Commerce Club was organized to give students of the department social relationship with each other and contact with a number of people who have had wider experience in the commercial field. The club considers questions bearing upon modern business and problems confronting commercial teachers. Faculty members and others have helped to make the meetings worthwhile. During this year, Mr. Pellett summarized the characteristics of a good teacher; Mr. Moore spoke interestingly of the trend of modern business methods; Dr. Ellis told of Naturalism in Education; and Miss Sima and Mr. Shepherd, instructors at Central High School, gave reports from the 1927 convention of the National Federation of Commercial Teachers. In student programs a cast composed of Myrtle Walgren, Dorothy Tabberer, Dale Case and Frederick Kunzi, with Hannah Daken as director, put on a clever one-act play, "Hooks and Crooks"; and there was also a mock debate: Resolved that the typewriter is of more value than the cablecar. As a new feature of commercial interest visits have been made by the club groups to the Michigan Bell Telephone Company and to the Kalamazoo Bread Company.

Programs for regular meetings and preliminary plans for other activities are handled by an executive committee consisting of the officers of the club, the program chairman, publicity manager, one sophomore and two freshmen representatives. The committee has made an effort to introduce varied programs, both social and educational into this year's calendar.

The social affairs of the year included a roast in the early part of the Fall Term, an informal Christmas party, the annual alumni dinner and a picnic during the Spring Term.

Perhaps the most interesting event of the year was the annual shorthand and typewriting contest for Michigan students. The Commerce Club cooperated with the faculty of the department to make this contest a success. This year's event, which took place May 13, was probably the largest and most successful contest ever held in the state.

People of note in the realm of commercial education, including Mr. Guy Slinker of the University of Iowa, Miss Ann Brewington of the University of Chicago, Mr. Harry C. Spillman, educational director of the Remington Type-
Kunzi, Gillett, Case, Avery, Hess, Knight, O'Brien, Rasmussen

Music Study Club

Music lovers, students in the music course, and Glee Club members make up the Music Study Club. Their work this year has been the reviewing of the different types of music. One meeting was devoted to the appreciation of American music, Indian songs, and representative works of American composers. The oratorio was also thoroughly studied.

The freshmen members entertained at the first meeting of the year. At the Christmas party held in the Rotunda, dancing was enjoyed and every member was presented with a gift. The entire year's work has combined helpful study with enjoyable sociability.

Early Elementary Club

THREE hundred enthusiastic members comprise the Early Elementary Club, which is no doubt the largest organization at Western.

A review of the year's activities shows that this large group has worked successfully. On December ninth, a delightful tea was held to which all students and faculty members of the Early Elementary Department and members of the Early Elementary Club of Kalamazoo were invited. Contributions to The Coney Creek Community Center of Kentucky were made at this time.

The unique "White Elephant Party" on January fourteenth proved to be a social and financial success. The traditional Valentine Candy Sale was by far the largest sale of the year. The profits were added to the scholarship fund in memory of Fanny Ballou.

March second was the date of the annual banquet, which was given at the New Burdick Hotel. Programs and decorations for the affair were cleverly carried out in nautical effects. The Early Elementary Club sponsored one of the most gala and colorful student parties of the year on March eighteenth.

The affairs of this club are controlled by a cabinet which consists of representatives from the Early Elementary classes, and various groups of practice teachers from the training schools.

Later Elementary Club

THE Later Elementary Club counts 1926-27 as a most active and successful year. The reason for this may have been the large membership of girls studying to teach in the Later Elementary grades, which supported this organization's many activities. The efficient staff of officers composed of Doris Wilcox, president; Jessie Schrier, vice-president; and Flossie Bedell, secretary-treasurer, was also a determining factor in the year's progress. Miss Argabright and Miss Barton proved to be of great assistance as club advisors.

Early in the year the membership of the club was increased by a very enthusiastic contest between two divisions of the club. A certain number of points was
granted to the side which brought in a new member. The final tally showed that the “Golds”, headed by Jessie Schrier, were in the lead. The “Blue Squad”, captained by Doris Wilcox, entertained the victors at a very enjoyable Christmas party.

The first meeting of the season provided an opportunity for the members to become acquainted with newcomers. All of the Later Elementary faculty members were given special invitations to this gathering.

One of the most interesting programs of the year was the unusual talk given by Miss Roxana Steele on “Teaching Children How To Write Poetry”. On another occasion, Miss Strunk addressed the group on the subject of geography. She placed special emphasis on the teaching of that subject and told of many different regions of the world.

A helpful meeting was that in which the girls spoke on varied subjects of particular interest to themselves. Several very clever talks were given.
The adoption of a clever new pin was one of the outstanding actions of the club during the year.

During the Spring Term one memorable event was the "Bacon Roast" which was well attended. The annual luncheon to which all alumni were invited concluded an eventful and progressive year for the Later El. Club.

Western State Normal School was interested in rural progress and education back in its pioneer days, twenty-two years ago. The present Country Life Club grew out of the old Rural Seminar, the first organization on this campus. From a weak beginning of only eighteen members, the club has developed into a sturdy organization which has a membership of one hundred and fifty.

It further strengthened itself by affiliating with the Collegiate Country Life Association in 1923. This organization fosters throughout the nation popular understanding of rural problems and rural conditions besides developing among its followers rural leaders and rural interpreters.

Robert Benedict represented the local club at the national convention at Washington, D. C., this year and he returned bearing an excellent report of the worthwhile work which the club is doing for the nation.

The members of the club were helpful in the school activities on March 11, which was the date of the twenty-first Rural Progress Day. On this occasion they held their fourth annual banquet.

Junior High Club

The Junior High Club is an organization composed not only of students in the Junior High Department but of all those who are interested in Junior High work. Throughout the past four years, the club has steadily increased in importance and membership. This year, however, it has realized even more fully its complete program.

Both the social and intellectual interests of the club are stressed. The furthering of Junior High Education, the acquainting of the pupil with the problems of the Junior High grades, and the providing of an opportunity for the students to know each other better are the aims toward which the club strives.

In the glow of the campfire at Hiker's Lodge, the new members were put through their paces and formally admitted into the club. This unique initiation aroused an interest in the club which was sustained throughout the year by successive clever and interesting meetings. The members were especially fortunate in hearing some inspiring talks given by Junior High faculty members or outside speakers. Perhaps one of the most enjoyable events of the Fall Term was the well-planned Christmas party.

The interest of the club was not only confined to its meetings but all of the members cooperated in forming and supporting both a boys' and girls' basketball team.

The club attempts to keep in touch with its alumni as well as the students on the campus; each year the alumni, the faculty, club members, and their friends are cordially invited to a Junior High Banquet which is always given during the latter part of the Spring Term. This is a very elaborate and enjoyable affair.

Senior High Club

SENIOR High students find answers to their problems in the Senior High Club meetings where informal discussion provides suggestions as well as a means of meeting new friends. These meetings are held on the first and third Tuesdays of the month at which time Dr. Hilliard and Dr. Knauss give splendid preparation for problems which many of the club members must soon face. Dr. Scott also gave a thought-provoking talk on Senior High problems at one of the meetings.

A large attendance greeted the first social meeting of the year in the Women’s Gym at which time the Normal Orchestra played and the members became acquainted. Other informal evenings included the Christmas party.

In order to form new friendships the boys organized a basketball team to compete in the Intramural League. They upheld the honor of their organization splendidly but they did not win the championship. The girls led by Helen Burrell formed a fine basketball team which played against the girls of other organizations and departments.
Throughout the year the club has convened with alternating business and social meetings. The social meetings have been held in the little gym where dancing was enjoyed.

Thirty-five enthusiastic members support this club's activities.

The Home Economics Club was organized to further the interests of home economics students and to promote good fellowship among them. In order that this club might reach all the girls of the Home Economics Department, the membership was made open to all with the sole requirement of payment of dues. In 1925, the club became affiliated with the American Home Economics Association.

The activities of the club might be grouped under four general headings: educational, co-operative, social or recreational, and financial. The educational programs have consisted of chalk talks, addresses by special speakers, and talks by instructors. At Christmas time the club gained much pleasure in providing goodies and pretty things as well as useful presents to be tucked away in stockings or boxes for unfortunate neighbors. This organization also took charge of a brilliant student party on March 5.

At the first meeting of the school year, the club entertained the new students with an interesting program followed by games and refreshments. As a result the new girls have entered more quickly into school life and taken a greater interest in the home economics work. Occasional hikes, picnics or sunrises breakfasts out-of-doors, give the club the chance to learn something of camp craft and the superior quality of food flavored with smoke of the campfire.
So many desirable club activities require money, that raising it is a vital part of the club's work. Frequent food sales have been held by the club. Varieties of cakes and cookies, candies, and fruits find ready sale. Club members have sometimes served lunches, dinners, or special banquets for the other groups.

LE CERCLE FRANÇAIS is composed of those students who have more than one year of French and are interested in the appreciation and knowledge of the French language and literature. Most of its members are now studying in some of the Western Normal French classes.

This year's program was begun very effectively by a reception held at the home of Mrs. Amelia Hockenberry. The guest of honor was Mlle. Dubrois who came to Western State Normal after receiving the scholarship offered by the Franco-American Committee which provides for the exchange of students of promise and ability between the two countries. Mlle. Dubrois previously attended the Sorbonne in Paris until receiving the scholarship which brought her to Western.
At other meetings throughout the year illustrated lectures, programs pertaining to France and the French plays, tableaux, games and songs provided both valuable information and entertainment.

The most outstanding events of the year were the Christmas meeting featuring Noels and Christmas customs of France, and the festive closing of the year's program by a banquet.

Manual Arts Club

The semi-monthly meetings of the Manual Arts Club afford an opportunity for the members of that department to become better acquainted with their instructors. Besides aiding in making this contact, the Manual Arts Club gatherings serve as fitting times for helpful speeches. Speakers are obtained either from other departments or from outside sources to address these meetings upon such subjects as travel, special methods of teaching, manufacturing processes or other topics of general interest to the club members.

Initiations are held at the beginning of the Winter and Spring Terms at which time manual arts students presenting satisfactory records in scholarship and character are taken into the club.

The Manual Arts Open House Exhibition to which the public and general student body was invited, was greatly improved this year. On this occasion, the outsiders had a chance to view the various laboratories of this department and to be shown processes and finished results of student workmanship.

The fifteenth annual Manual Arts Ball was staged on April 30 by the Manual Arts Department with the cooperation of the Manual Arts Club. Due to the combined efforts of Russell Steffens, as general chairman, Kenneth Clark, Grant Bielfuss, and Homer Davis, as committee chairmans, the event proved to be an unusually well-planned and enjoyable affair. The decoration was in oriental setting of a five-color scheme with Japanese panels, a Tea Garden, and a Pagoda from which Johnson’s Orchestra offered splendid dancing rhythm.
Since the Manual Arts Club makes an especial effort to keep in close contact with its former members, each year it invites all the Alumni to attend the big Manual Arts Ball. Especially fine was the representation of old members who attended this year's function and during the evening the old graduates were introduced to the guests according to the class with which they graduated.

THE "W" Club is an organization composed of letter winners in the major sports. This year it has been assuming more responsibility concerning campus activities so that students have come to acknowledge its character and realize some of its worthwhile accomplishments.

At the first meeting of the Fall Term plans were made concerning the annual home-coming of Western's Alumni. The Western-Albion football game was chosen as the ideal time. Many of the old grads, of whom several were members of the "W" Club, came to enjoy the game and festivities prepared for them by the club.

New members, who have come into the club, furnished entertainment for students and townspeople by appearing on the stage at the Fuller Theater as part of their initiation.

During the winter the "W" Club invited President Waldo and the coaches to an oyster supper, after which President Brethour led a discussion concerning the advisability of introducing the Freshman Rule at Western. It has been announced that beginning next year this rule is to be in force.

One of the most elaborate social affairs of the school year is the annual "W" Club party, given in the Spring Term. The party, which is given for "W" Club members and their friends, is one of the biggest and most brilliant social events of the entire school year.
Long after a member has left school he feels that he has found a true friend when he happens to meet a fellow member of the "W" Club. Many stories are told of the fellowship of the men and the cordial welcome which they always extend to one another.

THE sixth year of the Physical Education Association, under the able guidance of Mary Vaupre, has been most successful. Through the continued efforts of its members the object stated by the founders of the society to "awaken a wider and more intelligent interest in physical education; to acquire and disseminate knowledge concerning it; to labor for the improvement and extension of gymnastics, games, athletics, and aquatics; and to further work in health and citizenship" have rounded out through the Honor Point System.

In the Fall Term a contest for new members was held between the Freshman-Junior classes and the Sophomore-Senior classes. Much interest was shown on both sides and at the end of the four busy weeks each class had worked equally well and the result was a tie. Through this contest some girls of the school not Physical Education students have become members.

Speakers during the year were: Miss Anne Finlayson, a charter member of the Association, who explained how it was organized; Dr. Gerald Barnes of the faculty, who spoke on "Shall We Teach or Coach Athletics"; and Miss Dickson of Central High School who talked on the Squad System in practice.
Not only have we been successful in our selection of speakers but we have had with us Miss Grace Ryan of Mt. Pleasant Normal, who presented some of the country dances she has collected. Both men and women of the school were invited and between four and five hundred attended. Miss Jessie Cameron of the College of Physical Education of Battle Creek spoke on "The Art of the Dance". She brought with her some of her students who assisted her.

A unique meeting was held in the form of a Splash Party at the Y. W. C. A.; swimming, dancing, and refreshments were the features of the evening. Some of the outstanding events of the Spring Term were the week-end hike to Grand Rapids, a Physical Education house-party, and the annual banquet held in June.

PERFECTION in literary expression is a thing very rarely achieved but it is, nevertheless, the goal toward which the members of this organization are working. The members adopted the name "Eldorado" because it implies this striving for an end not easily attained.

Every person who is sincerely trying to accomplish something needs encouragement and help. To supply these is one of the main functions of the club. To this end, each member contributes written work at every meeting where all papers are read and given serious discussion and constructive criticism. Thus the members help each other to evaluate their work and stimulate one another to greater endeavor.

The Eldorado is in all probability Western's newest organization, having convened only a few weeks. Due to the nature of the work the membership is limited to twenty-five girls.

At the election of officers the following were chosen: Juanita Leard, president; Aline Johnson, vice-president; Golda Crisman, secretary; Harriet McDowell, treasurer; and Helen Burrell, journalist. The club is advised by Miss Nobbs and Miss Master.
Athletics
Athletics

FEW institutions have made more rapid forward strides in athletics in two decades than has Western State Normal. During the early history of our school the athletic teams were barely on a par with the better high schools. By 1913, however, high schools were no longer on our schedules and that year marked the beginning of our great athletic history. In 1917 the football team held Michigan to a close score at Ferry Field. Since that time many powerful teams have appeared on our schedules.

The past year has been one of the most successful athletically in number of games played, in number of games won, and in number of powerful teams met. In the fall a brilliant, hard-hitting football team represented Western on the gridiron, and in the winter Western's basketball team blazed the trail of the new Michigan Collegiate Conference with unparalleled playing and went through the season without a defeat in that conference. In other athletics our teams have excelled until now Western State stands among the leaders of Michigan and midwestern athletics.
The Athletic Board is the board of control that supervises all athletic contests and players. This board rules on questions of eligibility, tentative schedules, the awards to be given, and all matters pertaining to athletics.

The members of the board are: the Registrar (chairman ex-officio), two faculty members appointed by the president, two students chosen by the Student Council, the captains of the major sport teams, and the athletic coaches.

The following people have served on the Athletic Board during the past year:

- Registrar John C. Hoekje, Chairman
- Dr. Gerald Barnes, Faculty Representative
- Mr. Marion Sherwood, Faculty Representative
- Newman Gamble, Student Representative
- Ray Campbell, Student Representative
- Earl Martineau, Football and Track Coach
- Herbert Read, Basketball and Baseball Coach
- Frank Banach, Football Captain
- Henry Schrump, Basketball and Baseball Captain
- James McDowell, Track Captain

**Martineau, Coach**

**Houston, Assistant Coach**
Football

WITH a powerful line and a brilliant set of backs, Coach Earl Martineau turned out a fast, hard-hitting football team. Using Captain Banach as a nucleus Martineau and his assistants, Read and Houston, built up one of the finest elevens that Western State has ever had.

Losing one game to Bradley Tech of Peoria, Illinois, was the only mark on a splendid record. Bradley Tech had a great team and was the best that met Western last fall. They ran their string of consecutive victories to twenty-four by defeating Banach's crew 12-0.

A signal honor was conferred upon George Fulgoni of Grand Rapids when he was elected captain for the 1927 season. Fulgoni excelled in open field running, cracking the line, and on the defense. He was hailed as the best athlete that a Grand Rapids school ever turned out; he continued his good work here and next season should find Fulgoni leading his men in a way that will not accept defeat.

Captain Frank Banach was a great captain, a great leader, and a great football player. He was a tireless worker and accounted for more points than any other man on the team. He was as effective on offense as on defense. Banach came to us from the north and from all appearances he represents the entire country, for as an athlete and a man, Banach is hard to equal. Our school is fortunate in having Banach and Fulgoni as leaders in athletics.
The Season's Opening Kickoff

Western 25 Olivet 0

The initial game of the season was against Olivet College. Although Western showed superiority in every department of the game, Olivet put up a plucky fight and succeeded in keeping their goal line uncrossed in the first quarter. Dick Corbat opened the season's scoring with two drop kicks in the first period, one from the thirty-eight yard line and the other from the twenty-five yard line.

Banach crashed through the center of the line for the first touchdown in the second quarter and kicked goal. Immediately after the second half began, Cornell took a long pass from Elias and went forty yards for the second touchdown. Olivet elected to kick off and Pump started on a long journey when he received the ball. He made a spectacular return of fifty yards to Olivet's forty-five yard line. Elias passed twenty yards to Beam and then called on Pump who went over for another touchdown.

R. Null played a good game for Olivet while Van Weelden and Beck were Western's mainstays on the forward wall.
THE clash with Western State's football team on October 2 was just meeting one more team and winning one more victory for Bradley Tech. It was a great game with two teams fighting as only splendid teams fight. The first half ended scoreless for both teams, but when the second half opened the crowd in the stands knew that a football game was in progress.

De Cremer, standing behind his own goal line, passed fifty yards in a desperate attempt to score. The pass was incomplete but it was a beautiful sight — for Bradley. Pass after pass was hurled by Beck, Tackle Bradley and finally Pope, their fullback, went eight yards through the line for the first touchdown.

At this time Banach was carried from the field in sheer exhaustion and Brethour, Western's powerful center, was so badly injured that he was taken to the field house.

With a substitute team Martineau attempted to score by the air route but to no avail. Bland, brilliant back from Bradley, intercepted one of Corbat's passes and trotted over for their second and last touchdown.

Banach, Van Weeldon, and Brethour starred for Western.
Led by Fulgoni and Banach, Western's football team defeated Albion on Homecoming Day, 28-0, before the largest crowd of the season. Playing hard and heavy football Western upset the collegiate "dope" and ran away from the husky Methodist club.

Fulgoni plunged over the line for the first touch-down, Banach repeated the trick immediately afterward and the half ended 14-0. It was a different football team than had played Bradley the week before!

The third quarter opened and it wasn't long before Banach heaved a pass to Pump for the third touchdown. Martin-eau sent in a new team and immediately Bill Lear intercepted a pass and trotted twenty-five yards for the fourth and last touch-down.

Brethour, Beck, Van Weeldon, and Strokis played a great game on the line while Morley, Cor-bat, Cornell, and Elias were not to be stopped in the backfield. It was some Homecoming!
Western 3 Bowling Green 2

RICHARD "PONY" CORBAT proved to be the hero of the first game played away from home. He went down to Kentucky as a reserve and came back a regular. His dropkick in the first quarter proved to be the thread that pulled Marty's men through a rather sluggish game.

Bowling Green blocked a punt by Strokis and succeeded in making a safety after some struggle in the third period.

The game was slow from beginning to end except for Cornell's brilliant running. Brethour, Beck, Seborg, and Van Weeldon all played a fine game. Fulgoni was injured early in the game and was unable to play except for a few minutes. Banach still felt the effects of the Albion game and took a day off to recuperate. The fellows were glad to get back.

Punting, Blocking! Enough Said.
Banach Scores The First Touchdown Of The Season

**Western 7  Chicago “Y” 0**

Chicago “Y” College brought a rugged team to Normal Field on October 23 and succeeded in keeping the score down to one lonely touchdown. Playing a slow brand of football, Western’s team did little better than “wobble” up and down the field.

Banach with all his drive could evoke not a bit more speed from his fellow players; he stood alone and played the game alone with the aid of one “Fat” Morley who romped up and down the field as Fulgoni’s phantom. Morley gained nearly two hundred yards from scrimmage in this game and left a mark for future stars to shoot at. In two line smashes he went forty-five yards to Chicago Y’s one-yard line—Elias called on Banach and a touchdown resulted.

Strokis punted exceptionally well during the game. The only real thrill was Western’s failure to go over for a touchdown from the one-yard line in the last minute of play.
Western 12  Notre Dame Reserves 6

IT RAINED! On Saturday, November 13, there was a rain storm and oh! how it rained. Martineau's mud horses trotted out and splashed through sixty minutes of superior football against the splendid team from Notre Dame. A large crowd of backers were on the sidelines, cheering and yowling with uncontrolled enthusiasm.

Banach slid through Notre Dame's left wing for the first touchdown. Brethour proceeded to sit on Fitzpatrick's punt and again Western had the ball. Morley made a brilliant run and skidded across the goal for the last touchdown.

Notre Dame never admitted defeat, however, and succeeded in driving through for a touchdown in the closing minutes of play.

Briefly, it was one of the best games ever played in Kalamazoo.
Too Much Bradley! Too Much De Cremer!!

Western 20 Oshkosh 0

Playing a mighty game as their last bow to the crowd, Western's football team smothered Oshkosh Normal 20-0 here on November 20.

With their captain crippled and on the sidelines, Fulgoni and Cornell led the spirited attack that took the form of a steam roller.

Fulgoni gained the first counter of the game with a neat slide off tackle. Cornell hit through center for the second touchdown. The air was now filled with passes and Elias heaved them to Pump, Beam, Morley and whoever was in sight. The last pass to Pump placed the ball on the five-yard line. From here Elias broke to the left for the season's last touchdown.

What a fitting finish of a season! The men were at their best fighting for their school and coach. They attained those heights that only a great team can reach.

The 1927 basketball season was still young when the fans discovered that "Buck" Read had a powerful quintet. With Schrump, Nestor, Elias, Lundquist, Cornell, Borgerding, Avery and Olen-dorf back from last year's squad, Coach Read had an opportunity to work with seasoned men and he made the most of it. Up from the ranks of the Frosh came Prendergast and Grein, two men that fought their way into the squad by sheer determination.

Captain Henry Schrump, voted the best player in the Michigan Collegiate Conference, led his teammates from victory to victory. He was at all times the fighting forward on offense and the brilliant center on defense. Schrump proved an unusual player and Western was very fortunate in having him on the team.

Leonard Lundquist was elected captain for 1928 at the annual banquet. He was a star guard on the team during the past season and the confidence placed in him by the men is well deserved.
Opening the season with an easy victory over Olivet College, Western's quintet started on a string of games and succeeded in winning sixteen of the eighteen games played.

Detroit City College was laid away by the score 46-34 on January 9.

A trip to Manchester College meant disaster for us. Manchester won 37-29, but on the following week Schrump, Elias and Nestor began a bombardment that looked very much like a corn-picking spree and consequently the invading Hoosiers from Manchester took the short end of a 37-16 score. It was a big upset and the school went wild.

Ypsilanti and Mt. Pleasant "hit the dust" on the following week by scores of 30-23 and 36-22.

Then came Butler! The men were "fit" if
a team ever was and when the final gun went off
Western's squad left the floor victors, 34-27.
Albion came over and after putting up a great
struggle lost 25-23.

Lombard invaded our gym on the seventh of
February and by use of their heavy artillery won
a battle that was wonderful and terrible all at
one time. Lombard played superb basketball and
defeated Western's team 42-24—it was our only
home defeat and
one of the two
defeats accepted during the season.

Chicago "Y" lost 28-25. Three hundred
students accompanied the team to Albion to help
them win 27-18.

Detroit City College lost 29-26; Hope
dropped one 31-19, and Mt. Pleasant succumbed
under the onslaught 30-21.
Turning back the Eskimos

Ypsilanti was determined, but to no avail, Lundquist dropped one in the last ten seconds to win 25-23.

The last two games were with Marquette Normal and Hope College here. The Northernners lost 32-25, and Hope left with the score 46-21 against them.

It was a great season!

The ten men on the team were at their best and in recognition of their season’s play they were awarded gold basketballs. Elias and Schrump made the mythical all-state team, with Lundquist, Grein, Nestor and Prendergast on the honorable mention list. Too much cannot be said in a review of the season. We met the nation’s best and defeated them. Our team was one of the best, and they are all back next year—Watch Western’s Basketball Team!

COACH Juddy Hy-

ames called base-

ball candidates to

report for practice about

the first of March. The

veterans to report

were Captain Neal John-

son, hard hitting out-

fielder, Schrump, Covington, and Righter of last year's infield; Kienbaum and

Ruse, pitching aces, and Wilson, catcher. Others were Graham and Misner, in-

fielders, Yost, pitcher, and Ramsdell, catcher.

In the opening game of the season Western put Bradley Tech to complete

rout. The score was 19-1. The game was featured by Captain Johnson's home

run, triple, double and single and some pretty drag hits which Covington beat out.

The Brown and Gold nine left the city for an invasion of Illinois and Indiana.

Notre Dame was the first team met. Too, it was Western's first meeting with

young Ed Walsh's fast ball; it proved too much and they lost 4-3.

After a great amount of night travel and consequent loss of sleep the team

arrived at Peoria for a return game with Bradley which was also lost after ten

innings of hard battling by a score of 6 to 7. "Monk" Righter featured this

game with two home runs over the center field wall.

The team came back home and put on "The Comedy of Errors" in sixteen

innings. That was the number it took to beat Albion 6-5. The high lights of the

game were Nestor's home run, the pitching of Hagen, and Ruse, and the blossoming forth of Yost, both as a hitter and as third baseman.

The following Friday Western went on a batting rampage against

Lake Forest. At the same time Sammy Beauchamp allowed only five hits and the game was easily won 14-1.
Johnson triples to left center

The next day Western won from Ypsilanti 9-6. The game was much closer than the score would indicate. In fact it was not won until after two were out in the ninth when Yost, with Ypsilanti leading 6-5 and the bases loaded, drove a line drive through third scoring two runs and Jerry Graham, right behind him, singled to center scoring two more.

The next week saw Western defeat Butler, and Hope; the former 9-5 with Beauchamp pitching and the latter 7-2 with “Lefty” Howard Kimball tossing up his fast ones.

The next team that tried to defeat Western’s Nine was Alma, but they met up with “Lanky” Kienbaum’s submarine delivery and were completely submerged, 8-1. Schrump and Yost contributed some nice hitting to help the cause.

The following Friday and Saturday found the team in Chicago. Friday they were on the way to a win, when rain halted the game in the fourth with Armour on the short end of a 5-1 score. But the boys were not to be denied so the next day they took Lake Forest into camp 12-5.

Armour Tech came to Normal to take a 12-3 beating. Nestor made the game outstanding with two triples, two doubles, and a single in five times at bat.

After seven consecutive wins over M. S. C. in
four years, the Western Normal baseball team dropped a game to the farmers, 7-4, at East Lansing on the following Thursday. Hagen, Kienbaum, and Ruse could not prevent it.

The next Monday the team went over to Albion and played a game with the Methodists in the rain. Sammy Beauchamp, proved a good wet-weather pitcher and with the aid of some good hitting by Covington, Graham, and Johnson, the latter making a home run in the eighth, won the game 7-4.

The following Wednesday Western Normal played farmer in the dell with M. S. C. and the revenge was sweet. Kenneth Ruse, whose good left arm has won many games for the Brown and Gold kept the Farmers' seven hits well scattered and never did one of their men get farther than second base. Normal made the most of their four hits and with seven errors by M. S. C. emerged on the long end of the score 7-0.

In the last game of the season, Ypsilanti won in the ninth inning 3-2. This game marked the close of college baseball for the following men: Captain Neal Johnson, Glen "Monk" Righter, the brilliant little short stop, Art Yost, fine player anywhere, but a hitter deluxe, "Dick" Covington, the speed artist from Kentucky, "Jerry" Graham, outfielder, Willard Ramsdell and "Red" Wilson, catchers.

Deputation Team

The Deputation Team consists of members of the Y. W. C. A. and Y. M. C. A. who are interested in Gospel Team work. The two chairmen at the head of this work are Doris Swem from the Y. W. and Albert Munk from the Y. M. These chairmen cooperate in organizing and in the sending out of Deputation Teams. Frequent calls are obtained from Kalamazoo churches and from churches in the towns around Kalamazoo for these teams so that almost every week-end one or two teams are out on calls.

This Gospel Team work offers training for those who intend to enter the ministry, church work, or any form of Christian endeavor. It provides a moral and spiritual background for future teachers in order that they may better serve the community in which they are to be employed.
THE purpose of the Young Men's Christian Association is to exert a Christian influence on the campus. Weekly meetings are held, the programs of which consist of outside speakers, musical programs and discussions. At the beginning of the year the "Y" aids new men in enrolling and in getting acquainted. During the year it provides for mixers and in cooperation with the "W" Club fosters intramural basketball.

The "Y", by sending men to Geneva, and to national conferences such as the one held at Milwaukee, Wisconsin, by sending delegates to the older Boys' Conferences as discussion and group leaders, and by deputation work has provided splendid opportunity for individual development in Christian leadership.

Commerce Club

The Commerce Club was organized to give students of the department social relationship with each other and contact with a number of people who have had wider experience in the commercial field. The club considers questions bearing upon modern business and problems confronting commercial teachers. Faculty members and others have helped to make the meetings worthwhile. During this year, Mr. Pellett summarized the characteristics of a good teacher; Mr. Moore spoke interestingly of the trend of modern business methods; Dr. Ellis told of Naturalism in Education; and Miss Sima and Mr. Shepherd, instructors at Central High School, gave reports from the 1927 convention of the National Federation of Commercial Teachers. In student programs a cast composed of Myrtle Walgren, Dorothy Tabberer, Dale Case and Frederick Kunzi, with Hannah Daken as director, put on a clever one-act play, "Hooks and Crooks"; and there was also a mock debate: Resolved that the typewriter is of more value than the cablecar. As a new feature of commercial interest visits have been made by the club groups to the Michigan Bell Telephone Company and to the Kalamazoo Bread Company.

Programs for regular meetings and preliminary plans for other activities are handled by an executive committee consisting of the officers of the club, the program chairman, publicity manager, one sophomore and two freshmen representatives. The committee has made an effort to introduce varied programs, both social and educational into this year's calendar.

The social affairs of the year included a roast in the early part of the Fall Term, an informal Christmas party, the annual alumni dinner and a picnic during the Spring Term.

Perhaps the most interesting event of the year was the annual shorthand and typewriting contest for Michigan students. The Commerce Club coöperated with the faculty of the department to make this contest a success. This year's event, which took place May 13, was probably the largest and most successful contest ever held in the state.

People of note in the realm of commercial education, including Mr. Guy Slinker of the University of Iowa, Miss Ann Brewington of the University of Chicago, Mr. Harry C. Spillman, educational director of the Remington Type-
Kunzi, Gillett, Case, Avery, Hess, Knight, O'Brien, Rasmussen

Music Study Club

Music lovers, students in the music course, and Glee Club members make up the Music Study Club. Their work this year has been the reviewing of the different types of music. One meeting was devoted to the appreciation of American music, Indian songs, and representative works of American composers. The oratorio was also thoroughly studied.

The freshmen members entertained at the first meeting of the year. At the Christmas party held in the Rotunda, dancing was enjoyed and every member was presented with a gift. The entire year's work has combined helpful study with enjoyable sociability.

Early Elementary Club

THREE hundred enthusiastic members comprise the Early Elementary Club, which is no doubt the largest organization at Western.

A review of the year's activities shows that this large group has worked successfully. On December ninth, a delightful tea was held to which all students and faculty members of the Early Elementary Department and members of the Early Elementary Club of Kalamazoo were invited. Contributions to The Coney Creek Community Center of Kentucky were made at this time.

The unique “White Elephant Party” on January fourteenth proved to be a social and financial success. The traditional Valentine Candy Sale was by far the largest sale of the year. The profits were added to the scholarship fund in memory of Fanny Ballou.

March second was the date of the annual banquet, which was given at the New Burdick Hotel. Programs and decorations for the affair were cleverly carried out in nautical effects. The Early Elementary Club sponsored one of the most gala and colorful student parties of the year on March eighteenth.

The affairs of this club are controlled by a cabinet which consists of representatives from the Early Elementary classes, and various groups of practice teachers from the training schools.

EARLY ELEMENTARY CLUB

EARLY ELEMENTARY CLUB

Later Elementary Club

The Later Elementary Club counts 1926-27 as a most active and successful year. The reason for this may have been the large membership of girls studying to teach in the Later Elementary grades, which supported this organization's many activities. The efficient staff of officers composed of Doris Wilcox, president; Jessie Schrier, vice-president; and Flossie Bedell, secretary-treasurer, was also a determining factor in the year's progress. Miss Argabright and Miss Barton proved to be of great assistance as club advisors.

Early in the year the membership of the club was increased by a very enthusiastic contest between two divisions of the club. A certain number of points was
granted to the side which brought in a new member. The final tally showed that the “Golds”, headed by Jessie Schrier, were in the lead. The “Blue Squad”, captained by Doris Wilcox, entertained the victors at a very enjoyable Christmas party.

The first meeting of the season provided an opportunity for the members to become acquainted with newcomers. All of the Later Elementary faculty members were given special invitations to this gathering.

One of the most interesting programs of the year was the unusual talk given by Miss Roxana Steele on “Teaching Children How To Write Poetry”. On another occasion, Miss Strunk addressed the group on the subject of geography. She placed special emphasis on the teaching of that subject and told of many different regions of the world.

A helpful meeting was that in which the girls spoke on varied subjects of particular interest to themselves. Several very clever talks were given.
The adoption of a clever new pin was one of the outstanding actions of the club during the year.

During the Spring Term one memorable event was the “Bacon Roast” which was well attended. The annual luncheon to which all alumni were invited concluded an eventful and progressive year for the Later El. Club.

Collegiate Country Life Club

WESTERN STATE NORMAL SCHOOL was interested in rural progress and education back in its pioneer days, twenty-two years ago. The present Country Life Club grew out of the old Rural Seminar, the first organization on this campus. From a weak beginning of only eighteen members, the club has developed into a sturdy organization which has a membership of one hundred and fifty.

It further strengthened itself by affiliating with the Collegiate Country Life Association in 1923. This organization fosters throughout the nation popular understanding of rural problems and rural conditions besides developing among its followers rural leaders and rural interpreters.

Robert Benedict represented the local club at the national convention at Washington, D. C., this year and he returned bearing an excellent report of the worthwhile work which the club is doing for the nation.

The members of the club were helpful in the school activities on March 11, which was the date of the twenty-first Rural Progress Day. On this occasion they held their fourth annual banquet.

Junior High Club

The Junior High Club is an organization composed not only of students in the Junior High Department but of all those who are interested in Junior High work. Throughout the past four years, the club has steadily increased in importance and membership. This year, however, it has realized even more fully its complete program.

Both the social and intellectual interests of the club are stressed. The furthering of Junior High Education, the acquainting of the pupil with the problems of the Junior High grades, and the providing of an opportunity for the students to know each other better are the aims toward which the club strives.

In the glow of the campfire at Hiker's Lodge, the new members were put through their paces and formally admitted into the club. This unique initiation aroused an interest in the club which was sustained throughout the year by successive clever and interesting meetings. The members were especially fortunate in hearing some inspiring talks given by Junior High faculty members or outside speakers. Perhaps one of the most enjoyable events of the Fall Term was the well-planned Christmas party.

The interest of the club was not only confined to its meetings but all of the members cooperated in forming and supporting both a boys' and girls' basketball team.
The club attempts to keep in touch with its alumni as well as the students on the campus; each year the alumni, the faculty, club members, and their friends are cordially invited to a Junior High Banquet which is always given during the latter part of the Spring Term. This is a very elaborate and enjoyable affair.

SENIOR High students find answers to their problems in the Senior High Club meetings where informal discussion provides suggestions as well as a means of meeting new friends. These meetings are held on the first and third Tuesdays of the month at which time Dr. Hilliard and Dr. Knauss give splendid preparation for problems which many of the club members must soon face. Dr. Scott also gave a thought-provoking talk on Senior High problems at one of the meetings.

A large attendance greeted the first social meeting of the year in the Women's Gym at which time the Normal Orchestra played and the members became acquainted. Other informal evenings included the Christmas party.

In order to form new friendships the boys organized a basketball team to compete in the Intramural League. They upheld the honor of their organization splendidly but they did not win the championship. The girls led by Helen Burrell formed a fine basketball team which played against the girls of other organizations and departments.

Throughout the year the club has convened with alternating business and social meetings. The social meetings have been held in the little gym where dancing was enjoyed.

Thirty-five enthusiastic members support this club’s activities.

Home Economics Club

The Home Economics Club was organized to further the interests of home economics students and to promote good fellowship among them. In order that this club might reach all the girls of the Home Economics Department, the membership was made open to all with the sole requirement of payment of dues. In 1925, the club became affiliated with the American Home Economics Association.

The activities of the club might be grouped under four general headings: educational, co-operative, social or recreational, and financial. The educational programs have consisted of chalk talks, addresses by special speakers, and talks by instructors. At Christmas time the club gained much pleasure in providing goodies and pretty things as well as useful presents to be tucked away in stockings or boxes for unfortunate neighbors. This organization also took charge of a brilliant student party on March 5.

At the first meeting of the school year, the club entertained the new students with an interesting program followed by games and refreshments. As a result the new girls have entered more quickly into school life and taken a greater interest in the home economics work. Occasional hikes, picnics or sunris breakfasts out-of-doors, give the club the chance to learn something of camp craft and the superior quality of food flavored with smoke of the campfire.
So many desirable club activities require money, that raising it is a vital part of the club’s work. Frequent food sales have been held by the club. Varieties of cakes and cookies, candies, and fruits find ready sale. Club members have sometimes served lunches, dinners, or special banquets for the other groups.

Le Cercle Francais

LE CERCLE FRANCAIS is composed of those students who have more than one year of French and are interested in the appreciation and knowledge of the French language and literature. Most of its members are now studying in some of the Western Normal French classes.

This year's program was begun very effectively by a reception held at the home of Mrs. Amelia Hockenberry. The guest of honor was Mlle. Dubrois who came to Western State Normal after receiving the scholarship offered by the Franco-American Committee which provides for the exchange of students of promise and ability between the two countries. Mlle. Dubrois previously attended the Sorbonne in Paris until receiving the scholarship which brought her to Western.
At other meetings throughout the year illustrated lectures, programs pertaining to France and the French plays, tableaux, games and songs provided both valuable information and entertainment.

The most outstanding events of the year were the Christmas meeting featuring Noels and Christmas customs of France, and the festive closing of the year's program by a banquet.

Manual Arts Club

The semi-monthly meetings of the Manual Arts Club afford an opportunity for the members of that department to become better acquainted with their instructors. Besides aiding in making this contact, the Manual Arts Club gatherings serve as fitting times for helpful speeches. Speakers are obtained either from other departments or from outside sources to address these meetings upon such subjects as travel, special methods of teaching, manufacturing processes or other topics of general interest to the club members.

Initiations are held at the beginning of the Winter and Spring Terms at which time manual arts students presenting satisfactory records in scholarship and character are taken into the club.

The Manual Arts Open House Exhibition to which the public and general student body was invited, was greatly improved this year. On this occasion, the outsiders had a chance to view the various laboratories of this department and to be shown processes and finished results of student workmanship.

The fifteenth annual Manual Arts Ball was staged on April 30 by the Manual Arts Department with the cooperation of the Manual Arts Club. Due to the combined efforts of Russell Steffens, as general chairman, Kenneth Clark, Grant Bielfuss, and Homer Davis, as committee chairmans, the event proved to be an unusually well-planned and enjoyable affair. The decoration was in oriental setting of a five-color scheme with Japanese panels, a Tea Garden, and a Pagoda from which Johnson's Orchestra offered splendid dancing rhythm.
Since the Manual Arts Club makes an especial effort to keep in close contact with its former members, each year it invites all the Alumni to attend the big Manual Arts Ball. Especially fine was the representation of old members who attended this year's function and during the evening the old graduates were introduced to the guests according to the class with which they graduated.

"W" Club

The "W" Club is an organization composed of letter winners in the major sports. This year it has been assuming more responsibility concerning campus activities so that students have come to acknowledge its character and realize some of its worthwhile accomplishments.

At the first meeting of the Fall Term plans were made concerning the annual home-coming of Western's Alumni. The Western-Albion football game was chosen as the ideal time. Many of the old grads, of whom several were members of the "W" Club, came to enjoy the game and festivities prepared for them by the club.

New members, who have come into the club, furnished entertainment for students and townspeople by appearing on the stage at the Fuller Theater as part of their initiation.

During the winter the "W" Club invited President Waldo and the coaches to an oyster supper, after which President Brethour led a discussion concerning the advisability of introducing the Freshman Rule at Western. It has been announced that beginning next year this rule is to be in force.

One of the most elaborate social affairs of the school year is the annual "W" Club party, given in the Spring Term. The party, which is given for "W" Club members and their friends, is one of the biggest and most brilliant social events of the entire school year.
Long after a member has left school he feels that he has found a true friend when he happens to meet a fellow member of the “W” Club. Many stories are told of the fellowship of the men and the cordial welcome which they always extend to one another.

THE sixth year of the Physical Education Association, under the able guidance of Mary Vaupre, has been most successful. Through the continued efforts of its members the object stated by the founders of the society to “awaken a wider and more intelligent interest in physical education; to acquire and disseminate knowledge concerning it; to labor for the improvement and extension of gymnastics, games, athletics, and aquatics; and to further work in health and citizenship” have rounded out through the Honor Point System.

In the Fall Term a contest for new members was held between the Freshman-Junior classes and the Sophomore-Senior classes. Much interest was shown on both sides and at the end of the four busy weeks each class had worked equally well and the result was a tie. Through this contest some girls of the school not Physical Education students have become members.

Speakers during the year were: Miss Anne Finlayson, a charter member of the Association, who explained how it was organized; Dr. Gerald Barnes of the faculty, who spoke on “Shall We Teach or Coach Athletics”; and Miss Dickson of Central High School who talked on the Squad System in practice.
Not only have we been successful in our selection of speakers but we have had with us Miss Grace Ryan of Mt. Pleasant Normal, who presented some of the country dances she has collected. Both men and women of the school were invited and between four and five hundred attended. Miss Jessie Cameron of the College of Physical Education of Battle Creek spoke on "The Art of the Dance". She brought with her some of her students who assisted her.

A unique meeting was held in the form of a Splash Party at the Y. W. C. A.; swimming, dancing, and refreshments were the features of the evening. Some of the outstanding events of the Spring Term were the week-end hike to Grand Rapids, a Physical Education house-party, and the annual banquet held in June.

PERFECTION in literary expression is a thing very rarely achieved but it is, nevertheless, the goal toward which the members of this organization are working. The members adopted the name "Eldorado" because it implies this striving for an end not easily attained.

Every person who is sincerely trying to accomplish something needs encouragement and help. To supply these is one of the main functions of the club. To this end, each member contributes written work at every meeting where all papers are read and given serious discussion and constructive criticism. Thus the members help each other to evaluate their work and stimulate one another to greater endeavor.

The Eldorado is in all probability Western's newest organization, having convened only a few weeks. Due to the nature of the work the membership is limited to twenty-five girls.

At the election of officers the following were chosen: Juanita Leard, president; Aline Johnson, vice-president; Golda Crisman, secretary; Harriet McDowell, treasurer; and Helen Burrell, journalist. The club is advised by Miss Nobbs and Miss Master.
Athletics
Athletics

FEW institutions have made more rapid forward strides in athletics in two decades than has Western State Normal. During the early history of our school the athletic teams were barely on a par with the better high schools. By 1913, however, high schools were no longer on our schedules and that year marked the beginning of our great athletic history. In 1917 the football team held Michigan to a close score at Ferry Field. Since that time many powerful teams have appeared on our schedules.

The past year has been one of the most successful athletically in number of games played, in number of games won, and in number of powerful teams met. In the fall a brilliant, hard-hitting football team represented Western on the gridiron, and in the winter Western's basketball team blazed the trail of the new Michigan Collegiate Conference with unparalleled playing and went through the season without a defeat in that conference. In other athletics our teams have excelled until now Western State stands among the leaders of Michigan and midwestern athletics.
THE Athletic Board is the board of control that supervises all athletic contests and players. This board rules on questions of eligibility, tentative schedules, the awards to be given, and all matters pertaining to athletics.

The members of the board are: the Registrar (chairman ex-officio), two faculty members appointed by the president, two students chosen by the Student Council, the captains of the major sport teams, and the athletic coaches.

The following people have served on the Athletic Board during the past year:
- Registrar John C. Hoekje, Chairman
- Dr. Gerald Barnes, Faculty Representative
- Mr. Marion Sherwood, Faculty Representative
- Newman Gamble, Student Representative
- Ray Campbell, Student Representative
- Earl Martineau, Football and Track Coach
- Herbert Read, Basketball and Baseball Coach
- Frank Banach, Football Captain
- Henry Schrump, Basketball and Baseball Captain
- James McDowell, Track Captain

Martineau, Coach

Houston, Assistant Coach
Football

WITH a powerful line and a brilliant set of backs, Coach Earl Martineau turned out a fast, hard-hitting football team. Using Captain Banach as a nucleus Martineau and his assistants, Read and Houston, built up one of the finest elevens that Western State has ever had.

Losing one game to Bradley Tech of Peoria, Illinois, was the only mark on a splendid record. Bradley Tech had a great team and was the best that met Western last fall. They ran their string of consecutive victories to twenty-four by defeating Banach’s crew 12-0.

A signal honor was conferred upon George Fulgoni of Grand Rapids when he was elected captain for the 1927 season. Fulgoni excelled in open field running, cracking the line, and on the defense. He was hailed as the best athlete that a Grand Rapids school ever turned out; he continued his good work here and next season should find Fulgoni leading his men in a way that will not accept defeat.

Captain Frank Banach was a great captain, a great leader, and a great football player. He was a tireless worker and accounted for more points than any other man on the team. He was as effective on offense as on defense. Banach came to us from the north and from all appearances he represents the entire country, for as an athlete and a man, Banach is hard to equal. Our school is fortunate in having Banach and Fulgoni as leaders in athletics.
Western 25 Olivet 0

The initial game of the season was against Olivet College. Although Western showed superiority in every department of the game, Olivet put up a plucky fight and succeeded in keeping their goal line uncrossed in the first quarter. Dick Corbat opened the season's scoring with two drop kicks in the first period, one from the thirty-eight yard line and the other from the twenty-five yard line.

Banach crashed through the center of the line for the first touchdown in the second quarter and kicked goal. Immediately after the second half began, Cornell took a long pass from Elias and went forty yards for the second touchdown. Olivet elected to kick off and Pump started on a long journey when he received the ball. He made a spectacular return of fifty yards to Olivet's forty-five yard line. Elias passed twenty yards to Beam and then called on Pump who went over for another touchdown.

R. Null played a good game for Olivet while Van Weelden and Beck were Western's mainstays on the forward wall.

McMaster

Wilson, Treas. Holbrook

Siegel

Lee Gamble Hoyt

Mott Gibson
Willis, Hauer, Lamb, Becker, Rizor, Munk
Moore, Edwards, Blose, Benedict, Kieft, Ganzlin
Wilson, Siegel, Giddings, Swem, Hindes

Deputation Team

THE Deputation Team consists of members of the Y. W. C. A. and Y. M. C. A. who are interested in Gospel Team work. The two chairmen at the head of this work are Doris Swem from the Y. W. and Albert Munk from the Y. M. These chairmen cooperate in organizing and in the sending out of Deputation Teams. Frequent calls are obtained from Kalamazoo churches and from churches in the towns around Kalamazoo for these teams so that almost every week-end one or two teams are out on calls.

This Gospel Team work offers training for those who intend to enter the ministry, church work, or any form of Christian endeavor. It provides a moral and spiritual background for future teachers in order that they may better serve the community in which they are to be employed.
Y. M. C. A.

The purpose of the Young Men's Christian Association is to exert a Christian influence on the campus. Weekly meetings are held, the programs of which consist of outside speakers, musical programs and discussions. At the beginning of the year the "Y" aids new men in enrolling and in getting acquainted. During the year it provides for mixers and in cooperation with the "W" Club fosters intramural basketball.

The "Y", by sending men to Geneva, and to national conferences such as the one held at Milwaukee, Wisconsin, by sending delegates to the older Boys’ Conferences as discussion and group leaders, and by deputation work has provided splendid opportunity for individual development in Christian leadership.

THE Commerce Club was organized to give students of the department social relationship with each other and contact with a number of people who have had wider experience in the commercial field. The club considers questions bearing upon modern business and problems confronting commercial teachers. Faculty members and others have helped to make the meetings worthwhile. During this year, Mr. Pellett summarized the characteristics of a good teacher; Mr. Moore spoke interestingly of the trend of modern business methods; Dr. Ellis told of Naturalism in Education; and Miss Sima and Mr. Shepherd, instructors at Central High School, gave reports from the 1927 convention of the National Federation of Commercial Teachers. In student programs a cast composed of Myrtle Walgren, Dorothy Tabberer, Dale Case and Frederick Kunzi, with Hannah Daken as director, put on a clever one-act play, "Hooks and Crooks"; and there was also a mock debate: Resolved that the typewriter is of more value than the cablecar. As a new feature of commercial interest visits have been made by the club groups to the Michigan Bell Telephone Company and to the Kalamazoo Bread Company.

Programs for regular meetings and preliminary plans for other activities are handled by an executive committee consisting of the officers of the club, the program chairman, publicity manager, one sophomore and two freshmen representatives. The committee has made an effort to introduce varied programs, both social and educational into this year's calendar.

The social affairs of the year included a roast in the early part of the Fall Term, an informal Christmas party, the annual alumni dinner and a picnic during the Spring Term.

Perhaps the most interesting event of the year was the annual shorthand and typewriting contest for Michigan students. The Commerce Club cooperated with the faculty of the department to make this contest a success. This year's event, which took place May 13, was probably the largest and most successful contest ever held in the state.

People of note in the realm of commercial education, including Mr. Guy Slinker of the University of Iowa, Miss Ann Brewington of the University of Chicago, Mr. Harry C. Spillman, educational director of the Remington Type-
writer Company, and Mr. Charles Swem, Editor of *The Gregg Writer* and former secretary to the late President Wilson were speakers at the conference and banquet to the contestants.

Miss Watson, Mrs. Clark and Mr. Pennell, as club advisors, have made many valuable contributions to the progress of the Commerce Club.

Music Study Club

Music lovers, students in the music course, and Glee Club members make up the Music Study Club. Their work this year has been the reviewing of the different types of music. One meeting was devoted to the appreciation of American music, Indian songs, and representative works of American composers. The oratorio was also thoroughly studied.

The freshmen members entertained at the first meeting of the year. At the Christmas party held in the Rotunda, dancing was enjoyed and every member was presented with a gift. The entire year’s work has combined helpful study with enjoyable sociability.

Early Elementary Club

Three hundred enthusiastic members comprise the Early Elementary Club, which is no doubt the largest organization at Western.

A review of the year's activities shows that this large group has worked successfully. On December ninth, a delightful tea was held to which all students and faculty members of the Early Elementary Department and members of the Early Elementary Club of Kalamazoo were invited. Contributions to The Coney Creek Community Center of Kentucky were made at this time.

The unique "White Elephant Party" on January fourteenth proved to be a social and financial success. The traditional Valentine Candy Sale was by far the largest sale of the year. The profits were added to the scholarship fund in memory of Fanny Ballou.

March second was the date of the annual banquet, which was given at the New Burdick Hotel. Programs and decorations for the affair were cleverly carried out in nautical effects. The Early Elementary Club sponsored one of the most gala and colorful student parties of the year on March eighteenth.

The affairs of this club are controlled by a cabinet which consists of representatives from the Early Elementary classes, and various groups of practice teachers from the training schools.

Later Elementary Club

THE Later Elementary Club counts 1926-27 as a most active and successful year. The reason for this may have been the large membership of girls studying to teach in the Later Elementary grades, which supported this organization's many activities. The efficient staff of officers composed of Doris Wilcox, president; Jessie Schrier, vice-president; and Flossie Bedell, secretary-treasurer, was also a determining factor in the year's progress. Miss Argabright and Miss Barton proved to be of great assistance as club advisors.

Early in the year the membership of the club was increased by a very enthusiastic contest between two divisions of the club. A certain number of points was...
The first meeting of the season provided an opportunity for the members to become acquainted with newcomers. All of the Later Elementary faculty members were given special invitations to this gathering.

One of the most interesting programs of the year was the unusual talk given by Miss Roxana Steele on "Teaching Children How To Write Poetry". On another occasion, Miss Strunk addressed the group on the subject of geography. She placed special emphasis on the teaching of that subject and told of many different regions of the world.

A helpful meeting was that in which the girls spoke on varied subjects of particular interest to themselves. Several very clever talks were given.
The adoption of a clever new pin was one of the outstanding actions of the club during the year.

During the Spring Term one memorable event was the “Bacon Roast” which was well attended. The annual luncheon to which all alumni were invited concluded an eventful and progressive year for the Later El. Club.

WESTERN STATE NORMAL SCHOOL was interested in rural progress and education back in its pioneer days, twenty-two years ago. The present Country Life Club grew out of the old Rural Seminar, the first organization on this campus. From a weak beginning of only eighteen members, the club has developed into a sturdy organization which has a membership of one hundred and fifty.

It further strengthened itself by affiliating with the Collegiate Country Life Association in 1923. This organization fosters throughout the nation popular understanding of rural problems and rural conditions besides developing among its followers rural leaders and rural interpreters.

Robert Benedict represented the local club at the national convention at Washington, D. C., this year and he returned bearing an excellent report of the worthwhile work which the club is doing for the nation.

The members of the club were helpful in the school activities on March 11, which was the date of the twenty-first Rural Progress Day. On this occasion they held their fourth annual banquet.

THE Junior High Club is an organization composed not only of students in the Junior High Department but of all those who are interested in Junior High work. Throughout the past four years, the club has steadily increased in importance and membership. This year, however, it has realized even more fully its complete program.

Both the social and intellectual interests of the club are stressed. The furthering of Junior High Education, the acquainting of the pupil with the problems of the Junior High grades, and the providing of an opportunity for the students to know each other better are the aims toward which the club strives.

In the glow of the campfire at Hiker's Lodge, the new members were put through their paces and formally admitted into the club. This unique initiation aroused an interest in the club which was sustained throughout the year by successive clever and interesting meetings. The members were especially fortunate in hearing some inspiring talks given by Junior High faculty members or outside speakers. Perhaps one of the most enjoyable events of the Fall Term was the well-planned Christmas party.

The interest of the club was not only confined to its meetings but all of the members cooperated in forming and supporting both a boys' and girls' basketball team.
The club attempts to keep in touch with its alumni as well as the students on the campus; each year the alumni, the faculty, club members, and their friends are cordially invited to a Junior High Banquet which is always given during the latter part of the Spring Term. This is a very elaborate and enjoyable affair.

Senior High Club

SENIOR High students find answers to their problems in the Senior High Club meetings where informal discussion provides suggestions as well as a means of meeting new friends. These meetings are held on the first and third Tuesdays of the month at which time Dr. Hilliard and Dr. Knauss give splendid preparation for problems which many of the club members must soon face. Dr. Scott also gave a thought-provoking talk on Senior High problems at one of the meetings.

A large attendance greeted the first social meeting of the year in the Women's Gym at which time the Normal Orchestra played and the members became acquainted. Other informal evenings included the Christmas party.

In order to form new friendships the boys organized a basketball team to compete in the Intramural League. They upheld the honor of their organization splendidly but they did not win the championship. The girls led by Helen Burrell formed a fine basketball team which played against the girls of other organizations and departments.
Throughout the year the club has convened with alternating business and social meetings. The social meetings have been held in the little gym where dancing was enjoyed.

Thirty-five enthusiastic members support this club's activities.

Dr. Hilliard       Dr. Knauss
Home Economics Club

THE Home Economics Club was organized to further the interests of home economics students and to promote good fellowship among them. In order that this club might reach all the girls of the Home Economics Department, the membership was made open to all with the sole requirement of payment of dues. In 1925, the club became affiliated with the American Home Economics Association.

The activities of the club might be grouped under four general headings: educational, cooperative, social or recreational, and financial. The educational programs have consisted of chalk talks, addresses by special speakers, and talks by instructors. At Christmas time the club gained much pleasure in providing goodies and pretty things as well as useful presents to be tucked away in stockings or boxes for unfortunate neighbors. This organization also took charge of a brilliant student party on March 5.

At the first meeting of the school year, the club entertained the new students with an interesting program followed by games and refreshments. As a result the new girls have entered more quickly into school life and taken a greater interest in the home economics work. Occasional hikes, picnics or sunris breakfasts out-of-doors, give the club the chance to learn something of camp craft and the superior quality of food flavored with smoke of the campfire.
So many desirable club activities require money, that raising it is a vital part of the club's work. Frequent food sales have been held by the club. Varieties of cakes and cookies, candies, and fruits find ready sale. Club members have sometimes served lunches, dinners, or special banquets for the other groups.

LE CERCLE FRANÇAIS is composed of those students who have more than one year of French and are interested in the appreciation and knowledge of the French language and literature. Most of its members are now studying in some of the Western Normal French classes.

This year’s program was begun very effectively by a reception held at the home of Mrs. Amelia Hockenberry. The guest of honor was Mlle. Dubrois who came to Western State Normal after receiving the scholarship offered by the Franco-American Committee which provides for the exchange of students of promise and ability between the two countries. Mlle. Dubrois previously attended the Sorbonne in Paris until receiving the scholarship which brought her to Western.
At other meetings throughout the year illustrated lectures, programs pertaining to France and the French plays, tableaux, games and songs provided both valuable information and entertainment.

The most outstanding events of the year were the Christmas meeting featuring Noels and Christmas customs of France, and the festive closing of the year's program by a banquet.

Manual Arts Club

The semi-monthly meetings of the Manual Arts Club afford an opportunity for the members of that department to become better acquainted with their instructors. Besides aiding in making this contact, the Manual Arts Club gatherings serve as fitting times for helpful speeches. Speakers are obtained either from other departments or from outside sources to address these meetings upon such subjects as travel, special methods of teaching, manufacturing processes or other topics of general interest to the club members.

Initiations are held at the beginning of the Winter and Spring Terms at which time manual arts students presenting satisfactory records in scholarship and character are taken into the club.

The Manual Arts Open House Exhibition to which the public and general student body was invited, was greatly improved this year. On this occasion, the outsiders had a chance to view the various laboratories of this department and to be shown processes and finished results of student workmanship.

The fifteenth annual Manual Arts Ball was staged on April 30 by the Manual Arts Department with the cooperation of the Manual Arts Club. Due to the combined efforts of Russell Steffens, as general chairman, Kenneth Clark, Grant Bielfuss, and Homer Davis, as committee chairmans, the event proved to be an unusually well-planned and enjoyable affair. The decoration was in oriental setting of a five-color scheme with Japanese panels, a Tea Garden, and a Pagoda from which Johnson’s Orchestra offered splendid dancing rhythm.
Since the Manual Arts Club makes an especial effort to keep in close contact with its former members, each year it invites all the Alumni to attend the big Manual Arts Ball. Especially fine was the representation of old members who attended this year's function and during the evening the old graduates were introduced to the guests according to the class with which they graduated.

"W" Club

The "W" Club is an organization composed of letter winners in the major sports. This year it has been assuming more responsibility concerning campus activities so that students have come to acknowledge its character and realize some of its worthwhile accomplishments.

At the first meeting of the Fall Term plans were made concerning the annual home-coming of Western's Alumni. The Western-Albion football game was chosen as the ideal time. Many of the old grads, of whom several were members of the "W" Club, came to enjoy the game and festivities prepared for them by the club.

New members, who have come into the club, furnished entertainment for students and townspeople by appearing on the stage at the Fuller Theater as part of their initiation.

During the winter the "W" Club invited President Waldo and the coaches to an oyster supper, after which President Brethour led a discussion concerning the advisability of introducing the Freshman Rule at Western. It has been announced that beginning next year this rule is to be in force.

One of the most elaborate social affairs of the school year is the annual "W" Club party, given in the Spring Term. The party, which is given for "W" Club members and their friends, is one of the biggest and most brilliant social events of the entire school year.
Long after a member has left school he feels that he has found a true friend when he happens to meet a fellow member of the "W" Club. Many stories are told of the fellowship of the men and the cordial welcome which they always extend to one another.

THE sixth year of the Physical Education Association, under the able guidance of Mary Vaupre, has been most successful. Through the continued efforts of its members the object stated by the founders of the society to "awaken a wider and more intelligent interest in physical education; to acquire and disseminate knowledge concerning it; to labor for the improvement and extension of gymnastics, games, athletics, and aquatics; and to further work in health and citizenship" have rounded out through the Honor Point System.

In the Fall Term a contest for new members was held between the Freshman-Junior classes and the Sophomore-Senior classes. Much interest was shown on both sides and at the end of the four busy weeks each class had worked equally well and the result was a tie. Through this contest some girls of the school not Physical Education students have become members.

Speakers during the year were: Miss Anne Finlayson, a charter member of the Association, who explained how it was organized; Dr. Gerald Barnes of the faculty, who spoke on "Shall We Teach or Coach Athletics"; and Miss Dickson of Central High School who talked on the Squad System in practice.
Not only have we been successful in our selection of speakers but we have had with us Miss Grace Ryan of Mt. Pleasant Normal, who presented some of the country dances she has collected. Both men and women of the school were invited and between four and five hundred attended. Miss Jessie Cameron of the College of Physical Education of Battle Creek spoke on “The Art of the Dance”. She brought with her some of her students who assisted her.

A unique meeting was held in the form of a Splash Party at the Y. W. C. A.; swimming, dancing, and refreshments were the features of the evening. Some of the outstanding events of the Spring Term were the week-end hike to Grand Rapids, a Physical Education house-party, and the annual banquet held in June.

PERFECTION in literary expression is a thing very rarely achieved but it is, nevertheless, the goal toward which the members of this organization are working. The members adopted the name "Eldorado" because it implies this striving for an end not easily attained.

Every person who is sincerely trying to accomplish something needs encouragement and help. To supply these is one of the main functions of the club. To this end, each member contributes written work at every meeting where all papers are read and given serious discussion and constructive criticism. Thus the members help each other to evaluate their work and stimulate one another to greater endeavor.

The Eldorado is in all probability Western's newest organization, having convened only a few weeks. Due to the nature of the work the membership is limited to twenty-five girls.

At the election of officers the following were chosen: Juanita Leard, president; Aline Johnson, vice-president; Golda Crisman, secretary; Harriet McDowell, treasurer; and Helen Burrell, journalist. The club is advised by Miss Nobbs and Miss Master.
Athletics
Athletics

FEW institutions have made more rapid forward strides in athletics in two decades than has Western State Normal. During the early history of our school the athletic teams were barely on a par with the better high schools. By 1913, however, high schools were no longer on our schedules and that year marked the beginning of our great athletic history. In 1917 the football team held Michigan to a close score at Ferry Field. Since that time many powerful teams have appeared on our schedules.

The past year has been one of the most successful athletically in number of games played, in number of games won, and in number of powerful teams met. In the fall a brilliant, hard-hitting football team represented Western on the gridiron, and in the winter Western's basketball team blazed the trail of the new Michigan Collegiate Conference with unparalleled playing and went through the season without a defeat in that conference. In other athletics our teams have excelled until now Western State stands among the leaders of Michigan and midwestern athletics.
The Athletic Board is the board of control that supervises all athletic contests and players. This board rules on questions of eligibility, tentative schedules, the awards to be given, and all matters pertaining to athletics.

The members of the board are: the Registrar (chairman ex-officio), two faculty members appointed by the president, two students chosen by the Student Council, the captains of the major sport teams, and the athletic coaches.

The following people have served on the Athletic Board during the past year:

Registrar John C. Hoekje, Chairman
Dr. Gerald Barnes, Faculty Representative
Mr. Marion Sherwood, Faculty Representative

Martineau, *Coach*

Houston, *Assistant Coach*
Football

WITH a powerful line and a brilliant set of backs, Coach Earl Martineau turned out a fast, hard-hitting football team. Using Captain Banach as a nucleus Martineau and his assistants, Read and Houston, built up one of the finest elevens that Western State has ever had.

Losing one game to Bradley Tech of Peoria, Illinois, was the only mark on a splendid record. Bradley Tech had a great team and was the best that met Western last fall. They ran their string of consecutive victories to twenty-four by defeating Banach's crew 12-0.

A signal honor was conferred upon George Fulgoni of Grand Rapids when he was elected captain for the 1927 season. Fulgoni excelled in open field running, cracking the line, and on the defense. He was hailed as the best athlete that a Grand Rapids school ever turned out; he continued his good work here and next season should find Fulgoni leading his men in a way that will not accept defeat.

Captain Frank Banach was a great captain, a great leader, and a great football player. He was a tireless worker and accounted for more points than any other man on the team. He was as effective on offense as on defense. Banach came to us from the north and from all appearances he represents the entire country, for as an athlete and a man, Banach is hard to equal. Our school is fortunate in having Banach and Fulgoni as leaders in athletics.
The initial game of the season was against Olivet College. Although Western showed superiority in every department of the game, Olivet put up a plucky fight and succeeded in keeping their goal line uncrossed in the first quarter. Dick Corhat opened the season's scoring with two drop kicks in the first period, one from the thirty-eight yard line and the other from the twenty-five yard line.

Banach crashed through the center of the line for the first touchdown in the second quarter and kicked goal. Immediately after the second half began, Cornell took a long pass from Elias and went forty yards for the second touchdown. Olivet elected to kick off and Pump started on a long journey when he received the ball. He made a spectacular return of fifty yards to Olivet's forty-five yard line. Elias passed twenty yards to Beam and then called on Pump who went over for another touchdown.

R. Null played a good game for Olivet while Van Weelden and Beck were Western's mainstays on the forward wall.
Western 0  Bradley Tech. 12

The clash with Western State's football team on October 2 was just meeting one more team and winning one more victory for Bradley Tech. It was a great game with two teams fighting as only splendid teams fight. The first half ended scoreless for both teams, but when the second half opened the crowd in the stands knew that a football game was in progress.

De Cremer, standing behind his own goal line, passed fifty yards in a desperate attempt to score. The pass was incomplete but it was a beautiful sight — for Bradley. Pass after pass was hurled by Bradley and finally Pope, their fullback, went eight yards through the line for the first touchdown.

At this time Banach was carried from the field in sheer exhaustion and Brethour, Western's powerful center, was so badly injured that he was taken to the field house.

With a substitute team Martineau attempted to score by the air route but to no avail. Bland, brilliant back from Bradley, intercepted one of Corbat's passes and trotted over for their second and last touchdown.

Banach, Van Weeldon, and Brethour starred for Western.
Led by Fulgoni and Banach, Western's football team defeated Albion on Homecoming Day, 28-0, before the largest crowd of the season. Playing hard and heavy football Western upset the collegiate "dope" and ran away from the husky Methodist club.

Fulgoni plunged over the line for the first touch-down, Banach repeated the trick immediately afterward and the half ended 14-0. It was a different football team than had played Bradley the week before!

The third quarter opened and it wasn't long before Banach heaved a pass to Pump for the third touch-down. Martin-eau sent in a new team and immediately Bill Lear intercepted a pass and trotted twenty-five yards for the fourth and last touch-down.

Brethour, Beck, Van Weeldon, and Strokis played a great game on the line while Morley, Corpalt, Cornell, and Elias were not to be stopped in the backfield. It was some Homecoming!
Western 3 Bowling Green 2

RICHARD "PONY" CORBAT proved to be the hero of the first game played away from home. He went down to Kentucky as a reserve and came back a regular. His dropkick in the first quarter proved to be the thread that pulled Marty's men through a rather sluggish game.

Bowling Green blocked a punt by Strokis and succeeded in making a safety after some struggle in the third period.

The game was slow from beginning to end except for Cornell's brilliant running. Brethour, Beck, Seborg, and Van Weeldon all played a fine game. Fulgoni was injured early in the game and was unable to play except for a few minutes. Banach still felt the effects of the Albion game and took a day off to recuperate. The fellows were glad to get back.
Western 7  Chicago "Y" 0

CHICAGO "Y" COLLEGE brought a rugged team to Normal Field on October 23 and succeeded in keeping the score down to one lonely touchdown. Playing a slow brand of football, Western's team did little better than "wobble" up and down the field.

Banach with all his drive could evoke not a bit more speed from his fellow players; he stood alone and played the game alone with the aid of one "Fat" Morley who romped up and down the field as Fulgoni's phantom. Morley gained nearly two hundred yards from scrimmage in this game and left a mark for future stars to shoot at. In two line smashes he went forty-five yards to Chicago Y's one-yard line—Elias called on Banach and a touchdown resulted.

Strokis punted exceptionally well during the game. The only real thrill was Western's failure to go over for a touchdown from the one-yard line in the last minute of play.
It RAINED! On Saturday, November 13, there was a rain storm and oh! how it rained. Martineau's mud horses trotted out and splashed through sixty minutes of superior football against the splendid team from Notre Dame. A large crowd of backers were on the sidelines, cheering and yowling with uncontrolled enthusiasm.

Banach slid through Notre Dame's left wing for the first touchdown. Brethour proceeded to sit on Fitzpatrick's punt and again Western had the ball. Morley made a brilliant run and skidded across the goal for the last touchdown.

Notre Dame never admitted defeat, however, and succeeded in driving through for a touchdown in the closing minutes of play.

Briefly, it was one of the best games ever played in Kalamazoo.
Too Much Bradley! Too Much De Cremer!!

Western 20 Oshkosh 0

PLAYING a mighty game as their last bow to the crowd, Western’s football team smothered Oshkosh Normal 20-0 here on November 20.

With their captain crippled and on the sidelines, Fulgoni and Cornell led the spirited attack that took the form of a steam roller.

Fulgoni gained the first counter of the game with a neat slide off tackle. Cornell hit through center for the second touchdown. The air was now filled with passes and Elias heaved them to Pump, Beam, Morley and whoever was in sight. The last pass to Pump placed the ball on the five-yard line. From here Elias broke to the left for the season’s last touchdown.

What a fitting finish of a season! The men were at their best fighting for their school and coach. They attained those heights that only a great team can reach.

Basketball

THE 1927 basketball season was still young when the fans discovered that "Buck" Read had a powerful quintet. With Schrump, Nestor, Elias, Lundquist, Cornell, Borgerding, Avery and Olen-dorf back from last year's squad, Coach Read had an opportunity to work with seasoned men and he made the most of it. Up from the ranks of the Frosh came Prendergast and Grein, two men that fought their way into the squad by sheer determination.

Captain Henry Schrump, voted the best player in the Michigan Collegiate Conference, led his teammates from victory to victory. He was at all times the fighting forward on offense and the brilliant center on defense. Schrump proved an unusual player and Western was very fortunate in having him on the team.

Leonard Lundquist was elected captain for 1928 at the annual banquet. He was a star guard on the team during the past season and the confidence placed in him by the men is well deserved.
The first tip-off of the Michigan Collegiate Conference

Opening the season with an easy victory over Olivet College, Western’s quintet started on a string of games and succeeded in winning sixteen of the eighteen games played.

Detroit City College was laid away by the score 46-34 on January 9.

A trip to Manchester College meant disaster for us. Manchester won 37-29, but on the following week Schrump, Elias and Nestor began a bombardment that looked very much like a corn-picking spree and consequently the invading Hoosiers from Manchester took the short end of a 37-16 score. It was a big upset and the school went wild.

Ypsilanti and Mt. Pleasant “hit the dust” on the following week by scores of 30-23 and 36-22.

Then came Butler! The men were “fit” if
Borgerding, Forward

A team ever was and when the final gun went off Western's squad left the floor victors, 34-27. Albion came over and after putting up a great struggle lost 25-23.

Lombard invaded our gym on the seventh of February and by use of their heavy artillery won a battle that was wonderful and terrible all at one time. Lombard played superb basketball and defeated Western's team 42-24—it was our only home defeat and one of the two defeats accepted during the season.

Chicago "Y" lost 28-25. Three hundred students accompanied the team to Albion to help them win 27-18.

Detroit City College lost 29-26; Hope dropped one 31-19, and Mt. Pleasant succumbed under the onslaught 30-21.
Turning back the Eskimos

Ypsilanti was determined, but to no avail, Lundquist dropped one in the last ten seconds to win 25-23.

The last two games were with Marquette Normal and Hope College here. The Northerners lost 32-25, and Hope left with the score 46-21 against them.

It was a great season!

The ten men on the team were at their best and in recognition of their season's play they were awarded gold basketballs. Elias and Schrump made the mythical all-state team, with Lundquist, Grein, Nestor and Prendergast on the honorable mention list. Too much cannot be said in a review of the season. We met the nation's best and defeated them. Our team was one of the best, and they are all back next year—Watch Western's Basketball Team!

Hyames, Coach

Maher, Assistant Coach
Baseball

Coach Juddy Hymes called baseball candidates to report for practice about the first of March. The veterans to report were Captain Neal Johnson, hard hitting outfielder, Schrump, Covington, and Righter of last year’s infield; Kienbaum and Ruse, pitching aces, and Wilson, catcher. Others were Graham and Misner, infielders, Yost, pitcher, and Ramsdell, catcher.

In the opening game of the season Western put Bradley Tech to complete rout. The score was 19-1. The game was featured by Captain Johnson’s home run, triple, double and single and some pretty drag hits which Covington beat out.

The Brown and Gold nine left the city for an invasion of Illinois and Indiana. Notre Dame was the first team met. Too, it was Western’s first meeting with young Ed Walsh’s fast ball; it proved too much and they lost 4-3.

After a great amount of night travel and consequent loss of sleep the team arrived at Peoria for a return game with Bradley which was also, lost after ten innings of hard battling by a score of 6 to 7. “Monk” Righter featured this game with two home runs over the center field wall.

The team came back home and put on “The Comedy of Errors” in sixteen innings. That was the number it took to beat Albion 6-5. The high lights of the game were Nestor’s home run, the pitching of Hagen, and Ruse, and the blossoming forth of Yost, both as a hitter and as third baseman.

The following Friday Western went on a batting rampage against Lake Forest. At the same time Sammy Beau-champ allowed only five hits and the game was easily won 14-1.
Johnson triples to left center

The next day Western won from Ypsilanti 9-6. The game was much closer than the score would indicate. In fact it was not won until after two were out in the ninth when Yost, with Ypsilanti leading 6-5 and the bases loaded, drove a line drive through third scoring two runs and Jerry Graham, right behind him, singled to center scoring two more.

The next week saw Western defeat Butler, and Hope; the former 9-5 with Beauchamp pitching and the latter 7-2 with “Lefty” Howard Kimball tossing up his fast ones.

The next team that tried to defeat Western’s Nine was Alma, but they met up with “Lanky” Kienbaum’s submarine delivery and were completely submerged, 8-1. Schrump and Yost contributed some nice hitting to help the cause.

The following Friday and Saturday found the team in Chicago. Friday they were on the way to a win, when rain halted the game in the fourth with Armour on the short end of a 5-1 score. But the boys were not to be denied so the next day they took Lake Forest into camp 12-5.

Armour Tech came to Normal to take a 12-3 beating. Nestor made the game outstanding with two triples, two doubles, and a single in five times at bat.

After seven consecutive wins over M. S. C. in
four years, the Western Normal baseball team dropped a game to the farmers, 7-4, at East Lansing on the following Thursday. Hagen, Kienbaum, and Ruse could not prevent it.

The next Monday the team went over to Albion and played a game with the Methodists in the rain. Sammy Beauchamp proved a good wet-weather pitcher and with the aid of some good hitting by Covington, Graham, and Johnson, the latter making a home run in the eighth, won the game 7-4.

The following Wednesday Western Normal played farmer in the dell with M. S. C. and the revenge was sweet. Kenneth Ruse, whose good left arm has won many games for the Brown and Gold kept the Farmers' seven hits well scattered and never did one of their men get farther than second base. Normal made the most of their four hits and with seven errors by M. S. C. emerged on the long end of the score 7-0.

In the last game of the season, Ypsilanti won in the ninth inning 3-2. This game marked the close of college baseball for the following men: Captain Neal Johnson, Glen "Monk" Righter, the brilliant little short stop, Art Yost, fine player anywhere, but a hitter deluxe, "Dick" Covington, the speed artist from Kentucky, "Jerry" Graham, outfielder, Willard Ramsdell and "Red" Wilson, catchers.

Martineau, Coach

 Maher, Assistant Coach
Indoor Track

WESTERN STATE NORMAL'S indoor track team completed a successful season, although the services of its star pole vaulter, Fred Morrow, were lacking. Morrow received a badly wrenched ankle at the A. A. U. meet at Michigan State and was unable to compete during the season. He was a consistent point winner prior to this time, holding five collegiate records in the pole vault.

From Detroit Cass Tech, came William "Bill" Loving, holder of two national scholastic track records, and upon arriving Bill proceeded to burn up the indoor paths in Michigan Collegiate Circles. He totaled 29 1/2 points in three meets, being individual high point man in two of these.

Loving runs the high and low hurdles besides taking part in the high jump.

Kermit Richards was better than ever during the past season. He was a consistent winner in the high jump and should be a valuable man when the team goes outdoors. Bill's best jump was 6 feet and he appears to be developing greater ability all the time. Captain James McDowell developed rapidly during the season and skimmed over the hurdles a step behind his team-mate Loving.

Among the other men who wrote Western's indoor track record in large letters were: Lloyd Smith who ran the mile and half mile, Darrel Calkins, hurdles and 220 yd. dash, I. K. Fisher, 440 yd. dash, Martell Cushman, pole vault, Dale Teeters, 880 yd. dash, and James Schaeffer, pole vault and high jump.
The dual meet with Ypsilanti resulted in Western's taking five firsts. Cushman won the pole vault at 11 feet, Loving won the 60 yd. low hurdles in :07.8, Calkins took the 220 yd. dash in :24.5, Loving and Richards tied for first in the high jump 5'7", and Western's Relay team won the 8-lap relay in 2:48.6. The result of the meet was Ypsilanti 59 5-12; Western 46 7-12.

Outdoor Track

The dual meet with Ypsilanti resulted in Western's taking five firsts. Cushman won the pole vault at 11 feet, Loving won the 60 yd. low hurdles in :07.8, Calkins took the 220 yd. dash in :24.5, Loving and Richards tied for first in the high jump 5'7", and Western's Relay team won the 8-lap relay in 2:48.6. The result of the meet was Ypsilanti 59 5-12; Western 46 7-12.

The first indoor meet was held at Normal Gym with the crack Michigan State team as opposition. It was a close meet throughout and some splendid records were made. Alderman and Grim of State made remarkable time in the 220 and 440. The meet was intensely interesting and much rested on the final relay. Western's men had established a 15 yd. lead when Alderman, running last for State, took the baton. He ran a 440 on the Normal track in 50 seconds and nosed out Fisher in a spectacular finish.

At the state A. A. U. meet Western without the services of Morrow succeeded in annexing 14 points, with Bill Richards garnering a first in the high jump, Loving placing in the hurdles, and Cushman making a fourth in the pole vault.

Fred Morrow was the big point getter of the season. He won a first in the pole vault in every state meet and, in addition,
set five Michigan Intercollegiate pole vault records. His most spectacular feat was at the state meet at Lansing when he made 12' 8", breaking the former state record by a foot. He was also a consistent point winner in the high jump.

McDowell, captain elect, was out most of the season as a result of a prolonged illness during the winter months. He began to look like his old self during the last few weeks of school and should be a valuable man on this year's team.

Klock, for four years a distance man, was Western's best bet in the distance events. Potter of Ypsilanti was Klock's only rival in Michigan Intercollegiate circles. Kermit Richards was a real aid in the high jump and broad jump. Richards placed first in these events in nearly all state meets.

Mac Weaver, former captain and premier dash man, held down the heavy end of the dash work when Chickering was out with a bad leg. In his four years' service he proved to be one of the best track men Western has turned out.

Sheaffer in the pole vault and high jump, Burnham in the weight events, MacMonagle, Powell and Fisher in the distances and Ferguson in the dashes were all consistent winners and were the men that rounded out Coach Taylor's team.

Chickering, Klock and Weaver were the three men lost by graduation but with a fine lot of promising material back Western should have a great season during 1927.
One-mile Relay

Possibly the most spectacular relay on Coach Martineau's track squad this winter was the one-mile freshman relay team, with Powell running as a member of the team while being a campus Senior. The team was composed of Dutt, Soblesky, Powell, and Smith.

These four men seemed to wear wings on their shoes and in the course of the next year Western will be boasting one of the fastest quartets in the Midwest.

Running a splendid race at the state meet at Michigan State College, they succeeded in taking the runners-up position and keeping it to the end thus giving Western the distinction of winning the medley relay and being runner-up in the mile relay.

With their return next year and their development through one year's experience Coach Martineau has something to look forward to in regard to fleet-footedness. These men have three years of competition left with the exception of Powell and should prove their worth during those years to come.
Two-Mile Relay

By taking a fourth at the Illinois Relays in competition with the best college teams in the middle west the Western State Normal Medley Relay Team established a creditable record.

At the Ypsilanti track meet the relay team broke the state record formerly held by the University of Michigan. At the A. A. U. meet at East Lansing two splendid trophies were brought back by the relay teams—they won a first in the 2-mile relay and succeeded in running second in the mile.

Western has reason for being proud of its relay teams. These teams excelled in the state and succeeded in placing against the best competition in the west.

The members of these teams were:

Medley Relay Team: Calkins, Gaines, Fisher, Smith

Two-Mile Relay Team: Fisher, Smith, Powell, Teeters
WESTERN'S Cross Country Team of 1926 was built up around Captain McMonagle and Fisher of the 1925 team. Coach Martineau issued a call early in the season and a dozen men reported. Among the new men that reported were Hathaway, VanMere, Mowry, Brown and Thibedeaux.

A practice meet was held early with Kalamazoo College in preparation for the state meet at Michigan State College. Fisher ran a splendid race and led the college harriers to the tape. Captain McMonagle was third and VanMere fourth giving Western sufficient points for an easy win.

The state meet which was run over the Michigan State College course was held in early November. A cool breeze was blowing when the sixty men from all the colleges in Michigan began the grind. The race was exciting to the finish with Fisher running on the heels of the leaders at all times. McMonagle ran a fine race and was directly behind Fisher. Western succeeded in tying for fourth place because of the fact that Fisher placed seventh and McMonagle ninth. The course was longer than Western's, being five miles in length. Ypsilanti won the state meet and was represented by a well-balanced team.

Fisher was elected captain for the coming year and with him for lead-off man Coach Martineau should have no trouble in presenting a stronger and better balanced team when the harriers travel to East Lansing again.
Captain Lee Hart

### STATE INTERCOLLEGIATE

- **Hart**............. *Singles Champion*
- **Hart-Taylor**..... *Runners-up*
Tennis

BECAUSE of Captain Lee Hart's brilliant playing Western State Normal tennis team beat back all invaders except the hard smashing University of Oregon team. Captain Hart was the state collegiate singles champion for the fourth consecutive year and made a record that can be tied but can never be broken by tennis aspirants of the state.

Hart had three splendid players to support him in Taylor, Zuidema and Lewis. The season began with a victory over Michigan State College 4-3, and the following week the team tied the fast Grand Rapids Junior College team 3-3. The team won from Detroit University 5-1; from Battle Creek College 6-0; from Detroit City College 7-0; from Albion 3-0 the first time and 5-1 the second play off.

In the State Invitational Tennis Tournament Hart beat Hahn of Albion 6-0, 6-1 for the singles title, and Hart and Taylor played their greatest game of the year in winning the doubles title from Haney and Davidson of Grand Rapids Junior College 10-8, 3-6, 6-4.

At the State Intercollegiate meet at Michigan State College, Hart again broke through all opposition for the state singles title. Hart and Taylor were runners-up to Haney and Davidson of Grand Rapids Junior College in the doubles being beaten 2-6, 6-3, 6-4.

With the graduation of Lee Hart, Western has lost its greatest tennis player, but has kept him as tennis coach for the 1927 season. He is a past master and should develop another great tennis team this spring.
Theo Parr, Honor Point Winner

Co-ed Athletics
The purpose of the honor point system is to create a desire in the women of the school to participate in the various athletic events of the year such as swimming, hiking, basketball, baseball, hockey, soccer, and track. By taking an active part in the different sports the co-eds may attain athletic skill and at the same time keep in a good physical condition.

Honor points are given for keeping health cards, for maintaining high scholarship standards, and for achieving certain things in the numerous athletic activities. A numeral is awarded for 400 honor points, a monogram for 600, and a sweater for 800.

Last year the following people were rewarded:

Sweaters: Theo Parr; Dorothy Powers; Margaret McKenzie; Alice Huwer; Gwendolyn Kremer.

Monograms: Letha Karker; Ann Meech; Carita Clark; Mary Alice James; Lois Rheingans.

Numerals: Bernadetta Cline; Helen Weller; Ann Farrar.

General students are given four consecutive terms in which to earn honor points and Physical Education students are given three.
Co-ed Athletics

JUST as the pioneer women of former days took their place beside the men who were pushing westward to conquer new enemies and win new lands, so the college women of today are taking their place beside the men in athletic progress. And as those other women won their share of laurels, so our modern co-eds walk off with a goodly portion of the honors. The pioneer woman had to face hardships which called for strength that had never been developed in her. The co-ed today could face those hardships and command a strength which has been developed and trained by physical education.

The training fields for the girls of Western are hockey, soccer, basketball, volleyball, baseball, tennis, track and swimming. Hockey and soccer are played in the fall term; in the winter term, there is basketball and volleyball; and in the spring, baseball, tennis and track are the chief sports. Swimming is a year-round activity, thanks to the spacious pool that is the co-eds’ proud possession.

The honor point scheme enhances Western’s physical education system. Awards in the form of sweaters, monograms and numerals are given those who acquire a certain number of points. The point system is based on scholarship, participation in the major sports, a high health record and general activity in physical education fields.

A great deal of the credit for the success and popularity of co-ed athletics must be given to the efficient work and enthusiastic leadership of the physical education teachers. The staff, headed by Miss Worner, is composed of Miss Bottje, Miss Hussey, Miss Mullen, Miss Spalding and Miss Crane. The co-eds here express their pride in their trainers.
Basketball

Basketball is by far the most popular sport during the winter term. The announcement of the initial practice brought a very fine response; an unusually large number of girls turned out to every practice. Two tournaments, the first of which served for practice work, were held between the teams representing the various departments. In the second departmental tournament the Junior High Five defeated all of the other teams and simultaneously gained the championship.

The four runners-up in the departmental series and their respective standings are as follows:

<table>

The girls' hockey games were of unusual interest this year, because until the last whistle had blown in the final game the standings of all three teams were in doubt. A win by the Freshmen would have given them first place, a win by the Juniors would have put them ahead, and a tie score would have placed all three teams on an equal footing, each team finishing with the same percentage. However, in a hard-fought game the Juniors were able to nose out the Freshmen by one goal thereby winning class championship.

The schedule called for four games for each team, two against each of the other classes. The teams were so evenly matched that no one team was able to win twice against the same opponents. The Freshmen and Juniors played the only tie game; however, the final scores in all of the other games showed differences of only one or two points.

The departments represented on these teams were: Early Elementary, Later Elementary, Junior High, Commerce, A. B., and Physical Education.
A LARGER group of girls took part in the volley ball tournament than in any of the other girls' tournaments of the year. Because of this, an unusual fighting spirit was developed which extended to the bleachers, where a number of students collected each night to see the games.

The first part of the contest consisted of a round-robin tournament played in the different classes. Each team in a class played every other team in that group and the team emerging with the most games to its credit and the one with the least were qualified to play in the elimination tournament.

Doris Jacob's team of the nine o'clock class won the championship series in the elimination tournament by a final score of 40-14. In the first game her team won from the ten o'clock, in the semi-final from the four o'clock; and in the final from the three o'clock.

The consolation series was won by Hilda Gilhams' team of the four o'clock class by a final score of 33-14. Her team defeated the eight o'clock in the first game, the two o'clock in the semi-final, and the nine o'clock in the final.

Jokes
Our favorite instructor started to school the other morning and thoughtlessly kissed the door and slammed his wife. It reminds us of one of our high school classmates who kissed his mother as he started off one morning and murmured sleepily: “Good night, Sweetie. See ya tomorrow.”

A college man is a mere worm. He comes along, wriggles around a little and then some chicken gets him.

Old lady on street car: Stop sniffling, little boy. Can’t you do something with your nose?
Little boy: Yes’m. I can keep it out of other folks’ business.

Here lies the ashes
Of poor little Hank;
He kissed his girl
By an open gas tank.

Mart Murphy says, “I’d rather be a chauffeur than a jockey ’cause a jockey sees only the horse’s neck, while the chauffeur sees everybody neck.”

W. W.: Where are you going, Don?
Sumrill: I’m going down to the house and string my viola.
W. W.: Oh, you brute! And you said there was no other girl in your life.

Won: How long does it take you to dress in the morning?
Too (boasting): About ten minutes. How long does it take you?
Won: Half an hour—but I wash.
Wun: I was cut out to be a single man.
Lung: Who cut you out?

Waiter (to girl): Spoon, Miss?
Boy friend: Say, whose party is this anyway?
Western boasts the only "Waterproof Girls' Quartette". You just can't drown 'em out.

Cinderella: Godmother, must I leave the ball at twelve?

Good Fairy: You'll not go at all, if you don't stop swearing.

A great discoverer
Was Helen McQueen;
She found some pork
In her pork and beans.

"Thirty years ago I remember—"

"When eggs were 3 dozen for 25 cents; butter 10 cents per pound; milk was 5c a quart; the butcher gave away liver and treated the kids with bologna; the hired girl received two dollars a week and did the washin'; women did not powder and paint (in public), smoke, vote, play poker or shake the shimmy. Men wore whiskers and boots, chewed tobacco, spit on the sidewalk and cussed; beer was 5c and the lunch was free. Laborers worked ten hours a day and never went on strike; no tips were given to waiters and the hat-check grafter was unknown; a kerosene hanging lamp and a stereoscope in the parlor were luxuries; no one was ever operated on for appendicitis, microbes were unheard of; folks lived to a good old age and every year walked miles to wish their friends good luck!!

"Today, you know—"

"Everybody rides in automobiles, or flies, plays golf, shoots craps, plays the piano with her feet, goes to the movies nightly, smokes cigarettes, drinks poisoned moonshine, exposes herself to the elements in the winter, smothers with furs in the summer, blames the high cost of loving on the Volstead act and not the Republicans, never goes to bed the same day she gets up, and thinks she is having a wonderful time.

"These indeed are the days of profiteering, suffragetting, excess taxes, prohibition and parlor petting.

"If you belong to this age and think life is worth living—GO TO IT! We wish you all the SUCCESS in this world."
Pat Henry: I care not what course others may take but give me liberty or give me death.

Dentist (to patient in chair): Will you take gas?
Patient: Yeah, and you'd better look at the oil too.

Stranger, entering post office: "Any mail for Mike Howe?"
The postmaster was busy and made no reply.
"Any mail for Mike Howe?" repeated the stranger.
"No, of course not. Who do you suppose would send mail to your cow?"

May your parents be absent from you and me
While we are present, one with the other.

Roses are red,
Violets are blue,
But they're far too expensive
For me to give you.

Bragging prof.: Now, class, let me refer to the humble auspices under which I made my start in life. Without a dollar in my pocket and with no worldly possessions of consequence, my indomitable nature and an inborn determination to utilize to the fullest advantage my abilities constituted my assets. But even with this modest beginning, what do you suppose was the very first thing I sought—that which, at the very outset of my career, I strove most earnestly to attain?

Class (in unison): MILK!!

Mr. Foley: Now give the derivation of Auditorium.
Senior: From Audio, to hear; and Taurus, bull; a place where—
Mr. Foley: That'll do, that'll do.

Co-ed: What's become of "Sugar" Covington?
Ed.: Oh, he granulated in March.

The fire had burned the livelong night,
The building was demolished quite—
The janitor, when asked the cause,
Replied without a moment's pause,
"Excelsior!"
—Yale Record
Farmer: Come on and I’ll teach you to milk the cow.
New man (doubtfully): Maybe I’d better learn on the calf.

Anyway you’ll have to admit that the workers in the U. S. mint certainly make a lot of money.

Man calling a bluff: Here, Cliff. Here, Cliff.

Stranger: Sh-h-h, where can I find a speak-easy?
Ethelbert (majoring in English): My good man, don’t you mean a speak easily?

"Gawsh," said the sparrow as a fourteen inch shell just missed it, "gee, they must be hard up for meat."

An inveterate fisherman went to heaven and was admitted to one of the best clubs there. One day at the club he cornered several of his angelic cronies and told his best fishing yarn. He noticed one of his listeners laughing loudly and inquired, "Who’s that fellow?"

“That fellow?” answered a friend. "Why that’s just Jonah!"

A man stood on the curb beside an enormously fat woman and licked his lips as he watched prohibition agents pour some fragrant liquor down a sewer.

"In all my life," he cried, "I have never seen such a waste."
He regained consciousness in the hospital a few hours later and wondered why the fat lady hit him.

Hard-boiled Cop: Yep, this is a one-way street. Nope, there ain’t no two ways about it.

Prof.: What did you do before you came here to school?
1930: Counted cattle on my father’s ranch.
Prof.: How did you count them in large herds?
1930: That’s easy. I just counted their legs and divided by four.

Two stuttering blacksmiths had finished heating a piece of pig iron, and one of them placed it upon the anvil with a pair of tongs,
"H-h-h-hit it," he stuttered to his helper.
"Wh-wh-wh-wh-where?" asked the other.
"Aw, h-h-h-hell, we’ll h-h-have to h-h-heat it again now."
“Buck” had just kicked the pitcher and catcher off the squad. “I’ve discharged the battery,” he remarked sadly as he walked away. That calls to mind the sad case of the man who drank the acid from his radio battery. That was on Thursday. They grounded him on the following Sunday.

Oh, I never could believe it,
Though I often have been told,
That a fire’s always hottest
Whenever it is coaled.

A very fat lady was taking gymnasium work to help her reduce.
“Now take hold with both hands,” said the instructor, “and pull yourself up until you can touch the bar with your chin.”
“Does it make any difference which chin?” asked the lady.

'28—"Goin’ to see the Tatterman Puppets over in the gym?"
'29—"Naw, I’m tired of them dog shows."

Some Seniors are like rivers—small at the head and big at the mouth. One of these was heard to remark the other day that there would be a big hole left in this school by his graduation. He needn’t worry. It’ll be just like taking your thumb out of a bowl of soup. It won't even leave a dent.

ENGLISH TEACHERS PLEASE NOTE
Don't use a preposition to end a sentence with. Here's what it may lead to.
Sick Child: I want to be read to.
Nurse: What book do you want to be read to out of?
Sick Child: Robinson Crusoe.
Nurse goes out and returns with The Swiss Family Robinson.
Sick Child: What did you bring me that book to be read to out of from for?

Dean Pellett says he will wipe liquor off the campus. Three men have already applied for the job of wringing out the towels.

'Tis rumored that the Michigan College of Mines at Houghton will have a rowing crew next year. Probably they'll use iron ores.

In the old days of Chivalry they didn't ask, “Who was that lady I seen you with last night?”
No? What did they ask, then?
Why, they asked, “Who was that knight I seen you with last, lady?”

Mr. Eichenstein returned home from business and found his wife rocking the baby and singing, “By-low, baby, by-low; by-low, baby, by-low—”

“Dot’s right, Sarah. You teach him to buy low, and I'll teach him to sell high.”
O'SHEA
ATHLETIC KNITTED WEAR
FOR EVERY SPORT

OUR aim is to make perfectly any athletic garment.

We maintain large stocks of yarns in standard college colors.

We make our own felt and chenille letters and emblems.

We deliver special orders in ten days.

We are at your service: Just write.

I HAVE found that without a doubt O'Shea Athletic garments are of the very best quality. All knitted equipment for my teams at Western Normal has been O'Shea and I readily recommend their use to each and every coach.

We've Grown With Western

When Western was first established Crescent was making its first school annual plates. Western has grown and we have grown until now Kalamazoo has one of the best Normal Schools in the country and one of the largest complete engraving plants in the state.

This year, new creative artists have been added to our staff, new etching equipment installed, and new refinements made in production so that now Crescent is well able to help produce another fine Brown and Gold.

THE COW

The cow is a female quadruped with an alto voice and a countenance in which there is no guile. She collaborates with the pump in the production of a liquid called milk, provides the filler for hash, and at last is skinned by those she has benefited, as mortals commonly are.

The young cow is called a calf, and is used in the manufacture of chicken salad.

The cow's tail is mounted aft and has a universal joint. It is used to disturb marauding flies, and the tassel on the end has a unique educational value. Persons who milk cows and come often in contact with the tassel have vocabularies of peculiar and impressive force.

The cow has two stomachs. The one on the ground floor is used as a warehouse and (Continued on page 333)

43-45-47 West Main St. Phone 162 BATTLE CREEK, MICHIGAN

The cow has no other function. When this one is filled,
the cow retires to a quiet place where her ill
manners will occasion no comment and de-
votes herself to belching. The raw material
thus conveyed for the second time to the in-
terior of her face is pulverized and delivered
to the auxiliary stomach, where it is convert-
ed into cow.

The cow has no upper plate. All of her
teeth are parked in the lower part of her
face. This arrangement was perfected by an
efficiency expert to keep her from gumming
things up. As a result, she bites up and
gums down.

The male cow is called bull and is lassoed
in Texas, fought in Mexico, and shot on
Western's campus.

A slice of cow is worth 8 cents in the cow,
14 cents in the hands of the packers, and $2.40
at the New Asia.

Mary had a little lamb,
A lobster, and some prunes,
A glass of milk, a piece of pie,
And then some macaroons.
It made the naughty waitress grin
To see her order so,
And when they carried Mary out
Her face was white as snow.

"You must not grieve," said the young minister to the wife whose husband had just died. "The body that lies here is not your husband. It is merely a husk, an empty shell—the nut has gone to heaven."

MORE “HAND-ME-DOWNS”

Many a lad can sympathize with the point of view of the Kansas boy who had always been obliged to wear his father’s cast off clothing, cut down and made over. He was found crying behind the barn, and when asked what the matter was, replied:

“Dad’s gone and shaved his face clean, and now I suppose I’ll have to wear those red whiskers!”

WHY TEACHERS HAVE INSOMNIA
Mr. Eldridge had lectured long and loudly upon fats, proteids, and carbohydrates and their relation to life.

"Now," he asked, as the class period drew to a close, "who can tell me what three foods are required to keep the body in health?"

And the Home Ec. girls answered in unison, "Breakfast, dinner, and supper."

A friend may smile and bid you hail,
Yet wish you with the devil;
But when a good dog wags his tail,
You know he's on the level.

NOW IT CAN BE TOLD
"Are you going to the Cupid's Night party?"
"No. Dad wrote me to come home that week-end."
"I didn't get a bid either."

In the theater, one evening, Misner sat next to a father who had taken his daughter to the play:—"I'm sorry I brought you now, Peggy. This is hardly a play for a girl of your age," said the father.

Daughter: "Oh, I don't mind it, Dad! It'll probably liven up a bit before the end!"

The difference between a flapper and a cop is that you'd better stop when a cop tells you to.
The Whites were on their honeymoon and Hugh gave the porter a dollar not to tell anyone that they were bride and groom. At breakfast the next morning everyone stared. The Brown and Gold's business manager called the porter and asked, "Did you tell anyone on the train we were just married?" "No, sah," replied the porter, "I told 'em you-all was jes' good friends."

Won: It's a good thing our wives don't know where we were last night.
Too: It certainly is. Where were we?
Won: I don't know.

"I wonder if you could tell me where I could get a drink?"
"Sir, I am only a conductor. You are the fourth man to mistake me for a policeman this afternoon."

Is a homey place and when we have said that—when we have told you that you are always welcome and that young men and women of this world have a warm place in our hearts, and that we really mean it,—why

If we ever run for office at Western it will be on a platform of Library reform. We'll have the reading room partitioned off into booths. This will insure greater seclusion for industrious students, and will enable them to concentrate more effectively. Librarians will be dispensed with entirely or, if they are retained, their authority will be greatly curtailed. Their activities will be confined to finding books for students and they will be compelled to address students respectfully as "Sir" or "Ma'am". If any Librarian becomes boisterous she may be asked to leave the room by any Senior, Junior, or Sophomore. Smoking in the Library will no longer be tolerated. The walls and ceiling are already becoming blackened with soot.

Booths will be provided with cushioned benches with upholstered backs instead of hard-wood chairs. Sleeping in the library will be encouraged and the building will not be closed at night until the last student has signified his willingness to depart.

We believe that with these few improvements the Library will more nearly fulfill the purpose for which it was constructed — namely, a clearing-house for the social activities of the school, and we hope that we may depend upon your vote.

The Character of a Store
Depends Upon Its Ideals

Stores, as well as individuals must have ideals. Only so will the right kind of
success come. From the time this Store was established 45 years ago, there has
been on the part of everyone in the store a definite sense of obligation to the
community, and it is self evident that only from our ability to be of service will
our right to prosper continue.

We have grown from a single one floor to six large selling floors and a New Store
at Benton Harbor, Michigan, which are Proofs that we are living up to the ideals
our Patrons expect of us. It will be a pleasure to serve you too!

Our Store is always just as near to
you as your Mail Box.

Pontiac Quality and Service have won for us a following among schools that appreciate the value of having the best that can be secured in engraving.

PONTIAC ENGRAVING & ELECTROTYPE CO.

724 W. CLARK ST., CHICAGO, ILL.
A seven days wonder; and on the eighth she made up her mind.

TRY THIS ONE

Put down the number of your living brothers. Multiply it by two. Add three. Multiply the result by five. Add the number of living sisters. Multiply the result by 10. Add the number of dead brothers and sisters. Subtract 150 from the result.

The right-hand figure will be the number of deaths, the middle figure the number of living sisters, and the left-hand figure the number of living brothers.
Thinking that a trip with him would cure his wife of being jealous of him, the popular young traveling man took her with him on one of his long trips. Everything went along smoothly until they neared the end of their journey. One evening, in a small town hotel, they had ordered hot biscuits and honey, a favorite dish of both. The biscuits were served but the waitress forgot the honey. Calling her back, the traveling man asked,

"Where is my honey?"

"Why, sir, she doesn't work here any more," was the unfortunate reply.

He: Do you know the difference between a street-car and a taxi.
She: No.
He: Fine. We'll go home in a street-car.

Hannah says, "The way to a man's heart may be through his stomach but who the heck wants to go through his stomach?"
Congratulations
