# PROLOGUE

A school is a building with walls, a roof, windows and doors. It is a building on a hill looking over the city, a man-made structure of wood and plaster. A school is pillars and stairs, and an old locker room.

A school is ideas, action and scurrying about. It is teachers and books and overheated classrooms. A school is a place of learning and knowledge, a place for work and fun. It is a place of thrills and disappointments and for growth and understanding. A school is the past and the future.

The 1965 Highlander is about a school, a building with walls, a roof, windows and doors.

The flame that stands for faculty  
Lights the way and helps us see  
They guide us along our learning  
road  
They help us to carry our burdens  
some load.  
If the flame goes out, then we are  
blind  
It would be the end of all mankind.

# ADMINISTRATION

Donald Weaver—Director

Dr. Weaver has done his best to help our students understand our new experimental school, and what each student must contribute to make it a success. Few directors have shown the energy and initiative that Dr. Weaver displays.

Neil Schoenhals—Assistant Director

Our new assistant director has shown much enthusiasm in helping us over our major and minor hurdles. He has shown his interest in our school by handling monitor reports, and guiding committee chairmen when they came to him with problems. Mr. Schoenhals is truly the wheels that move our cart.

Paul R. Pelkki—Guidance Director, coach.

Golda Crisman—Counselor

Our counselors aid us in our choice of courses, colleges, and vocations. Always ready with a smile and a steady hand, their first thoughts are for the welfare of the student body. They are truly the backbone of our school.

Whether lecturing or in the laboratory, we can always count on our learned science teachers to help us on our quest for the unknown.

Ray Deur—Biology,  
Student Council

Richard Nuzum—Physical Science, coach

The magical world of numbers comes alive under the teachings of our fully qualified math department. Someone is always handy to help us solve our unbalanced equations.

Neill Nutter—Physics, Chemistry

Clarence Hackney—Math

Mary Alice Watters—Math

Lyle McAuley—Math, Physical Education

Robert Hughes—English, Publications Advisor

Arthur Christensen—English

In keeping with our experimental theme, the English classes have tried new methods of learning. The most outstanding change was in the senior class. One control class met five days a week, and another met three days each week, once as a whole class, and twice in week. The third class met only twice a week, and on the other days they had individual conferences with Mr. Christensen. Other English classes met on a regular basis, and the teachers inspired them to do their best in writing themes and taking spelling tests.

William Fox—Social Studies

From war stories to the Russian language, Mr. Fox and Mr. Dowling kept the United States History and government classes jumping.

Peter Dowling—Social Studies

William Haushalter—English, Speech, Student Council

Lois Monroe—Spanish

Robert Kotecki—English, Latin

La lengua, lingua, la langue is the key to greater understanding with other countries.

LaVonne Vosburgh—French

William Buys—English

Melvin Donaho—Debate and Forensics

Barney Chance—Business Education,  
Coach

Roy Walters—Athletics Director,  
Social Studies

Robert Peters—Physical Education

Along with their daily responsibilities, many extra-curricular activities are sponsored by these people. Participating in sports, G.R.A., Finnettes, or cheerleading, they were always busy.

Linda Sorrells—Physical Education

James Hause—Band

From the French horn to the piccolo, from the base to the soprano, we kept in tune through-out the year with the help of Mr. Hause and Mr. Frey.

Jack Frey—Choir

Wilda Large—Student Council

Wallace Fillingham—Industrial Arts

Mildred Winslow—Librarian

Lois Hamlin—Art

Using their varied talents, these teachers helped to shape our background.

# STUDENT GOVERNMENT

One of the most successful changes made at U-High was the advent of a Social Science Seminar. The class met five days a week instead of the traditional one. The hours were divided into government sessions taught by Mrs. Large, student council business conducted by Mr. Deur, and problem solving techniques led by Mr. Haushalter. The seminar, which met in its own room, sponsored such things as the magazine sale, and the sale of poinsettias at Christmas time. The council was composed of six representatives from each class, the cabinet, and the four officers. During the year they listened to such distinguished speakers as Mrs. Romney, Paul Todd, Lee Stryker, and August E. Johansen. The class provided an opportunity for each student to express himself, and to develop leadership techniques.

Pat Rahe—Treasurer

Sue Hamilton—Secretary

The government classes, the Student Council, and the Political Interest Club sponsored a mock election this year. The official returns from November 3, were: President—Johnson; Governor—Romney; U.S. Senator—Hart; Congressional Representative—Arnett. U-High voted yes on all three propositions. Students who participated in the mock election felt they benefitted by learning about the way our national election is conducted.

# FRIENDSHIP COMMITTEE

Sharon Warfield—chairman

The Friendship committee, under the leadership of Sharon Warfield, has managed to keep busy with many drives and activities. Members of the student body donated money to the Foster Parent Plan, and our foster child, Alfredo Cruz. Other things to keep the committee busy included sending cards to sick students and teachers. The Friendship committee went all out with the Teacher Appreciation week. There was an assembly where a poem was read for each teacher, and appropriate pills were given out.

# SOCIAL COMMITTEE

Carol Conrad, chairman of the Social Committee, put in many long hours planning and decorating the various social events during the past school year.

The committee worked well together and accomplished a lot. They focused most of their attention on creating memorable homecoming dances, and the Christmas formal.

The committee sponsored doughnut sales.

Carol Conrad—chairman

# ASSEMBLY COMMITTEE

Many times this year, our school routine was changed to allow for an assembly to further our knowledge or for just some fun and enjoyment. The assembly committee, with chairman Bob Kent and advisor Mr. Haushalter, planned the time, place, and program of all the assemblies.

The committee brought in several guests such as the former Viet Nam Ambassador Mr. Tran Van Dihn, Mrs. George Romney, Mr. Stryker, Mr. Emory Barnes, and several others. School groups including speech class, debate, student council, and international committee also took part in the programs planned.

## CITIZENSHIP COMMITTEE

The committee met to revise our constitution.

The Citizenship Committee had a large and important job to perform in the operation of our school. Their main duty was to see that the conduct of the students was a credit to U-High. The committee with Bill Barr as chairman, also planned and organized the school carnival, town meeting, and the school picnic. Because of the faithful efforts of this committee we have had a well-conducted student body.

Pam Schneider, chairman of the committee, and her advisor, Mr. Deur, attribute their success to the enthusiastic atmosphere that existed this year and to the devoted effort of many individuals.

The year began with a Red cross enrollment drive to help needy people. The Thanksgiving Drive, received full support from the school as did the cleaning of the trophy cases, the picnic for mentally retarded children, the March of Dimes drive and a visit to the State Hospital. The committee served the school in providing a decorative student bulletin board, revising the fire drill system, conducting a popcorn poll, and establishing a lost and found.

The service committee has added greatly to the success of the school.

Pam Schneider—chairman

## SERVICE COMMITTEE

Skip Schoenhals, committee chairman

# INTERNATIONAL COMMITTEE

This year the International committee hosted our exchange student from Sweden, Thomas Ohlsson. Skip Schoenhals and his committee worked hard to see that Tom's American experience was full of events an American student would have. During the year Tom was on the football team. The letter he earned and the experience of being down there with his friends were both worth the work. Tom started a Swedish class for interested students which met on Wednesdays after school. Tom brought a touch of Sweden to our school that will never fade away.

During the year, a program, Youth for Understanding, was accepted by the student body. Under this program many more students will be able to live overseas during the summer and school year. Also, we would have three foreign students in one year from western Europe, South America, or Mexico. Youth for Understanding is a Michigan program for Michigan students and their schools. A student must be above average in school. A teacher, a family friend, and his or her own family must recommend the student to be accepted by this program. The foreign student is asked to help pay for some of his transportation, but no student is denied the chance to come to America because he can't afford it.

Last summer Marty Groulx represented University High in southern Italy.

# PEP COMMITTEE

Mary Wise—Chairman

The 1965 Powder-Puff Basketball teams.

The Pep Committee was moved into a new room this year, where there was more room to paint the signs that dotted our halls and covered the freshly painted walls. The members were busy organizing two homecomings, selling cowbells, and playing in the first powder-puff football game. The Pep Committee was also responsible for getting buses for away football and basketball games. With the sponsor, Miss Sorrells, and the chairman, Mary Wise, the Pep Committee helped restore our school's spirit and unity.

## CHEERLEADERS

Peppy and enthusiastic are descriptive of this year's cheerleaders, as they led our cheering at all the games. The jumps, splits, and chants have grown to be a part of these friendly, energetic girls.

By sponsoring pep assemblies before the games, these girls tried to promote a greater sense of school spirit in the student body.

Whether meeting defeat or victory, these girls never gave up cheering for our teams.

## MONITORS

The monitors, advised by Mrs. Monroe, and headed by Sharon Warfield, kept busy this year making sure rules were obeyed. The effectiveness of the hall monitor, office monitor, and the study hall monitors could be felt every day in school. The loss of the passing bell proved to be of no obstacle to the study hall monitors, when the time came to demand quiet. When the halls were often noisy from the painters, the monitors kept the peace and often went in search for a room of quiet. The efficient office monitor was a messenger for the students. Many times a monitor gave up his complete hour to deliver these messages. The monitors were respected this year, as they were in the past, and will be in the future.

# HONORS SOCIETY

The Honor Society, with Marty Groulx as president and sponsored by Miss Winslow, not only presented a goal for students, but also gave deserving students recognition for their efforts. Members also have helped other students with subjects they were having trouble in.

Students who have maintained a high scholastic average of an A— are accepted as members of the Honor Society. These students must continue to maintain a B average to remain in the organization.

# TEEN PAGE WRITERS

This year, several students have faithfully written articles about our school for the Kalamazoo Gazette Teen Page. Because of the efforts of these students, our school has been represented on the Teen Page by news of our student body. Even though we are one of the smallest high schools in the Kalamazoo area, these students have made it possible for us to have a voice in our community. Sue Piket was editor of the Teen Page writers.

# LIBRARY ASSISTANTS

Each year several students voluntarily gave up their study halls to become library assistants. These people went to the library each day and helped check out books and assist the librarian in other duties. The prospective assistants must fill out an application and then are chosen from this information. Although little is heard about this group, their work is very useful in the functions of our library.

The voluntary staff of the University High Highlights again made our newspaper a success. The Highlights has presented the news in interesting and entertaining ways.

Editor, Priscilla Brunner, working together with other staff members, successfully worked in publishing the Highlights every three weeks. They were advised by Mr. Robert Hughes. Together they struggled to meet their deadlines, each time turning out another well diversified newspaper.

Since there were no homeroom periods this year, the staff met after school, only when necessary. However, this worked out well, and we again had a year whose events were well-recorded in the Highlights.

This year, with the support of Mr. Melvin Donaho, and the interested students, the debate team was re-established at University High. Their experienced coach, Mr. Donaho, is the former debate coach at the University of Michigan. He is aware of the success of former teams and the potential of the present and future debaters with whom he will be working.

The National debate topic for this year was; "Resolved: Nuclear Weapons can be controlled by International powers." The same topic is used all year. This is the state tournament topic. By the time the state tournament came around, our debaters were well prepared.

The Math Club inspired and encouraged its members in their comprehension of math's wonders and mysteries. Speakers, films, and puzzling problems were the highlights of the meetings. In the spring, the group went on a trip which they paid for from money received from a candy sale.

The Political Interest Club continued this year under the leadership of Cy Mallinson, chairman, and Mr. Pelkki, advisor. Current events were discussed and debated. This club is a fine example of how our civic minded students may display an interest in the workings of their society.

## HIGHLANDER

Long hours were spent taking pictures, forming pages and organizing the 1965 Highlander. Everyone was working toward the goal of meeting each one of the deadlines as they came along.

The dream of completing a job well, slowly became a reality as each committee put the finishing touches on their individual sections.

## CHOIR

May was an especially busy month for our choir again this year. "Anything Goes" was the main cause of this. Mr. Jack Frey, the director of our choir, did an excellent job getting everything ready for their performances. Besides the musical, several concerts were presented, one of which was a television appearance.

Although the choir is quite small, they have done especially well this year.

## BAND

The many activities that the band has participated in this year include enthusiastic performances at football and basketball games, giving fine concerts, and producing the Red and White Review. The Band had a booth at the carnival to raise money for their trip in the spring.

The 1965 Red & White Revue was staged around three lost hobos adding life and humor to the show. The cast spent many hard weeks practicing to make the show a success. The show was staged in the W.M.U. Theatre in early April. The director was Barb Brannock and Mr. James Hause was the advisor.

# FINNETTS

Each year the members of Finnetts strive toward the goal of the annual water show. This year their goal was met by presenting "The Wizard of Oz" held on May 13 and 14 at the Read Fieldhouse pool. The careful planning and patient practice of each member not only made the show possible but also gave it the quality of perfection. The group's officers were: Mary Lou Sutherland, president; Pam Honey, vice-president; Jan De Pree, secretary; Pat Dew, treasurer.

The Girls Recreation Association gives those girls who are interested a chance to play together in the gym on Friday nights after school. They learn the correct rules of the game and increase teamwork techniques.

## FUTURE NURSES

The Future Nurses Club is a small but active group. Although it had only nine members, the club worked on many projects. Several of the girls did voluntary work again this year at both Borgess and Bronson hospitals. They also made tray favors and small gifts for the patients at other hospitals and nursing homes in Kalamazoo. By these small kindnesses, the Future Nurses Club has helped and cheered many unfortunate people.

The club's officers are: Marsha Williams, president; Kathy VanderGiesen, vice-president; Judy Hartenstein, secretary; Leah Pixler, treasurer.

## MODEL BUILDERS

Each Monday evening this past year, the Model Builders Club met with their advisor, Mr. Fillingham. The president of the organization was Steve Polley. Although the club was interested in several activities, their main concern this year has been model cars. The building of a slot-racing track was a project of the entire club. Even though the club was small, its members enjoyed working together on their mutual interest.

## HOMECOMING—HEIGHTS OF THE CUB SPIRIT

The freshmen whoop it up!

"I'd like you to meet. . ."

In the midst of the Football Homecoming game, Suzy Hamilton was crowned queen by the co-captains, Jeff Rhuland and Mark Mrozek.

The soft, and resting light,  
Then add a gentle snow to these  
And you have the "Twelfth Night."

The horses seem in flight,  
And dream of these, I'm sure you  
will,

Through the endeavors of both the Pep and Social Committees we had an original and exciting basketball homecoming. The week included color day, clash day, day of mourning, and school color day.

The pep assembly cheered the teams to win all five games Friday night. Saturday night was the traditional Homecoming dance. With the Hitch Hikers as entertainment, the dance will always be remembered by the couples who attended it.

## GRADUATION

Sadness and excitement are both present, for graduation marks an end as well as a beginning, a break with the past, a union with the future.

The seniors have been working on plans to make the end of their years at University High a memorable one. They have divided the planning between four committees that worked on Skip Day, announcements, the Senior Banquet, and the graduation ceremony. The theme chosen by the class was "This I promise, and much more."

Measuring for robes—graduation is near.

Committee meetings brought ideas together. Result: A great graduation!

The urge to play as best they can  
Together a team, each one a man.  
It matters not the final score  
It was not numbers they played for  
And when at last they ceased to  
roam  
They all came back to this, their  
home.

## FOOTBALL

The Varsity and Reserve football teams had a hard-fought, well played season. Their spirits were there and they would not give up even though the scores were not always in their favor. They showed that U-High was made up of two good teams of good sports. After all, it's "not that you won or lost—but how you played the game." And our teams played it well.

Steve is helped by Mike "Louie" Low and "Big Al" Mulder under the boards. Mike led the team in rebounds. Jeff Rhuland, Gregg Chance, and Jon Jennings were all guards and completed our list of seniors. Senior Pete VanderBeek, co-captain, was ineligible because of a leg injury. The Juniors of the squad were a happy surprise for Coach Barney Chance. Mike Griffith has started most games while Bunkie VanderSalm, Tim VanderMulen, and Doug Callander have seen a lot of action.

## TRACK

Chuck Brown, this year's track captain, was the leader of a fine, well balanced team. Coach Lyle McAuley and assistant, Neil Nutter, feel this was one of the best teams they have had. Shotputters Bob Coleman and Mark Mrozek were worth first and second in most meets. High jumper, Jerry Terbeck, boosted our team to many victories.

Our runners were led by Jim Giahino, Dave Stevens, Gary Griffeth, and Bob Warnke.

John Hinz, Dean Panze, Paul Scott, and Mark Calhoun were all experienced underclassmen. They were potential point winners. Sprinters, Terry Scott, Tim Null, and Dennis Johnson, were also a real asset.

The year turned out to be a success for everyone involved.

## BASEBALL

This year's baseball team, coached by Richard Nuzum, was young, but very good. They were led by several hustling seniors who provided key leadership throughout the year. Among these are catcher Pat Raher, captain of the team, and pitcher John Noble. Jerry TerBeck and Terry Scott fought hard and both did a good job at third base. Jim Duncun did quite well as shortstop. The underclassmen, Tom Roon, Mike Graves, Mark Calhoun, Mike Griffith, Dave Pruis, and Tim VanderMeulen, added much speed and skill to make the team the best possible.

Jerry TerBeck

1965 Tennis Team: Bernie Stulberg, Tom Ohlsson, Doug Hanze, Jon Jennings, Steve Campbell, Greg Chance, Al Karr.

## TENNIS

As usual, UHigh had an outstanding Tennis team. The Cubs have never lost a Wolverine Conference Championship, or a Wolverine Conference match.

They have also won five class B State Championships and are Class A Champions. The team's strength was in captain Jon Jennings, Steve Campbell, Al Karr, Tim Miller, and Doug Hanze. Thomas Ohlsson, our foreign exchange student, also added to the team. The Cubs played fifteen matches this year. Battle Creek, Pennfield, East Grand Rapids, and Holland have been added to the list of opponents. Les Dodson, Kalamazoo College tennis star, coached the team this year.

Jon Jennings, Captain.

Al Karr, Tom Ohlsson, Steve Campbell.

1965 Golf Team. Jeff Rhuland, Bunkie VanderSalm, Floyd Scott, Jeff Blankenburg, Dave Palmatier

## GOLF

The 1965 Golf team, coached by Roy Walters and Art Christensen, tied for the class B State Championship last year.

This year's team was led by junior Jeff Blankenburg. Jeff won the Public Links and local J.C. tournaments last year.

Senior Floyd Scott, a newcomer to the University High Golf team, is also an excellent golfer. Dependable Jeff Rhuland is a real asset.

Underclassmen Bunkie VanderSalm, Dave Palmatier, and Tom Swartz balanced out this fine team.

Jeff Blankenburg—captain

Mark Mrozek, president; John Noble, vice-president.

## U-CLUB

The U-Club is an organization made up of all Varsity lettermen. This year's officers are Mark Mrozek, president; John Noble, vice-president; and Jim Giachino, secretary-treasurer. Each year the U-Club has a money making project. They also have a hay ride and a booth at the carnival.

## INTRAMURAL

The intramural program was its usual great success this year. There were five student teams: Mrozek's Monsters, Roon's Rustlers, Correll's Cuties, Gilman's Greasers, and Blankenburg's Brutes. There was also one faculty team: the Faculty Has-Beens. The faculty team proved to be the best. They finished 10-0 and were invited to play against the students again next year.

The steps of learning are traveled  
by all  
Some will stumble, some may fall,  
But all keep on the eternal climb  
That will only end with the end of  
time.  
Underclassmen soon will reach  
the top  
But they'll go on, they will not  
stop.

# FRESHMEN

As potential leaders, eager to learn and willing to understand the rules of our school, these students started their high school life with competent officers and a school spirited body. On the start of their climb, these students have shown that they will successfully reach the top.

## SOPHOMORES

A little older, and a little wiser, the sophomores continued their climb toward knowledge. With their experience from the previous year, they learned, gaining more experience to help them in their coming years. The rules governing this class became a part of them, as they went to classes, watched athletics, and participated in committee work.

## JUNIORS

Bill Prange—Treasurer

With only their short time left at U-High, these students strived to make everything they did a success. They organized the Prom, read a million pages for English, and suffered through the long years of United States History. These people are taking their last step. Next year they will be at the top, looking at, and helping the underclassmen on their long climb. The steps have been many, and close together, but when the top is reached, the result is well worth the effort.

## JUNIOR-SENIOR PROM

"Through The Garden Gate" was chosen as the name of the Junior-Senior Prom this year. It was held in late May at Holiday Inn. The general chairman, Mary Lou Sutherland, organized specific committees to work out each division in planning the Prom. The John Stites Band, a group of college students, furnished the music for the evening.

Mr. Kotecki, Mr. Hughes, and Miss Sorrells, the advisors, helped the prom committee solve the problems that came up.

The Senior's year is over now  
This class that showed the others  
how.

Long years of work and years of  
fun

But their learning is still not done  
They have a life to lead, one each  
Through this window are goals to  
reach.

Mark Mrozek—President

## SENIORS

The seniors have reached the top of this flight of stairs. They have traveled the steps of English and government. There are many memories left in these halls and books. Yet, there are so many more halls to walk, and books to open.

The seniors have had their golden year. The oldest and most experienced, they have helped the stumbling underclassmen over their past hurdles, while they themselves continued on the climb for knowledge.

Bill Barr—Treasurer

Mary Wise—Secretary
