

Campus Briefs

Today, April 3, is the reservation deadline for the Western Association of Office Personnel's annual Bosses Day Luncheon, plus a style show, Wednesday, April 9, in the University Student Center. Interested persons should contact Seija Suter, 383-1937.

The Men's Union Board, Office of Student Activities, is sponsoring a European travel plan this summer for \$329 roundtrip, plus tax. The options are May 22-Aug. 6 or July 24-Aug. 15, both Detroit to Brussels, Belgium.

Western's Student Employment Referral Service (SERS) has applications on file from many qualified students. Some of the areas of concentration are: sales, foods, industrial labor, office and administrative, just to name a few. The service is available to both faculty and staff members. SERS is located on the third floor of the Student Services Building, 383-1806.

The Human Subjects Review Committee-B will hold its monthly meeting at 2:30 p.m. Monday, April 7, in Room 158 of the University Student Center. All interested persons are invited to attend.

An additional open house for non-traditional women students at WMU will be held noon-2 p.m., Thursday, April 10, at the Susan B. Anthony Center here in Canterbury Center. Informal discussion with women faculty, SBA Center staff and other women students is encouraged. Coffee and tea are provided.

AAUP Elects Council, Officers

Officers of the executive committee and 86 members of the bargaining council have been elected by the WMU chapter of the American Association of University Professors.

New officers are: Arthur Falk, philosophy department, president; Mary Cain, teacher education department, vice president; John Sheppard, accountancy department, treasurer; Ernest E. Rossi, political science department, secretary; and committee members Milton Brawer, sociology department, and J. Michael Keenan, management department.

Falk has reported that 86 persons have been elected to the AAUP bargaining council. They will meet at 7 p.m. Thursday, April 3, in the basement of the Wesley Foundation.

He indicated that representatives to the bargaining council come from academic departments of the University, in proportion to each department's membership in the AAUP. Further elections will be held in the future for departments with increased membership, he said.

Offer Bus Service to Malls

Western's Associated Student Government (ASG) and the Kalamazoo City Commission will be providing bus service Thursday through Saturday for the next three weeks from the WMU campus to the Downtown Mall and the Maple Hill/West Main Malls.

"We'll be trying this on an experimental basis," explained Lee

Hobrla, newly-elected ASG vice president for student affairs. "If the students use this service, hopefully it can be continued next fall."

The cost will be 25 cents per trip. The service will be provided April 3-5, 10-12 and 17-19.

On Thursdays and Fridays, the bus will run every 30 minutes from 3:30 to 9 p.m. It will leave Goldsworth Valley II at 3:30 p.m. and arrive at the Maple Hill/West Main Malls at 3:45 p.m.; it will return to Valley II at 4 p.m. and subsequent stops are at 4:03 p.m. at the Student Center, 4:15 p.m. at the Downtown Mall, 4:25 p.m. at the Student Center, 4:30 p.m. at Valley II, 4:45 p.m. at Maple Hill/West Main Malls, 5 p.m. at Valley II and so on.

Saturday stops at Valley II are every 30 minutes from 1:00 p.m. to 6:30 p.m. The bus will leave the Student Center on Saturdays at three minutes and 25 minutes past the hour every hour from 1-6:25 p.m. It will leave the Downtown Mall at 15 minutes past the hour on Saturdays from 1:15-6:15 p.m. It will leave the Maple Hill/West Main Malls at 45 minutes past the hour on Saturdays from 1:45-6:45 p.m.

NEW OFFICERS—Associated Student Government officers recently elected are Steve Fox, president (front); and from left to right: Pete Steffen, vice president for housing; Judy Layne, vice president for academics; and Lee Hobrla, vice president for student services.

(WMU Newsphoto)

Research Services Has Open House

The Office of Research Services will host an open house this afternoon from 1:30-4:30, April 3, in the International Room (Room 205) of the University Student Center.

All members of the University community—faculty, staff and students—are invited to meet, informally, with the staff of Research Services.

Refreshments will be provided.

UNIVERSITY THEATRE'S final Arena Theatre production this season, "Five on the Black Hand Side," a black comedy by Charles Russell, will be presented at 8 o'clock tonight, Friday and Saturday. Directed by Dr. Russell J. Grandstaff, the play features Terrian E. Bell as Mrs. Brooks and Tony Lucas as Mr. Brooks, pictured above.

(WMU Newsphoto)

Festival of New Music April 3-5

A three day Festival of New Music will be presented free to the public at 8 p.m. Thursday through Saturday, April 3-5, by the department of music.

The series will open with a New Structures in Sound program in Oakland Recital Hall on Thursday. Members of the University Wind Ensemble will perform Charles Knox's "Symphony in D-flat" for 18 brass, six flutes and three percussion. Two saxophone works are programmed: "Diary" by Edward Diente and "Two Chorales for 4 Saxophones" by Klass deVries.

Three faculty members, Steven Hesla, Gerald Fischbach and Herbert Butler will premiere "Fixations" by WMU composer Ramon Zupko, a work for piano, violin, cello and tape. Also programmed is a piano work by WMU composition student Patrick Johnson, "Studies for Piano." The New Structures in Sound series is coordinated by C. Curtis-Smith.

The south ballroom of the University Student Center will set the stage for the concert by the Jazz Orchestra on Friday. This particular program has been moved to the Student Center to accommodate the larger-than-ever audience anticipated. Under the direction of Trent Kynaston, this ensemble, in its first year of existence, won the All-Midwest College Jazz Festival held March 15 at Elmhurst College, outside Chicago. They will perform, among other works, the three charts which earned them the top rating: "Time Check" and "One for Otis" by Don Menza, and "Spain," arranged by Kynaston. The Jazz Orchestra also will feature original compositions and arrangements by WMU students Dave Fish, Scott Lappin and Steve Reed.

On Saturday, the Festival of New Music will conclude with a performance by the New Music Ensemble, directed by Zupko. The ensemble will premiere two compositions by WMU students, "Echo" by Mark Marineau for solo winds and piano, and a piece by John Douglas for two prepared pianos. Also to be performed will be a composition for tuba and dancers, a work entitled "Procris," based on a painting by Pierre diCosimo, and "Circle Music 2," a graphic piece. This final concert will be in Oakland Recital Hall.

Canterbury Tales Here April 15-19

"Canterbury Tales," a delightfully bawdy and rollicking musical adapted from the work of Geoffrey Chaucer, will be the final regular 1974-75 season offering by University Theatre.

It will be presented in five performances at 8 p.m. April 15-19 in the Laura V. Shaw Theatre.

Reserved seat tickets are priced at \$3.00, and mail orders will be accepted beginning Monday, March 31. The box office will open for reservations and walk-in sales the following Monday, April 7.

Faculty Workshops April 7-11

A series of workshops for Western faculty on computer assisted and managed instruction has been scheduled during the week of April 7-11 by the Office of Instructional Development.

Workshop activities will include a series of luncheon workshops each day at noon in 158 University Student Center; a day of demonstrations of the PLATO IV Comput-

er system on Wednesday, April 9; and a series of individual workshops for faculty interested in a "hands-on-experience" in using the University computer.

The luncheon workshops will include presentations by Western faculty on several different applications of computerized instruction, including using the computer for teaching, recording and assigning

grades, illustrating plots and graphs and performing basic research procedures.

The demonstrations on using the PLATO IV computer system, one of the most highly developed and successful computer assisted instructional programs available, will be presented three times on April 9: from 8-10:30 a.m. in 2050 Industrial Engineering and Technology Building; from 12 noon-1:30 p.m. in 159, University Student Center; and from 3-5 p.m. in 3770 Knauss Hall.

Basic techniques of using the computer will be taught to either individual faculty or small groups of faculty in the individual workshops, which will be scheduled throughout the week. Faculty interested in further information or who wish to set appointments should contact the Office of Instructional Development, 383-0982.

Western Faculty, Students, Alum Participate in Michigan Academy

Thirteen faculty, an alumnus and four students from Western will play vital roles in the 79th annual meeting of the Michigan Academy of Science, Arts and Letters, Friday and Saturday (April 4-5) at the University of Michigan.

Dr. Frank A. Fatzinger, psychology professor, will chair the section on psychology; Dr. Alan H. Leader, professor of management, chairs the section on management; and Dr. David G. Dickason, associate professor of geography, will preside over a session on "Non-Michigan Political-Economic Studies."

WMU faculty who will present papers are: Dr. George G. Mallinson, dean, Graduate College, on "Science Utilization in Industry"; Dr. Irwin Rovner, assistant professor of anthropology, on "Applications of Plant Opal Phytolith Analysis in Midwestern Archaeology"; Dr. John D. Grace, associate professor of geology, on "X-Ray Investigation of Prehistoric Pottery"; Dr. Eldor C. Quandt, assistant professor of geography, along with Lawrence Sommers, Michigan State University, on "The Mo 1 Rana Iron and Steel Center as a Factor in Internal Migration in Norway, 1946-68."

Also, Dr. Philip D. Adams, associate professor and area chairman of humanities, College of General Studies, will be a panelist on a session on "Comparative Perspectives on Teaching Introductory Courses in Humanities and History"; D. C. J. Gianakaris, English professor, will speak on "Catharsis in Shakespeare's Comedy: 'The Merry Wives of Windsor'"; Dr. Robert C. Eisenberg, associate professor of biology, on "Induction of Glucose Oxidase

Enzymes in *Pseudomonas Fluorescens*" with Scott D. Feighner, graduate biology student from Kalamazoo.

Also, Dr. Paul T. Mountjoy, psychology professor, on "Protopsycho: The Training of Horses According to 14th Century B.C. Cuneiform Tablets," with Robert Flachier, a graduate psychology student from Kalamazoo; Dr. William N. Thompson, assistant professor of political science, on "Grand River Watershed Council and the Grass Roots," with Bradley F. Smith of Grand Rapids, who received an M.A. degree in political science from WMU in 1974; and Joseph G. Engemann, associate professor of biology, on "New Evidence for Extreme Age in Deep-sea Benthos."

Other WMU students presenting papers are: Danny L. Buzzell, a graduate student in geography from Kalamazoo, on "Socio-economic Correlates of Journey-to-Work Time Length: An Occupational Analysis in Kalamazoo, Mich.," and Eugene J. Murray, a graduate student in geology from Winthrop, Maine, on "Neochinology of the North River Estuary, Scituate, Massachusetts."

Two Math Programs Here Next Week

WMU's mathematics department is presenting two free public mathematics colloquia next week in the Math Commons Room, Everett Tower on campus.

Michael Baltrush, University of Connecticut graduate student working toward a Ph.D. in computer science, will speak at a special colloquium at 4 p.m., Tuesday, April 8, on "Digital Bit-Rate Compression of Speech."

Dr. Boris Sjoberg, a mathematics professor at the University of Abo in Finland, will speak at a colloquium at 4 p.m., Thursday, April 10, on "Convergence Spaces — A Survey."

Refreshments will be served at 3:30 p.m. preceding both colloquia.

Math Awards, Talk Set This Afternoon

Five student awards and a talk on "Fictitious Mathematics" will be presented at the mathematics department's annual undergraduate awards public colloquium at 4 o'clock today, April 3, in the Math Commons Room, Everett Tower.

Speaking will be Dr. Phillip S. Jones, University of Michigan professor of mathematics. He will comment on mathematics in fiction, as well as on some of the difficulties that certain mathematical ideas have had in becoming accepted and the relationship between these difficulties and the process of mathematical invention. Refreshments will be served at 3 p.m.

'Spring Fling' Ends Saturday

Student officers of Western's Men's Union Board are casting anxious looks at fickle spring skies this week through Saturday, April 5 for the "Spring Fling" on campus.

Three free movies will be shown today beginning at 6 p.m. in 170 Wood Hall: "Beach Party"; "How to Stuff a Wild Bikini"; and "Muscle Beach."

The Saturday agenda features a 1 p.m. frisbee throwing contest for teams and individuals at the Goldsworth Valley soccer field, near the married student apartments. The entry fee is \$1.00 a person per event, but participants can keep the frisbee. Trophies will be awarded to the winners.

A treasure hunt, with the finder winning a dinner for two at a steak house plus \$10 for expenses, also will be featured.

Western Moves Temporarily To Maple Hill Mall This Weekend

Friday and Saturday, April 4-5, will be "Western Michigan University Days at Maple Hill Mall" here in Kalamazoo. From 10 a.m.-9 p.m. Friday and 10 a.m.-6 p.m. Saturday, there will be classroom demonstrations, slide presentations, musical concerts and art exhibits and many other special attractions.

One of the highlights will be a full-sized mock-up of a student dormitory room in the mall. Other activities include physical education classes in fencing and trampoline exercises, demonstrations of making paper, solar heating and a digital calendar.

Among the many WMU student organizations to be represented are the Ski Club, Scuba Diving Club, Sailing Club and Karate Club.

A colorful part of the activities will be an authentic portrayal of medieval costumes, weapons and musical instruments by the Society for Creative Anachronism. In this exhibit at 1 p.m. Saturday, men and women students dressed in clothing of the Middle Ages will demonstrate the making of armor and embroidering of garments, under the auspices of WMU's Medieval Institute.

ROTC activities, such as rifle instruction and survival training, also will be displayed by the University's

military science department.

The "Know Your University" program, according to Russell Gabier, WMU director of admissions and chairman of the event, is directed to Southwestern Michigan area residents who have never been on WMU's campus. It is intended to give them a sampling of activities in and outside the classroom.

Gabier notes that many people are not aware of the nationally- and internationally-known educators and academic programs at WMU. The displays, demonstrations and University personnel available to answer questions about university life, he feels, will help overcome this lack of awareness.

Faculty and administrators from each of WMU's six undergraduate colleges will be present throughout Friday and Saturday. Others taking part will be from the Graduate College, Division of Continuing Education, Housing Office, Placement Center, Minority Student Services Office, Student Activities Office, Student Financial Aids, Alumni Affairs and Admissions Office.

The two-day event will culminate a four-month preparation by WMU students, faculty and administrators to present a cross section of life at Western to the people of Southwestern Michigan.

Saturday Bike-athon for Charity

More than 500 persons are expected to compete in a bike-athon to be staged by WMU students 9 a.m.-5 p.m. Saturday, April 5, to raise funds for the American Cancer Society.

Sponsored by students living in the Goldsworth Valley residence hall complex No. 3, consisting of Harrison, Eldridge, Stinson and Fox Halls, riders will cover a 6.2 mile course on and off campus. Riders must get spectators to pledge as much money per mile as they can convince the viewers to donate and then begin peddling.

Rider registration begins at 8 a.m. Saturday in the Harrison-Stinson parking lot, with riders moving out at 9 a.m. over a course beginning at the parking lot and winding its way as far west as Nichols Street and north to Alamo Avenue before returning to the campus. No time limit has been set.

Co-chairpersons for the event are Patricia L. Richards, a Bloomfield Hills sophomore; and Robert J. Buwalda, a Whitehall junior.

Buwalda said a number of dignitaries from the campus and Kalamazoo, including Mayor Francis Hamilton, have been invited to participate in a "Celebrity Mile." This will begin at 9 a.m. but be limited to a circling of the Goldsworth Valley pond on sidewalks.

Food and beverages will be available at the Alumni Shelter near the pond all day. A donated 10-speed bike will be given to the person who rides the most miles and one to the person who draws the biggest total of pledges to the Cancer Society. Lesser prizes will go to the best team effort in average miles peddled per team member.

Dave Thompson, WKMI disc jockey in Kalamazoo, will be the grand marshal for the day.

The Western News

The Western News is published by the Office of University Information each Thursday when classes are in session during fall and winter semesters.

Created to disseminate news to the entire University community, distribution is by mail to faculty, staff and emeriti, and students may pick up copies at several on-campus locations. Items should be submitted by noon Monday for publication.

University Information office hours: 8 a.m.-5 p.m., Monday-Friday.
Telephone: 383-0981.
Martin R. (Joe) Gagie, Director; Patricia M. Coyle, Associate Director.

\$54,298 N.S.F. Grant Supports Summer Science Course Here

Supported by a \$54,298 grant from the National Science Foundation, a summer science course June 30-August 8 here at WMU is expected to attract 45 high school teachers from Michigan, Indiana, Ohio, Illinois and Wisconsin.

Dr. Joseph P. Stoltman, WMU assistant professor of geography, is director of the course which is intended for teachers from school districts which have adopted special social science curriculum materials developed by the NSF. He notes that the application deadline is May 1.

This will be the sixth NSF summer science course at Western, but it is being expanded from its previous emphasis on geography to now include anthropology, sociology and social science studies. It was enlarged because few high school instructors teach only geography—most instruct in several other related courses, such as sociology or anthropology.

The NSF materials to be used in the course are three sets of learning aids: (1) "Patterns in Human History," an anthropology curriculum study; (2) "Geography in an Urban Age," a high school geography project; and (3) "Sociological Resources for the Social Studies."

The course, says Stoltman, features a "hands on" approach in which the teachers will learn how to best instruct their students with visuals, actual objects and audio materials. For instance, the teachers will try to decipher a replica of an ancient tablet found in the Middle East and learn how to best use artifact replicas so their instruction "comes alive" for their students.

An added feature of this year's course is a week-long series of sessions involving up to 45 Kalamazoo Public School 8th and 9th graders. Teachers enrolled will utilize the hands-on teaching techniques and the NSF materials with these students in sessions which will be video-taped for later critiques.

The teachers will take seven trips

to different ethnic and cultural localities including Kalamazoo neighborhoods for urban study; a rural Southwestern Michigan settlement; shopping malls to observe economic activities; an ecology field study; and an Amish settlement at Shipshewana, Ind. They will be expected to develop hypotheses on the sociological/cultural patterns they see.

Also on the agenda is a three-day trip to Chicago to different ethnic neighborhoods and a stop at the University of Chicago for discussions with university museum archeologists on artifacts and how they are restored.

Clausing Scholars Program Saturday

The winner of the 1975-76 Clausing Corp. scholarship to WMU will be selected from among eight finalists on Saturday, April 5, during a noon-5 p.m. program here in the Student Center and Industrial and Engineering Technology Building.

A luncheon in the Student Center will be followed by a program in which each of the eight finalists will be interviewed by a panel of three judges. Judges are Robert Talsma, industrial arts teacher at Kalamazoo Christian High School; Rex E. Hall, WMU associate professor of industrial education; and James Cherpes, chief engineer, Clausing Corp.

Included is a tour of the I. & E.T. Building for persons attending the event, guided by three past Clausing Corp. Scholarship winners now attending WMU: Kenneth L. Warren, a senior from Fennville; Thomas Ruggeri, a junior from Fraser; and Michael Sass, a sophomore from Battle Creek.

Waldemar E. Klammer, associate professor of industrial education, is coordinator of Clausing Scholarships at WMU, which have a four-year value of \$1,200, if a student maintains adequate grades. All graduating high school seniors in Michigan who enrolled in at least one industrial arts course were eligible.

Children's Television Conference April 11-12

A community conference on children's television, entitled "A Window on the Reel World," will be held from 7-10:30 p.m. Friday, April 11, and 9 a.m. to 5 p.m. Saturday, April 12, at Kalamazoo's Loy Norrix High School, sponsored by the Kalamazoo Committee for Children's Television.

WMU program participants include Allene W. Dietrich, William Murrain, Thomas Pagel, Wanda Herman and Frank Jamison.

'Classical Gas' Theme of '75-'76 International Concert Series

"Classical Gas" is the theme of the campaign promoting Western's 1975-76 International Concerts series. Tickets go on sale to the general public next week; an advance sale to 1974-75 series patrons and to faculty, staff and students continues this week at the Miller Auditorium ticket office.

The ticket office also will be open from 2-5 p.m. Sunday, April 6.

The 1975-76 series, sponsored by the University's cultural events committee and the College of Fine Arts, includes: The Hague Phil-

Remind Employees Of Benefit Options

All eligible WMU faculty and professional and administrative staff members who have not yet made their "cafeteria" allocations for hospital/medical insurance benefits should do so by April 20, according to the University personnel department.

All allocations processed by April 20 will be retro-active to Sept. 1, 1974, but allocations processed after that date will be effective the date received, the personnel office explained.

The University typically pays for employees the single subscriber's rate and a portion of the dependents' rate for hospital/medical insurance. The "cafeteria" approach allows employees who do not request full-family coverage to apply the savings between their lower insurance rate and the rate the University would pay for full-family coverage to the life insurance or long-term disability plans.

For further information, contact the personnel department benefits section, 383-1650.

Computer Center To Purge Files

As of April 8, the Computer Center has announced that all users' files not accessed since February 8 will be transferred to magnetic tape and purged from the disk system. The access date is updated by reading, updating or running the file.

In order to recover a file purged from the disk, a user must request that it be reinstated through the PLEASE command or a written notice to the manager of Computer Center operations. To check the access date of a file, use the SLOW option of the DIRECT command: DIRECT/SLOW.

Phi Beta Kappa Meets April 10

The annual dinner meeting of the Southwestern Michigan Association of Phi Beta Kappa will be held at 5:15 p.m. Thursday, April 10, in the Olmsted Room of Mandell Hall at Kalamazoo College.

There will be a public address at 8 p.m. in 103 Dewing Hall that night on "The National Cancer Program: Progress Toward the Conquest of Cancer" by Phi Beta Kappa Visiting Scholar Dr. Ray D. Owen, professor of biology at the California Institute of Technology.

Interested WMU students and faculty are invited to the lecture. For additional information, contact Dr. John Petro, WMU mathematics department, or Dr. Shirley Bach, science area, WMU College of General Studies.

Job Openings

Below is a listing of the position openings currently being posted by the University Personnel Department, for current University employees.

Regular full-time and regular part-time employees interested in applying for these positions should submit a Job Opportunity Program application form to the Personnel Department during the posting period.

Assistant Professor, Temporary 1 year, Transportation Tech.—posted 3/31-4/4

Professor, Continuing, Industrial Engineering—posted 3/31-4/4

Instructor, Temporary 1 year, Art Department (3 positions)—posted 3/31-4/4

Instructor, Temporary 1 year, Music—posted 3/31-4/4

Assistant Professor, Temporary 1 year, Librarianship—posted 3/31-4/4

Assistant Professor, Continuing, Mathematics—posted 3/31-4/4

Assistant Professor, Temporary 1 year, Music—posted 3/31-4/4

Assistant Professor, Temporary 1 year, Special Education—posted 3/31-4/4

Scanning Machine Operator I, H-04, Testing Services—posted 3/31-4/4

WAOP Officer Nominees Sought

The nominating committee of Western Association of Office Personnel has been preparing a slate of officers. To complete this slate, one person for the office of president, secretary and treasurer is needed; the president must have served on the executive board.

At the Wednesday, May 14, meeting, nominations from the floor also will be called. Nominations must be cleared by the nominee and should be sent to Adelaide Luley (383-8004) Industrial Engineering, by April 16.

Paper Tech Gives 69 Scholarships

Scholarships with a total dollar value of \$29,594 have been awarded to 69 WMU paper science and engineering department students for the current winter semester.

The stipends range in value up to \$1,026, but more than half are in the \$300-\$400 level, with 11 valued at more than \$500.

The scholarships, administered by the Paper Technology Foundation, Inc. at WMU, are renewable for a total eight semesters if a student maintains satisfactory classroom performance.

The Paper Technology Foundation has a membership of about 80 corporations and more than 200 alumni and individuals who contribute funds to it, most of which is directed into scholarships for paper science and engineering students at WMU.

Chem Lecture Monday

Dr. Joseph F. Foster, professor and head, chemistry department, Purdue University, will speak at a free public chemistry colloquium, 4 p.m., Monday, April 7, here in 5280 McCracken Hall. His topic: "Protein Microheterogeneity and Turnover—Aging at the Molecular Level."

WMUK Highlights

102.1 FM STEREO THURSDAY

10 a.m.—Composers Forum: Elliot Schwartz.

8 p.m.—Fireside Philharmonic Requests, with host Gerald Alexander. Mail your requests to WMUK.

FRIDAY

9:30 a.m.—Children's Bookshelf, with Kristin Johnston every weekday.

12 Noon—The Midday Report, presented each weekday by Tony Griffin & staff.

11 p.m.—Crankcase: three hours of rock and the New Jazz.

SATURDAY

12 p.m.—The Metropolitan Opera: Verdi's Falstaff, live from New York.

5 p.m.—Voices in the Wind, with host Oscar Brand.

6 p.m.—"Piano Masterworks," with host-producer Robert Dawn.

SUNDAY

10 a.m.—Folk Festival USA: "Tulsa, Western Swing."

1:30 p.m.—Music from Interlochen.

2:30 p.m.—23rd ARD International Music Competition.

4 p.m.—Concert of the Week: Berlin Philharmonic.

6 p.m.—Library of Congress Chamber Music Concerts.

9 p.m.—The Boston Symphony.

MONDAY

6-9 a.m.—The Morning Show: fine music, news, weather and community information every weekday.

8 p.m.—Perceptions: "Abortion."

8:30 p.m.—"I'm Sorry, I'll Read That Again"—wacky BBC comedy.

11:30 p.m.—"Earplay 75"—modern radio drama.

TUESDAY

12:30 p.m.—Casper Citron (weekdays).

8 p.m.—The University Recitals: Faculty String Quartet.

WEDNESDAY

2 p.m.—Music of the Masters.

Tennis Broncos At Grand Valley

Western Michigan's tennis team hopes the weather will allow it to begin regular season outdoor play this coming Saturday in Allendale against Grand Valley State.

If necessary, the meet could be conducted indoors at the Ramblewood Racquet Club in Grandville.

Coach Jack Vredevelt's Bronco squad has split evenly in eight appearances to date, bowing by a 6-3 count to Notre Dame in its most recent engagement on March 15 at the Kalamazoo YMCA indoor courts. The initial seven meets took place in early March on a Southern trip.

"We've played fairly well thus far and have had good competition in six of the meets," commented Vredevelt. "This has helped our younger players to get ready for the remainder of the schedule."

Mid-American Conference champion Tony Lamerato owns a 6-2 record at No. 1 singles, while Grandville freshman Jim Buck carries the same mark while splitting playing time between No. 3 and No. 4. In doubles, the No. 3 pairing of Scott Schultz and Scot Frew carries a 5-3 record.

The probable WMU lineup is—singles: No. 1, Lamerato, Hamtramck; No. 2, Den Lueneburg (3-5), Escanaba; No. 3, Buck; No. 4, Schultz (2-5), Lansing; No. 5, Bob Learman (4-4), Bay City; and No. 6, Fritz Dwyer (3-5), Flossmoor, Ill. Doubles—No. 1, Lamerato-Learmen (5-3); No. 2, Lueneburg-Buck (4-4); and No. 3, Schultz-Frew.

Bronco Grid Drills Stress Passing

The passing game is receiving key emphasis this week as Western Michigan's football team hits the midway point in its spring drills.

"We're definitely behind in this department, but I think a lot of it has to do with the bad weather we experienced last week," summarized new Coach Elliot Uzelac.

At the same time, Uzelac indicated pleasure with "the reduction of mistakes in last Saturday's scrimmage. From now on, it is a matter of repetition and refining techniques to cut down mistakes even more."

The Bronco coaching staff will send the club through four workouts this week with another game-type scrimmage set for Saturday. A goal line scrimmage was scheduled for Tuesday and another scrimmage for third and long situations is on today's agenda.

Intramural News

Intramural singles badminton play for WMU women will begin tonight at 6:30 in Oakland Gym, the Intramural Office has announced.

The IM office also reminds students, faculty and staff of the open swim hours Monday-Thursday from 7-9 p.m. at the Gary pool, and from noon-1 p.m. Monday-Friday at the Gabel pool. Family swim is from 7-9 p.m. Friday at the Gary pool, and from 2-4 p.m. Sunday at the Gabel pool.

Entries are due April 8 for the women's swim meet and play-off will begin Monday, April 7 for the top four players in men's ladder tournaments in paddleball beginners, intermediate and championship single elimination play.

Campus Calendar

- April 1-5—"Spring Fling" activities, contact Men's Union Board, Student Center.
- *April 1-5—Comedy, "Five on the Black Hand Side," Shaw Arena Theatre, 8 p.m.
- April 3—Lecture, "How to Have Fun and Not Get Caught," by Leroy Eims, world traveler and author, South Ballroom, Student Center, 8 p.m.
- April 3—"Fictitious Mathematics" lecture, Dr. Phillip S. Jones, Univ. of Michigan, 6th floor, Everett Tower, 4 p.m.
- April 3—New Structures in Sound, Oakland Recital Hall, 8 p.m.
- April 3—Mathematics department undergraduate awards colloquium, Math Commons Room, Everett Tower, 4 p.m.
- April 4—University Jazz Orchestra, Student Center South Ballroom, 8 p.m.
- April 4-5—"Western Michigan University Days" at Maple Hill Mall, Fri., 10 a.m.-9 p.m.; Sat., 10 a.m.-6 p.m.
- April 5—New Music Ensemble, Oakland Recital Hall, 8 p.m.
- April 5—Cancer Bike-athon registration, Harrison-Stinson parking lot, 8 a.m.
- April 6—University Chorale and Collegiate Singers concert, Miller Auditorium, 3 p.m.
- April 7-11—Workshop series on Computer Assisted and Managed Instruction, Office of Instructional Development.
- *April 8-12—Kalamazoo Home Show, Read Fieldhouse, 5-10 p.m. Tuesday-Friday; noon to 10 p.m. Saturday.
- April 8—Math colloquium, Michael Baltrush on "Digital Bit-Rate Compression of Speech," Math Commons Room, Everett Tower, 4 p.m.
- April 8—Southwestern Michigan Vocal Festival, Miller Auditorium, 7:30 p.m.
- April 9-18—East Carolina Univ. faculty art exhibit, Gallery II.
- April 10—Slide-illustrated lecture by Dr. D. P. S. Dwarkesh on "The Indus Valley Script: A Report on Various Readings," USCB Faculty Lounge, 3:30 p.m.

- *Admission charged.

Epsilon Pi Tau Celebrates 25th Anniversary on Campus

The 25th anniversary of Western's chapter of Epsilon Pi Tau, international honorary fraternity in industrial arts and industrial vocational education, will be celebrated Saturday, April 5, in the University Student Center.

The day-long event begins with a noon luncheon in the west ballroom, University Student Center, for fraternity members and guests.

An initiation ceremony for 15 new members into the fraternity will be held beginning at 2:30 p.m. in the ballroom.

The annual dinner of the WMU industrial education department will begin at 7 p.m. in the east ballroom, Student Center, and be followed by a program in which the annual Scholar/Craftsman Award will be presented to the outstanding senior in the department.

Marion Sherwood of Plainwell, who originated the award in 1932 while a faculty member of Western's industrial education department, will present the award. Sherwood served on Western's faculty 1910-48 until he retired, as head of the department.

Dr. John E. Sandberg, dean, WMU College of Education, will be the dinner program speaker, with Dr. Paul L. Griffith, professor of counseling and personnel, acting as master of ceremonies.

Dr. W. Chester Fitch, dean, WMU College of Applied Sciences, and Dr. George R. Horton, director, North Central Region of Epsilon Pi Tau, and also associate dean, College of Education, Bowling Green State University, Ohio, will

greet those at the dinner. Horton will be the luncheon speaker with Norman K. Russell acting as toastmaster.

James V. Patterson, a graduate student from Kalamazoo, president of Epsilon Pi Tau at WMU, will welcome those attending the dinner and later will introduce the new initiates.

Included among the dinner guests are expected to be a number of original charter members of Epsilon Pi Tau.

Dr. Charles G. Risher, acting head, industrial education department, will introduce the finalists and winner of the Clausing Corp. Scholarship, also to be selected Saturday.

Voice Duet Recital April 11 in Oakland

Baritone Thomas Hardie and mezzo-soprano Mary Sue Hyatt will perform a free public recital of duets at 8 p.m. Friday, April 11, in Oakland Recital Hall.

Hardie is a faculty member in the department of music while Miss Hyatt is a graduate assistant for the voice area.

The duets on this program will be performed in several original languages, including French, German, Italian and English. They will sing standard repertoire by Purcell, Schubert, Massenet, and Brahms, along with selections from two Broadway shows, "Pippin" and "Song of Norway."

Thinclads Put Streak on Line

An unbeaten string of 47 straight meets dating back to 1965 will be on the line for Western Michigan's varsity men's track team this Saturday at Muncie, Ind., with host Ball State and Indiana State providing the opposition in a triangular affair.

"Both of these teams are strong in different areas so we will be facing good athletes in all events," commented WMU Coach Jack Shaw. "Ball State is particularly tough in the distances and Indiana State has good performers in the field events."

Last Friday, WMU hosted an invitational meet in Read Fieldhouse. It was originally scheduled for the outdoors, but severe weather conditions forced the move inside.

5 Bronco Cagers Get MAC Mention

All five starters on WMU's 1974-75 basketball team received mention on the All Mid-American Conference honor squad as selected by the league coaches.

Junior forwards Paul Griffin and Jeff Tyson were second team choices while sophomore center Tom Cutter and junior guards Jimmie Harvey and Jim Kurzen received honorable mention. Griffin, the 6-9 Shelby product, also was an honorable mention selection as a sophomore.

First-team picks were: Dan Roundfield and James McElroy of Central Michigan; Bowling Green's Cornelius Cash; Larry Cole of Toledo; and Ohio University's Walter Luckett. Joining the Bronco duo on the second unit were Eastern Michigan's Bob Riddle; Steve Fields, Miami; and BG's Jeff Montgomery.

Select Women's Tennis Squad

Nine of eleven on this year's WMU women's tennis team will be playing in their inaugural season of competition for the Brown and Gold.

Returning second-year veterans on Rookie Head Coach Chris Hoyles' 1975 squad are seniors Sue Nielsen and Mary-Jo DeBoer. First-time WMU netters include Lynn Bernadett, jr., a transfer from Oakland Community College, where she played tennis—on the men's team. Other juniors are Juli Formsma, Lynn Hansford, Michele Piper and Lucy Moran; sophomores Mary Powers, Cindy Schultz; and freshmen Joann Michaels and Jean Summers.

They open their season April 11 at Muskegon Community College.

Women Bowlers At Michigan State

Western's women's bowling team rolls into Michigan Intercollegiate Bowling League action this Saturday at Michigan State.

Riding atop the league standings with a 32-8 mark, Western will be competing in the penultimate match of the season. Western closes the campaign on April 19 at Eastern Michigan University.

* * *

Western's 190-pound wrestler Bill Cox finished 1975 competition with ten pins, the second best showing in school history. He also ranks No. 2 on the career list with 18.
