Festival of New Music April 3-5

A three day Festival of New Mu- sic will be presented free to the public at Western, beginning Saturday, April 3-5, by the depart- ment of music.

The series will open with a New Structures program in Sound program in which Members of the University Wind Ensemble will perform Charles Knox's "Symphony in D-Fat" for 16 brass, six flutes and three percus- sion. Two saxophone works are pro- grammed: "Diary" by Edward Die- mente and "Two Chorales for 4 Saxophones" by Klass and Smith.

Three faculty members, Steven Hesta, Gerald Fischbach and Her- bert Butler will premiere "Fixa- tions" by WMU composer Ramon Zupko, a work for flugel- lo and tape. Also programmed is a piano work by WMU composition student Patrick Johnson, "Studies for Piano." The New Structures in Sound series is coordinated by Curtis-Smith.

The south balcony of the Uni- versity Student Center will set the stage for the concert by the Jazz Orchestra on Friday. This particu- lar program has been moved to the Student Center to accommodate the larger-than-ever audience anticipat- ed. Under the direction of Trent Kynaston, this ensemble, in its first year of existence, won the All- Midwest College Jazz Festival held March 15 at Elmhurst College, out- side Chicago. They will perform, among other works, the three charts which earned it the top rating: "Time Check" and "One for Olga" by Maretta, and "Spud" ar- ranged by Kynaston. The Jazz Or- chestra also will feature original compositions and arrangements by WMU students Dave Fish, Scott Lapan and Steve Hunt.

On Saturday, the Festival of New Music will conclude with a per- formance by the New Music Ensem- ble, directed by Zupko. The ensemble will feature music composed by WMU students, "Echo" by Mark Marazzo for solo winds and piano, and a piece by John Dowdall for two prepared pianos. Also to be per- formed will be a composition for tuba and dancers, a work entitled "Proem," based on a nantime by Pierre deCosimo, and "Circle Music 2," a graphic piece. This final con- cert will be in Oakland Recital Hall.

$54,298 N.S.F. Grant Supports Summer Science Course Here

Supported by a $54,298 grant from the National Science Foundation, a summer science course which will be held June 30-August 8 here at WMU is expected to attract 45 high school teachers from Michigan, Indiana, Ohio, Illinois and Wisconsin.

Dr. Joseph P. Stollman, WMU assistant professor of geography, is director of the course which is intended for teachers from school districts which do not offer science courses. He says the course will provide the following materials developed by the NSF. He notes that the deadline for applications is May 1.

This will be the sixth NSF summer science course at Western, but it is being expanded from its previous emphasis on geography to now include anthropology, sociology and social science studies. It was enlarged because few high school instructors teach only geography—most instruct in several other related courses, such as sociology or anthropology.

The NSF materials to be used in the course are three sets of learning aids: "Encounters in Urban Arts," an anthropology curriculum module; "Creating Communities in the Urban Age," a high school geography project; and (3) "Sociological Research." These are intended to give teachers a "hands on" approach in learning about the Midwest East and learn how to best use visuals, actual objects and audio-visuals, actual objects and audio.

The course, says Stollman, features a "field trip to Chicago," a trip which the teachers will learn how to best instruct their students with visuals, actual objects and audio. For instance, the teachers will try to decipher a replica of a 14th Century village in the Middle East and learn how to best use audio-visuals, actual objects and audio-visuals, actual objects and audio.

An added feature of this year's course will be a week-long series of sessions involving up to 45 Kalamazoo Public School 5th and 9th graders. Teachers enrolled will utilize the hands-on teaching techniques and the NSF materials with these students in sessions which will be video-taped for later critiques.

The teachers will take seven trips

Tennis Broncos at Grand Valley

Western Michigan's tennis team hopes the weather will allow it to begin regular season outdoor play this week. Coach Tony Lamerato, assisted by Fred Allendale against Grand Valley State.

If necessary, the meet could be conducted indoors at the Wooden Racquet Club in Grandville. Coach Fred Allendale's Bronco squad has split evenly in eight appearances to date, bowing by a 6-3 count to Notre Dame in its most recent engagement on March 15 at the Ramblewood Racquet Club in Grandville.

The initial seven meets took place indoors at the Ramblewood Racquet Club in Grandville. "We've played fairly well thus far and have had good competition in six of the meets," commented Veedeed. "This has helped our younger players to get ready for the remainder of the season." Mid-American Conference champion Tony Lamerato owns a 6-2 record at No. 1 singles, while Grandville freshman Jim Buck carries the second-best singles play at 5-3.

"The bronco duo will play the No. 3 doubles, the No. 3 pairing won last week," summarized Coach Lamerato.

The Bronco coaching staff will send the club through four workouts this week. "We've got some pretty good type scrimmages set for Tuesday and another scrimmage for third and long situations is on today's agenda."

Intramural News

Epsilon Pi Tau Celebrates 25th Anniversary on Campus

The 25th anniversary of Western's chapter of Epsilon Pi Tau, international honorary fraternity in industrial arts and industrial vocational education, will be celebrated Saturday, April 5, in the University Student Center.

The day-long event begins with a noon luncheon in the student center, University Student Center, for fraternity members and guests. From 2:30 to 4 p.m. the new members into the fraternity will be held during a 2:30 p.m. in the ballroom.

The annual dinner of the WMU industrial education department will begin at 7 p.m. in the east ballroom, Student Center, and be followed by a program in which the annual Scholar/Craftsman Award will be presented to the outstanding senior in the department. Marion Sherwood of Plainwell, who originated the award in 1922 while a faculty member of Western's industrial education department, will present the award. Sherwood served on Western's faculty 1916-48 and was retired as head of the department.

John E. Sundberg, dean, WMU College of Education, will be the dinner program speaker, with music by Dave Gifford, preceptor in counseling and personnel, acting as moderator.

Dr. W. Chester Fitch, dean, WMU College of Applied Sciences, will be the principal speaker in the evening program. Speakers are Barry Hulbert, North Central Region of Epsilon Pi Tau, and also associate dean, Barry Hardware, Green State University, Ohio, will speak on the history of the dinner. Horton will be the luncheon speaker with Norman K. Russell acting as toastmaster.

James V. Patterson, a graduate student from Kalamaaza, president of Epsilon Pi Tau at WMU, will welcome those attending the dinner and later will introduce the new initiates. Included among the dinner guest barbecue event will be the finalists and winner of the Claussing Corp. Scholarship, also to be selected Saturday.

Voice Duet Recital

April 11 in Oakland

Baritone Thomas Hardie and mezzo-soprano Mary Sue Hayt will perform a free public recital of duets at 8 p.m., Friday, April 11, in Oakland Recital Hall.

Hirdie is a faculty member in the department of music while Miss Hayt is a graduate assistant for the department.

The duets on this program will be performed in several original languages, including French, German, Italian and English. They include standard works by Beethoven, Schubert, Massenet, and Brahms, along with selections from two original education works, "Pippin" and "Song of Norway."

Clintads Put Streak on Line

An unbeaten string of 47 straight meets dating back to 1955 will be on the line for Western Michigan's varsity men's track team this Saturday at Muncie, Ind., with host Ball State University leading 45-7 in the annual competition.

Both of these teams are strong in different areas, we'll be facing good athletes in all events," commented WMU Coach Jack Edwards. "Ball State is particularly tough in the distances and Indiana State is our track team this year in the field events."

In Intramural Office has announced. It was originally scheduled for the outdoors, but severe weather conditions forced the move inside.

Women Bowlers

At Michigan State

Western Michigan's bowling team rolls into Michigan Intercollegiate Bowling League action this Saturday at Michigan State University.

Riding atop the league standings with a 32-8 mark, Western will be coming off its biggest win of the season. Western closed the regular season April 19 at Eastern Michigan University.

Western's 190-pound wrestler Bill Cox finished 1975 competition with ten pins, the second best showing for a WMU wrestler in the history of the national championships. Cox planted himself No. 2 on the career list with 18.
