University has ‘wiggle room’ in charting its futures

Despite "large-scale and powerful forces," thetheorem has also added "some wiggle room" — in choosing from among its alternatives, Richard L. McNam, political science, told the Faculty Senate Jan. 9. McNam said the committee's final report would be presented to the senate at its April meeting. "WMU can now begin the process that is supportive of a strong institution and seek to thwart those that are not," McNam said in the report.

"We've made a very good beginning," Hanny said, noting that more than 100 students have enrolled in the mostly Saturday classes. About eight of the 15 courses initially available are expected to be offered in the first year of the program, she said. Sessions begin March 14.

"I'm happy with it," said Noack, who has received funding from the General Fund as well as in the Bernhard Center, she continued. In addition, dining services in the Bernhard Center and in the Bernhard and Draper-Stockschlag residence halls are recycling cardboard and paper. She hopes to have all residence halls involved in recycling by the end of the calendar year. "Every week a few students are asking, "When do we get our money back?'"

When the program started in January 1991, WMU recycled 1.1 tons of paper and cardboard, McNam said. The level peaked in October at nearly 60 tons. The University spent about $10,000 through recycling in 1991, primarily through avoided landfill costs.
Public events planned to commemorate King birthday

Public events including a banquet, a candlelighting ceremony and a cabaret style celebration are being planned at the University to commemorate the late civil rights leader Jan. 13. With a display of books and other materials about King on the third floor of Florance, the library in the atrium area. The exhibit will run through Wednesday, Jan. 18.

The Office of Faculty Development Services will sponsor the award-winning video, "Black to the Future," at noon Friday, Jan. 17, in 3304 Sangren Hall. Earl M. Washington, associate professor of sociology and criminal justice, will lecture on "The Economics of Educational Re-

duence." The Implications for Training and Effective Education.

Each year, WMU plays host to two exchange students from Niederrhein in Monchengladbach, Germany. The Kalamazoo Department of Public Safety, Niederrhein and the National Police College will be a discussion following the showing. For more information, persons may call 345-2703 or fax 345-6350 for the Faculty Development Services at 7-5305.

The cabaret style celebration honoring King, Thursday, Jan. 18, in the East Ballroom of the Bernhard Center.

Levin to focus on economic implications of educationally at-risk students in Jan. 22 lecture

The economic implications of the rising cost of education in U.S. schools will be explored Wednesday, Jan. 22, at 7 p.m. in the引力球 Hall of the Bernhard Center. W.D. Levin, professor of economics at the University of Kentucky and the Economics and Criminal Justice Education "Choice" that day at 3 p.m. in 3760 Kaun Hall.

The free talks are part of the Department of Economics' 28th annual lecture-series on microeconomics. "This is a unique opportunity to hear a great economist," said Levin also is a professor of education and a long-time faculty member of the University.

Friday speaks in Europe

Paul C. Friday, sociologist and criminal justice researcher, will lecture at 8 p.m. Wednesday, Jan. 14, in 3750 Kaun Hall. Friday will also lead a seminar on "The Economics of Education for At-Risk Students" that day at 3 p.m. in 3760 Kaun Hall.

Friday was a guest speaker at the 7th Annual Conference for Correctional Education in Stockholm. He addressed the career class of 2000 "Future Jails in Policing: The American Trend Toward Community Policing." He also gave a seminar on the police college faculty for the University, Police, Community and University Interface: The Implications for Training and Effective Police Practice.

Friday was invited by the Swedish police authority to deliver a lecture and the commission of the Swedish National Police Authority. He addressed a cadet class of 700 "The Future Jails in Policing: The American Trend Toward Community Policing." He also gave a seminar on the police college faculty for the University, Police, Community and University Interface: The Implications for Training and Effective Police Practice.

Women leaders is session topic

“Women as Leaders in the ’90s” is the title of an upcoming schedule session Wednesday, Jan. 22, in the Red Rooms of the Bernhard Center.

Shirley A. Vaid-Hooven, education, will talk about what the value society places on women leaders in general, and how to find where they fit in the 1990s, and will focus on how current and emerging social, economic and political trends affect this quest.

The discussion is being sponsored by the Women’s Center.

Sparks elected to fellowship

Sparks, emerita in speech pathol-
ogy, was elected to the American Speech-Lan-
guage-Hearing Association at the annual conven-
tion in Atlanta.

She was for outstanding teaching, research and service to the association.

Archives change hours to allow weekend research

The WMU Archives and Regional His-
tory Collections Library has changed hours to reflect the needs of the growing number of researchers who need to utilize materials beyond the regular work week.

The new hours are: 8 a.m. to 5 p.m. Tuesday through Fridays; 9 a.m. to 4 p.m. Saturdays; and closed Sundays and Mon-
days.

The Archives and Regional History Col-
lections Library, a branch of the University of Louisiana Archives in 111 East Campus, is designated by the Michi-

gan Historical Commission as a repository for public records of 12 counties in South-

The public records, on deposit from the State of Michigan, are original documents ranging from 1620 to the present. The archives contain law enforcement, government, educational and business records.

The archives can be reached by phone at 810/972-3610.

Jobs

The following list of vacancies is cur-
rently being posted through the Job Op-
opportunity System in the Department of Human Resources. Interested employees will be notified of these positions by e-mail or sign the appropriate bid sheet during the posting.

(S) Assistant/Associate Professor (Ten-
ure Track), 1-300-20, Art, 9/12-219, 1/1-
/1029.

(S) Secretary (Correction Term End-
s), 12/31/92, 1-14/1-2/92.

(S) Financial Clerk II, 5-80, Book-

(S) Secretary III (5 FTE, 20 Hours/ Week), 1-Kalamazoo; 1-14/1-2/92.

To apply for the Application Service Information, applicants should get in touch with the Department of Human Resources

on the Job Opportunity Program and vacan-
cies available to external applicants.

(Replacement)

WMU is an EEO/AA employer

Media

Richard A. Gerowh, communication, dis-
cusses media coverage of recent court cases on "Focus," a five-minute interview pro-
duced by the WMU Alumni Association and sched-
ed to air Saturday, Jan. 18, at 6:10 a.m. on WKZO (1420 AM) and at 5:45 p.m. on WJKO-A (AM 590).

Obituary

Henry P. Dieter-
man, 81, of the Kalamazoo

area when he retired Dieterman

He was 66.

Obituary

He joined the WN accommodations and was a general supervisor in the residence life on-campus housing

maintenance area when he retired in January 1988.

Dieterman

An avid outdoorsman, Dieterman was a member of the Michigan Union Conservation Club. He also was active in the Trinity Re-
formed Church as an elder and a deacon.

Persons who may make contribu-
tions to the church, the Kalamazoo Gospel Mission or the Kalamazoo Youth Min-
istry.

On the Information Trail — Being the resource sharing co-
ordinator in Waldo Library is a little like being a librarian, ac-

According to Judy A. Garrison, she coordinates the interlibrary loan serv-
ices and requests from libraries around the world for ma-
terials that are hard to get. She also receives and makes requests for materials they need for research from libraries around the world. She and her staff process about 1000 material requests a year.

University earns more than $250,000 each in gifts and grants during November, board learns

The University received 251,957 gifts and $267,030 in grants during November, according to reports presented to the Board of Trustees at its Dec. 20 meeting.

The November gift total brings the year-to-date total of gifts received by the University to $625,931, an amount that is 31 percent higher than last year’s total of $479,368 for the same period.

Among significant gifts received during November was a $10,000 gift from James M. and Mary E. Coakley of Kalamazoo on an educational wing for the University’s Department of Theatre. Approximately 55 percent of the $34 million cost has been raised for the planned 26,200-square-foot building, which will be annexed to Shaw Theatre. An anonymous gift of $10,000 was also received during November for that project.

A gift of $15,000 from the Dorothy U. Dalton Foundation of Kalamazoo was to help offset the costs of a new transmitter for WMU-FM, the University’s public radio station. Installation of the new transmitter was completed in November, allowing the station to restore full service for the first time since an Aug. 30 fire damaged the old transmitter.

The Upjohn Co. Foundation of Kalamazoo gave to the University’s annual fund during November. The donation brought the year-to-date total of grants received by the University to $1,677,567, an amount that is $400,199 or 25 percent higher than last year’s total of $1,277,368 for the same period.

The largest grant received during November was a $140,000 equipment award from Hewlett Packard Co. to Paul V. Engelman, engineering technology. The equipment, a high speed laser cutting unit, will be added to the College of Engineering and Applied Sciences’ automated manufacturing laboratory.

Greeks honor faculty members

Two faculty members have been honored by the University’s Greek organizations. The Inter-Fraternity Council and the National Panhellenic Conference have given their first “Professor of the Year” award to Vishna Shur, science studies, while the Panhellenic Council has likewise honored Professor V. W. H. Schaeffer of WMU.

The two were feted at the end of the fall semester at a Greek awards ceremony sponsored by WMU’s 11 sororities and 17 fraternities.

Gianakaris on journal board

C.J. "Gus" Gianakaris, English and theatre, has been appointed to the editorial board for a new journal called "Music and Drama." The journal debuted this past fall and will be published twice a year under the patronage of the University of Cincinnati’s Helen Weiberg Center for the Study of Drama and Playwriting.

Faculty members win grants for computer projects

Four faculty members have received awards through University computing services, "Matching Grant Program," aimed at encouraging and supporting the appropriate infusion of computing technology, provides a match of up to $3,000 for hardware and software. The four winners were selected by a committee from 19 requests.

Ronald W. Davis, chairperson of history, will receive $2,376 for a digital musical instruments project. "Digital Musical Instruments: A MIDI Workstation" will be presented at Michigan Comprehensive History Database Project. "The database is an integrative catalog of all forms of material artifacts held in regional and national collections that can be used to generate instruction in historical and regional culture.

"Instructional Activity in Chemical Ecological" is the title of a project to be undertaken by Stephen B. Malcolm, biological sciences. Chemical ecology is a strongly interactive approach to modern concepts and methods in ecology and chemistry. Malcolm will use the grant to introduce students to this interactive discipline through computer-controlled teaching techniques.

A grant to John W. Petro, mathematics and statistics, will enable him to make computer demonstrations in sophomore algebra and other courses over the next seven school years. "The grant will add two computer demonstrations to help students better understand the mathematical concepts by "casting" the student to complete a flow of calculations or to make a graphical presentation easier than on a blackboard or an overhead projector.

The final matching grant has been awarded to Zaneta Zapko, music, for his project, "Computers and Musical Instrument Digital Interface." The grant is being used to purchase a storage device that will help computer user generate music and see the results of that music.

A grant to Ramon Zupko, music, for his project, "Computers and Musical Instrument Digital Interface" has been awarded to get his students to be able to use computers to create music and to be able to see the results of that music.

APA to meet Jan. 23

The Administrative Professional Association will meet at noon Thursday, Jan. 23, in the Media Room, Dalton Center. Included on the agenda is bringing the APA up to date on all professional/technical/administrative staff members, in a vote on whether or not the APA should continue to form a union. Only APA members may cast ballots.

Blasch honored for contributions

Donald Blasch, emeritus in blind rehabilitation, has added another accolade to the long list of awards and tributes that have resulted from his many career contributions to the field of blind rehabilitation and education.

The August issue of the CBR Torch, a regular publication of the Central Blind Rehabilitation Center in Hines, Ill., is devoted to a testimonial tribute for a long-time commitment to the blind.

MBA via satellite

International Business Week was offered last year by WMU in 1984 and resides in Kalamazoo.

University film series, “Sunset Boulevard” (United States), 1950, directed by Billy Wilder, 2:02 Sangren Hall, 6 and 8 p.m.
