Michigan State University Leasehold Termination (ROLL CALL)

Background

In June of 1978, the State Department of Mental Health transferred approximately 55 acres of property bordering US131, commonly known as the Orchard Property, to WMU. This property carried with it a perpetual lease with Michigan State University, executed in 1974, for the purposes of entomological research.

As the WMU's BTR Park has continued its success, there remain only a few lots and the Administration has begun planning for possible next phases of development of the Park. Conversations have ensued between MSU and WMU over the last several years regarding the possibility of their abandoning the Orchard Property to allow for WMU to develop the property. In order to accommodate WMU's desires to acquire full rights to the property, MSU must relocate its research efforts to other locations.

MSU has prepared some preliminary estimates that suggest that the transition could take up to three years to complete, and could cost up to \$985,000. WMU and MSU have agreed in principal that WMU will reimburse MSU up to \$985,000 for costs incurred in the relocation. Further, MSU agrees to use its best efforts to minimize the cost and to effect the move in less time, if possible.

Recommended Motion

The Board of Trustees hereby authorizes the treasurer or assistant treasurer to execute the documents necessary to effect a leasehold termination with Michigan State University for the Orchard Property as described above.

PROPOSAL

Unit name change for the Center for Academic Support Programs

Background

The Center for Academic Support Programs (CASP) is the unit within Academic Affairs that includes the Writing Center, Academic Skills Center, University Curriculum, TRiO/SSP grant program, Intellectual Skills Development Program and, as of recently, the Transfer and Military Advocacy Office. Students have often given feedback in the form of statements such as, “I don’t need support” or “what is an academic support program.” The CASP team has used this feedback to consider options for a name that would instill a more positive message to students who may be hesitant to seek academic help, and that would help students better identify the services we provide. The name switch includes three fundamental notions of WMU:

- Academics are at the center of everything we do;
- Students are at the forefront of the services we provide; and
- Success for the WMU community is our ultimate goal.

In addition, this name change is well-timed given our initiation of several new programs that partner with faculty, reaching needy students before they enter WMU, and strengthening relationships with offices from across campus. These new efforts are directly focused on students’ academic success.

Recommended Motion

Proposal: Change the name of Center for Academic Support Programs to Center for Academic Student Success.

WESTERN MICHIGAN UNIVERSITY
BOARD OF TRUSTEES
FORMAL SESSION
JULY 2, 2009

The Board of Trustees formal session was called to order Chair Miller on Thursday, July 2, 2009 at 11:30 a.m. in Rooms 157-159, Bernhard Center.

Board Members present:: Chair Miller, Vice Chair Tolbert, Trustee Archer, Trustee Asmonga-Knapp, Trustee Carlson, Trustee Hettinger, Trustee Johnston, Trustee Martin and President Dunn (ex officio).

Remarks by the Chair. Chair Miller noted that during the meeting, the Board will be dealing with the difficult issues of budget and tuition but that attention should also be given to the long view and what the University gives back to its students and the communities served every day. He spoke of June commencement with 29 doctoral degrees awarded among the 1,500 students honored at the two ceremonies. This is the second year in a row that more than 100 doctoral degrees were awarded.

He reported that Make a Difference Awards were recently presented to seven outstanding staff members in recognition of going far beyond their assigned responsibilities with their time and talents. Chair Miller stated that two University initiatives, the Seita Scholars program and the engineering partnership with Kellogg Community College and WMU, have been named among statewide finalists in program sponsored by Michigan Business Review. He also reported that the Vine Street neighborhood adjacent to the WMU campus has been named one of the nation's up and coming "Best Places for Families" by the publication "This Old House." Chair Miller spoke of the diverse camps hosted for high school students in the areas of aviation, engineering, health and human services and fine arts.

Remarks by the President. President Dunn said he wanted to add a few additional items to those mentioned by Chair Miller in the way WMU makes an impact on both our students and our communities.

He spoke of a month of two-day orientation sessions for new students, bringing 8,000 visitors to our campus, noting thanks to the faculty and staff members attending the parent mixers. President Dunn reported that next year at this time we expect to have at least 40 Nigerian students studying at our College of Aviation, with an additional 40 new students each year, another validation of the international reputation of our aviation

program.

President Dunn noted many faculty, student and staff achievements.

Remarks by the WSA President and the GSAC Chair. Nate Knappen, Western Student Association, and Brandi Pritchett, Graduate Student Advisory Committee, spoke on the activities and plans for their organizations.

With only a few lots remaining in the BTR Park, the administration has begun planning for possible next phases of the Park and discussion has been ongoing between MSU/WMU re the possibility of MSU abandoning the Orchard Property to allow MSU to develop the property. To do this, MSU must relocate its research to other locations. MSU estimates that this transition would take up to three years to complete and could cost up to \$985,000. WMU and MSU have agreed in principle that the University will reimburse MSU up to \$985,000 for costs incurred and further MSU agrees to use its best efforts to minimize the cost and to effect the move in less time, if possible.
