Greeting from Pres. Dunn
Taping 12/2/2009

2010 marks the 40th anniversary of the College of Arts and Sciences as the College of Arts and Sciences. Previously it was known by many names, but in 1970 the name College of Arts and Sciences was selected better represent the diversity and breadth of activities in the College.

On this significant anniversary, I give the College my warmest thanks for continuing to provide our students, past and present, with the very best level of education in Arts and Sciences, and for upholding the University-wide goal of better education for all.

Congratulations to all the faculty, staff and students for 40 excellent years, we're looking forward to 40 more.
