Sandberg has arranged for U.S. Vice President Nelson A. Rockefeller to give the keynote address on "The Role of Federal Government in the World Community," which will discuss the role of Institutions of Higher Education in the World Community.

WMU educators have been active participants and leaders in the efforts to facilitate world-wide involvement in community education.
Trustees Table Proposed Room, Board, Non-Resident Tuition Hikes

In accordance with its established practice of tabling fee increases for one year, the WMU Board of Trustees Friday (March 21) delayed taking action on proposed room and board rate and non-resident tuition hikes.

Gerald B. Welnorth, WMU vice president for finance, recommend

Approve General Education Policy

A new WMU policy on general education which recommends the appointment of a general education coordinator, changes the composition of the general education committee and establishes new criteria for the selection of general education courses was approved last Friday (March 21) by the WMU Board of Trustees.

The policy was accepted with the proviso that sections "4a" and "4b" (dealing with the General Education Committee to the Educational Policies Council and the General Education Committee) be approved with the understanding that modification of these sections may be necessary as a result of collective bargaining.

Trustees Table Proposed Room, Board, Non-Resident Tuition Hikes

The following are the costs per semester for room and board for both undergraduate and graduate students: the current rates are $45 and $62 per undergraduate and graduate hour, respectively.

He explained that the proposed tuition increase is necessary to comply with Section 7 of Public Act 227 of 1974 which requires that non-resident students pay at least 75 percent of the total instructional cost.

The proposed room and board rate increase is $40 per semester, which would bring the total per semester to $690 "which would still be one of the lowest rates in the state," commented Welnorth. The current rate for room would be increased $15 to $240. No increase is recommended in the single room supplemental fee of $131.25 per semester, but the monthly fee for Spindler Hall, a non-food, year-round dormitory, would be increased $4.00 to $70 per month.

A $3.00 per month increase is proposed for the University's apartments. If approved at the April 25th Board meeting, the revised monthly fee would be as follows: one bedroom, Stonehwayne Drive, $119; two bedrooms, $136; one bedroom, Elmwood and Goldsworth Valley, $112, two bedrooms, $131.25; and Goldsworth Valley, $120; unfurnished one bedroom, Elmwood and Goldsworth Valley, $105; and unfurnished two bedroom, Elmwood and Goldsworth Valley, $120.

Welnorth stated that increased student wage rates for maintenance and/or food are the reasons for the proposed rate hikes.

To Give Illustrated Travelogue Monday

A free public illustrated travelogue by Dr. William McIvor, entitled "Yellowstone, the Tetons and the Sawtooths in the Fall," will be presented by Gerald and Marcelle Martin at 7:30 p.m. Monday, March 31, in 224 Gary Center.

The program is being sponsored by the Educational Policies Council and approved by the Faculty Senate.

Name Director of Annual Fund, Acting Industrial Ed. Chairman

The appointment of a new director of Western's Annual Fund was approved at the Board of Trustees meeting last Friday (March 21) by the WMU Board of Trustees.

Helen J. Flashep was named to fill the Annual Fund directorship vacated by Larry H. Knoes, who resigned to accept the position of WMU director of investments and risk management.

Flashep, who earned a bacheelor's degree in business education in 1953 from Central Methodist College in Fayette, Mo., has served as administrative secretary to WMU director of alumni affairs and development since April, 1973.

The three-hour program will be closed during the Easter weekend, March 28-30, and the University Student Center will be open on Easter Day.

The Center and corner will be open for vending only during those same hours.

Abolish On-Campus Housing Policy Raise Tuition $1 Per Credit Hour

The WMU Board of Trustees last Friday (March 21) abolished the policy of mandatory residency requiring freshmen and sophomores to live on campus and increased tuition by $1.00 per credit hour.

The tuition increase will be used to help defray the costs of the National Fund to maintain the University's facilities and programs and to enhance the educational potential of its bonded indebtedness. The abolishment of the residency policy is effective for the fall semester of 1975.

This action is in line with the proposal presented to the Trustees by Tom Coyne, WMU vice president for student services, the following points:

1.) There are fewer WMU students living off campus today than there have been in each of the last five years.

2.) There is no increased positive student feedback from residence halls who might opt to live off-campus if the housing policy is abolished; and

3.) The University feels the vast majority of students who move from residence halls will go into apartment complexes.

Coyne denied that the University, in any way, to program for better race relations or campus beautification as was suggested by critics of the proposal.
