

## Campus Briefs

The doctoral examination of Linda H. Goldsmith for the degree of Doctor of Education will be held at 1:30 p.m. Friday, March 14, in the evaluation center conference room, Bigelow Hall Complex. Her topic will be: "The Effect of Feedback and Remediation Treatment on Student Ratings of Instructors." All interested persons are invited to attend.

The Student Employment Referral Service located in the Student Services Building, keeps student applications on file for a two week period. If the student has not found employment after two weeks, he may come in and fill out a renewal slip—renewing the application for two more weeks. An application may be renewed for as long as it takes a student to find employment.

The Counseling Center in Western's Student Services Building is open from 8 a.m. to 5 p.m. Mondays, Tuesdays, Wednesdays and Fridays and 8 a.m. to 9 p.m. on Thursdays.

## Revise Library Operation Hours

The WMU libraries have announced adjusted schedules of operation for the winter semester break, March 1-10.

Open from 10 a.m.-5 p.m. Saturday, March 1, and closed Sunday, March 2, will be: Waldo Library, the Educational Resources Center, the Business Library, the Physical Sciences Library, and the School of Librarianship Library. The Music Library will be closed both days.

All libraries will be open from 8 a.m.-5 p.m. Monday-Friday, March 3-7, and closed Saturday and Sunday, March 8 and 9. Regular hours will be resumed Monday, March 10.

## Student Center Sets Recess Hours

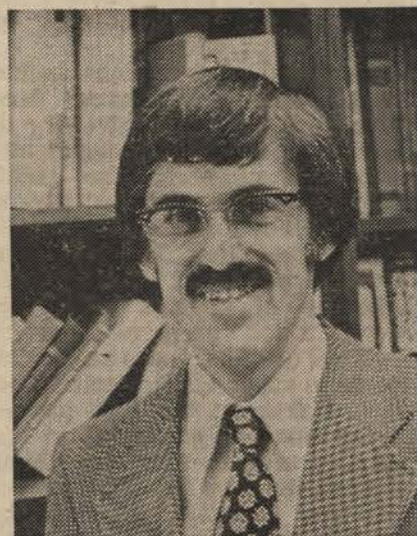

The WMU Student Center, the Walwood Union Snack Bar and the Goldsworth Valley #1 Snack Bar will operate under a revised schedule during the winter semester break, March 1-10.

The Student Center will close at 6:30 p.m. Friday, Feb. 28, reopening from 11 a.m.-2:30 p.m. Sunday, March 2, with the cafeteria open from 11:30 a.m.-2 p.m. The building will be open from 7:30 a.m.-5 p.m. Monday-Friday, March 3-7, with all areas closed except the following: cafeteria, open from 9-11 a.m. for coffee and rolls, and 11:45 a.m.-1 p.m. for lunch; barber shop, 8:30 a.m.-4:15 p.m.; bookstore, 8 a.m.-5 p.m. The building will be closed Saturday, March 8, and will open Sunday, March 9 at 11 a.m.

The Walwood Union Snack Bar closes at 2 p.m. Friday, Feb. 28, and will re-open Monday, March 10 at 7 a.m. Goldsworth Valley #1 Snack Bar closes Thursday, Feb. 27 at 12-midnight, and will re-open Sunday, March 9 at 3 p.m.

James S. Casey

Donald J. Brown

## Casey, Brown Head Senate

Results of this week's Faculty Senate election have been announced here at Western.

New officers are: Dr. James S. Casey, associate professor of general business (law area), president; and Dr. Donald J. Brown, associate professor of chemistry, vice president. They will succeed Dr. Laurel A. Grotzinger and Dr. George G. Lowry, respectively. Their one-year terms begin April 17.

Elected to 3-year terms as at-large representatives were: Lowry, an as-

sociate professor of chemistry; Dr. Claude S. Phillips, Jr., professor of political science; and Dr. James H. Powell, professor and associate chairman of mathematics.

Total number of votes cast was 589.

In a special election in the music department, Dr. David A. Sheldon, associate professor, was elected to replace Dr. Robert R. Fink, professor and chairman of the department. Fink is going on sabbatical leave; his Senate term expires in 1977.

## Arthur Fiedler To Conduct Boston Pops Here March 18

An evening of pops music will be presented when Miller Auditorium brings world renowned conductor Arthur Fiedler and The Boston Pops to Kalamazoo for one performance only at 8 p.m. Tuesday, March 18.

Known as "Mr. Music" to millions, in his hometown of Boston, Fiedler is almost an institution. Born in Boston's back bay section in 1894, he inherited a rich family background of European musical culture, mainly from his father, who was first violinist with The Boston Symphony Orchestra.

Upon his father's retirement after 25 years with The Boston Symphony, the family returned to their native Austria. In Vienna and later in Berlin, teen-aged Arthur Fiedler tried to cut a niche for himself in the publishing business before he entered The Royal Academy of Music in Berlin as a student of violin, piano and conducting.

With the advent of World War I, Fiedler returned to Boston in 1915 at the age of 20 and joined The Boston Symphony Orchestra. His ambition to conduct, led him to form—nine years later—The Boston Sinfonietta, a chamber orchestra composed of Boston Symphony members. In 1929, Fiedler launched the first of the now famous free outdoor concerts given each summer in the natural setting on the east bank of the Charles River at the foot of Boston's famed Beacon Hill.

In 1959, Fiedler was appointed

the 18th conductor of The Boston Pops concerts, a feature of Boston's musical life since 1885. Asked for the key to his success with The Pops, Fiedler gives this recipe, "A Strauss waltz is as good a thing of its kind as a Beethoven symphony. It's nice to eat a chunk of beef, but you want a slice of light dessert, too."

Tickets for the March 18 concert are \$7.50, \$6.00 and \$5.00. However, due to a special two week advance sale to Auditorium series patrons, only \$5.00 tickets remain. Reservations may be obtained by contacting the Auditorium ticket office.

## Collective Bargaining Election Ends Today

Voting continues today among teaching faculty to determine whether they want Western's chapter to the American Association of University Professors to represent them for collective bargaining purposes.

The only poll on campus is open from 10 a.m. to 3 p.m. in 2305 Sangren Hall.

## Piano Concert Tonight

Tickets are still available for tonight's International Concert series presentation by pianist Lorin Hollander at 8 o'clock in Miller Auditorium.

## Close Gabel Swimming Pool

Due to recent equipment failures in similar pools elsewhere, Western's Gabel Natatorium has been closed to avoid the possibility of personal injury to swimmers and serious damage to mechanical equipment in the Student Recreation Building.

Dr. Myron L. Coulter, WMU vice president for administration, explained that two tempered glass underwater pool windows recently have broken in pool installations in the state of New York. The new WMU facility has the same kind of underwater observation window.

Coulter indicated that the construction company and window manufacturer had informed the University of the New York equipment failures. He immediately directed that the water level in the pool be lowered to a level below the window until it can be re-examined and tested.

## Music, Theatre To Stage Opera

The department of music and the University Theatre have announced their joint production of an award-winning contemporary opera by Francis Poulenc, "Dialogues of the Carmelites," at 8 p.m. Thursday through Saturday, March 20-22, in Shaw Theatre.

Named the "Best Opera" of 1957-58 by the New York Music Critics' Circle, "Dialogues of the Carmelites" will be sung in English. It is an adaptation of a play by French writer Georges Bernanos. It unfolds the powerful and touching story of a group of Carmelite nuns during the terror of the French Revolution.

Tickets are \$3.00; mail orders will be accepted beginning Monday, March 3. The Shaw Theatre box office will open for reservations and walk-in sales on Monday, March 10.

## Set International '75-76 Concerts

Miller Auditorium officials have announced the programs for the 1975-76 International Concerts season.

The series, sponsored by Western's College of Fine Arts and the cultural events committee, includes: The Los Angeles Philharmonic, with Zubin Metha conducting; classical guitarist Christopher Parkening; The Hague Philharmonic, Jean Martinon conducting; the Polish song and dance company, Mazowsze; and The National Ballet of Canada.

The two-week renewal period has been set aside for 1974-75 series patrons beginning March 10, as well as a two-week University campaign prior to the opening of sales to new patrons on Sunday, April 6.

With more than half of Miller Auditorium's 3,500 seats sold out on a series basis for the 1974-75 season, College of Fine Arts officials anticipate an even greater response to the International Concerts '75-76 season.

# '74 Annual Fund, Deferred Gifts To Western Almost \$2 Million

Western's Annual Fund campaign and planned deferred gifts totaled almost \$2 million during 1974, according to a report given to the WMU Board of Trustees last Friday.

Brief reports were made by Frank Bentz, director of alumni affairs and development; Fred Hansen, alumni director; Timothy Reilley, planned giving consultant; and Larry Koenes, director of the Annual Fund.

Koenes announced that the Annual Fund campaign netted total 1974 contributions of \$948,000, topping its goal by \$118,000 and setting a record for the ninth consecutive year.

Reilley reported that planned deferred gifts totaled \$1,045,000 during 1974. Bentz pointed out that WMU is the first Mid-American Conference institution to have a planned giving service and pooled income fund.

Koenes told the Board that the 1974 campaign, through which alumni, faculty, staff, parents, businesses and foundations offer financial support to the University,

exceeded the 1973 fund drive by \$170,000.

"The goal for 1975 is \$1 million," Koenes said. "If we achieve that goal, 1975 will be Western's first million dollar year."

The total contributions include \$903,000 in undesignated funds which are used by University departments and for scholarships, loans and research. The Annual Fund Office has processed over \$4 million since its inception in 1966.

Bentz said other "firsts" achieved by these offices in 1974 were: the initiation of planned giving services, which prepares quarterly mailings on wills, trusts and endowments to about 4,000 selected alumni and friends; the first planned giving seminar, conducted in conjunction with the American National Bank for over 550 Southwestern Michigan attorneys; the first University feasibility study to assess the University's role in raising funds; a complete reorganization of the records system in the Alumni Office to better serve the University; and a special seminar for emeriti faculty and staff.

The Trustees were also informed of the receipt of \$358,746 in gifts and grants in January.

Vice President for Finance Robert B. Wetnight told the Board the total includes \$115,493 for instruction; \$1,300 for research; \$136,590 for student financial aid; \$38,585 for public service; and \$66,778 in other gifts.

## Co-Author Article On Theophrastus

Two WMU faculty members are co-authors of an article published in the current issue of the American Meteorological Society Bulletin.

Dr. Victor Coutant, professor of German and classics, and Dr. Val Eichenlaub, associate professor of geography, have summarized the contributions to meteorology by the Greek philosopher Theophrastus (circa 372-287 B.C.). Entitled "The 'De Ventis' of Theophrastus: Its Contributions to the Theory of Winds," it is the result of research done for a new English translation of the philosopher's study "De Ventis" (On Winds).

In preparing the translation to be published by the University of Notre Dame Press in the spring, Coutant and Eichenlaub found that Theophrastus made a number of significant and innovative contributions to meteorological thought. Previously, because of his close association with Aristotle, much of the early scientist's work has been overlooked, they point out.

## Contribute Article To Physics Journal

Several faculty and staff members of Western's physics department are co-authors of an article in the February issue of "The Physics Teacher."

Entitled "Modernizing a Lecture Table Meter," it was written by Dr. Haym Kruglak, professor; William Merrow, laboratory technician; Darwyn Parrish, electronics technician; and Keith Mickle, a former technician in the department.

## Cadet Captures Running Award

A Gobles sophomore, Michael J. Evans, is the first ROTC student to qualify for the 100 Mile Run for Your Life award here at WMU.

Run for Your Life is an Army-sponsored physical fitness campaign to build and maintain stamina by running. Evans is the first to accumulate a total of 100 miles since the program began at the end of last semester. A total of 16 students and three ROTC instructors are currently participating.

## Sellin, Gallery Co-Author Special Education Article

Dr. Donald Sellin, professor of special education, is co-author of "Pointers for Teachers as Counselors of the Moderately and Severely Mentally Retarded" in the current issue of Education and Training of the Mentally Retarded.

It was written with Michael Gallery, a recent WMU graduate who is now employed by the Watervliet schools as teacher consultant for mentally retarded.

## Students, Faculty Win Art Awards

Western art students and faculty are among the award winners in the Kalamazoo Area Art Show this month at the Kalamazoo Art Center.

Joe Deluca, associate professor, received a \$100 prize for his sculpture "Iron Maiden II," and Suzanne Moatz, instructor, was given a \$50 award for her sculpture "Looking Towards the End of the Chronology."

Graduate students who were honored for their sculptures are Barbara Morley, Battle Creek, \$125 for an untitled bronze and Roger Loeffler, Kalamazoo, a \$100 prize for "Yoke and Ring."

More than 170 artists submitted works in the 1975 competition.

## River Journey Program March 12

Dr. Arnold G. Nelson, WMU professor of English, will present a free public illustrated lecture, entitled "River Journey," from noon to 1 p.m. Wednesday, March 12, in 3324 Brown Hall here on the WMU campus.

He will show slides and movies of his trip down the Colorado River through the Grand Canyon. The 10-day, 225-mile trip was arranged through the Wilderness Society. About 25 persons made the trip on rubber rafts last summer.

The program is being sponsored by the English department's committee on instructional development.

## Set Math Colloquium

Dr. Doyle Stewart, bio-statistician at the Upjohn Co., Kalamazoo, will speak at Western Michigan University's mathematics colloquium at 4 p.m., March 13, in the Math Commons Room, Everett Tower.

His topic will be "Simple Adjustments to Analyze Unequally Replicated Rows of Latin Squares." Refreshments will be served at 3:30 p.m. The colloquium is open to all interested persons.

## Publish Adams' Essay

Dr. Phillip Adams, humanities area chairman in the College of General Studies, is the author of an essay entitled "Humanities and the Arts" which will become a chapter in a new textbook.

The book, "Probes and Projection," will be published this spring by the Center for Humanities at Converse College, Spartanburg, S.C.

## No 'News' Next Week

Due to the winter semester recess next week, the next issue of the Western News will be distributed Thursday, March 13.

## Show WMU Ceramics

WMU is represented in the invitational ceramics exhibition for students being held this month at Eastern Michigan University.

Works by graduate students Barry Cranmer and Albert Caniff, both of Kalamazoo, and Craig Henry, a senior from Jackson, appear in the show which ends today.

## Post 3-5 Debate Mark

Western's debate team had three wins and five losses in the annual Michigan Intercollegiate Speech Association's general tournament held last weekend at Kellogg Community College.

## Appoint Home Ec. Chairman, Risk Management, Investments Director

Appointments of a new home economics department chairman and a director of investments and risk management at WMU were approved last Friday by the University's Board of Trustees.

Dr. Sue S. Coates, chairman of the business and retailing department at Stephens College, Columbia, Mo., was named professor and chairman of the home economics department, effective Aug. 1. She will replace Isabelle L. Smith who will return to her full-time teaching assignment in home economics.

Larry R. Koenes, director of Western's Annual Fund, was appointed director of investments and risk management, effective Feb. 24. He is replacing Donald T. McNally, who had the title of administrative assistant to Robert B. Wetnight, vice president for finance. McNally is now the director of the University Health Center.

Wetnight explained that Koenes' new title better describes the duties of his assistant; they include managing the University's short-term investment portfolio, pooled income fund, trusts and endowments; acting as service liaison with brokerage houses, investment organizations and the Internal Revenue Service; and administering the University's self-insured workmen's compensation and casualty insurance programs.

In other action, the Board approved the appointments of Dr. Robert F. Hopkins, associate dean of students and director of the

Counseling Center at the University of Toledo, as professor of counseling and personnel, effective Dec. 16, 1974; and Dr. Jean Leclercq, professor at Gregorian University and St. Anselm's University, Rome, as an adjunct professor of medieval studies, effective July 1, 1975.

Dr. Mary Ann Bunda was appointed associate professor of educational leadership, effective Jan. 6; and Dr. Mary E. Hawthorne was named interim director of the Physicians' Assistant Program for the period Jan. 6-May 6.

The Board also authorized leaves of absence without pay for David P. Hanson, assistant professor of political science, and Steven K. Hesla, instructor of music.

## Purchase Land To Widen Avenue

The purchase of a strip of land 935 feet long and 20 feet wide, located across from the WMU Elmwood Apartments, between Western Avenue and the Penn Central railroad, was authorized last Friday by the WMU Board of Trustees.

They approved the purchase of the land, which is located approximately between Arcadia and Shaw Drives, from Penn Central Transportation Company for \$10,285.

"This land acquisition will allow us to widen Western Avenue in order to provide parking on the apartment side of the street," Dr. Myron L. Coulter, vice president for administration, told the Board. "We plan to construct an island to separate the street from parking, which will preclude the need for people to cross the street to get to their cars."

"Western Avenue will remain a two-lane street, but this action will assure greater safety for pedestrians and Elmwood residents, and the widened roadway will provide better traffic movement," he continued.

Coulter anticipates construction will begin in the early spring.

## The Western News

The Western News is published by the Office of University Information each Thursday when classes are in session during fall and winter semesters. Created to disseminate news to the entire University community, distribution is by mail to faculty, staff and emeriti, and students may pick up copies at several on-campus locations. Items should be submitted by noon Monday for publication. University Information office hours: 8 a.m.-5 p.m., Monday-Friday. Telephone: 383-0981. Martin R. (Joe) Gagle, Director; Patricia M. Coyle, Associate Director.

## Propose Residence Hall Policy Change, \$1 Credit Hour Increase

WMU trustees have taken under advisement a plan that would eliminate the regulation requiring freshmen and sophomores to live on campus and establish an Auxiliary Fund Reserve to protect the integrity of its bond payments.

If adopted, the plan would call for an increase of \$1 per credit hour in Western's tuition rate; the current cost is \$20 per credit hour, said Robert B. Wetnight, WMU vice president for finance.

The University would then allocate from tuition a facility fee of \$3 per credit hour to be credited to the Auxiliary Fund, he explained. Western's current facility debt service is \$2.22 per credit hour; the 78 cents per credit hour would be held in reserve as a variable residence hall debt service fund in case the level of occupancy in University residence halls falls below the required minimum to meet bond payments.

The Board is expected to act on the proposal at its March 21 meeting.

Tom Coyne, WMU vice president for student services, indicated that the plan has been reviewed by legal counsel, legislative leaders, state auditors and Western's Associated Student Government leadership.

Coyne noted that the issue of parietal rules (requirements that students must live in residence halls) has been the subject of a number of court actions in recent years. These suits have resulted in a developing body of case law, said Wetnight, who also pointed out that there is a trend towards eliminating such requirements. He said that 47 per cent of the public institutions in the nation no longer have such requirements. This is up from 40 per cent two years ago and will likely continue to increase, he added.

Western currently requires all students of freshman and sophomore class standing to reside on-campus. Exceptions are: part-time students (those carrying less than six hours); married students living with the spouses; veterans; and students living at home with their parents.

WMU's current residence hall occupancy rate is 98 per cent or 6,983 students, Coyne reported. That's up from 94 per cent a year

ago. The rate was 101 per cent in 1970. There are 20 residence halls on campus.

Wetnight explained that the University is currently funding, as an expense of the General Fund, from student fees the following annual debt service: Student Services Building, \$166,600; Health Center, \$123,700; Auditorium, \$522,800; and athletic facilities and the balance on the University Student Center, \$465,200—for a grand total of \$1,278,300. That amounts to \$2.22 per credit hour, he observed.

Coyne observed, "The parietal rule had been imposed for the dual purpose of providing the educational experience of dormitory living for students as well as to insure the fiscal integrity of the University in meeting its bond obligations. However, I believe that the educational experience might better be achieved if students voluntarily lived in the residence halls, rather than being forced."

Grand Rapids Trustee Dr. Julius Franks, Jr., cautioned that such a plan would be taxation for all WMU students—continuing education, graduate, undergraduate, full-time and part-time students. He asked that the unused reserve funds be used to retire the indebtedness on the buildings. Wetnight responded by pointing out that, because of the very low interest rates on the bonds, perhaps it would be wiser to use the reserves for other operations.

Mrs. Maury E. Parfet, Hickory Corners trustee, praised the ASG leadership for their cooperation and contributions to the proposal.

## Name Streets; Honor Faculty

Four former WMU women faculty members were honored last Friday by Western's Board of Trustees when they approved the recommended names for five new campus streets.

The streets, located in the vicinity of the new Student Recreation Building, were designated by the Board as Recreation Drive, Crane Lane, Hussey Drive, Worner Drive and Roell Road, marking the first time campus streets have been named after women faculty members.

The Campus Planning Council submitted the proposal to name the streets in honor of Isabel Crane, Doris Hussey, Dr. Candace Roell and the late Crystal Worner to pay tribute to these former faculty members "who made such a strong contribution to the Women's Physical Education program at Western," according to Dr. Myron L. Coulter, vice president for administration.

Crane retired as an emeritus assistant professor of counseling in 1960 after 37 years on the WMU faculty. Hussey joined Western's faculty as an assistant professor of physical education in 1918 after she earned her bachelor's degree here; she retired in 1961 with emeritus status.

Roell joined Western's faculty in 1956; taught for 17 years, she succeeded Miss Worner as head of the department of physical education for women, a position she held until 1967, when she returned to full-time teaching duties. She retired as an emeritus professor in 1973. The late Miss Worner, who died in 1968, joined Western's faculty in 1921 and was head of the PEW Department from 1927-59, when she retired with emeritus status.

## Honor Retiring WMU Trustee

Retiring WMU Trustee Philip N. Watterson of Cascade, Mich., was cited last Friday for his "dedicated and exemplary service to the citizens of Michigan and the students, faculty and staff of the University."

The Board also recognized him for "his leadership skills in the promotion and advancement of higher education" and for his valuable service to WMU through his national participation in the Association of Governing Boards and as the University's representative on the Michigan Association of State College and University Governing Boards and advisory councils to the State Board of Education.

Watterson served as a member of Western's governing board since its inception in 1964. His term expired Dec. 31, 1974.

In a special resolution, the Board conferred upon him the title of trustee emeritus, with all the rights and privileges appertaining thereto.

## Publish Ross Article

Dr. Myron H. Ross, WMU professor of economics, has written an article which appears in the January issue of *The Industrial and Labor Relations Review*.

Entitled "Student Choice of Undergraduate Major Field of Study and Private Rates of Return," the study is based on enrollment data for 1970-71 at WMU. Ross concludes that "there is no association between rates of return (quality of jobs) and changes in undergraduate major (shifting from one field of study to another) at the University."

## Campus Energy Conservation Measures Save Equivalent of \$623,776, But . . .

In one year, Western has reduced steam consumption by 14.4 per cent and electricity by 14.1 per cent.

That represents a combined savings of \$623,776 at today's coal prices, according to a report given to the University's Board of Trustees last Friday by Robert B. Wetnight, vice president for finance.

However, during that same period of time, the University's reduced steam and electricity needs still cost \$574,132 more than what was expended the preceding year when more energy was used, he noted.

Wetnight stressed that the significant cut in consumption "would not have been possible without the cooperation and understanding of the entire University community." He cited the continued efforts of the University's energy conservation committee, chaired by Robert H. Williams, director of the Physical Plant.

Heating energy conservation steps taken on campus include: reduce thermostats to 68 degrees; reduce thermostats to 55 degrees when area is not in use; turn off exhaust fan when building is not occupied; reduce fresh air intake; defer turning on air conditioners; and raise air conditioning levels to 75 degrees.

Electricity energy conservation campus measures include: reduction of use of air movement fans; reduction of lighting in corridors, offices and classrooms by approximately 50 per cent; and elimination of decorative outside lighting, but no alteration of outside lighting designed for safety purposes.

## Job Openings

Below is a listing of the position openings currently being posted by the University Personnel Department, for current University employees.

Regular full-time and regular part-time employees interested in applying for these positions should submit a Job Opportunity Program application form to the Personnel Department during the posting period.

**Secretary Executive II, H-08, Vice-President for Finance**—posted 2/20-2/26

**Assistant Professor, Continuing, Instructional, Marketing**—posted 2/26-3/4

**Assistant Professor, 1 year temp., Instructional, Marketing**—posted 2/26-3/4

**Instructor, 1 year, Instructional, Physical Educ., Women**—posted 2/26-3/4

**Consultant II, E-12, Pupil Transportation**—posted 2/21-2/27

**Secretary Senior, H-06, Mechanical Engineering**—posted 2/24-2/28

**Secretary I, H-04, Foreign Student Affairs**—posted 2/24-2/28

**Secretary II, H-05, Alumni Relations**—posted 2/26-3/4

**Clerk II, H-03, Residence Hall Facilities**—posted 2/28-3/6 (two positions)

**Secretary Senior, H-06, Physical Plant**—posted 2/26-3/4

**Clerk Typist, H-02, Residence Hall Housing**—posted 2/26-3/4

**Secretary, Executive I, H-07, University Information**—posted 2/27-3/5

## WMUK Highlights

102.1 FM  
February 27 - March 5

### THURSDAY

12 p.m.—"The Mid-day Report" with Tony Griffin: the latest news each weekday.

7:30 p.m.—"The Bookshelf" with readings by Garrard Macleod each weekday evening.

### FRIDAY

2 p.m.—"Music of the Masters"

4:30 p.m.—"News Capsule"

11 p.m.—"Crankcase." Three hours of rock and the New Jazz.

### SATURDAY

Noon—The Metropolitan Opera: Walkure (Wagner) live from New York.

5 p.m.—"Voices in the Wind"

### SUNDAY

10 a.m.—"Folk Festival USA": West Virginia, with John Prine & Roy Acuff.

2:30 p.m.—1974 Hitzacker Summer Music Festival (Chamber Festival)

6 p.m.—Library of Congress Chamber Music Concert: Beaux Arts Trio

8 p.m.—Studs Terkel: "Dolphins"

9 p.m.—The Boston Symphony Orchestra

### MONDAY

8 p.m.—"Perceptions." Consumer Protection

8:30 p.m.—"Women": On being a mother.

11:30 p.m.—"Earplay 75" (Radio Drama)

### TUESDAY

12:30 p.m.—Casper Citron (weekdays)

8 p.m.—The University Recitals

### WEDNESDAY

9:30 a.m.—"Children's Bookshelf," with Kristin Johnston each weekday.

## Central Cagers Here Saturday

Western's varsity men's basketball team will seek to avenge an earlier loss at 3 p.m. Saturday when they square off against high-scoring Central Michigan here in Read Fieldhouse.

It will be the last scheduled home game this season for Coach Eldon Miller's squad. The Broncos entertained Northern Illinois last night and will play March 8 at Toledo.

Central leads the Mid-American Conference in scoring with an 85.8 per game average and the Chippewas recently trampled Ohio, 117-88. That is the second highest single game point total ever registered in the league; Western hit 118 in a 1954-55 contest with Kent State.

The Bronco and Chippewas junior varsity teams will play the 12:45 preliminary game Saturday.

At Kent State last Saturday, WMU brought itself back into the MAC picture with a solid 77-53 win. Bowling Green and Toledo share the top spot at 8-4, with Saturday home opponent Central Michigan next at 7-4 and the Broncos and Miami both at 7-5. That win also gave Western a 14-9 overall mark and assured the school its first winning cage season since 1970-71.

## Hockey Broncos Host St. Louis

Regular season activity for Western's ice hockey team concludes Friday and Saturday evenings in Lawson Arena with 7:30 faceoffs against St. Louis University.

The visiting Billikens were rated No. 9 nationally last week according to a poll conducted by Radio Station WMPL-Hancock and then suffered losses at Bowling Green, 4-3 in overtime, and 5-4. St. Louis is currently 22-13-1 and has wrapped up championship honors for Division I of the Central Collegiate Hockey Association (CCHA).

The Broncos, now 19-5 overall after 8-4 and 6-2 setbacks at Lake Superior State, were rated No. 11 in the country a week ago according to Station KBIL in St. Louis. The weekend series will provide a preview of the CCHA Tournament in which the same two teams will face each other in opening round play.

"St. Louis will be the best team to visit Lawson Arena this year," remarked Bronco Coach Bill Neal. "They had been playing very well beating such teams as Harvard and Boston University. The two losses at Bowling Green weren't that surprising because B.G. is playing well now after experiencing a slight slump."

## Men Gymnasts Visit Colorado

Western Michigan's varsity men's gymnastics team heads into its final week of regular season competition this Friday night when it takes on Air Force and Colorado in Colorado Springs on the first leg of an eight-day excursion through the mountain state.

Coach Fred Orlofsky's Broncos also will engage Colorado State at Fort Collins on Saturday and Northern Colorado at Greeley on Monday the third, before returning for the Lake Erie League Championships at Kent State on March 8-9.

## Campus Calendar

- \*Feb. 27—International Concert Series, Lorin Hollander, pianist, Miller Auditorium, 8 p.m.
- Feb. 27—Mathematics colloquium, "Group Sequential Procedures" by Dr. Gary Elfring, Upjohn Co., Math Commons Room, Everett, 4 p.m.
- Feb. 27—Poetry reading, Richard Hugo, poet, Kiva Room, Student Services Bldg., 8 p.m.
- Feb. 27—Principal-Freshman Conference, Student Center, 2nd floor lobby, 10 a.m.
- \*Feb. 28—Hockey, WMU vs. St. Louis Univ., Lawson Arena, 7:30 p.m.
- \*March 1—Basketball, WMU vs. Central Michigan, Read Fieldhouse, 3 p.m.
- \*March 1—Hockey, WMU vs. St. Louis Univ., Lawson Arena, 7:30 p.m.
- March 3-9—WINTER SEMESTER RECESS.
- March 10—Classes resume.
- \*March 11—Kalamazoo Symphony Orchestra concert, Miller Auditorium, 8 p.m.
- March 12—Faculty Piano Duo, Jan Meyer and Madeline Williamson, Oakland Recital Hall, 8 p.m.

## Men's Tennis Season Begins

A 1975 schedule calling for 22 dual meets for Western's varsity men's tennis team has been announced by Athletic Director Dr. Joseph T. Hoy.

The University also will serve as host institution for the Mid-American Conference Tournament in mid-May and will utilize Stowe Stadium at Kalamazoo College.

Heading the returnees on Coach Jack Vredevelt's squad is junior Tony Lamerato of Hamtramck, the MAC No. 1 flight singles champion in 1974 and a member of the winning doubles team the previous year.

The complete schedule follows:

- FEBRUARY**
- 28 at Lima, O., Eastern Kentucky
- MARCH**
- 1 at Lima, O., Kentucky
- 3 at North Carolina-Charlotte
- 4 at Misenheimer, S.C., Pfeiffer College
- 5 at High Point (N.C.) College
- 6 at South Carolina
- 7 at The Citadel
- 15 Notre Dame (indoors)
- APRIL**
- 5 at Grand Valley State
- 10 at Purdue
- 18 Kent State
- 19 Toledo and Henry Ford Community College
- 25 at Miami, Bowling Green, O.
- 26 at Bowling Green, Central Mich.
- 28 at Northern Illinois
- 29 at Northwestern
- 30 Eastern Michigan
- MAY**
- 5 Michigan State
- 9 Ball State
- 10 Ohio University
- 15-17 Mid-American Conference Tournament
- JUNE**
- 16-21 at Corpus Christi, Texas, NCAA Tournament

## Fans Number 10,037

The crowd witnessing Western's last second 73-71 basketball loss to Notre Dame Jan. 28 here in Read Fieldhouse has been officially set at 10,037. That's the largest WMU cage crowd since the Michigan State game here during the 1969-70 season that attracted a record 10,134.

## Intramural News

Co-educational inner tube water polo play continues today at the Gary Center pool with games at 9, 9:40, 10:20 and 11 p.m., according to the Intramural Office. Also, free swimming will be held from 7-9 p.m. at the Gary Center pool.

The Gary Center will close for the winter semester break at 5 p.m. Friday, Feb. 28, and will reopen Monday, March 10. No free swimming is scheduled for Friday evening, Feb. 28.

Up-coming events and entry due dates for women's intramurals are: archery and racquetball, March 10; swim meet, March 18; co-ed table tennis doubles, March 14. Entries are due March 14 for men's IM wrestling, and March 26 for archery competition.

## Cox, Martin Lead Matmen

A pair of Flint natives, 190-pounder Bill Cox and 150-pound defending titlist Gary Martin, are Western's main hopes at the Mid-American Conference wrestling championships Friday and Saturday at Kent State University.

Cox, the second place finisher in 1974, owns a 13-1 record including ten falls. He also has taken seven of eight matches against league opponents, losing only to 1974 champion Doug Mosley of Central Michigan. Mosley has a 20-2 record.

Martin is now 10-4-1 and is unbeaten in his last six outings. In competition with other league grapplers, he has won five of eight.

Making his first MAC championship meet appearance is sophomore 158-pounder Mark Sands of Swartz Creek, who is 15-6 on the year and 5-2 in loop activity.

Coach George Hobbs' team concluded 1974-75 dual activity last Friday with a 23-16 victory over Eastern Michigan to finish with a 6-6 record. Other probable Bronco entries are: 118—Joe Perrone (5-7), Lansing; 126—Jim Holmes (4-6), Battle Creek; 134—Bob Read (5-7-3), Plymouth; 142—Warren Watson (8-10-1), Niles; 167—Pat Weede (4-5), Niles and heavyweight—Mike Keen (2-5-1), Flint

## Women Cagers Post Victories

Western's varsity women's basketball team edged Calvin College, 58-57 Tuesday night to up its season record to 12-4. They compete in the state tournament March 1 at Michigan State University.

The WMU junior varsity squad completed its season with a 10-3 mark; they lost to a tall Central Michigan team, 58-52 last weekend. Western's original season finale jayvee game at Grand Valley on Tuesday was cancelled.

## Women Gymnasts Close At Central

The women's gymnastics team won their second meet of the season by dropping the University of Michigan 52.9 to 51.5.

At Ann Arbor, super-soph Augusta Lipsey took a first in the all-around competition, as well as scoring tops in the vault, the uneven parallel bars, the balance beam, and second in the floor exercise. Teammate Dena Dalosio also took thirds in the vault and the beam events while compiling enough points for a third in the all-around.

Western's 1975 finale is at Central Michigan University on Saturday.

## Women Swimmers Post 10-3 Mark

The WMU women's swim team closed out their 1975 season with a 68-62 dunking of Oakland University last Thursday. Coach Norma Stafford's squad ended the season with a 10-3 mark.

## Bowlers Tighten Grip on 1st Place

Western's women bowlers downed the University of Michigan-Flint and Ferris State at the WMU lanes Saturday to retain first place in the Michigan Intercollegiate Bowling League. The Bronettes now lead with a 32-8 record, followed by Central Michigan University and Muskegon Community College with 29-11 marks.

## Offer In-Service Training Seminars

The training office of the University Personnel Department will conduct special in-service training seminars March 3-11, exclusively for University supervisors in the bargaining unit operations.

Topics to be covered will be discipline, the grievance procedure and personal rules of conduct. The seminar will focus on the importance of the role of supervisory management in University operations.

Participants will explore the practical applications of the subject material and develop supervisory skills through small group discussions of actual case studies and problem areas. A key objective of the training will be to enhance the participant's ability to effectively administer the Union contract.

Participants will include administrators and supervisors from Auxiliary Enterprises and Physical Plant operations. Dave Donahue, manager of in-service training, will be in charge of the seminars.
