

WESTERN MICHIGAN UNIVERSITY WESTERN NEWS

Volume 21, Number 27

April 6, 1995

Last News is April 13

The April 13 Western News will be the last issue for the winter semester. The first issue of the spring session will be published Thursday, May 4. The deadline for each issue is at noon on the Tuesday preceding the publication date.

Foliage for sale

The WMU Plant Science Greenhouse and Botanical Conservatory will conduct its spring plant sale from 9 a.m. to 4 p.m. Thursday and Friday, April 6-7. The greenhouse, a part of the Department of Biological Sciences, is located on the south side of Wood Hall.

A variety of tropical and semi-tropical plants will be available for purchase. All proceeds will go toward the maintenance of the greenhouse and educational programs of the conservatory.

Baxter earns certificate

Terry L. Baxter, Sindecuse Health Center, has received a certificate of added qualifications in adolescent medicine from the American Board of Internal Medicine.

"This is the specialty most relevant to our work here at the health center," Baxter said. "This is the first year that certification in this specialty has been available."

Only physicians completing an adolescent medicine fellowship program or those already certified in internal medicine or pediatrics with at least five years of practice in adolescent medicine are allowed to take the certification examination.

Baxter came to WMU as a staff physician in 1987 and later became chief of staff. She has been director of the center since 1991.

Teaching jobs available

Those seeking employment in the field of education should plan to attend WMU's seventh annual Teacher Placement Day Monday, April 17.

The event will run from 9 a.m. to 4 p.m. in the East Ballroom of the Bernhard Center. Representatives from school districts throughout the United States will be seeking teachers, administrators, psychologists, counselors, social workers and coaches as well as occupational, physical and speech therapists.

Teacher Placement Day is sponsored by career services and is open to the public free of charge. No pre-registration is required.

Resume critiquing will be available throughout the day for WMU students and alumni. Candidates should come in appropriate interview attire with plenty of resumes for distribution to employers.

WMU earns grant for prestigious NEH summer seminar

WMU has received \$78,901 in funding from the National Endowment for the Humanities to hold one of its prestigious summer seminars on the campus this year.

A dozen college teachers from across the nation will gather at WMU June 19-July 28 for a seminar designed to show them how recent scholarly trends and computing technology can be applied to the study of old English literature. The WMU seminar is one of only 50 such sessions for college teachers funded by the NEH for this summer.

"New and Old Approaches to Beowulf and Old English Literature" is the title of the seminar that was funded by a grant to Paul E. Szarmach, English and Medieval Institute. Szarmach, an authority on Anglo-Saxon literature and one of the directors of the international "Electronic Beowulf" project, will conduct the seminar.

The session is intended for instructors at two- and four-year colleges — institutions without the research support structures available in a university setting — as

well as independent scholars. A three-person campus selection committee evaluated the applications of scholars interested in the program and selected the final 12, who will receive stipends to attend the seminar. The participants selected are from Arizona, Washington and North Carolina as well as from locations around the Midwest.

"This is an attempt to extend the research experience to college teachers who may be working in isolation and give them the opportunity to live and work in a community of learning with others engaged in the same kinds of research," Szarmach says.

WMU's Medieval Institute is internationally known as a site for research on all aspects of life in the Middle Ages. Each May, more than 2,500 medieval specialists from around the globe converge on the WMU campus for the International Congress on Medieval Studies. This year's event will mark the 30th time the congress has convened at WMU.

\$100,000 gift establishes endowment supporting new Ethiopian Development Studies Program

A \$100,000 gift to the University will be used to support programs and scholarship opportunities that will focus on the development of the African nation of Ethiopia.

The gift from the People to People Foundation for Development of Ethiopia, a Michigan non-profit corporation, will be used to establish a permanent endowment that will support a new Ethiopian Development Studies Program. Money for the gift was donated to the foundation by Mohammed Al-Amoudi, a Saudi/Ethiopian businessman and philanthropist who also is the founding donor of the People to People Foundation.

The Ethiopian Development Studies Program will be coordinated by Sisay Asefa, economics, working in conjunction with the Office of International Affairs and other academic departments on campus. One of the new program's primary objectives will be to provide scholarships for WMU graduate students from Ethiopia who are majoring in disciplines relevant to understanding and solving the problems related to development and the environment in Ethiopia and its surrounding region.

According to Asefa, potential scholarship winners would likely study in such fields as economics, environmental studies and development administration. Awards would be made for a maximum of two years with the understanding that the student would return to Ethiopia to apply the skills and knowledge acquired while attending WMU. The first partial scholarship or assistantship, Asefa says, could be awarded for the 1995 fall semester to an Ethiopian graduate student.

Future efforts of the program may include such activities as faculty exchanges, seminars and research projects that will focus on examining the economic development problems of Ethiopia from a variety of perspectives.

The program will be administered by an advisory committee comprised of the executive director of the Office of International Affairs, a representative from the Department of Economics, a representative of the African Studies Committee and/or a representative of the People to People Foundation.

The foundation was established three years ago under Asefa's leadership to foster economic development in Ethiopia. Other efforts supported by the foundation

Through a series of seminar sessions and individual conferences, participants in the NEH seminar will focus on how scholarly trends during the past 25 years impact the understanding of such works as "Beowulf." Specific areas examined will include literacy, women's studies and language use — all in the context of old English literature. Participants will choose individual projects to pursue during the seminar. Those projects may include working on articles or books or applying new research to their college teaching.

Seminar participants also will have an opportunity to work with resources and equipment that has just begun to change the way scholars go about examining such ancient manuscripts as "Beowulf" — the

Did you know?

■ WMUK-FM, the University's public radio station, has won 15 state awards for broadcast excellence from the Associated Press since 1993. For the last two years, the station also has earned six national awards for excellence from the Public Radio News Directors Inc., including "best newscast in the nation" for both 1993 and 1994.

■ WMU was the first university in the state to offer accredited graduate programs in fields such as occupational therapy and speech pathology.

■ WMU is the university with the largest supercomputer of its kind in Michigan, which is often used along with faculty expertise by corporations in their own research efforts.

'Senior' Prom

Bob Rumery was one of hundreds of area senior citizens who turned out for the seventh annual Senior Prom March 29 in the Bernhard Center. He gave his partner, Kimberly J. Dana, a WMU senior from Freeland, a few tips on the fox trot during the event, which is intended to get senior citizens and students together for an evening of fun and reminiscing. Those attending danced to the sounds of the swing era performed by the Phoenix Big Band of Kalamazoo and participated in a variety of dance contests.

Western Jazz Quartet CD released on prestigious label

The Western Jazz Quartet has developed quite a following not only in this country — but in Poland as well!

The resident faculty ensemble in the School of Music returned earlier this year from an invited performance at the International Association of Jazz Educators world conference in Los Angeles to find that a live compact disc recording of its music had been released by Koch International of New York City through its Polish subsidiary.

"We've never had a release on such a prestigious label before," said Thomas Knific, who plays bass in the group. Other members on the recording are saxophonist Trent P. Kynaston, drummer Billy Hart and Polish pianist Wlodek Pawlik.

The quartet toured Poland in October 1993 and again in November 1994, performing at concerts and festivals around the country. The CD, titled "Live at Jazz Club Aquarium," is a recording of a performance at a club in Warsaw during the first tour.

The CD features eight selections, including four works composed by Pawlik, who replaced the group's regular pianist, Stephen L. Zegree, during the two tours. It also includes a piece titled "Widow's Walk," which fans often associate with the quartet.

Knific said the group has asked the KCD store in Portage to order the new recording, which joins two earlier CDs by the group: "Firebird," winner of a five-star review from Down Beat Magazine; and "Blue Harts."

Language specialists earn accolades from state group

Two language specialists in WMU's Career English Language Center for International Students have been honored by the Michigan Association for Foreign Student Affairs.

Robert J. Dlouhy and Darryl A. Salisbury received plaques for their distinguished contributions to international education at the organization's spring conference. Both have been working with the association for eight years. Dlouhy was treasurer of the group in 1988 and chairperson in 1993, while Salisbury was chairperson in 1989 and treasurer from 1992-95.

Two edit international accounting journal

Two WMU faculty members have been named editors of an accounting journal.

Hans J. Dykxhoorn and Kathleen E. Sinning, both accountancy, are editing the Journal of International Accounting, Auditing and Taxation. The journal, which was started in 1991, is published by JAI Press Inc. of Greenwich, Conn., publishers of more than 40 professional publications.

The Journal of International Accounting, Auditing and Taxation publishes articles that are relevant to both academic researchers and practitioners. The articles deal with all areas of international accounting, including auditing, taxation, accounting information systems and management advisory services.

Recent articles have focused on issues such as auditor service quality and auditor size in Asian countries, assessing the quality of the government accounts of members of the International Monetary Fund and evaluating the accuracy of earnings

BRONCO PRIDE — Buster Bronco and a number of his fans celebrated Spirit Awareness Week March 27-31 with a reception in the Bernhard Center. The second annual "Buster's Brown and Gold Blowout" featured refreshments, prizes and lots of spirit. The week was organized by several students in the residence halls. Other activities included the distribution of Buster bookmarks and Spirit Week bumper stickers and other spirit-related activities in the residence halls.

Groundwater model explains hidden resource

A simple model that will help people "see" the usually hidden workings of groundwater can be built with an instruction book and video now available from WMU.

The Groundwater Flow Model, developed by researchers from the Groundwater Education in Michigan Regional Center in WMU's Institute for Water Sciences, can be built for \$30 to \$70 using readily available materials and instructions in the book and video. The book and video are available from the GEM Center for \$39.95 plus \$4 for shipping.

The model, designed to be assembled in a 10-gallon glass aquarium, makes an ideal middle school or high school class project or hands-on exhibit for a science center. When completed, the model features a "slice of earth" view and is equipped to demonstrate such groundwater concepts as the water table, confined and unconfined aquifers, groundwater recharge and discharge areas, pumping a well, contamination plumes and well head protection.

The book and 100-minute video offer step-by-step instructions on how to construct and operate the model as well as tips on finding suitable materials and demonstrating groundwater concepts with the model. The book also contains a glossary of groundwater terms and a list of other groundwater education materials available through GEM.

WMU's GEM Center developed the 10-gallon models in 1990 for use in groundwater workshops for science teachers. A plexiglass model, the Groundwater Simulator II, is available from the WMU GEM Center for \$225 plus shipping. The release of the book and video marks the first time the instructions have been made available for those who would like to build their own.

The book and video were developed by Richard N. Passero, emeritus in geology, former co-director of WMU's GEM Center, and Doug Hyde of the GEM program in Michigan State University's Crawford County Extension Service. GEM is a groundwater education program funded by the W.K. Kellogg Foundation of Battle Creek in conjunction with Michigan State University's Institute for Water Sciences.

For more information or to order the book and video, persons should contact WMU's GEM Regional Center at 7-4986.

Psychologist to lead session on false memory syndrome

A leading feminist psychologist and researcher on repressed memory will be the guest speaker at a workshop on "False Memory Syndrome" Friday, April 7.

Carolyn Zerbe Enns, chairperson and associate professor of the Department of Psychology at Cornell College in Mount Vernon, Iowa, will speak at the event scheduled for 8:30 a.m. to noon in the Kiva Room of the Faunce Student Services Building. The workshop is sponsored by the Counseling Center.

Enns is the chairperson of an American Psychological Association Task Force on Memories of Childhood Abuse and also is the author of more than 20 published articles on feminist psychology. She is the lead author of an article titled "The Debate About Delayed Memories of Childhood Sexual Abuse: A Feminist Perspective" in the current edition of the Journal of Counseling Psychology.

She will speak about the current state of memory research and describe the theoretical and practical implications of the issue. She also will talk about counseling intervention and training future counselors to deal with the issues involved.

The workshop will begin with registration at 8:30 a.m. and Enns' speech at 9 a.m. Following her talk, there will be a time for questions from the audience. At 11 a.m., the topic will be taken up by a panel of Kalamazoo area psychologists who will discuss the issue until noon. The panel will include Chris Koronakos, emeritus in psychology.

The workshop is free to WMU faculty, staff and students. For others who wish to attend, there is a \$15 fee, which includes a parking permit. Room capacity is limited, so persons are urged to reserve a space by calling the Counseling Center at 7-1850.

Carlson meets standards for Certified Archivist

Sharon L. Carlson, University archives and regional history collections, has completed the requirements necessary to earn the distinction of Certified Archivist.

She has qualified for membership in the Academy of Certified Archivists by meeting a series of defined professional standards that include successful completion of the examination for Certified Archivist.

The academy is composed of archivists from throughout the United States and six other countries. Working with the Society of American Archivists and other archival organizations, the academy seeks to strengthen and advance the archival profession.

Board approves faculty and staff retirements

Erhart

Hoikka

Pattison

Turner

The retirements of seven faculty members and three staff members were approved March 17 by the Board of Trustees.

The faculty members granted retirement with emeriti status, along with their years of service and effective dates, are: Rainer R. Erhart, geography, 30-1/2 years, effective Dec. 31, 1995; George L. LeBonte, science studies, 23 years, effective April 23, 1995; Dale P. Pattison, history, 32-1/2 years, effective Dec. 31, 1995; Robert L. Smith, communication, 31-1/2 years, effective Jan. 2, 1996; Walter W. Turner, mathematics and statistics, 32-1/2 years, effective Dec. 31, 1995; Donna R. vanWestrienen, consumer resources and technology, 27-1/2 years, effective Jan. 1, 1996; and H. Dale Warren, chemistry, 33 years, effective April 21, 1996.

The staff members retiring are: Frank J. Carrabino, physical plant-maintenance services, 21 years, effective March 31, 1995;

vanWestrienen

Warren

Larry C. Hoikka, aviation sciences, 30-1/2 years, effective Dec. 31, 1995; and Fotini Michalakakis, physical plant-building custodial and support services, 15 years, effective Jan. 31, 1995.

The trustees also accepted the resignation of Mary A. Scovel, music, effective Aug. 13, 1995; and approved a sabbatical leave for the 1995-96 academic year for Thomas F. Piatkowski, computer science.

WESTERN MICHIGAN UNIVERSITY
WESTERN NEWS
 Editor: Ruth A. Stevens; Staff Writers: Cheryl P. Roland, Michael L. Smith; Photographer: Neil G. Rankin.

Western News (USPS 362-210) is published by News Services, B-207 Ellsworth Hall, Western Michigan University, 1201 Oliver St., Kalamazoo, MI 49008-5165, weekly during fall and winter semesters and bi-weekly during spring and summer sessions, except during vacation periods. Second class postage paid at Kalamazoo, MI 49008-5165.

Postmaster: Send address changes to Western News, News Services, Western Michigan University, 1201 Oliver St., Kalamazoo, MI 49008-5165.

Western News is distributed without charge to faculty and staff members, retirees and friends of the University, and is available at several campus locations.

Deadline: Items to be considered for publication should be submitted to News Services by noon Tuesday of the week of publication. Offices that receive too many copies — or too few copies — are asked to call 387-4100. WMU is an equal opportunity/employer/affirmative action institution.

Expert on effects of addiction to give lecture on helping high-risk children and families

One of the nation's leading authorities on the effects of addiction on families, and especially on children, will speak Wednesday, April 12, in the Fetzer Center.

Robert J. Ackerman, a WMU alumnus and the author of a dozen books, will give a free public lecture at 2 p.m. titled "From a Moment to a Movement: Helping High-Risk Children and Families."

He will examine the development of high-risk children, especially as it relates to chemical dependency in the family, and discuss current attempts to incorporate family problems into mainstream community mental health programs.

The address is part of the Leonard C. Kercher Symposia Series in the Department of Sociology and is sponsored by the Office of the Provost and Vice President for Academic Affairs. The series honors the long-time head of the WMU sociology department, after whom a research center also is named. He died in 1984.

Ackerman, who earned a doctoral degree in sociology from WMU in 1979, is the author of such books as "Perfect Daugh-

Ackerman

ters: Adult Daughters of Alcoholics" and "Silent Sons: Men Raised in Dysfunctional Families and Those Who Love Them."

He began work on his landmark book, "Children of Alcoholics: Bibliography and Resource Guide," when he was still a graduate student at WMU. It was the first book on that subject in the United States when it was published in 1978 and now is in its third edition.

Ackerman is a professor of sociology at Indiana University of Pennsylvania, director of the Mid-Atlantic Addiction Training Institute, a consultant to the Suzanne Sommers Institute and a Fulbright Scholar. He is a co-founder of the National Association for Children of Alcoholics.

His interest in the effects of alcoholism on children stemmed from his experience as the director of a drug rehabilitation center for the U.S. Army in Colorado. He later earned a fellowship to attend WMU, where he completed a certificate in its Specialty Program in Drug and Alcohol Abuse in 1977. He is the recipient of a Distinguished Alumni Award from WMU.

Ackerman has served as a consultant to two ABC movies, "Shattered Spirits" and "Keeping Secrets." He has appeared on more than 30 television interview programs, including the "Today Show" and "Oprah Winfrey."

Falk compiles annotated bibliography of sources on women and religion in India

Topics ranging from women's status under religious law codes to reform movements and ritual practices in India are cited in an annotated bibliography compiled by a WMU faculty member.

"Women and Religion in India: An Annotated Bibliography of Sources in English 1975-92" by Nancy Auer Falk, comparative religion, has just been published by WMU's New Issues Press. Assembled in the bibliography are 1,015 titles produced by both Indian and Western authors that focus on the relationship between women and religion in India. Falk said she is trying to help American scholars become more aware of the research that Indian scholars are conducting about this subject and vice versa.

Falk has received both Fulbright and American Institute of Indian Studies awards for teaching and research in India. The latter award funded the library and book-seller searches that resulted in this bibliography.

In an attempt to include all religious groups of India, Falk surveyed categories of women extending from upper-caste housewives through the urban and rural poor to women gurus, nuns and temple dancers. The sources include scholarly monographs, seminar volumes and conference collections, papers published in academic journals, publications by religious groups, and articles for the educated public published in Indian secular periodicals.

Falk

A special feature of the collection is its inclusion of many works that would not be found during a search of ordinary databases.

"The subject is still fairly new to scholars and there aren't a lot of books based solely on the topic," Falk said. "I was able to find certain chapters or essays that were about women and religion in India and these are things people would not normally find in a database search."

The annotations are designed to help readers easily determine the potential bearing of a work on their own research. Entries are indexed not only by key word, but also by subject, time period, region and genre. A substantial preface defines the scope of the work and describes its major findings, while a Guide to Index Categories is designed to help students locate topics for paper and thesis research.

A WMU faculty member since 1966, Falk teaches courses on comparative religions, emphasizing the religions of India and cross-cultural women's studies. She previously co-edited the textbook/anthology, "Unspoken Worlds: Women's Religious Lives in Non-Western Cultures."

Copies of the bibliography are available in paperback and hardcover from New Issues Press. The paperback sells for \$15 and the hardcover is \$30, with a 20 percent discount given to libraries, bookstores and distributors. Interested persons should call 7-8743.

Jobs

The following list of vacancies is currently being posted through the Job Opportunity Program by employment services in the Department of Human Resources. Interested benefits-eligible employees can apply for any of these positions (bargaining or non-bargaining) by submitting a job opportunity transfer application during the posting period, or may contact an employment services staff member for assistance in identifying themselves as candidates for these openings.

S-01 and S-02 clerical positions are not required to be posted. For persons interested in faculty positions, there are openings in selected fields. A letter of application should be submitted to the appropriate dean or chairperson.

(N) **Building Service Person** (2 Positions), M-4, Physical Plant-Building Custodial and Support Services, 94/95-358, 4/4-10/95.

(R) **Assistant Director, Operations Services**, X-08, Telecommunications, 94/

degree from WMU and currently is pursuing a master's degree in educational leadership. When not at work, he's active in his church and his lodge. He also enjoys spending time with his wife, Betty, who coordinates the Alpha Program in the Center for Academic Support Programs, and their three-year-old daughter.

KEEPING IN CONTACT — Tony O. Dennis says his job in the Office of Admissions and Orientation doesn't stop after he's recruited students to attend WMU. He makes it a point to maintain contact with many of those students during their years here. "A lot of them just need someone to talk to," he says. "It's one thing to bring in the students — and it's another to keep them here." As an assistant director of admissions, Dennis recruits students from the Detroit metropolitan area. He also assists the other admissions counselors in their recruitment efforts with minority students. In addition, he coordinates the Higher Education Incentive Scholarship program. "I like helping students with the college selection process. I like the idea of making a difference," he says. "Choosing a college is one of the most important decisions in life and it's nice to be a part of that process." A University employee for two and a half years, Dennis holds his bachelor's

Students to present engineering design projects

A shock-absorbing unit for a snow plow, a geared wheelchair that goes up inclines more easily, a user-friendly camcorder and several improvements for WMU's solar car are among the projects that will be presented at the 16th Conference on Senior Engineering Design Projects Tuesday, April 11.

The event will run from 9 a.m. to 4 p.m. in the Bernhard Center. It is sponsored by

the College of Engineering and Applied Sciences and is open to the public free of charge.

Seniors in aircraft and automotive, computer systems, electrical, industrial, mechanical and paper engineering and in engineering technology will present the results of 82 projects they have completed to solve problems facing business and industry.

Libraries

FirstSearch has several new searching features and has added a number of databases.

In the WORLDCAT database, which contains more than 27 million records owned by libraries around the world, you may use the "LIB" command to get a list of the names of libraries that own a particular item. In addition, it is now possible to use the "OR" operator in order to broaden a search or to include variations of your term, e.g. microcomputer or p.c., when searching FirstSearch databases.

The following new databases also have been added and are updated on a monthly basis:

■ **INDEX TO LEGAL PERIODICALS** indexes articles from approximately 620 legal journals, yearbooks, institutes, bar association organs, law reviews and government publications originating in the United States, Canada, Great Britain, Ire-

land, Australia and New Zealand. It also includes book reviews. Coverage is from August 1981 to the present.

■ **PAPERSFIRST** covers more than 580,000 papers included in every congress, conference, exposition, workshop, symposium and meeting received at the British Library from October 1993 to the present.

■ **PROCEEDINGSFIRST** covers more than 19,000 citations of every congress, symposium, conference, exposition, workshop and meeting received at the British Library from October 1993 to the present.

Service

These faculty and staff members are recognized for five, 10 and 15 years of service to the University in April:

15 years — Vicki L. Cox, physical plant-administrative services; Judy K. Dinda, physical plant-building custodial and support services; Sandra A. Khan, international student services; Norma J. Lockway, Davis dining service; and Roger K. Mills, physical plant-maintenance services.

10 years — Janice B. Bailey, logistical services-freight/postal/delivery; John S. Belco, WMU Bookstore; Ruth M. Doty, Henry/Hoekje/Bigelow dining service; Conrad P. Factor, physical plant-maintenance services; Dora L. Secondi, logistical services-freight/postal/delivery; and Robin L. VerHage, Burnham dining service.

Five years — George A. Boston, University libraries; James M. Brown, physical plant-maintenance services; Raymond V. Kezenius, campus planning, engineering and construction; Anita R. Knight, human resources; William J. Mellow, mathematics and statistics; Yolanda C. Mihalko, University computing services; Patricia Nelson, philosophy; Linda Opalewski, logistical services-purchasing; Mary E. Palmer, admissions and orientation; and Donald VanderRoest, physical plant-maintenance services.

Media

E. Thomas Lawson, chairperson of comparative religion, discusses the rising interest in religion on "Focus," a five-minute interview produced by news services. "Focus" is scheduled to air Saturday, April 8, at 6:10 a.m. on WKPR-AM (1420).

Exchange

WANTED — Administrative assistant for WMU-AAUP. Send resume to: WMU-AAUP, 814 Oakland Drive, Kalamazoo, MI 49008, ATTN: Gail. For more information, call the AAUP office at 345-0151. The AAUP is an EO/AA employer.

Calendar

The master calendar maintained by news services for use in Western News is now available through Gopher on the VMScluster. Currently, there are three calendars available: April events; May events; and future events, which run from June through December. To view the calendars, type Gopher at the system prompt. At the next menu, choose 2. Western Michigan University, then choose 3. Campus Calendar. You will find options for 1. This Month's Events, 2. Next Month's Events and 3. Future Events.

Thursday, April 6

(and 7) Second annual Clothesline Project display on sexual violence, Promenade tent, all day.
Workshop, "Get Funded!," Dorin Schumacher, president and co-founder, Consortium for Plant Biotechnology Research Inc., West Lafayette, Ind., 159 Bernhard Center, 8:30-11:30 a.m.; call 7-8298 to register.
(and 7) Spring plant sale, Plant Science Greenhouse/Botanical Conservatory, Wood Hall, 9 a.m.-4 p.m.
(thru 13) Exhibition, sculpture and drawings by John Running-Johnson, art, Gallery II, Sangren Hall, weekdays, 10 a.m.-5 p.m.
(and 7) Exhibition, "Onview-95," work created by students enrolled in the interior design program, Space Gallery, Knauss Hall, 11 a.m.-6 p.m.
*Baseball, WMU vs. Valparaiso University, Hyames Field, 1 p.m.
Center for the Study of Ethics in Society presentation, "Character Education in the Schools: A Panel Discussion," 2303 Sangren Hall, 4:30 p.m.
Concert, "Henry Purcell, The British Orpheus," Collegium Musicum, Dalton Center Recital Hall, 8 p.m.
*(thru 8) University Theatre production, "Romeo and Juliet," Shaw Theatre, 8 p.m.

Friday, April 7

Doctoral oral examination, "A Study of Teachers' Perceptions of Principal Effectiveness Among Secondary School Teachers in Malaysia," Ariff B. Kasim, educational leadership, 3310 Sangren Hall, 8 a.m.
Counseling Center workshop, "False Memory Syndrome," Kiva Room, Faunce Student Services Building, 8:30 a.m.-noon; keynote address by Carolyn Zerbe Enns, chairperson and associate professor, Department of Psychology, Cornell College, 9 a.m.; call 7-1850 to register.
Solo choreography by junior candidates for the bachelor of fine arts degree in dance, Dalton Center Dance Studio B, noon.
Presentations by Ted Ayllon, Department of Psychology, Georgia State University: brown bag lunch, "A Conversation Hour on Behavioral, Clinical and Child Psychology," 157 Bernhard Center, noon; and lecture, "Child and Family Behavior Therapy," 3760 Knauss Hall, 4 p.m.
Doctoral oral examination, "Citizens' Attitudes Toward Baraga and L'Anse Schools Sharing Resources and Consolidation in Two Community Attitude Surveys: A Five-Year Comparison," Anni Gregor, educational leadership, 3310 Sangren Hall, 1:30 p.m.
(and 8) Softball, WMU vs. Ohio University, Ebert Field: April 7, 2 p.m.; and April 8, noon.
Center for the Study of Ethics in Society lecture, "Ethics in Journalism: A Comparison of Russia and the United States," Ada Baskina, Russian journalist, sociology, lecturer and author, 204 Bernhard Center, 3 p.m.
Doctoral oral examination, "Leadership Practices and Job Satisfaction: An Examination of the Relationship Between Academic Deans and Department Chairpersons," Vera Dauffenbach, educational leadership, 3310 Sangren Hall, 3:30 p.m.
Mathematics and statistics colloquium, "Plato, Petoskey Stones and Projective Planes," Arthur T. White, mathematics and statistics, Commons Room, sixth floor, Everett Tower, 4 p.m.; refreshments, 3:45 p.m.
Student recital, Dan Scott, cello, and Kelly Stanton, flute, Dalton Center Lecture Hall, 5:30 p.m.
(and 8) Concert, "New Sounds '95," featuring premiere performances of pieces by student composers, Dalton Center Multi-Media Room, 8 p.m.
Guest artist recital, piano duo Elizabeth Laich of Canada and Marcel Bergmann of Germany, Dalton Center Recital Hall, 8 p.m.
Student recital, Michael Bragg, double bass, Dalton Center Lecture Hall, 8 p.m.

Saturday, April 8

Men's tennis, WMU vs. Eastern Michigan University, Sorensen Courts, 1 p.m.
*Football, Brown and Gold Spring Game, Waldo Stadium, 1 p.m.
Student recital, Darryl Roenicke, piano/jazz, Dalton Center Lecture Hall, 2 p.m.
Student recital, Jeff Hinkle, baritone, Dalton Center Recital Hall, 2 p.m.
Graduate recital, Vivan Lin, soprano, Dalton Center Recital Hall, 4 p.m.
Student recital, David Garry, trombone, Dalton Center Recital Hall, 6 p.m.
Student recital, Deb Skiba, horn, Dalton Center Recital Hall, 8 p.m.
*Concert, "Gospelfest '95," Kalamazoo Symphony Orchestra and communitywide gospel choir, Miller Auditorium, 8 p.m.

Sunday, April 9

Graduating presentations by senior candidates for the bachelor of fine arts degree in dance, Dalton Center Dance Studio B, 2 and 7 p.m.
Concert, "German Requiem" by Johannes Brahms, featuring the Grand Chorus, University Symphony Orchestra and soloists, Miller Auditorium, 3 p.m.
Student recital, Paul Hartsaw, saxophone, Dalton Center Lecture Hall, 6 p.m.
Concert, University Percussion Ensemble, Dalton Center Recital Hall, 8 p.m.

Monday, April 10

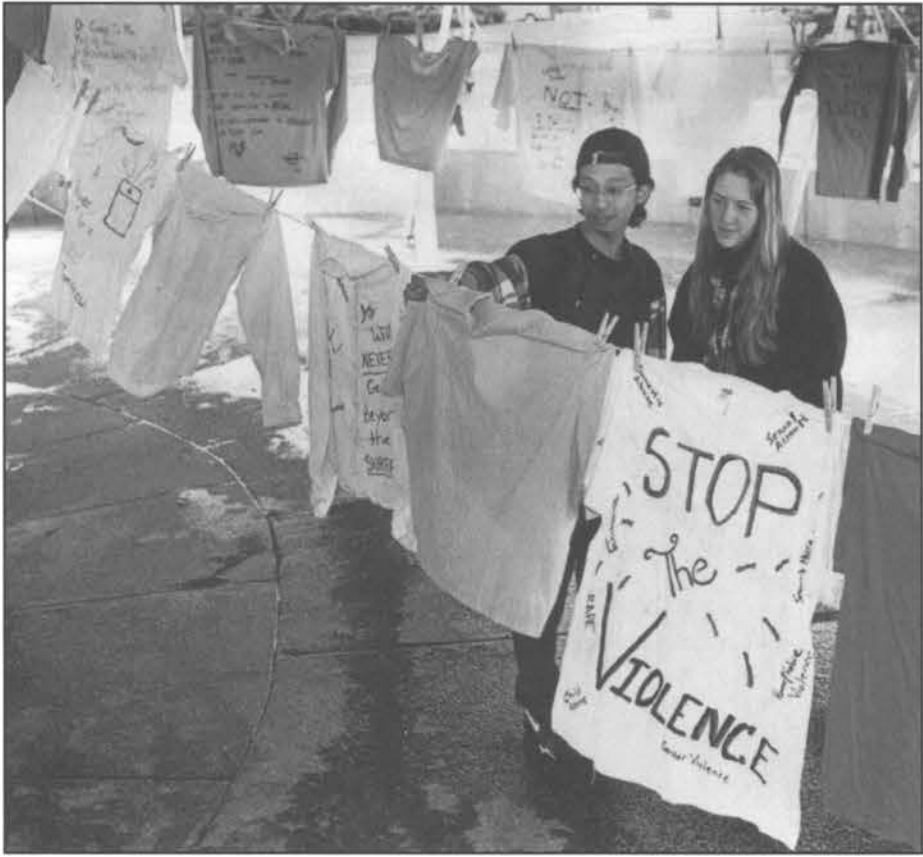

Doctoral oral examination, "Participative Management and Productivity: Partners or Adversaries?," Michael H. Swearingen, educational leadership, 3310 Sangren Hall, 8 a.m.
Faculty development services program, "The Sabbatical Leave Process," Hans J. Dykxhoorn, accountancy, chairperson of the University Sabbatical Leave Committee, 159 Bernhard Center, 3:30-5 p.m.; call 7-5305 to register.
Annual Music Therapy Clinic concert, Dalton Center Recital Hall, 7 p.m.
Student recital, A.J. Stephenson, composition, Dalton Center Lecture Hall, 8 p.m.

Tuesday, April 11

College of Engineering and Applied Sciences 16th Conference on Senior Engineering Design Projects, Bernhard Center, 9 a.m.-4 p.m.
Bone marrow donor drive, Sindecuse Health Center, 10- a.m.-2 p.m.
Student recital, Debora Butler, violin, Dalton Center Lecture Hall, 6 p.m.
*Concert, GCII, Dalton Center Recital Hall, 8 p.m.
Student recital, Adam Liebert, violin, Dalton Center Lecture Hall, 8 p.m.
*(thru 13) Performance, "Will Rogers Follies," Miller Auditorium, 8 p.m.

Wednesday, April 12

Doctoral oral examination, "A Descriptive Study of the Implementation Process for All-Day Alternate Day Kindergarten Schedules in Michigan Public Schools," Kenneth G. Drenth, educational leadership, 3310 Sangren Hall, 11 a.m.

AIRING SOCIETY'S 'DIRTY LAUNDRY' — Hizatul Faridz Abdul Jalil, left, a junior from Malaysia, and Andrea Dunne, a freshman from Ada, stopped by the Promenade tent to examine a message about sexual and relationship violence on one of the shirts made for this year's Clothesline Project. The shirts were hung as part of the April 3-7 display, which was intended to serve as a visual reminder of the effects of sexual and relationship violence. New shirts made for the exhibit this year were added to the 75 shirts made for the display last year by survivors of sexual violence or persons close to such survivors. Part of a national effort, the project at WMU is sponsored by Mortar Board in collaboration with women's resources and services. The display was timed to coincide with April's designation as Sexual Assault Awareness Month.

*Annual Clerical/Technical Organization and Administrative Professional Association spring luncheon, Bernhard Center ballrooms, 11:30 a.m.-1:30 p.m.; call 7-3282 for reservation information.
Faculty development services brown bag lunch program, "Multicultural Education: The Debate," Susan Edgerton, Department of Curriculum and Instruction, the University of Illinois at Chicago, 3210 Sangren Hall, noon-1 p.m.; call 7-5305 to register.
Doctoral oral examination, "Women and the Public School Superintendency: An Integrative Review of the Dissertation Research," Carol A. Swingle, educational leadership, 3310 Sangren Hall, 2 p.m.
Leonard C. Kercher Symposia Series lecture, "From a Moment to a Movement: Helping High-Risk Children and Families," Robert J. Ackerman, professor of sociology, Indiana University (Pa.), and director, Mid-Atlantic Addiction Training Institute, Fetzer Center, 2 p.m.
Student recital, vocal improvisation class, Dalton Center Recital Hall, 6 p.m.
Student recital, Baird Duthie, guitar, Dalton Center Lecture Hall, 6 p.m.
Student recital, Matt Falker, piano/jazz, Dalton Center Recital Hall, 8 p.m.
Student recital, Hoa Le, piano, Dalton Center Lecture Hall, 8 p.m.
Thursday, April 13
Student recital, Michelle Mailhot, soprano, Dalton Center Lecture Hall, 5:30 p.m.

*Admission charged

NEH grant (Continued from page one)

major work of Anglo-Saxon literature. The manuscript for that epic poem dates back to about the year 1000, although the work may have been composed earlier. The sole copy is housed in the British Library. Because the work is the most extensive narrative in early English literature, scholars continue to study it to glean important information about language use, literacy and the culture of the period.

Digital "image capture" done through the "Electronic Beowulf" project, directed by Szarmach and a colleague at the University of Kentucky, has resulted in an electronic facsimile of the original manuscript. Individual pages and details of the digitized reproduction of the manuscript have been made available online on the Internet, allowing researchers who may never see the original a chance to study an enhanced version of the manuscript. Eventually the entire facsimile may be available online or in a CD-ROM version for classroom use. The enormous memory requirements of the images, however, make downloading them to most personal computers difficult.

Because the Medieval Institute's new Richard Rawlinson Center for Anglo-Saxon Studies and Manuscript Research is one of two North American bases for the "Electronic Beowulf" and will house the com-

plete facsimile, those attending the WMU summer seminar will have an opportunity to work with several screens of the digitized manuscript. The images they will see there, in some ways, are more revealing than the originals. The imaging technique used, Szarmach says, reveals parts of the text that were obscured by fire damage in the 18th century and parts covered up during a 19th century restoration attempt.

"The payoff for teachers attending the seminar is that they will have access to the material and the technology available to examine it," Szarmach says. "When they return to the classroom, they will be able to use technology to show their students original material and let them work with it as well."

Guest speakers during the seminar will include Kevin S. Kiernan of the University of Kentucky, who co-directs the "Electronic Beowulf" project with Szarmach, and Katherine O'Brien O'Keeffe of the University of Notre Dame, who will give an overview on interpreting oral literature.

Seminar participants will receive appointments as members of the Medieval Institute and will have full use of the Rawlinson Center as well as Waldo Library and its Edwin and Mary Meader Rare Books Room. They also will enjoy university computing privileges.
