Trustees to convene Dec. 10
The University’s Board of Trustees will meet at 9 a.m. Friday, Dec. 10, in 157-159 Bernhard Center.

The board is expected to go into closed informal session at the start of its meeting. The formal public session will begin at approximately 10 a.m.

Agenda items include a formal evaluation of President Judith I. Bailey, consideration of a number of personnel items, a proposal to approve a new master’s degree program and updates on both the new chemistry building and the First Year Experience being implemented for beginning students.

Three commencement times set
The University will confer more than 2,400 degrees during commencement ceremonies Saturday, Dec. 11.

President Judith J. Bailey will preside over three ceremonies in Miller Auditorium, during which 1,782 bachelor’s degrees, 611 master’s degrees, three specialist degrees and 54 doctoral degrees will be awarded.

The 9 a.m. ceremony is for graduates of the colleges of Arts and Sciences, Fine Arts, and Health and Human Services. The 11:30 a.m. ceremony is for graduates of the College of Education and Extended University Programs. The final ceremony at 2 p.m. is for graduates of the College of Aviation, College of Engineering and Applied Sciences, and Haworth College of Business.

Chinese consul to discuss higher education in his nation
Tongzeng Bao, consul and director of the education section for the Consulate General of the People’s Republic of China in Chicago, will visit the campus Thursday, Dec. 2, to give a “General Review of Higher Education in China.”

The talk is set for 4 p.m. in 2708 Wood.

The event, sponsored by the Department of Geography and the Office of International Affairs, is free and open to the public.

Bao will be joined by two additional members of his nation’s Chicago consulate, Hongqiu Zhu and Zhiqiang Zhang. The trio will meet with a number of faculty members and University administrators during their visit.

Next issue of Western News will be published Jan. 6
This issue of Western News is the last issue for the fall semester.

Western News will resume publication Jan. 6, at the beginning of the spring semester. Additional spring publication dates are Jan. 20, Feb. 3, Feb. 17, March 10, March 24 and April 7.

For the latest news every day, visit the WMU News Web site at <www.wmich.edu/wmu/news>.

Faculty standouts honored with new appointments to named professorships

Two WMU professors with international renown in their respective fields have been honored with named professorships, President Judith J. Bailey announced Nov. 10.

Christian R. Hirsch, a national leader in the field of mathematics education, was named the James H. Powell Professor of Mathematics. and Nickola W. Nelson, recognized by colleagues around the country for her research, teaching and clinical work, was named the Charles Van Riper Professor of Speech Pathology and Audiology.

Bailey announced both appointments during her State of the University address. The designations are part of a program launched in February that is designed to honor faculty members for outstanding performance in teaching, research or creative activity. Each person honored through the initiative is named to a professorship that bears the name of a significant member of the University community.

“Both are outstanding teachers with extensive publication records and significant research accomplishments,” Bailey said of Hirsch and Nelson in announcing the professorships. “They extend the reputation of this University in the national arena.”

Named professors receive an annual stipend.

Two engineering programs are among best in the nation
The University’s graduate and undergraduate programs in engineering management have been singled out as being among the nation’s best by the American Society for Engineering Management.

WMU’s graduate program in engineering management is ranked as one of the top three in the nation, while its undergraduate program in engineering management technology enjoys a top-five designation.

Announcements of the placings were made at ASEM’s annual meeting in Washington, D.C., in late October.

“David Lyth and Larry Mallak lead our engineering management programs, and we are intensely proud of our engineering management students and alumni,” says Paul Engelsmann, chairperson of industrial and manufacturing engineering, where both programs are housed. “The alumni from these programs have consistently held key positions throughout a variety of industries. Their contributions are important to the health and well-being of Michigan and our nation.”

We wish each of you a holiday season filled with happiness and harmony and a new year graced with both the joy of great accomplishment and the warmth that comes from special relationships.

— Judi and Bren Bailey
Campus welcomes new faculty members

Caroline Gore, art, comes to WMU from the Interlochen Arts Academy, where she taught metalsmiling and photography courses since 2001. Previously, she taught at East Carolina University for three years. Her work has been included in exhibitions in St. Louis, St. Petersburg, Fla., Olympia, Wash., and at the World Competition for Arts and Crafts in Kanazawa, Japan. Gore earned a bachelor’s degree in fine arts from Virginia Commonwealth University in 1998 and a master of fine arts degree from East Carolina in 2001.

Jennifer A. Machiorlatti, communications, came to WMU from the University of Windsor, where she taught since 1999. Previously, she taught at the University of Michigan-Flint, and she was an adjunct faculty member at Wayne State and Michigan State universities. A media production specialist, Machiorlatti has worked extensively as a corporate communications trainer and as a video consultant. She is a board member for the University Film and Video Association. Machiorlatti earned bachelor’s and master’s degrees from Michigan State in 1984 and 1989, respectively, and a doctoral degree in media and cinema from Wayne State in 1996.

First set of Make A Difference awards go to 10 staff members

Ten University staff members have been selected to receive fall 2004 WMU Make a Difference awards, and they will be formally recognized at a reception set for 2 p.m. Friday, Dec. 2.

The University community is invited to attend the awards reception in the Bernhard Center’s Faculty Lounge. During the event, the award recipients will each receive $250 and a commemorative certificate. The fall recipients are: Amy Burns, College of Education; George Esko, Career and Student Employment Services; Marilyn Johnson, Haworth College of Business; Donna Meuring, Center for Academic Support Programs; Natalia Olbreiter, military science; Robert Park, landscape services; Kathleen Springsteen, College of Education; Chad Stec, student affairs information services; Sandra Stephens, College of Education; and Judy Tice, Haworth College of Business.

The winners were selected by a committee of peers from the participating employee groups of AFSCME, APA, MSEA, POA, and PSSO.

The WMU Make A Difference awards program was announced this fall by President Bailey. The program is a campuswide peer-to-peer program that recognizes University staff members for their outstanding accomplishments and daily investment of energy and creativity. Up to 15 staff members may be selected in each of two semiannual award periods. Semianual winners are eligible for one of four annual awards, with a $1000 prize.

Szarmach praised by Polish president for building bridges

Paul Szarmach, Medieval Institute director, has been commended by the president of Poland for his efforts to build bridges between American and Polish Medievalists.

A letter from the president’s office cites Szarmach’s “outstanding service in developing a collaboration with the Polish scientific institutions” and confers upon him an Officer Cross of the Medal for Services for Poland. Also honored in the letter is fellow American Frank Juraj, a professor at American University in Washington, D.C.

Szarmach was to accept the award while in Poland for the Third Medieval English Studies Symposium Nov. 27-28 in Poznan. Szarmach also was to visit and lecture Nov. 30-Dec. 3 in Lublin.

Ponchilla one of five in state lauded for work with children

Paul E. Ponchilla, chairperson of blindness and low vision studies, has been named one of five recipients of the Caring for Children Angel Award by Blue Cross-Blue Shield of Michigan.

Ponchilla was presented the award on Nov. 12 at the insurer’s office in Detroit. He received the honor after being nominated for his intensive work with children who are blind or visually impaired.

Among his many activities, Ponchilla has organized sports camps for young people who are blind and visually impaired. His sports camps have become a national model.

An accomplished carver, Ponchilla also has organized summer art camps for children with visual impairments.

Woloszyk honored by national group for lifetime achievement

Carl A. Woloszyk, emeritus in family and consumer sciences, was honored with a Professional Education Award from the Marketing Education Association recently, when the group met for its annual conference in Virginia Beach, Va.

The award recognizes Woloszyk’s lifetime achievement in the field of marketing education.

In addition, the state chapter of the association has established a scholarship in Woloszyk’s name for high school seniors who intend to pursue a career in the teaching of marketing education.

Woloszyk retired in April after more than 17 years at WMU and currently is director of Detroit’s doctoral advisor for students enrolled in career and technical education programs.
United Way 2004 campus campaign surpasses its goal

A Nov. 28 coffee on campus signaled the successful conclusion to WMU’s 2004 United Way campaign, which raised more than $218,000 for Kalamazoo County and neighboring communities.

The campus campaign surpassed its $210,000 goal by more than $8,000, and gifts and pledges are still coming in, according to Linda Jones, Office of the President, who served as WMU campaign chairperson.

“Gifts that are received through the end of this calendar year will count toward the University’s 2004 campaign total,” she says.

During the Nov. 28 event, WMU President Judith I. Bailey praised the campus community for its support of much-needed human services in the community.

“It is heartwarming to see the high level of support and caring that exists at Western,” Bailey said. “I am pleased to see so many faculty and staff, emeriti faculty and retirees, and students participating in our campaign.”

The efforts of AFSCME Local 1668 members who gave to the campaign and participated in United Way Day of Caring projects won particular praise from Bailey and Donald Weaver, chairperson for the AFSCME United Way leadership team.

Two student organizations that held United Way fund-raisers also were lauded. The Student Employee Board raised funds in support of the Boys and Girls Clubs of Kalamazoo, and business fraternity Alpha Kappa Psi held a United Way fund-raiser at an exhibition basketball game.

PSSO holiday event will have a Hawaiian theme

The Professional Support Staff Organization—PSSO—will turn to a tropical holiday motif for a “Hawaiian Social” Wednesday, Dec. 15.

All faculty and staff members are invited to come and share the joys of the holiday season. The event is set for 11:30 a.m. to 1:30 p.m. in the Fetzer Center. Additional details and a formal invitation are available on the PSSO Web site at <www.wmich.edu/psso>. Those with questions should contact Carrie Soule at 7-3625.

FOR RENT—Large, very nice two-bedroom apartment in downtown Kalamazoo. Garage with power door, laundry, storage, soft water. $690 per month. Call (269) 345-1454.

FOR SALE—Quad-level home on Kalamazoo’s west side. Four bedrooms, one and one-half baths. Family room has a walkout with a large backyard. Two-car attached garage. $134,900. Call (269) 149-9526.

FOR RENT—Townhouse in Portage. Three bedrooms, two baths, fireplace, basement and fenced yard. $825 per month. Call (269) 217-1374 or (269) 873-1324.

FOR RENT—House in historic Vine district. Call (269) 217-1374 or (269) 873-1324.

FOR SALE—2002 Saturn SLI, 32,000 miles, four cylinder, excellent condition. $6,500. Call 7-8501.

FOR RENT—1701, 15,000 square foot building in downtown Kalamazoo. Four stories of office space, plus 15,000 square feet of retail space. 10 offices, two conference rooms, elevator, central air and heating. $15,000 per month. Call 7-4501.

FOR SALE—Four bedroom, two and one-half bath, 2200 sq. ft. 1985 manufactured home with large backyard. Two-car attached garage. $82,500. Call 7-4501.

FOR RENT—13, College of Arts and Sciences.

FOR RENT—$6,500. Call 7-4501.

FOR RENT—Four bedroom, two and one-half bath, 2200 sq. ft. 1985 manufactured home with large backyard. Two-car attached garage. $82,500. Call 7-4501.

FOR RENT—One bedroom apartment in downtown Kalamazoo. $325 per month. Call (269) 349-9526.

Check Web for closing info

With winter weather in play, faculty and staff members are reminded that campus closings are rare, and when they do occur, are immediately publicized online in WMU News, <www.wmich.edu/wmu/news>; on the campus emergency line, 7-1001; and in the local media.

Service

The following employees are celebrating 35, 30, 25, 20, 15, 10 and five years of service to the University during December.

35 years—Umar E. Abdul-Mutakallim, physical plant-building custodial and support services; and Jerry F. Fuss, Accounts Payable.

30 years—Robert J. Dlouhy, Career English Language Center for International Students; Kathleen A. Goyer, management; and Carole A. Van Dyken, physical plant-building custodial and support services.

25 years—Janice S. Clevergton, physical plant-landscape services; Statcie J. Dineen, physical plant-maintenance services; Tracie L. Shearn, bookkeeping; and Danny L. Stuss, physical plant-maintenance services.

20 years—Sharon M. Van Dyken, Haworth College of Business.

15 years—Ray T. Cook, health, physical education and recreation; James C. Cotton, information technology; Petronia R. Douglass, University Libraries; Nancy Emers, English; Timothy A. Under, telecommunications; Susan R. Steppleton, chemistry; Sharaecca R. Sutton, physical plant-building custodial and support services.

10 years—Jerry G. Horn, Evaluation Center; Pamela Mottrill, Office of the Vice President for Research; and Fatti J. VanWalleck, Accounting Services.

Five years—Bradley J. Bueim, electrical and computer engineering; Amber L. Lawrence, Center for Disability Services; Timothy B. Palmer, management; Kenneth A. Randt, physical plant-building custodial and support services; Michael F. Smith, Public Safety; Ineke F. Way, School of Social Work; Jennifer Wiebold, blindness and low vision studies; and Li Yang, computer science.

Jobs

While a campuswide job freeze remains in effect, the following vacancies have been approved for posting as positions that are essential for the continued operation of the unit represented. All position authorizations must have the approval of a WMU vice president to be posted during the hiring freeze.

Vacancies are posted through the Job Opportunity Program by human resources. Interested benefits-eligible employees should submit job opportunity transfer application during the posting period, and may contact a human resource services staff member for assistance.

Employees may call the Applicant Information Service at 7-3669 to hear the weekly job postings.

(P) Parking Enforcement Officer, 10, Public Safety, 04/05-4584, 11/29-12/6/04

(R) Director, Printing Pilot Plant, 19, Paper and Printing Pilot Plants, 04/05-4596, 11/29-12/4/05

(R) Office Associate, 13, College of Engineering and Applied Sciences, 04/05-4606, 11/29-12/6/04

(R) Assistant Professor (term appointment, academic year, ending 8/01/2005), 130, Occupational Therapy, 04/05-4607, 11/29-12/6/04

(R) Parking Clerk, 10, Public Safety, 04/05-4608, 11/29-12/6/04

R+ Replacement WMU is an Equal Opportunity/Affirmative Action Employer.

The last internal job posting period for December 2004 is Monday, Dec. 13, through Monday, Dec. 20. To be included in the year’s last posting, position authorizations must be received in human resource services by 5 p.m. Wednesday, Dec. 8.

The first internal job posting period for January 2005 is Monday, Jan. 3, through Monday, Jan. 10. To be included in that posting, position authorizations must be received in human resource services by 5 p.m. Tuesday, Dec. 21.
On Campus with Patrick Daniel

A love of sports and a desire to help young people led Patrick Daniel to WMU, and now he’s leading the University’s efforts to facilitate the growth and development of its 28,000 students.

Daniel came to WMU and the Division of Student Affairs in 1999. He was named director of Student Activities and Leadership Programs this past February, after serving University Recreation first as assistant director of intramural sports then as associate director of facilities and recreation programs.

The Kalamazoo native lived in Three Rivers until the sixth grade, then moved to the East Coast, where he attended Towson State University. He says it was a mentor at Towson who showed him how he could mix his love of sports with a career in higher education.

“Every day in University Recreation was a new day, with issues that needed to be taken care of for a patron or facility,” Daniel says. “While every day is still a new day, now I have much closer interaction with students. It’s very rewarding to work with students, be a part of their development and help them in whatever we can as an office and staff.”

Daniel says the active role he and his office play in the success of students and student organizations keeps him busy well beyond 40 hours a week. He’s says that’s a fair trade off though, because “I love doing whatever I can to help students.”

When not on the job, Daniel enjoys spending time with his family and girlfriend as well as participating in basketball and playing golf and sports video games.

Retirement events set for two veteran staffers

Retirement receptions for two longtime staff members have been scheduled to take place before the holiday break.

James Schaper, who is retiring from his position as director of auxiliary enterprises Jan. 3, will be honored at an event from 4 to 6 p.m. Wednesday, Dec. 15, at the Oaklands. Schaper has been a staff member for more than 34 years and oversees such campus operations as the Bernhard Center, Miller Auditorium, the Fetter Center and the Oaklands.

One day later, Thursday, Dec. 16, Joan Ashley, manager of the WMU Apartments and the Children’s Learning Place Center, will be lauded in an event set for 3 to 5 p.m. at the Oaklands. She will also retire Jan. 3, after more than 23 years of service to the University.

Professors honored Continued from page 1

Awards have been given to two professors at WMU, labeled the “Professor of the Year” and “Outstanding Professor”.

The professorship Hirsch was appointed to in 1973, is the director of the Core-Plus Mathematics Project, a research and development project launched in 1992 with funding from the National Science Foundation that has now exceeded $10 million. The CPMP curriculum, which is focused on improving students’ mathematics preparation, is currently in use in urban, rural and suburban school districts nationwide.

The professorship Hirsch was appointed to bears the name of the late James Powell, a 33-year member of the university who served as dean of the College of Arts and Sciences from 1966 to 1969 and as chairperson of the Department of Mathematics and Statistics from 1960 to 1967 and from 1977 to 1984.

The professorship Nelson was appointed to bears the name of Charles G. Van Riper, who came to WMU in 1936 to develop a curriculum in speech correction and to establish a reputable, scientifically-based speech clinic. During his WMU career, Van Riper built and ran not only the speech clinic, but also the internationally recognized Department of Speech Pathology and Audiology. One of his textbooks remains a primary teaching tool in today’s classrooms.

Each year since 1991, ASEM has named programs at both the graduate and undergraduate levels as tops in the nation. The top program at each level wins the Founders Award for Academic Excellence for Leadership in Engineering and Technical Management, and ASEM lists the other top contenders for the prize.

This year, graduate level honors went to the University of Alabama-Huntsville, with WMU and Old Dominion University as the top contenders. At the undergraduate level, the University of the Pacific took top honors, while WMU, the U.S. Military Academy, the University of Missouri-Rolla and Stevens Institute of Technology were top contenders.

“Students are just as excited about this,” says Mallak, industrial and manufacturing engineering and one of the program’s faculty advisors. “They know we have a top-notch program here and they’re glad that it’s being publicly recognized.”

The top-program selections are based on academic reputation and a body of material submitted on behalf of each program. ASEM examines faculty statistics, enrollment figures, student involvement in the programs and alumni letters of support.

Engineering management is a discipline that integrates technical engineering and project systems management skills to prepare students to lead people and teams. In addition to traditional engineering course work, students focus on business, economics, systems management and supervision. Approximately 100 students are enrolled in the programs.

“Mixing engineering and management has helped our alumni focus on managing systems and projects with a technological perspective,” says Lyth, industrial and manufacturing engineering, who also advises the program. “It’s a program that has served our alumni and their employers well.”
