RESOLUTION OF THE BOARD OF TRUSTEES  
WESTERN MICHIGAN UNIVERSITY

WHEREAS the Western Michigan University Human Rights Policy states:

It is a fundamental policy of Western Michigan University not to discriminate on the basis of sex, color, race, age, religion, national origin, or handicap in its educational programs, admissions, employment, promotions, salaries and social activities. Through its example and teaching, Western strives to foster in its students, faculty and staff respect for basic human rights. In its external relationships, the University is supportive of those activities that seek constructive change in the development of human rights in this country and abroad.

WHEREAS the President of Western Michigan University has stated that "Without any question, apartheid in South Africa is a pernicious evil. It represents an institutionalized racism which is the very antithesis of human rights"; and

WHEREAS hundreds of persons concerned to seek an end to the racial violence in that country have through petition and personal appearance urged the Board of Trustees to enact a policy which would end the investment of university monies in banks and corporations which do business with South Africa; and

WHEREAS community and campus organizations including the WMU Faculty Senate, Associated Student Government, NAACP, Edison Neighborhood Organization, Northside Ministers Alliance, the Institute For Global Education, AFSCME Local, and The Oakwood Neighborhood Organization, have expressed their grave concerns regarding the abuse of human rights and the resultant, massive human suffering, and have similarly sought to impose sanctions on the use of university monies which may now be used to support this violence; and

WHEREAS the oppressed people of South Africa have sought to bring about a non-violent end to that country's racism and a meaningful enactment of political, economic, and social justice; and

WHEREAS the 21st of March 1960 is remembered by the people of South Africa as a day when their nonviolent protests at Sharpeville were met with violence, deaths, and further repressions through constitutionally racist laws and structures; and

WHEREAS the present South African government's "racial reforms are virtually non-existent", (Business Week, Oct. 20, 1980); therefore be it

RESOLVED that this Board of Trustees present this resolution to the appropriate branches of the South African government urging them to dismantle the apartheid system and grant to all the people of South Africa their full political, social, and economic rights as citizens of the Republic of South Africa, and be it further

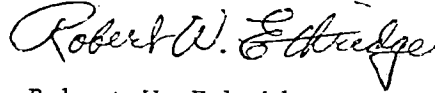

RESOLVED that the Board of Trustees and the President of Western Michigan University inform the Michigan Congressional delegation and the President of the United States of this resolution for the purpose of enhancing a national public

policy toward the government of South Africa formulated by the Congress and the Department of State which will coordinate and make effective American objection and resistance to South African racial discrimination and abuse of human rights.

Adjournment. On a motion by Trustee Kemp, supported by Trustee Ludlow, the meeting was adjourned at 1:16 p.m.

Respectfully submitted,

Robert W. Ethridge  
Secretary
