CVS Data Source: <https://cvshealth.com/sites/default/files/cvs-health-covid-19-vaccination-data.pdf>

Walgreens Data Source: <https://www.walgreens.com/topic/findcare/long-term-care-facility-covid-vaccine.jsp#stayinformed>

Walgreens *Facilities Assigned for Scheduling* decrease includes an estimated 1200 facilities transferring to Managed Health Care Association pharmacies for administration, as well as facilities that have opted out. MHA reporting will be updated as clinic vaccinations start to occur by this pharmacy.

At this time, Long Term Care vaccinations are not fully captured in the primary dashboard above. We are working on reconciliation and will update this note when complete.

CVS and Walgreens pharmacies plans to conduct three on-site clinics at each LTC facility to vaccinate as many residents and staff as possible. During the first clinic, the pharmacists will vaccinate all staff and residents on site. The second clinic will be held a minimum of 28 days later and the pharmacists will vaccinate staff/residents from the first clinic with their 2nd dose of COVID-19 vaccine and catch anyone they may have missed on first date with their first dose. The third clinic will occur 28 days after the 2nd clinic and pharmacies will vaccinate anyone from the second clinic that needs their 2nd dose.

Learn More...

Why do the data from past days change and how often are data updated?

Doses administered are reported by the date of vaccination. Providers have 24 hours to report vaccination to MDHHS. MDHHS pulls the data each morning for cleaning and then posting to the website by 3 pm, Monday through Friday. Previously reported numbers of administered vaccine doses may change as new data are received.

Where can I get more information about COVID-19 vaccine?

For healthcare provider information about COVID-19 vaccine, visit the MDHHS website [COVID-19 Vaccine Provider Guidance & Educational Resources](#)

For frequently asked questions (FAQs) related to COVID-19 vaccine, visit the MDHHS [Frequently Asked Questions for the Public](#)

Where does the vaccination data come from?

This report is created by the Michigan Department of Health and Human Services Division of Immunization from data reported to the Michigan Care Improvement Registry (MCIR).

Why do the data from past days change and how often are data updated?

Doses administered are reported by the date the vaccination occurred. Previously reported numbers of administered vaccine doses may change as new data are received. Providers have 24 hours to report vaccinations to MCIR. MDHHS pulls the data each morning for cleaning and then posting to the website by 3 pm, Monday through Friday.

How is COVID vaccination coverage calculated?

Vaccination coverage is an estimated percentage of people within a specified geographical area or age group who have received the COVID vaccine.

MCIR data are used for the numerator (i.e., number of COVID vaccine doses reported) and US Census estimates are used for the population denominator (i.e., total number of persons living in Michigan). There are two vaccination coverage estimates. The percentage of individuals who have received one dose and the percentage who have received two doses (separated by the recommended number of days.) County is based on the county of residence.

Is COVID vaccination administration required to be reported?

Michigan's immunization providers are required to report COVID vaccination to the MCIR within 24 hours of administration.

PUBLIC USE DATASETS

COVID-19 Vaccines Shipped to Providers

README

Where does the vaccination data come from?

This report is created by the Michigan Department of Health and Human Services Division of Immunization from data reported to the Michigan Care Improvement Registry (MCIR).

How is COVID vaccination coverage calculated?

Vaccination coverage is an estimated percentage of people within a specified geographical area or age group who have received the COVID vaccine.

MCIR data are used for the numerator (i.e., number of COVID vaccine doses reported) and US Census estimates are used for the population denominator (i.e., total number of persons living in Michigan).

There are two vaccination coverage estimates. The percentage of individuals who have received one dose and the percentage who have received two doses (separated by the recommended number of days.)

County is based on the county of residence.

Is COVID vaccination administration required to be reported?

Michigan's immunization providers are required to report COVID vaccination to the MCIR within 24 hours of administration.

How often are these data updated?

These data will be updated Monday through Saturday. Previously reported numbers of administered vaccine doses may change as new data are received. A possible lag in reporting vaccine doses will result in increases in numbers previously reported.

COVID-19 VACCINES SHIPPED TO PROVIDERS 2021-01-28

Data as of	week	Distribution Activity	Provider County	Provider Local Health Department Jurisdiction	Provider Emergency Preparedness Region	Facility Type	Vaccine Type	Vaccines Shipped

PUBLIC USE DATASETS

COVID-19 Vaccine Doses Administered

README

Where does the vaccination data come from?

This report is created by the Michigan Department of Health and Human Services Division of Immunization from data reported to the Michigan Care Improvement Registry (MCIR).

How is COVID vaccination coverage calculated?

Vaccination coverage is an estimated percentage of people within a specified geographical area or age group who have received the COVID vaccine.

MCIR data are used for the numerator (i.e., number of COVID vaccine doses reported) and US Census estimates are used for the population denominator (i.e., total number of persons living in Michigan).

There are two vaccination coverage estimates. The percentage of individuals who have received one dose and the percentage who have received two doses (separated by the recommended number of days.)

County is based on the county of residence.

Is COVID vaccination administration required to be reported?

Michigan's immunization providers are required to report COVID vaccination to the MCIR within 24 hours of administration.

How often are these data updated?

These data will be updated Monday through Saturday. Previously reported numbers of administered vaccine doses may change as new data are received. A possible lag in reporting vaccine doses will result in increases in numbers previously reported.

***** Demographics Variables are not currently included in Public use Datasets due to small sample sizes. Additional data will be added as the amount of data increases. *****

COVID-19 VACCINES DOSES ADMINISTERED 2021-01-28

Data as of	Week	Activity	Person's Residence in Preparedness Region	Person's Residence in Local Health Department Jurisdiction	Person's Residence in County	Vaccine Type	Facility Type	Dose Number	Number of Doses
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Corrections	First Dose	125
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Family Practice	First Dose	5
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Federally Qualified Health Center	First Dose	32
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Federally Qualified Health Center	Second Dose	2
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Hospital	First Dose	173
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Hospital	Second Dose	40
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Local Health Department	First Dose	556
1/27/2021	4	2021-22	No Preparedness Region	No Local Health Department	No County	Moderna	Local Health Department	Second Dose	5
