Fund-raising effort is largest in WMU history

University seeks \$55 million in 'The Campaign for Excellence'

"The Campaign for Excellence," a six-year, \$55 million fund-raising effort for capital projects, endowments and support of priority programs, was officially kicked off April 27 as part of a meeting of the WMU Foundation board of directors.

"This is the largest fund-raising effort in the history of the University, and thanks to outstanding leadership support during the past 16 months, I am delighted to report today that nearly \$22 million -- 40 percent of our goal -- has already been committed in actual gifts and pledges," said President Haenicke.

"The leadership for this major campaign has been graciously accepted by the officers and directors of our University Foundation," he added. "I am very pleased to announce that William U. Parfet, executive vice president of the Upjohn Co. of Kalamazoo, will chair this campaign." Parfet is chairperson of the WMU Foundation's board of directors.

"I feel honored and excited because I have great respect for the president of our University, Dieter Haenicke," Parfet said. "He has earned the admiration of all for the vision he has brought to our University and the new spirit you can witness everywhere on this campus."

Parfet said the gifts received during the campaign will improve the University's quality, ensure its future strength and reduce its "vulnerabilities to the vagaries of public sector support."

"Private support spells the difference between what is adequate and what is excellent in higher education," he continued. "Voluntary support from private sources makes it possible for state-assisted universities to build on areas of existing strength or considerable promise."

"Private investment provides the necessary flexibility so important in building a sound educational program," Parfet said. "Today, the ordinary is not good enough. It is apparent that both the federal and state governments have moved higher education to a lower

CAMPAIGN ANNOUNCEMENT -- Announcing the University's largest ever capital campaign at a news conference April 27 were, from left at table, President Haenicke; Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees; and William U. Parfet, executive vice president of the Upjohn Co. of Kalamazoo and chairperson of the WMU Foundation's board of directors. Haenicke announced that Parfet will chair the campaign, which seeks to raise \$55 million in six years.

priority than that enjoyed over the past two decades. Private investment is therefore critical to the future development of Western."

Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees, indicated that the campaign has "the unqualified support of the Board of Trustees," and that thanks to the strong leadership of Haenicke, "WMU is in a physical and intellectual renaissance that we hope will continue for many years to come. I also welcome this opportunity to publicly thank the volunteer leaders of the WMU Foundation who have enthusiastically accepted the responsibility for shouldering this major campaign effort."

"The monies raised through 'The Campaign for Excellence' are needed to fuel that renaissance, and I hope that all who know and care about Western will contribute generously at this important

moment in the University's history," Waszkiewicz added.

Haenicke observed, "This is an all-inclusive campaign. It is intended to benefit and to improve all aspects of University life. We will seek funds for several specific capital building projects, for scholarships and fellowships, for endowed faculty chairs, and to support student and faculty research, special academic programs, athletics, student activities and more."

"I am personally reassured by and very grateful for the support we have received to date from the relatively small number of persons we have approached in private and from whom we have asked support," Haenicke continued. "In the past year,

Dean candidates on campus, public invited to presentations

Several candidates for the position of dean of the College of Health and Human Services will be on campus during the coming weeks for interviews. Each will make a presentation, which is open to the University community and will be followed by a reception.

Peter A. Dual, dean of the College of Health and Human Services at San Diego State University, was on campus May 1. Other candidates and the locations of their presentations are listed below. All sessions will begin at 3:30 p.m.

- Janet Pisaneschi, program consultant for the American Foundation for AIDS Research on special assignment from the College of Allied Health Professions at the University of Kentucky, Thursday, May 11, in 1010 Fetzer Center;

- Robert McLaughlin, interim dean of the School of Education, Health and Human Services at Central Michigan University, Monday, May 15, in 1010 Fetzer Center;

- Fred Bess, director of the Division of Hearing and Speech Sciences and the Bill Wilkerson Hearing and Speech Center at the Vanderbilt University School of Medicine, Wednesday, May 17, in the Red Rooms of the Bernhard Center;

- Rosita Schiller, acting director of the School of Allied Medical Professions at Ohio State University, Wednesday, May 31, in 1010 Fetzer Center.

Recommendations persons wish to make concerning these candidates should be addressed to Provost George M. Dennison.

we have received the three largest gifts in the University's history. Beyond that, we have received several dozen major pledges from alumni and friends, from businesses and foundations, and from our faculty and staff.

"To have already raised nearly 40 percent of our goal is a remarkable vote of confidence," he added. "However, it will take many more gifts from many more friends of the University if we are to achieve our goal by the end of the campaign in December 1993. The funds we are seeking are absolutely essential. If we are successful in this effort -- and I

(Continued on page eight)

Surge is possible cause of May 1 power failure

A surge in the electrical substation on West Michigan Avenue is the possible cause of a power failure about 9:45 a.m. May 1 that denied power to many buildings at the center of the campus.

"Because of work we'd previously done in splitting some of the load, we were able to restore power to the Seibert Administration Building, McCracken Hall, Kanley Chapel, Waldo Library, and the Burnhams and Draper-Siedschlag residence halls within about an hour and a half," said Philip S. Roekle, University facilities.

Power was restored to Moore Hall, the Elmwood Apartments, the Oaklands, the Hillside office buildings, the police station, the Gary Center, Read Fieldhouse, and Davis, French and Zimmerman residence halls by that evening, he said.

"Fortunately, the problem was at the substation rather than being our usual nemesis of a fault in an underground cable," Roekle said. "We were able to reroute power quickly to some buildings. The process of disconnecting and reconnecting power lines to other buildings took longer."

Two major computer-based operations were affected by the power outage: administrative data processing and Aspen, the voice-mail system. Data processing's mainframe computer, located in the administration building, was down for about three hours, said James Mort, interim director.

Voice mail, which is located in Waldo Library, reverted to a system response rather than an individual response for those calling 100 to access the service, said Jo A. Smith, manager.

THE CAMPAIGN FOR EXCELLENCE

Capital Development

Building to house the Haworth College of Business	\$7,700,000
Waldo Library expansion	4,300,000
Carl and Winifred Lee Honors College	1,300,000
Shaw Theatre addition	4,000,000
Additional capital projects	7,000,000
Total for capital development	\$24,300,000

WOMAN OF THE YEAR -- Mary Frances Fenton, center, education and professional development, was honored as "Woman of the Year" by WMU's Commission on the Status of Women at a luncheon April 12. She was presented with the award by Leslie H. Leighninger, left, social work, who is president of the commission, as Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees looks on. Waszkiewicz spoke at the luncheon, during which seven other nominees for the award also were honored. A WMU faculty member since 1966, Fenton was selected for the honor because of her distinguished record as an educator, researcher, artist and women's advocate.

Board roundup

At its April 21 meeting, the Board of Trustees approved several measures and heard reports on various topics. Following is a roundup of what occurred.

- The trustees approved an increase in **room and board rates** for 1989-90, bringing the cost for an average student living in a residence hall and eating 20 meals per week to \$3,160 for fall and winter semesters, up \$243 or 8.3 percent from last year.

- The Board also approved an increase in **apartment rental rates**. For example, occupants of a furnished one-bedroom unit in the Stadium Drive Apartments will now pay \$311 per month, an increase of \$28 or 9.9 percent from last year. The new rates are effective this fall.

- Also effective this fall are new **student vehicle registration rates**. The trustees approved a three-year schedule that increases the fee for full-time students driving automobiles during fall and winter semesters from \$40 to \$50 for 1989-90, to \$60 for 1990-91 and to \$70 for 1991-92. Rates for students in other categories and for those driving two-wheeled motor vehicles also went up.

- The Board certified an election held in March on WMU's **student assessment fee**. The fee is paid by all

students and is used to fund student organizations. It is subject to approval every two years by a student referendum, which, according to a Board mandate, must draw at least 15 percent of enrolled students to be valid. These elections formerly were conducted during registration at Read Fieldhouse. But because of the switch to touchtone registration, the students had to use ballot boxes around campus and the election failed to attract the 15 percent needed. The measures on the ballot -- to continue the fee and to increase it from \$3 to \$4 per semester and \$1.50 to \$2 per session -- received overwhelming support from the students who did vote. So the Board certified those results and asked the administration to look into ways to better reach voters in future elections.

- During his remarks to the Board, President Haenicke mentioned some of the **racial incidents** that have been taking place in recent months on other Michigan campuses. "I want to assure the Board that we continue to be extremely watchful of incidents of these sorts," he said, "and we are also very eager to make it known to the students who populate our campus, and to staff and faculty alike, what our position on these matters is and that we will react swiftly and with harshness where necessary and demanded to those incidents."

He said he has instructed staff

Ethics panel planned

The tensions between individual and community interests in American society will be examined in a panel discussion at 3 p.m. Thursday, May 11, in 215-216 Bernhard Center.

Titled "Habits of the Heart: Ethical Implications," the discussion is being sponsored by WMU's Center for the Study of Ethics in Society.

It is based on a book, "Habits of the Heart: Individualism and Commitment in American Life" by Robert Bellah. The book looks at the struggle in this country between an individual's choice to stand alone and to take part in the larger community.

Panelists will include: Faith Gabelnick, dean of the WMU Honors College, who will discuss community service; Gene Grochowski, a Kalamazoo physician, who will discuss building a sense of community; Lori Holmes, director of family service at Family and Children Services of Kalamazoo, who will talk about marriage and family; Marie Hungerman, professor of philosophy at Nazareth College, who will moderate and will speak on public and political community involvement; and James A. Jaksa, acting director of the ethics center and WMU professor of communication, who will focus on the need for a sense of academic community and on the ethical values inherent in the academic community.

Shaw design work goes to GR firm

The Grand Rapids architectural firm of Greiner Inc. has been awarded a contract for the schematic design phase of an addition and renovation of Shaw Theatre.

The Board of Trustees approved the contract at its meeting April 21 for no greater than 20 percent of the firm's proposed total design fee of \$220,511.

The addition and renovation were made possible by a \$2 million gift in April 1988 from the Irving S. Gilmore Foundation in Kalamazoo. A program statement for the project was written and late last year architects were advised of the project.

A total of 36 firms responded to the initial notification, said Robert M. Beam, vice president for business and finance. An architect selection committee narrowed the field to five firms, four of which made presentations.

"Since all firms noted that the scope of the project is likely to cost more than the funds available, we recommend that the Board authorize the appointment of a firm to proceed through schematic design," Beam said. "During this phase of the project, costs will be assigned to

each element of the program statement and priorities will be assigned to each aspect of the proposal.

"Greiner Inc. has demonstrated a thorough understanding of our program statement as well as the limitations inherent in our current facilities and site," Beam said. "The firm has also demonstrated enthusiasm, creativity and initiative."

Greiner is the same firm that was responsible for DeVos Hall in Grand Rapids. Shaw Theatre, built in 1967, is the home of the Department of Theatre in the College of Fine Arts.

Computer symposium set

The success stories behind the latest in computer technology innovations and ways to improve computer knowledge will be some of the topics discussed at WMU's fifth annual computer symposium.

The symposium, titled "Information Integration," is scheduled for 8 a.m. to 5 p.m. Wednesday, May 10, at the Fetzer Center. Sponsored by the Fetzer Center and the Association for Systems Management, it will offer presentations and applications reflecting the latest information on the integration of computer hardware, operating systems, applications and data into a consolidated and functional network.

The symposium will feature product exhibits by information systems companies, including IBM, DEC, FOCUS, Xerox, Hewlett-Packard, Information Decisions Inc., SSG LaserWorks, Apple, INACOMP and Wang.

For more information, persons may call the Fetzer Center at 7-3232.

Chef takes second

Kenneth W. Taylor, assistant chef in the Fetzer Center, took second only to the pastry chef from the Amway Grand Plaza Hotel in Grand Rapids in a recent competition.

Taylor was invited to participate in a cooking competition as part of a suppliers show for the Van Eerden Co. in Grand Rapids. The 20 participants were asked to come up with a dessert using fruits and vegetables. Taylor's creation was a "Neapolitan Torte."

Distinguished Service Awards to be given at convocation

This year's Distinguished Service Awards will be presented at the Academic Convocation in the fall, rather than at the winter or spring commencement as in previous years.

The change was made so that all University-wide award recipients will be recognized at the same time at one event. Winners of the Alumni Teaching Excellence Awards and Distinguished Faculty Scholar Awards traditionally have been named at the convocation.

In keeping with the previous deadline, nominations for this year's Distinguished Service Award are closed.

Takeda feted

Yoshimi Takeda, right, music director and conductor of the Kalamazoo Symphony Orchestra, was presented with an honorary doctor of music degree at the April 22 commencement. Congratulating him is Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees.

Takeda receives honorary degree

Maestro Yoshimi Takeda, music director and conductor of the Kalamazoo Symphony Orchestra (KSO), was awarded an honorary doctor of music degree during WMU's commencement exercises April 22.

That action was approved April 21 by the Board of Trustees upon the recommendation of President Haenicke, in recognition of Takeda's many honors and "in appreciation of his outstanding contributions to the cultural quality of life in West Michigan and throughout the United States and abroad."

Takeda is in his 14th season with the KSO. He recently was appointed music director of Opera Southwest in Albuquerque, N.M., where he was conductor of the New Mexico Symphony Orchestra until 1984. He was one of very few conductors to hold full-time

leadership positions with two metropolitan orchestras -- the KSO and the New Mexico Symphony -- at the same time.

He has been a guest conductor for numerous orchestras, including the Chicago Symphony, the Detroit Symphony, the Tokyo Philharmonic, the Phoenix Symphony, the Honolulu Symphony and the Cleveland Orchestra. He has twice received the American Society of Composers, Authors and Publishers Award for Adventurous Programming of Contemporary Music, and he has served three years on an orchestra panel of the National Endowment for Arts.

Locally, he received the Community Medal of Arts Award last summer and he was cited by the Arts Council of Greater Kalamazoo for his work with the KSO.

WESTERN MICHIGAN UNIVERSITY WESTERN NEWS

Editor: Ruth A. Stevens; Staff Writers: Cheryl P. Roland, Michael L. Smith; Photographer: Neil G. Rankin

Western News (USPS 362-210) is published by the Office of Public Information, B-207 Ellsworth Hall, Western Michigan University, Kalamazoo, MI 49008-5165, weekly during fall and winter semesters and bi-weekly during spring and summer sessions, except during vacation periods. Second class postage paid at Kalamazoo, MI 49008-5165.

POSTMASTER: Send address changes to Western News, Office of Public Information, Western Michigan University, Kalamazoo, MI 49008-5165.

Western News is distributed without charge to faculty and staff members, retirees, members of the Parents Association and other friends of the University including students, who may obtain copies at several campus locations.

Deadline: Items to be considered for publication should be submitted to the Office of Public Information by noon Tuesday of the week of publication. Offices that receive too many copies -- or too few copies -- are asked to call 387-4100. WMU is an equal opportunity/affirmative action institution.

Contracts awarded for summer work on residence halls, Elmwood Apartments

Construction contracts for work on four residence halls and on three apartment buildings at WMU were approved April 21 by the Board of Trustees.

Doca-Smith Associates Inc. of Kalamazoo was the successful low bidder at nearly \$1.4 million for the third phase of renovation on the Ernest and Smith Burnham and Draper-Siedschlag residence halls.

Maxwell & Associates Inc. was the successful low bidder at \$969,230 for renovation of 33 units in buildings E, F and H of the Elmwood Apartments. The work this spring and summer will be the third phase of the apartment renovation project. Earlier phases in 1987 and 1988 resulted in the renovation of 84 units in seven buildings, all done by Maxwell & Associates Inc.

The apartment renovations include new roofs, synthetic plaster exteriors, new doors, new windows, steel stairs and handrails, upgraded electrical systems, new kitchen cabinets and appliances, new bathroom fixtures, air conditioning and carpeting.

The Burnhams and Draper-Siedschlag residence halls also have been undergoing major renovation for the past two years. The Burnhams were built in 1949 and Draper-Siedschlag in 1950. They were previously renovated in 1971.

Creative writers to meet

More than 100 writers from six states will meet at WMU Thursday through Saturday, May 11-13, for the 1989 Western Michigan Writers' Conference.

The largest gathering of creative writers in the state, the conference will feature readings by Philip Levine and Janet Kauffman. Both have published in recent issues of *The New Yorker*.

This year, the conference has become more regional in nature, drawing participants from Ohio, Indiana, Illinois, Wisconsin and Minnesota as well as Michigan. The primary goal of the event is to put participants in contact with professionals, many of whom will serve on the workshop faculty. In addition, the conference is designed to bring together writers who would ordinarily work in isolation to encourage sharing in the creative process.

The readings by Kauffman and Levine are open to the public and will take place in 3750 Knauss Hall. Kauffman, a faculty member at Jackson Community College who writes on life in rural America, will read at 8 p.m. Friday. Levine, the author of 16 books of poetry and a professor of English at Fresno State University, will read at 8 p.m. Saturday.

Abdul-Mutakallim named custodial manager

Umar F. Abdul-Mutakallim, a WMU employee for 15 years, has been named manager of residence hall custodial services.

His appointment, effective April 3, 1989, was approved April 21 by the Board of Trustees. He has replaced L. John Goes, who was named director of operational services at the University in March.

Abdul-Mutakallim has worked in the custodial division of the physical plant since 1974 and has been its assistant manager since 1976. He has supervised the activities of seven area supervisors, one general supervisor, several skilled positions and a project crew.

In 1985-86, he was among five faculty and staff members selected as the first participants in WMU's administrative associates program. Designed to provide opportunities for qualified individuals to work with senior management personnel, the program enabled Abdul-Mutakallim to have a series of rotating assignments with supervisors in the auxiliary enterprises area.

A former U.S. Army officer, he earned bachelor's and master's degrees from WMU.

Abdul-Mutakallim

The four residence halls provide housing for 1,034 students.

Phase III of the project, to be conducted this spring and summer, includes renovation of shower and bath facilities in the Burnhams. In Draper-Siedschlag, the work includes new interior suite doors, tile, furnishings and paint.

"The work attempted in Phase III has been significantly scaled back to ensure that the buildings will be completely ready for occupancy by the start of the fall semester," said Robert M. Beam, vice president for business and finance. "With the completion of Phase III, only work on public areas and the dining unit will remain unfinished in Draper-Siedschlag."

Phase II of the project, completed in 1988 at a cost of \$6.4 million, included a new heating system, an upgraded electrical system, new internal wiring, new stairways, barrier-free access improvements, new student room doors, new bath and shower facilities in Draper-Siedschlag, and new light fixtures and beds.

Phase I, completed in 1987 at a cost of \$952,000, included new roofing, tuckpointing, window replacement and new entrance doors.

Award named for Mallinson

A national award has been named in honor of George G. Mallinson, distinguished professor emeritus of science education.

The School Science and Mathematics Association Inc. board of directors has voted to name its distinguished service award for Mallinson, who was a WMU faculty member for 40 years before his retirement in January 1988. He has been invited to present the George G. Mallinson Award for Distinguished Service at the SSMA's annual meeting in Des Moines in October.

Trustees approve several academic appointments

The Board of Trustees approved several appointments to academic posts at its April 21 meeting.

It approved the previously announced appointment of Leonard R. Lamberson as dean of the College of Engineering and Applied Sciences and professor of industrial engineering with tenure, effective July 1, 1989. Lamberson currently is chairperson and professor of industrial engineering and operations research at Wayne State University.

In addition, the Board approved the appointments of these persons: David J. Sluyter as acting director of the Center for Human Services, effective Feb. 13, 1989; Yousef Alavi as chairperson of the Department of Mathematics and Statistics, effective July 1, 1989; John A. Tanis as chairperson of the Department of Physics, effective Aug. 21, 1989; Larry D. Oppliger as associate chairperson of the Department of Physics, effective Aug. 21, 1989; and Lewis Walker as chairperson of the Department of Sociology, effective July 1, 1989.

Sluyter has replaced Elissa L. Gatlin, who died March 5 at age 40. He will serve as acting director until a permanent director is appointed in late 1989 or early 1990. The Center for Human Services is responsible for research, community education and community service for the College of Health and Human Services.

Sluyter has been director of the college's Center for Developmentally Disabled Adults since 1981, when that agency was formed. Previously, he held several positions in the field of mental health in Branch, Calhoun and Van Buren counties.

Alavi has been a faculty member in the Department of Mathematics and Statistics since 1958. He will replace Joseph T. Buckley, chairperson since 1984, whose resignation to return to teaching at WMU was accepted at the

Alavi

Oppliger

December Board meeting.

Alavi has held leadership positions with the Mathematical Association of America and its state organization. The first recipient of Distinguished Service Awards from WMU and from the Michigan section of the MAA, he also has directed several international graph theory conferences at WMU and edited their proceedings.

Tanis will replace Eugene M. Bernstein, chairperson of the Department of Physics since 1980. Bernstein's resignation to return to teaching at WMU, effective Aug. 21, 1989, was accepted by the Board at the meeting.

A WMU faculty member since 1980, Tanis has been the recipient of several grants to support his research. Since 1983, he and Bernstein have been awarded nearly one-half million dollars from the U.S. Department of Energy. Currently, they are studying fundamental interactions in ion-atom collisions in WMU's accelerator laboratory.

Oppliger, who was chairperson of the Department of Physics from 1974 to 1980, will return to administration as associate chairperson. A WMU faculty member since 1963, he has been a member of numerous University committees and councils. In 1985, Oppliger received the Alumni Teaching Excellence Award from the WMU Alumni Association.

Walker, a WMU faculty member since 1964, will replace David Chaplin, chairperson of the Department of Sociology since 1972. Chaplin's resignation to return to teaching at WMU, effective Aug. 21, 1989, was accepted by the Board at the meeting.

SENATE TESTIMONY -- Officials from WMU were among three groups who testified before the Michigan Senate Appropriations Subcommittee on Higher Education April 17 in the Fetzer Center. Representing the University were, from left at the table facing the camera: Robert M. Beam, vice president for business and finance; Provost George M. Dennison; President Haenicke; Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees; and Keith A. Pretty, general counsel and vice president for legislative affairs. Wayne State University, the Michigan Department of Education and the Michigan Collegiate Coalition also made presentations that day before the committee, which is chaired by Sen. William A. Sederburg (R-East Lansing). The testimony was the second round in this year's budget hearings. WMU officials testified before the House Appropriations Subcommittee on Higher Education in Lansing March 15.

International medievalists to gather on campus

Italian art publications, displays of ancient weapons and learning how to use laser printers to work with medieval character sets are a few of the many topics that will be discussed at the 24th International Congress on Medieval Studies, which runs from Thursday through Sunday, May 4-7, at WMU.

The congress, which is sponsored by WMU's Medieval Institute, attracts the largest annual gathering worldwide of medievalists -- specialists in the history and culture of the Middle Ages. Nearly 2,000 scholars from the United States and 20 countries will meet in the Goldsworth Valley residence hall complexes and the Fetzer Center.

The participants, who represent all

disciplines and areas of medieval studies, will take part in scholarly discussions and workshops. The scholars will present nearly 1,000 papers in 336 sessions beginning at 10 a.m. Thursday, May 4, and ending at noon Sunday, May 7.

The registration for the congress will be conducted in the Harrison-Stinson Halls lobby beginning at 8 a.m. Wednesday, May 3, and continuing throughout the event. There is no registration fee for WMU faculty and staff members and students or Kalamazoo County residents. They must, however, register at the registration desk.

A 1971 recipient of WMU's Alumni Teaching Excellence Award, Walker has been a consultant and developer of programs to improve police relations with the black community, reduce racial incidents in schools and improve relations between prison officials and inmates. He is the creator and director of the WMU College of Arts and Sciences' Self-Enhancement Services Office, which is designed to improve minority retention.

In other action, the Board accepted the resignations of these faculty members: Philip M. Brown, social work, effective Aug. 15, 1989; Mary Ellen Hegedus, University libraries, effective Feb. 28, 1989; and Lois D. Matthews, English, effective June 26, 1989.

In addition, the Board approved leaves of absence for these faculty members: Gurbux S. Alag, electrical engineering, from Aug. 21, 1989, to April 28, 1990, to conduct research in collaboration with the National Aeronautics and Space Administration; and David P. Pocock, music, from Aug. 21, 1989, to Aug. 25, 1991, to serve as the artistic director of the Irving S. Gilmore International Keyboard Festival.

Sign-ups due for ethics seminar

A free seminar on "Teaching Ethics" is being offered to WMU faculty members Wednesday and Thursday, Aug. 23-24, through the Office of Faculty Development and the Center for the Study of Ethics in Society. Interested persons should pre-register by Monday, May 15, by calling 7-5305.

Breaking ground

SHIFTING THE SAND -- Getting ready to turn that shovel-full of sand at the Carl and Winifred Lee Honors College groundbreaking ceremonies April 27 were, from left: Paul Scripsema, project manager at DeWinter Associates Inc. in Grand Rapids; President Haenicke; Dean Faith Gabelnick, Honors College; Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees; Winifred and Carl Lee of Kalamazoo, for whom the building is named; and William U. Parfet, chairperson of the WMU Foundation's board of directors.

Dream becomes reality with Honors College building

A building to serve as a center for honors education at the University has been President Haenicke's dream for several years.

That dream will become reality in the winter of 1990, when the Carl and Winifred Lee Honors College is completed.

As early as January 1987, Haenicke told the Faculty Senate of his plans to provide increased financial support for the Honors College, "because I think we need to strengthen the honors activities on our campus as the centerpiece of our undergraduate teaching efforts." In addition, he mentioned his dream of building a new facility to serve as a center for those activities.

By September of that year, Haenicke was more formally discussing his goal with the Board of Trustees. "It should intentionally not be a gigantic building," he said at the time. "It must have the atmosphere of a large house, where people come together, sit at the fireside and talk."

By this time next year, people will be meeting in the building and chatting around the fireplace in the lounge.

The \$1.3 million structure is being funded entirely by the private sector through the efforts of the WMU Foundation. Its primary supporters are Carl and Winifred Lee of Kalamazoo, who have pledged \$500,000 for the construction.

Carl Lee is president and general manager of the Fetzer Broadcasting Service Inc. in Kalamazoo and vice chairperson of the WMU Foundation's board of directors. This year marks his 50th year in broadcasting. Winifred Lee has been very active in civic affairs for many years.

"We have always been particularly impressed with the high quality of undergraduate instruction at Western Michigan University, and we were very

pleased when President Haenicke reaffirmed that institutional commitment and indicated he would seek private funds for the construction of a new building for Western's Honors College," said the Lees, in announcing the gift last October. "We were delighted when he designated that goal as his 'pet project', and we are very happy that we can help him achieve that very worthwhile goal."

When WMU trustees approved the naming of the building at their meeting this past April, they stated that the name "will daily remind us of the spirit and accomplishments of the Lee family, their support of academic excellence and their public spirit."

The 8,400-square-foot, one-story structure will be located just east of Rood Hall on the West Campus pedestrian mall. It will be in the shape of a three-point star. On one point will be a hexagon-shaped lounge; the other two points will be comprised of a v-shaped hallway, off which will be seminar rooms and offices for Honors College administration and student

advising.

Special features besides the fireplace will include high windows for extra lighting in the lounge, hallway skylights and a plaza area outside the lounge.

The exterior facing of the building will be white, pre-cast concrete. The interior space will be neutral in color and tone to provide a backdrop for a variety of permanent art and temporary exhibits.

The architect for the project is DeWinter Associates Inc. of Grand Rapids. The construction contract has not yet been awarded.

WMU's Honors College, currently located in Hillside West, has more than 800 active students and it offers 60 honors courses a year. The college's goal is to provide an active and rigorous learning environment for bright and talented undergraduate students at the University. Honors courses in a variety of academic disciplines, internships, research projects, volunteer activities in the community and social activities are among the elements of the Honors College program.

CENTER FOR HONORS EDUCATION -- The new Carl and Winifred Lee Honors College will provide a central meeting place for the more than 800 students who take classes through the college. The exterior facing of white pre-cast concrete should make the building stand out at its site on the West Campus pedestrian mall just east of Rood Hall.

TURNING THE DIRT -- Participants in the April 21 groundbreaking ceremonies for the Waldo Library renovation and addition and the new computer center were, from left: Dean Charlene Renner, University libraries; President Haenicke; Robert Self, project architect with the WBDC Group of Grand Rapids; Thomas C. Gabriele, academic computer center; State Sen. Harry Gast (R-St. Joseph), chairperson of the Senate Appropriations Committee; State Rep. Mary C. Brown (D-Kalamazoo); and Carol A. Waszkiewicz of Kalamazoo, chairperson of the Board of Trustees.

Library/computer center complex will be new campus focal point

A wealth of information will be available at one central area of campus beginning in the fall of 1990. That's the expected completion date of the \$17 Waldo Library renovation and addition and the new \$7.6 million computer center.

The library project will provide room for an ever-expanding collection and for study of those materials, while the computer center will enable many of WMU's information processing areas to be located under one roof.

Waldo Library was built in 1958 and expanded in 1967 for a total of 145,000 square feet. It was originally designed to house 500,000 volumes and accommodate 2,000 seats. Today, the library contains 1.7 million print and non-print items and 820 seats. The 105,000-square-foot addition will provide the floor space needed to store those items, as well as for 1,900 student study stations.

Funding originally was sought for the library project beginning in November 1985, when the Board of Trustees approved capital outlay requests to the Legislature for fiscal year 1986. Some of those requests, including ones for the new business building and for the library

project, represented a major departure from the previous year's requests.

In years past, the requests had sought less money for remodeling existing structures rather the larger funds required for new construction. Under the leadership of President Haenicke, this practice changed. "I really identified those two projects as burning priorities for Western," he said at the time.

In December 1985, the Legislature approved the 1986 capital outlay bill, which contained \$15 million for the Waldo Library project and \$12.1 million for the business building, and Gov. James J. Blanchard signed it shortly thereafter.

In addition to the \$15 million from the state, the project is being funded by \$2 million from private sources. The five-level addition will feature a new main rotunda entrance, which will be open to three levels and will contain a circular skylight. The expanse will have a special four-color terrazzo floor design.

Throughout the rest of the library, the walls will be white to reflect more light. The color scheme for the flooring and furnishings will be deep blue, red, gray and black.

The layout for the library will be as

follows: **Sub-Basement** -- mechanical and electrical; **Level A** -- book stacks; **Level One** -- information center, circulation desk, reference section, student study spaces and storage; **Level Two** -- documents section, book stacks, reading area and interlibrary loan; and **Level Three** -- exhibit room, rare book room, administrative offices, book stacks, faculty study carrels and rooms for visiting scholars. There also will be a roof court off the rotunda at the third level.

The new computer center originally was supposed to be a remodeled Maybee Hall. Architects were appointed to draw up the remodeling plans in March 1987, but by January 1988, those plans had changed. The architects said that Maybee Hall could not meet the requirements of a new, modern computer center within a reasonable budget.

So the Board of Trustees authorized the razing of the 39-year-old Maybee Hall. The new computer center will be built on its site.

The center, which is being funded by a bond issue, will have 62,000 square feet. It will be the home of the academic computer center, administrative data processing and telecommunications. In addition, it will contain laboratories for use by students, faculty and staff.

The three-level building's interior will be finished in taupe, blue and purple. The layout is as follows: **Level One** -- computer operations and mechanical and electrical; **Level Two** -- student microcomputer laboratory, student work area, faculty laboratory and instructional laboratories; and **Level Three** -- administrative offices, conference rooms, reception area and computer equipment.

Connecting the computer center and Waldo Library at the second and third levels will be an enclosed pedestrian bridge. Part of the bridge is a clock tower, under which will be an entrance to a landscaped plaza that will be a new focal point for the campus. The plaza will be bordered on the opposite end by a new pre-cast concrete colonnade.

The exterior facing of both the library addition and the new computer center will be a buff tan structural glazed tile with reddish-bronze reflective glass for the windows.

The architect for the library and computer center project is the WBDC Group of Grand Rapids and the contractor is Carl J. Reinke and Sons Inc. of South Bend.

A NEW FOCAL POINT -- Upon the completion of the renovation and addition to Waldo Library, left, and the new computer center, right, as well as the surrounding landscape, the University will have a new focal point on campus. This plaza area will be bordered on one side by a pre-cast concrete colonnade and on the other by an enclosed pedestrian bridge with a clock tower that will connect the two buildings.

BUDGET PRESENTATION -- University officials conducted the second of two breakfasts on campus with legislators April 14 to discuss the state appropriations process. Pictured here are, from left, Frank Bernier, a legislative analyst with the House Republican staff; President Haenicke; Rep. Gordon R. Sparks (R-Troy); and Keith A. Pretty, general counsel and vice president for legislative affairs. Participants viewed WMU's computerized budget model, which graphically demonstrates the relationship between the University's revenues and expenditures.

Donewald named new men's basketball coach

Bob Donewald, who directed Illinois State University to a 208-121 record and six post-season tournament appearances over the last 11 years, has been named WMU's new men's basketball coach.

Donewald

The announcement was made April 21 by Leland Byrd, intercollegiate athletics.

Donewald's Redbirds were selected for three National Collegiate Athletic Association tournaments (1983, 1984, 1985) and three National Invitational Tournaments (1980, 1987, 1988). He was picked as Kodak District II "coach of the year" in 1983 following a Missouri Valley Conference tournament championship and received the same honor from the MVC the following season after a regular season title.

During his tenure at ISU, 90 percent of his players who completed their athletic

eligibility either graduated or are still working toward their degree requirements.

"We had an outstanding field of applicants," Byrd said. "However, Bob Donewald's proven record of success, his reputation for honesty and integrity, and his commitment to his players in helping them attain both athletic and academic excellence made him the natural choice for the position."

Donewald served as an assistant coach at Indiana University from 1974-78, when Coach Bob Knight's clubs had a 121-27 mark, won three Big Ten titles, appeared in four NCAA tournaments and won the 1976 national championship with an undefeated record.

Donewald succeeds Vernon Payne, who resigned March 14.

Supplemental instruction teleconference set

Increasing the final grades and retention rates of students in "high-risk" courses will be the focus of a live teleconference to be shown at WMU Wednesday, May 17.

The teleconference, which will run from 1 to 3 p.m. in 210 Bernhard Center, will be on "Supplemental Instruction Programs." These academic support programs combine instruction in effective learning strategies with course content review to improve student performance.

The teleconference will emanate from the University of Missouri at Kansas City, where the supplemental instruction model was first developed as a means of helping medical students, particularly minorities, pass high-risk, entry level courses.

At Western, a supplemental instruction program has been in place through the Academic Skills Center since 1986. The program targets introductory courses that present unfamiliar or abstract concepts and meet in large lecture classes.

Through the program, a regular set of out-of-class sessions are scheduled, during which groups of students work together with a trained student leader to review course content. The sessions provide an informal setting in which students discuss the material, use the language of the discipline, organize their notes and prepare for tests.

The May 17 teleconference will cover such topics as expanding campus supplemental instruction programs; grant funding; enhancing supplemental instruction leader training; and supplemental instruction in math and science courses.

Faculty and staff members from WMU involved in supplemental instruction are invited to attend. Representatives from similar programs at 10 other Michigan colleges and universities are expected to participate. Telephone lines will be

'Sesame Street' star to speak here May 13

Loretta Long, star of the Children's Television Network program "Sesame Street," will be the keynote speaker at this year's Martin Luther King Jr./Cesar Chavez/Rosa Parks College Visitation Program workshop Saturday, May 13, at Wood Hall.

Long

The workshop, which begins at 8 a.m. and ends at 1 p.m., is part of the WMU King/Chavez/Parks pre-college program designed to motivate middle/junior high school students toward a college education and a successful career.

800 young artists here for festival May 11-13

Nearly 800 of the state's finest young artists will gather Thursday through Saturday, May 11-13, for the 27th annual Michigan Youth Arts Festival at WMU.

The festival honors Michigan high school students gifted in the areas of dance, drama, instrumental and vocal music, visual arts, and creative and expository writing.

Unique to the state of Michigan, the festival began in 1963 as a simple talent screening of young musicians. Today, it is a comprehensive arts spectacular, culminating a nine-month search for the finest artistic talent in Michigan high schools.

More than 40,000 students across the state become involved in the adjudication process that results in nearly 800 students being invited to participate in the annual three-day festival. This is the fifth year that WMU has played host to the event.

The outstanding students will share their talents with their peers and the public during the festival through performances and exhibits, which are open to the public free of charge. In addition, the students will participate in professionally-conducted workshops within their disciplines.

For more information on the public events, persons should call the WMU College of Fine Arts at 7-5811.

About 300 students from the Michigan school districts of Benton Harbor, Cassopolis, Chippewa Hills, Eau Claire, Fennville, Grand Rapids, Hartford, Kalamazoo, Muskegon Heights, South Haven and Van Buren Intermediate are expected to attend. The students will participate in sessions on art, engineering, science, and career interest testing and evaluation.

A workshop for parents also will be offered to provide suggestions on raising children and assisting in their career choice. No registration fee is required to attend the sessions.

Long, a native of Paw Paw and a 1960 WMU graduate, will be honored at a reception at 4 p.m. Friday, May 12, at the Kalamazoo House, 447 W. South St. She will speak during the workshop luncheon at 11 a.m. Saturday in the Grand Ballroom of the Kalamazoo Center Hilton Inn. Attendance at both events is by invitation only.

For more information on the workshop, persons may call the WMU King/Chavez/Parks office at 7-3319.

APA meeting is May 18

The Administrative Professional Association will meet Thursday, May 18, at the Willow Lake Clubhouse at Parkview Hills.

A reception will begin at 5 p.m., followed by a business meeting at 6 p.m. New officers will be introduced and a report by the Compensation Committee on the fringe benefits survey will be presented. A salad buffet will follow the business meeting.

All administrative/professional employees are invited to attend. The cost is \$7 for APA members and \$8 for others. A flier about the event will be coming out in the next week. Persons who don't receive the flier but would like to attend should contact Jolene V. Groh, international student services, at 7-5865.

Senate to meet May 11

The Faculty Senate will meet at 7 p.m. Thursday, May 11, in the Fetzer Center. Action items on the agenda include bylaw amendments and the Political Activities Policy. Information items include a report from the Undergraduate Studies Council and a discussion on new Ph.D. programs and required resources.

At its April dinner meeting, the Senators elected the following 1989-90 officers: David A. Ede, religion, as corresponding secretary; D. Terry Williams, chairperson of theatre, as treasurer; and June S. Cottrell, communication, as recording secretary.

Linda M. Delene, marketing, and Mary A. Cain, education and professional development, were elected president and vice president, respectively, in an election earlier this year.

Multiple intelligences programs planned in May

Two presentations that are part of a series on "Multiple Intelligences" are scheduled for the coming weeks.

The lectures are designed to accompany programs by the same names that will air on Kalamazoo Community Access Television Channel 30. The presentation and program dates are:

- "Linguistic Intelligence and Reading," by Constance S. Weaver, English, at 7:30 p.m. Tuesday, May 9, in the library auditorium at Nazareth College; the program will air at 4 p.m. Sunday, May 7, and 10 p.m. Wednesday, May 10; and

- "The Musical Intelligence: A Composer's Perspective" by Ramon Zupko, music, at 7:30 p.m. Monday, May 15, through the cafeteria to Rooms 4010 C and D at Kalamazoo Valley Community College; the program will air at 4 p.m. Sunday, May 14, and 10 p.m. Wednesday, May 17.

Chemical Health Series set

The second and third sessions in the Employee Assistance Program's Chemical Health Series will be presented during the coming weeks. Both will be at noon in the Red Rooms of the Bernhard Center.

On Tuesday, May 9, the topic will be "The Intervention" and will feature a technique developed to help those chemically dependent people who don't want help. On Tuesday, May 16, the session will be on "Adult Children of Alcoholics."

NEW HONOR SOCIETY -- Officers for Western's new chapter of Phi Kappa Phi, a national honor society, were installed in ceremonies at the Oaklands April 10. Looking over a copy of the charter with the chapter's new president James A. Gilchrist, right, communication, are, from left, Lawrence Sommers, assistant to the provost at Michigan State University and a regional vice president for Phi Kappa Phi; Carol A. Waszkiewicz of Kalamazoo, chairperson of the WMU Board of Trustees; and President Haenicke. The society is designed to recognize and encourage superior scholarship by students in all academic disciplines. A total of 83 juniors and seniors were initiated in a ceremony April 20.

DeVries named to planned giving position

Kenneth J. DeVries has been named director of planned giving services in the WMU Foundation.

A 1973 WMU graduate, he comes to the University from Chicago, where he most recently served as a development director for the World Home Bible League, an international non-profit publication and distribution agency.

DeVries

DeVries will be responsible for administering the planned and deferred giving program for the WMU Foundation. Those gifts include bequests through wills, gift annuities, charitable life income trusts and life insurance arrangements.

"Funding secured through planned giving is an integral part of the overall private fund-raising effort of the foundation," said Lee H. Wenke, associate vice president for development and president of the foundation. "Planned gifts are utilized to establish endowments, fund scholarship programs and help underwrite capital improvement projects. We're happy to have Ken on board and are confident in his ability to oversee this important area."

A native of the Kalamazoo area, DeVries attended Kalamazoo Christian High School. After earning his bachelor's degree in history and political

science from WMU, he went on to complete a law degree at Thomas M. Cooley Law School in Lansing. He is licensed to practice law in both Michigan and Illinois.

DeVries has served as a law clerk for the 9th District Court in Kalamazoo and, from 1977 to 1986, was associated with the Kalamazoo law firm of James, Dark and Brill as an insurance defense and probate trial lawyer.

After leaving private practice in 1986, he was director of operations for Multi-Media International, a non-profit media production agency in Chicago. He subsequently joined the World Home Bible League, where he was responsible for implementing its corporate and foundation giving program in conjunction with a major gift and planned giving development program. He is a member of the National Society of Fund Raising Executives.

DeVries, who began his job at WMU April 1, replaces Russell N. Howes, who resigned.

Human Resources

Benefacts Statements mailed

The Benefacts Statements listing retirement and other benefits through Dec. 31, 1988, were mailed to all eligible employees' home addresses in mid-April. If you have not received your statement, please call the benefits office at 7-3630.

New style of P-006 debuts

The gold is gone -- from the first copy of the University's Employee Transactions Form, the P-006. This work horse form that does everything from A -- activating new hires -- to Z -- zipping out a name change -- in the human resources information systems, payroll and budget files, has a new look.

The top page -- the human resources information systems copy -- of this six-copy form is now white with brown underscoring for better readability; the gold second copy is the payroll system copy; the employee receives the green third page; budget gets the blue fourth copy; and the fifth and sixth copies go to the dean and department. With this many copies in use, it is extremely

important that the information you supply is current and correct.

According to Pauline M. Trembley, human resources information systems (formerly called personnel records), the new style P-006 is now being distributed. Those of you who work closely with this form may notice minor modifications from time to time, but Trembley expects this new user-friendly format to stay in place until more effective use again dictates revisions.

Anyone with questions on the P-006 should call human resources information systems at 7-3622.

Performance review sessions scheduled

Two more sessions for supervisors on "Performance Review" have been included in the training workshops. They are scheduled for Tuesday, May 9, in 205 Bernhard Center and Thursday, May 11, in 204 Bernhard Center. Both will be from 8:30 a.m. to noon.

These workshops conducted by Ann E. Houser, human resources, will help managers assess and hone their skills in conducting performance reviews with employees.

To enroll in these seminars, complete the form in the back of the staff training catalog and send it to the Department of

Exchange

FOR SALE -- 1982 Honda 450 Elite. Bought new in 1986. 3,500 miles, excellent condition, lots of extras. \$1,050. Call 375-0630.

FOR SALE -- Lakefront, Greenfield Shores, three-bedroom Cape Cod. Garage, privacy fence, large lot, available June. Call Mary Fran at 7-2972 or 327-2368.

FOR SALE -- Two-bedroom, one-bath condominium at Courtside/Woodbridge Hills. Features central air, full basement and washer/dryer. Land contract terms possible. Call Blake Glass at 7-3059 or 323-0474.

FOR SALE -- Apple Laserwriter Plus. \$650. Call Marti Fritz, Office of Conferences and Institutes, at 7-4174 for information.

FOR SALE -- Lovely one-bedroom home, 1215 Merrill. All appliances including washer/dryer. Basement, porch, new carpeting. \$21,000. Call Kate at 7-5315.

WANTED TO RENT -- WMU professional seeking to rent a house for two people or an apartment for one person. Call 671-4501 evenings.

WANTED TO RENT -- KPS teacher recently sold home, needs housing from July 1, 1989, to mid-June 1990, retiring and moving south. Willing to house sit for someone on leave or sabbatical. Call Mary at 327-9659.

On Campus

KEEPING THE LINES OF COMMUNICATION OPEN -- Making sure people on campus can "talk" to the administrative data processing mainframe computer is the job of Duane L. Sult. An equipment technician in the technical services area of data processing, he's responsible for keeping the lines of communication open between the mainframe and the 645 terminals and personal computers scattered throughout campus. Often he can clear up the problem from his office in Ellsworth Hall. But sometimes he must make "house calls," and one can find him walking across campus to the terminal or PC with the problem. A University employee since 1966, Sult says he likes the contact he has with people on campus. In addition, he likes having a job in the ever-changing world of computers. "I like the new challenges that come up all the time," he says. "I try to read a lot of books to

stay current." Sult points out that when he started at WMU, the mainframe computer had less memory than one of the personal computers setting on a desk in his office today.

Human Resources, or call Dawn at 7-3620.

Blood drive is June 14

Employees are reminded that the annual faculty/staff blood drive is scheduled for 9 a.m. to 3 p.m. Wednesday, June 14, in the Bernhard Center. This year's goal is 250 pints. More information will be published later in the Western News.

Zest for Life

The WMU Zest for Life Corporate Olympic teams would like to thank everyone who participated in our 1989 raffle fund-raiser. Proceeds from the raffle will be used to support spirit team and cheerleading activities.

The winners of the four cash prizes were: Wanda M. Quering, Valley 1 dining service, \$300; Marilyn A. Lierman, Sindecuse Health Center, \$100; Ruth M. Heinig, communication, \$50; and Marsha A. Mahan, Office of the Provost and Vice President for Academic Affairs, \$50.

It's not too late to take advantage of Zest for Life's fitness and health enhancement programs for spring session. Get in shape for warm weather activities with the support of your peers and the leadership of the Zest for Life staff. Call the Zest for Life office at 7-3262 for more information.

Jobs

The listing below is currently being posted by employment services in the Department of Human Resources. Interested fringe benefit eligible employees should submit a job opportunities application or sign the appropriate bid sheet during the posting period.

S-01 and S-02 clerical positions are not required to be posted. Interested University employees may contact an employment services staff member for assistance in securing these positions.

(N) **Programmer/Analyst-Graphics** (Repost), X-06, Academic Computer Center, 88/89-371, 5/2-5/8/89.

Cothran to be feted

A retirement dinner for Tilman C. Cothran, sociology, is being planned by the Department of Sociology for 6 p.m. Friday, May 19, in the Fetzer Center.

Speakers will be Clyde Franklin, a sociologist at Ohio State University, and William Phillips, professor emeritus of sociology at Rutgers University.

Persons wishing to attend should call Patricia M. Martin at 7-5270.

Service

These employees are recognized for five, 10, 15, 20 and 30 years of service to the University in May:

30 years -- Doris J. Blackburn, residence hall custodial.

20 years -- Ellis E. Rathburn, physical plant-B/E maintenance.

15 years -- Janice K. Argue, grants and contracts; Margaret E. Chapman, mathematics and statistics; and Randall K. Lung, printing services.

10 years -- Clyde W. Gillette, physical plant-custodial services; Nancy J. Johnson, cashiering; and Herman Kuhlmann, physical plant-administrative services.

Five years -- Krista J. Olsen, human resources; J. Harvey Stewart, media services; and Jack B. Zabel, Waldo Library.

Media

Two faculty members will be guests in the coming weeks on "Focus," a five-minute radio interview produced by the Office of Public Information. "Focus" is scheduled to air on these Saturdays at 6:10 a.m. on WKPR-AM (1420) and at 5:45 p.m. on WKZO-AM (590) with the following speakers and topics: Janet E. Stillwell, associate dean of the College of Fine Arts, on the Michigan Youth Arts Festival, May 6; and Molly B. Vass, Specialty Program in Holistic Health Care, on how people deal with grief, May 13.

"Newsviews: Legislative Report," a 30-minute radio and television program featuring WMUK-FM news director Tony Griffin and area state legislators, will be aired during the week of May 15-20. Produced by media services in cooperation with WMUK-FM, the program will be aired on WMUK-FM (102.1) at 6 p.m. Monday, May 15, and on Kalamazoo Community Access Television Channel 32 at 7:30 p.m. Tuesday, May 16; 7 p.m. Thursday, May 18; 8 p.m. Friday, May 19; and 8 p.m. Saturday, May 20. Participating in the

program will be Reps. Mary Brown, Donald Gilmer and Paul Wartner and Sens. Harmon Cropsey and Jack Welborn.

"Bronco Football '88," a program produced by media services for Kalamazoo Community Access Television, will air during the week of May 8. The program, featuring exciting plays and games from WMU's Mid-American Conference championship football season, will air on Channel 30 at: 8 p.m. Monday, May 8; 6 p.m. Tuesday, May 9; 6 p.m. Thursday, May 11; and 8 p.m. Friday, May 12.

"WMU Forum," a program produced by media services for Kalamazoo Community Access Television, will air at 8 p.m. Friday, May 5, on Channel 32. Host Ronald C. Kramer, sociology, will discuss the art of writing with WMU author Stuart J. Dybek, English. The program will be repeated at: 9 p.m. Sunday, May 7, on Channel 30; 8:30 p.m. Tuesday, May 9, on Channel 32; and 8 p.m. Friday, May 12, on Channel 32.

Calendar

MAY

Thursday/4

(thru 7) 24th International Medieval Congress, Goldsworth Valley III residence halls and the Fetzer Center, all day.
(thru 6) Sports training camp for the visually impaired, Gary Center and Kanley Track, all day.
(and 5) Exhibition of paintings, "J Series, Landscapes and Fantasy Birds," acrylic and pastel, and "Bird Series," hand colored lithographs, by Susan Rumsey, 1240 Seibert Administration Building, 8 a.m.-noon and 1-5 p.m.
Staff training seminar, "Valuing Diversity (for supervisors and managers)," Red Rooms, Bernhard Center, 8:30 a.m.-noon.
(thru 6) Exhibition of paintings, Grazyna M. Wolska, WMU graduate student, Gallery II, Sangren Hall, 2-6 p.m.; closing reception, Saturday, May 6, 4-7 p.m.

Friday/5

(and 6) Baseball doubleheader, WMU vs. Kent State University, Hyames Field, 1 p.m.

Monday/8

Academic Computer Center mainframe workshop, "Introduction to the IBM 4341," 2202 Sangren Hall, 1-2:50 p.m. Advance registration required, call 7-5430.
Academic Computer Center microcomputer workshop, "Introduction to WordPerfect," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.
Writing workshop for the preparation of doctoral dissertations, specialist projects and master's theses, Graduate College conference room, Seibert Administration Building, 2 p.m.

Tuesday/9

Staff training seminar, "Performance Review," Ann E. Houser, human resources, 205 Bernhard Center, 8:30 a.m.-noon.
*Management and executive development seminar, "The Secretary as a Successful Manager," Karen G. Beam, president, Resource Development Co., Fetzer Center, 9 a.m.-4:30 p.m.
Employee Assistance Program seminar, "The Intervention," Red Rooms, Bernhard Center, noon.
Academic Computer Center microcomputer workshop, "Beginner's Introduction to Microcomputers," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.
Softball doubleheader, WMU vs. Central Michigan University, Ebert Field, 2 p.m.
Meeting, Budget and Finance Council of the Faculty Senate, Conference Room A or C, third floor, Seibert Administration Building, 3 p.m.

Wednesday/10

*Fifth annual computer symposium, "Information Integration," Fetzer Center, 8 a.m.-5 p.m.
Meeting, Human Subjects Institutional Review Board, Dean's Conference Room, College of Health and Human Services, Henry Hall, 8:30 a.m.
Clerical/Technical Organization meeting, Red Rooms A and B, Bernhard Center, noon-1 p.m.
Baseball doubleheader, WMU vs. the University of Detroit, Hyames Field, 1 p.m.
(and 12) Academic Computer Center microcomputer workshop, "Introduction to WordPerfect," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.

Thursday/11

(thru 13) Western Michigan Writers' Conference, Knauss and Brown halls, all day; public readings in 3750 Knauss Hall: by author Janet Kauffman, Friday, May 12, 8 p.m.; by poet Philip Levine, Saturday, May 13, 8 p.m.
(thru 13) 27th annual Michigan Youth Arts Festival, Miller Auditorium, Dalton Center and Shaw Theatre, all day.
Staff training seminar, "Performance Review," Ann E. Houser, human resources, 204 Bernhard Center, 8:30 a.m.-noon.
Academic Computer Center mainframe workshop, "Introduction to the VAXcluster," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.
Center for the Study of Ethics in Society panel discussion, "Habits of the Heart: Ethical Implications," 215-216 Bernhard Center, 3-5 p.m.
Public presentation by candidate for dean of the College of Health and Human Services, Janet Pisaneschi, program consultant, American Foundation for AIDS Research, 1010 Fetzer Center, 3:30 p.m.; reception following.
Meeting, Faculty Senate, Fetzer Center, 7 p.m.

Friday/12

Meeting, Executive Board of the Administrative Professional Association, Faculty Dining Room, Bernhard Center, 8:30 a.m.

Saturday/13

Martin Luther King Jr./Cesar Chavez/Rosa Parks College Visitation Program, Wood Hall, 8 a.m.-1 p.m.
Surplus auction, HOI Building, 10 a.m.

Monday/15

(and 17 and 19) Academic Computer Center mainframe workshop, "Getting Started with SPSS-X," 2202 Sangren Hall, 1-2:50 p.m. Advance registration required, call 7-5430.
Public presentation by candidate for dean of the College of Health and Human Services, Robert McLauchlin, interim dean, School of Education, Health and

Campaign *(Continued from page one)*

have every confidence that we will be -- Western Michigan University will be far better able to serve our region, our state and beyond, and to provide a quality education for our students."

Haenicke and Parfet explained that the campaign objectives are divided into four main categories: capital development, \$24.3 million; the University's Annual Fund, \$5.7 million (a six-year total); endowment funds, \$10 million; and priority projects, \$15 million.

The capital development projects identified are: a building to house the Haworth College of Business, \$7.7 million; Waldo Library expansion, \$4.3 million; Carl and Winifred Lee Honors College, \$1.3 million; Shaw Theatre addition, \$4 million; and additional capital projects, \$7 million. Haenicke stressed that the figures for the business and library facilities are not the total project costs; these figures only represent the amount of private sector support being sought.

Endowment funds include: scholarships and fellowships, \$4 million; endowed faculty chairs, \$4 million; and general endowment, \$2 million. Priority projects include: sponsored activities, \$6 million; Mike Gary Athletic Fund (six-year total), \$3.8 million; annual support of radio station WMUK-FM (six-year total), \$1.7 million; and academic and student programs, \$3.5 million.

The three largest gifts received in the University's history this past year are: a \$5 million family and corporate pledge from Haworth Inc. of Holland, Mich.; \$2 million from the Upjohn Co.; and \$2 million from the Irving S. Gilmore Foundation of Kalamazoo for an addition to Shaw Theatre.

The University's first capital campaign, "Partners in Progress," ended in 1983 with more than \$8.5 million, a total that was \$1.7 million above the campaign's \$6.8 million goal.

Human Services, Central Michigan University, 1010 Fetzer Center, 3:30 p.m.; reception following.

Tuesday/16

*Management and executive development seminar, "Time Management: A Productive Person's Key to Self-Management," Earl E. Halvas, business information systems, Fetzer Center, 8:30 a.m.-4:30 p.m.
Employee Assistance Program seminar, "Adult Children of Alcoholics," Red Rooms, Bernhard Center, noon.
Academic Computer Center mainframe workshop, "Introduction to EDT," 2202 Sangren Hall, 1-2:50 p.m. Advance registration required, call 7-5430.
(and 18) Academic Computer Center microcomputer workshop, "Introduction to dBASE III PLUS," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.

Wednesday/17

Teleconference, "Supplemental Instruction Programs," 210 Bernhard Center, 1-3 p.m.
Academic Computer Center microcomputer workshop, "Beginning MS-DOS," 352 Wood Hall, 2-3:50 p.m. Advance registration required, call 7-5430.
Public presentation by candidate for dean of the College of Health and Human Services, Fred Bess, director, Division of Hearing and Speech Sciences and Bill Wilkerson Hearing and Speech Center, Vanderbilt University School of Medicine, Red Rooms, Bernhard Center, 3:30 p.m.; reception following.

Thursday/18

*Management and executive development seminar, "Successfully Working with People," Ron G. Wells, Comprehensive Performance Systems, Fetzer Center, 8:30 a.m.-4:30 p.m.
Academic Computer Center mainframe workshop, "Introduction to VAS/VMS Mail and Electronic Conferencing," 2202 Sangren Hall, 1-2:50 p.m. Advance registration required, call 7-5430.
Center for the Study of Ethics in Society talk, "Moral Courage and the Engineer," Heinz Luegenbiehl, philosophy, Division of Humanities, Social and Life Sciences, Rose-Hulman Institute of Technology, Faculty Lounge, Bernhard Center, 3 p.m.

MOBILE MUNCHIES -- Those who want to enjoy the new landscaping at the Miller Auditorium plaza area during these sunny spring days can now conveniently enjoy a bite to eat at the same time. The University dining service has purchased a food cart that will be stationed in the area weekdays usually from 8:30 a.m. to 3:30 p.m., weather permitting. Here, Peg Corbin, left, dining service, sells an early morning danish and coffee to Joan E. Ashley, University facilities-maintenance services. In addition to breakfast items like those, there will be hotdogs, brats, chips and soft drinks available for lunch. The bright red cart, along with the yellow umbrella tables that have been set up in the area, are adding colorful touches to the plaza this spring.

Big Boy opens, cafeteria closes for renovations

Two projects slated for the Bernhard Center will give patrons more choices and more efficient service when it comes to eating.

The Board of Trustees April 21 approved a management agreement with Food Service Systems Inc. of Portage, which has opened a Big Boy restaurant in the Bronco Mall on the lower level of the center. In addition, the Board awarded a contract to Bekkering Construction of Kalamazoo to renovate the serving line for the public cafeteria on the first level of the center.

The new Big Boy represents a foray into fast food for a local Elias Brothers franchisee. Rather than the traditional full-service restaurant, the store is operating under the name "Big Boy Express" and is offering counter service.

The menu features such items as hamburgers, cheeseburgers, salads, chicken and desserts, as well as side orders like French fries and soups. In addition, the store offers breakfasts consisting of such items as eggs, rolls and hotcakes.

The restaurant, which opened May 1, joins two other eateries in the Bronco Mall: Little Caesar's Pizza Station and Baskin-Robbins Treats Dessert Shoppe.

The opening of the Big Boy Express

coincided with the temporary closing of the public cafeteria for renovations to both the serving line and the dining room.

The \$246,682 contract with Bekkering Construction for the serving line project was the low bid. In addition to renovating the serving line, workers will enlarge that area and install new equipment.

"The current serving line equipment for the public cafeteria in the Bernhard Center was installed as part of the original building project in 1962," said James T. Schaper, auxiliary enterprises. "New equipment and updated approaches to the design of cafeterias have dated the institutional orientation of our present serving line."

For example, he said customer demand has resulted in the cafeteria offering a salad bar. But because that piece of equipment won't fit in the current serving line, a portable salad bar must be located in the public seating area. Plans call for incorporating a salad bar into the new serving line.

The contract for the renovation of the dining room has not yet been awarded. The public cafeteria will re-open at the beginning of the fall semester.
