David Lam is Professor of Economics, Director of the Institute for Social Research, and Research Professor in the Population Studies Center. He has served as president of the Population Association of America and currently serves on the Council of the International Union for the Scientific Study of Population. He has been a member of the Committee on Population of the U.S. National Academy of Sciences, and has served as an advisor or consultant to the World Bank, the U.S. National Institutes of Health, the United Nations Population Division, and the South Africa Office of the Presidency. His research focuses on the interaction of economics and demography in developing countries, including analysis of the economics of population growth, fertility, marriage, and aging. He has worked extensively in Brazil and South Africa, where his research analyzes links between education, labor markets, and income inequality. He is an Honorary Professor of Economics at the University of Cape Town. His collaborations with the University of Michigan include the Cape Area Panel Study, a longitudinal survey of young people in Cape Town supported by the U.S. National Institutes of Health. He received PhD in Economics from University of California Berkeley, and MA in Demography form Berkeley and MA in Latin American Studies from University of Texas.

Howard Stein is a Professor in the Department of Afroamerican and African Studies (DAAAS) and the Department of Epidemiology at the University of Michigan. He is a development economist educated in Canada, the US and the UK who has taught in both Asia and Africa. He is the editor or author of more than a dozen books and edited collections. His research has focused on foreign aid, finance and development, structural adjustment and neoliberalism, health, gender and development, institutional transformation and development, industrial policy, export processing zones, agricultural policy, and poverty and rural property right transformation. His most recent books are Beyond the World Bank Agenda: An Institutional Approach to Development (University of Chicago Press, 2008, paperback edition, 2014), Good Growth and Governance in Africa: Rethinking Development Strategies (Oxford University Press, January,2012) co-edited with Joseph Stiglitz, Akbar Noman, and Kwesi Botchway and Gendered Insecurities, Health, and Development in Africa (Routledge, 2012) co-edited with Amal Fadlalla. He was also the principal coauthor of the United Nations Economic Commission for Africa Economic Report 2014, Dynamic Industrialization in Africa: Innovative Institutions, Effective Processes and Flexible Mechanism. He is currently working on a book entitled Institutions and Industrial Policy in Africa: Toward Structural Transformation and Inclusion which is under contract with Oxford University Press co-written with Bethuel Kinuthia and Adam Elhiraika. He teaches a variety of courses in DAAS and Epidemiology including the history of African economic development, Africa and post-war development theory and policy, globalization and African health, the political economy of African development and health and socio-economic development.

Why has Income Inequality Increased While Education Inequality Has Decreased in Many Developing Countries

Institutions, Structures and Policy Paradigms in Sub-Saharan Africa: Toward Understanding Inequality

"Why has Income Inequality Increased While Education Inequality Has Decreased in Many Developing Countries"

"Institutions, Structures and Policy Paradigms in Sub-Saharan Africa: Toward Understanding Inequality"

The 2017-18 Sichel Lecture Series is being directed by Professor Sisay Asefa & Professor Wei-Chiao Huang.

Dr. Teresa Ghilarducci
Dr. Charles Ballard
Dr. James Hines Jr.
Dr. Mary Corcoran
Dr. Howard Stein
Dr. David Lam
Professor Charles Ballard has been on the Economics faculty at Michigan State University since 1983, when he received his Ph.D. from Stanford University. In 2007, he became Director of the State of the State Survey, in MSU’s Institute for Public Policy and Social Research. Also in 2007, he won the Outstanding Teacher Award in MSU’s College of Social Science. In 2011, he joined the Board of Directors of the Michigan League for Public Policy. He has served as consultant with the U.S. Department of Agriculture, Health & Human Services and Treasury, and research institutes in Australia, Denmark and Finland. His books include Michigan at the Millennium and Michigan’s Economic Future. Ballard has several honors and awards including grants from National Science Foundation. His publication includes several journal articles, chapters in books and proceedings, research reports, and conference presentations. He has reviewed for numerous major economics journals such as American Economic Review, Journal of Political Economy, Journal of Development Economics, Journal of Economic Education, Review of Economics and Statistics, Journal of Public Economics, and Scandinavian Journal of Economics. He has chaired 12 PhD students at MSU. He also appeared in major media for 120 newspapers, 37 radio, 35 TV interviews in Michigan, nationally and globally including online media and made numerous professional presentations to community and business organizations nationally including at universities and colleges.

James R. Hines Jr. is Richard A. Musgrave Collegiate Professor of Economics and L. Hart Wright Collegiate Professor of Law at the University of Michigan. He received his PhD in Economics from Harvard in 1986, MA in Economics from Yale in 1982 and BA in Economics from Yale in 1980. In addition to teaching in the department of economics and the law school at Michigan he also serves as Research Director of the business school’s Office of Tax Policy Research. His research concerns various aspect of taxation. He taught at Princeton and Harvard prior to moving to Michigan in 1997, and has held visiting appointments at Columbia, the London School of Economics, the University of California—Berkeley, and Harvard Law School. He is a research associate of the National Bureau of Economic Research, Research Director of the International Tax Policy Forum, former Co-Editor of the American Economic Association’s Journal of Economic Perspectives, and once, was an economist in the United States Department of Commerce. His research areas are public finance, law and economics.

Mary E. Corcoran is Professor of Political Science, Public Policy, Social Work, and Women’s Studies, and senior Associate Scientist at Survey Research Center at University of Michigan. Her research focuses on the effects of gender and race discrimination and on welfare and employment policies. She has numerous published articles on intergenerational mobility, the underclass, and sex-based and race-based inequality. She teaches seminars on poverty, inequality and women and employment. She has received several Fellowships and Awards for her service and research that include: Rackham Distinguished Graduate Mentorship Award, Faculty Recognition Award, Ford Foundation Faculty Fellowship in Women’s studies, Kent Fellow, Danforth Foundation Mentorship Award, and Steffler Fellow, Harvard-MIT joint Center for Urban Studies and Carnegie Fellowship for Interdisciplinary Research from MIT. She has co-authored two books and 70 Journal articles in Economics and other social sciences journals. She received PhD in Social Policy and Education from Massachusetts Institute of Technology and BA in Mathematics from Pembroke College, University of Cambridge, UK.
