Bill Doolittle Resigns as Coach; Has 11-Year Mark of 58-49-2

Bill Doolittle, who has served as Western's head football coach for the last 11 seasons, Monday announced his decision to resign.

"I have come to this decision for the best interests of both myself and the University," commented Doolittle. "My family and I love WMU and the Kalamaoo area but our future plans are uncertain at this time.

"The University has asked me to consider other assignments on campus. I have had no pressure to arrive at this decision. I have deeply appreciated the loyalty of my players and the fine support given to our program by the people of Kalamaoo.

In that period, Doolittle piloted the Broncos to a record of 38-19-2 plus a share of the Mid-American Conference title in 1966. He was selected as that year's MAC "Coach of the Year" by the league media association.

He enjoyed seven winning seasons at WMU, including four in a row before the 1974 team finished with an overall 3-4 mark and an 0-6 league record. His MAC winning percentage is .234-52.

Thirty-one of Doolittle's griddrons earned All-MAC honors from 1964 through 1973 while another 25 were second unit selections. Among his former players are current active NFL performers Bob Rowe (Cardinals) and Bob Lurtsena (Vikings).

"I regret Bill Doolittle's decision at this time," remarked Athletic Director Dr. Joseph T. Hoy. "The Athletic Department would like to express its sincere appreciation for the 11 years of professional and (Continued on Page 4)

Campus Exceeds '73 United Way

The 1974 WMU United Way campaign has reached a grand total of $46,111.94, exceeding the $46,426.03 collected last year. A total 1,236 individuals contributed by way of direct gifts or payroll deductions to reach this new high.

Contributions which have not yet been returned will undoubtedly push this figure higher and individuals who have not yet forwarded their contributions are urged to do so, said campus co-chairmen Tom Coyne and Norm Russell.

The campaign will not achieve its hoped for goal of $50,000; nonetheless, it does represent significant University support of the Kalamaoo community United Way effort, they said. University participation in the United Way drive has long been highly regarded by United Way officials.

Although the Kalamaoo drive on the whole fell some four percent short of its goal, United Way officials were pleased with the total funds collected in view of the nation's economic situation. The willingness of University personnel to support this campaign is yet another indication of the positive relations that do exist between town and gown in Kalamaoo, they said.

Annual Fund Needs Unified Campus Effort

Between now and the end of the year, all faculty and staff will be asked to contribute to the University's Annual Fund for 1974, according to Larry Koenes, director of the Annual Fund.

"In our quest for raising philanthropic support for Western, it becomes essential that we present a united effort to outside sources," Koenes said. In 1973, over 180 faculty/staff members donated $9,066 in support of such projects.

The Annual Fund set a new record for the seventh consecutive year in 1973, as over 7,000 individuals donated $783,000 to Western's yearly campaign—$195,000 more than in 1972. This year, for the eighth straight year, fund raising—over $810,000, exceeded, with a month and a half to go.

Koenes notes that donations are tax deductible in a unique way, which will be explained in a forthcoming brochure.

"The Development Office would like to raise as much support for the University as possible," Koenes said. "As the supply of funds from the State becomes more restrictive, it becomes imperative that we seek support from outside sources. By presenting a united effort, we can say that this support is from the academic community, Western's faculty/staff contribute toward their own academic expenses."

Questions can be answered by contacting the Annual Fund Office at 282-1864.

To Discuss Army Opportunities Dec. 3

Brig. Gen. Oliver W. Dillard, assistant division commander for maneuver, U.S. Army 2nd Armored Division, Fort Hood, Tex., will present a free public lecture at 8 p.m. Thursday, Dec. 3, here in 3270 Knauss Hall.

His topic will be "The United States Army as an Opportunity Employer." Earlier that day, he will tour Western's Black America Faculty, the Pera School and Douglas Community Association, and meet with women leaders and WMU's Army ROTC cadets and minority students.

"Pippin" Here Monday

The popular musical, "Pippin," will be presented at 8 p.m. Monday, Nov. 25, here in Miller Auditorium. Tickets are still available for this special Patron's Choice series presentation.

Bernhard Cites ‘Chief Concerns’ in 75-76 Appropriations Base Budget Request Letter

WMU President John T. Bernhard cites “chief concerns” of the impact of a $1,250,000 reduction in its appropriations base due to the 1975-76 budget request. He points out that the current funding inequities will have detrimental effect on program quality that this inequity will have on student enrollments, although we rank third from the bottom.

Dr. Bernhard cites the needs for: compensation adjustments, supply and equipment allocations, new programs and inequities in funding levels arising out of the current economic situation. These are concerns he discussed at length, here at Western Michigan University in our 1973/74 Budget Request, attempted to trace the Instructional Unit Cost Study, and he/HQ. of WMU in the Kalamazoo Ernst & Ernst office, as Dr. Darrell G. Jones (second from left), dean of the WMU College of Business, and Dr. John T. Burke, provost, on Jan. 15, 1975.

ACCOUNTANCY GIFT.—Ernst & Ernst, national certified public accountant firm, has given $1,000 to Western Michigan University for professional development and scholarship. WMU President John T. Bernhard writes in his letter and the Memorandum of October 1, 1974.

Fact: Given final decisions by Dec. 20, and deliver the budget to the Legislature on Jan. 15, 1975.

Accounting: We are confident that the reduction is known, and therefore, we would prefer not to discuss this matter with the reduction.

Equity: As you know, our history has been one of arguing our case on the basis of the magnitude of the reduction in current funding levels between institutions. We are confident that the above is intended to point out to you our chief concerns with regard to our current allocation base in view of current program levels. If it becomes necessary for base reductions to occur, then we will, given the magnitude of the reduction curtailed faculty and staff. We believe that the current situation will continue with the possibility of a slight downward drift for the decade of the 70’s. Our expectations are buttressed by two given: 1) our relative class sizes are now stable, 2) the breadth of our academic program is allowing students to select from a variety of disciplines, thereby creating greater diversity in our enrollments by major.

Supply and Equipment Allocations. As we indicate in our Program Revisions Request, supply and equipment funding for our instructional programs by any conceivable measurement is too low. We have, in both 1973/74 and the 1975/76 Budget Request, attempted to trace the Instructional Unit Cost Study. The above is intended to point out to you our chief concerns with regard to our current allocation base in view of current program levels. If it becomes necessary for base reductions to occur, then we will, given the magnitude of the reduction curtailed faculty and staff.

We believe that institutional Target Budgets should be variable, and established to correct current funding inequities.

We wish to make crystal clear the problem expressed above with our supply and equipment budgets. Since supply and equipment budgets are already significantly below funding levels, we will, given the magnitude of the reduction currently being considered, to terminate faculty and staff.

We prefer, in fact urgently need, sufficient flexibility to allow reductions to occur in areas which will best protect the integrity of our current academic programs (and their support). In essence, we would prefer not to be required to operate within the rigid constraints of a “line-item” reduction. We will, however, adjust our program funding after the magnitude of the reduction becomes known.

Any reductions that might have to occur will be made with the goal of minimizing the effect on student enrollments, although in our current situation there is no way we can make these decisions to us that will not have some impact on enrollments.

I hope that the above discussion will be of assistance to you in your deliberations on this most difficult situation we face, to your staff and your administration. Please feel free to contact me if I can be of further assistance to you.

Very truly yours, /s/ John T. Bernhard

Issue Interim Rights, Privacy Policy Statement

A section of recent federal legislation entitled the “Family Education Rights and Privacy Act of 1974” was effective as of Nov. 19.

In accord with the requirements of that legislation, the University has already submitted for the advice of legal counsel. In addition, the U.S. Office of Education is charged by the Act with establishing guidelines for the implementation of the statute, which it has not yet done.

Consequently, as an interim policy, any student who wishes to examine a record or file directly related to him/herself may do so by writing a written request to the appropriate authority (e.g., a department chairman or head of an office), specifying what information they would like to see. The request should be dated, and should contain a name, address, and phone number, so that the individual may be notified as soon as the University can make a considered and consistent response to the request. By the terms of the law, a response is required within 45 days.

Unless we have a new policy or the required guidelines from the Office of Education, current practices in the various University offices will be followed, said Denenberg.

Arena Theatre To Stage 'HIM'

The University Theatre will present its last production of the fall term—the intriguing stage entertainment "HIM" by one of the world's most accomplished playwrights. An 8 p.m. Dec. 4 in the Arena of Shaw Theatre.

According to director Russell J. Grandstaff of the theatre faculty, "with the play 'HIM," e. e. cummings, the celebrated poet, portrayed the 'mundane sphere' as it looked in the 1920s. Him and Me are husband and wife. The story of 'HIM' occurs in the brain of Me who lies on an operating table. 'It traces the relations of two people to one another; the artist who sees himself as three persons, the man, the artist, and the failure; the girl who loves him and is forever loveloher in her efforts at understanding him; the doctor who goes in and out of the incidents in one personage and mother; and, the weird sisters who chatter.' This imaginative play covers an entire kaleidoscope of character images, inclusive of shapes, figures, fairies, inner man, a commissary buyer, a barber, Mussolini and many others.

Designing the Arena Theatre stage-setting is Daniel J. Fleischhacker, with David Karsten serving as technical director.

Western Hosts Regional Women's Volleyball Tourney Fri., Sat.

Western's varsity women's volleyball team, coached by Ruth Ann Meyer, has qualified as one of five at-large competitors in the 1974 regional volleyball championships for the Midwest Association for Intercollegiate Athletics for Women. To be held here at Gary Center Friday and Saturday, Nov. 22-23.

Western was awarded the position on the basis of the team's 11-15 season record prior to the regional tournament at Grand Valley Colleges Nov. 15 and 16. Western lost in single elimination play at the state meet.

In the regional championship tournament, 16 teams from six states will compete in pool play, followed by the top eight teams going to single elimination play off to determine two qualifying teams for the National Association Championship.

Duits To Run in NCAA Finals

Fresenius' Tom Duits of Hastings will represent WMU at the 1974 NCAA cross country championship next Monday at Bloomington, Ind.

Duits earned the right to compete in this meet by finishing 21st at the District qualifying meet last weekend at the University of Wisconsin. Earlier this fall, he ran at the Indiana University course for the Central Collegiate Conference meet and placed 12th. He improved that position by three places at the Mid-American Conference meet.

McCully, McLean Lead Bronco Swimmers

A pair of school record holders, Kevin McCully and Dan McLean, have been elected to co-captain Western's 1975 swimming team.

McCully, a senior from Kalamazoo, holds the marks for the 50 and 100-yard individual medleys with respective times of 2:02.28 and 2:43.31. He also co-captained coach Dave Digs' 1974 tank squad.

Farmington senior McLean highlighted his junior year of activity with varsity records in both the 100 (54.34) and 200 (2:01.90) battery events.

Faculty, Staff Must Re-register Vehicles

Western's Department of Public Safety has announced that re-registration of faculty and staff vehicles will be conducted at several campus locations from Dec. 2-17, 1974.

All faculty and staff must re-register their vehicles by Jan. 3, 1975, when tickets will be issued to all cars with old faculty/staff stickers.

At the time of registration, a list of the locations or times listed below, the vehicle registration and faculty/staff identification is required. The new registration sticker must be placed in the lower right hand corner of the windshield.

Soccer Hits High Win

Mark; Aleksov Stars

Western's soccer team finished its 1974 season on a high note, the first winning campaign since the sport achieved varsity status in 1971.

Forward Kristo Aleksov of Jackson also established new school individual season records for goals with 11 and total points with 12. Aleksov also tied the old mark of nine goals and ten points during 1972 season.

Two Faculty Contribute

To New Encyclopedia

The new 15th edition of the Encyclopedia Britannica includes articles written by two WMU faculty members.

David A. Ede, assistant professor of history, wrote the biography of the early Muslim leader al-Hassan al-Basri. The husband and wife team of Margaret J. Goodnight and Marie Goodnight are the co-authors of the article on spiders and their web. Margaret Goodnight is the chairman of the WMU biology department.

They are among the 48 contributors who have contributed to completely restructured Encyclopedia Britannica. The original three-volume edition was introduced 206 years ago.
