

Lorah Patterson Herbarium

000001

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Betula papyrifera*

Common Name: Paper Birch

Location: Big Pines Turnout along Lakeshore Drive, shore
of Lake Superior, Chippewa County, Michigan

Date: May 5, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000002

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus resinosa*

Common Name: Red pine

Location: Big Pines Turnout along Lakeshore Drive, shore
of Lake Superior, Chippewa County, Michigan

Date: May 5, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000003

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Caltha palustris*

Common Name: Marsh marigold

Location: Lakeshore Drive, Chippewa County, Michigan,
near a sandy stream flowing into Lake Superior

Date: May 5, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000004

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Caltha palustris*

Common Name: Marsh marigold

Location: Tahquamenon Falls State Park, Michigan, along
the boardwalk before the Lower Falls

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000005

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Viola conspersa*

Common Name: Dog violet

Location: Tahquamenon Falls State Park, Michigan, shore
of the Tahquamenon River

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000006

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Equisetum arvense*

Common Name: Field horsetail

Location: Tahquamenon Falls State Park, Michigan, River trail

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000007

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Lonicera canadensis*

Common Name: Fly honeysuckle

Location: Tahquamenon Falls State Park, Michigan, River trail

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000008

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Erythronium americanum*

Common Name: Yellow trout lily

Location: Tahquamenon Falls State Park, Michigan, River trail

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000009

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Dicentra cucullaria*

Common Name: Dutchman's breeches

Location: Tahquamenon Falls State Park, Michigan, River trail, woods higher from shore

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000010

Patterson Expedition

To the source of the Mississippi River, 2010

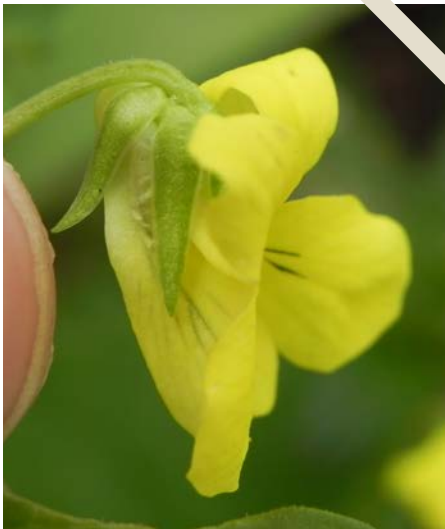

Species: *Claytonia caroliniana*

Common Name: Carolina spring beauty

Location: Tahquamenon Falls State Park, Michigan, River trail, woods higher from shore

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000011

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Viola pubescens*

Common Name: Downy yellow violet

Location: Tahquamenon Falls State Park, Michigan, River trail, woods higher from shore

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000012

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Myosotis scorpioides*

Common Name: Forget-me-not

Location: Tahquamenon Falls State Park, Michigan, near
the Upper Falls

Date: May 6, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000013

Patterson Expedition

To the source of the Mississippi River, 2010

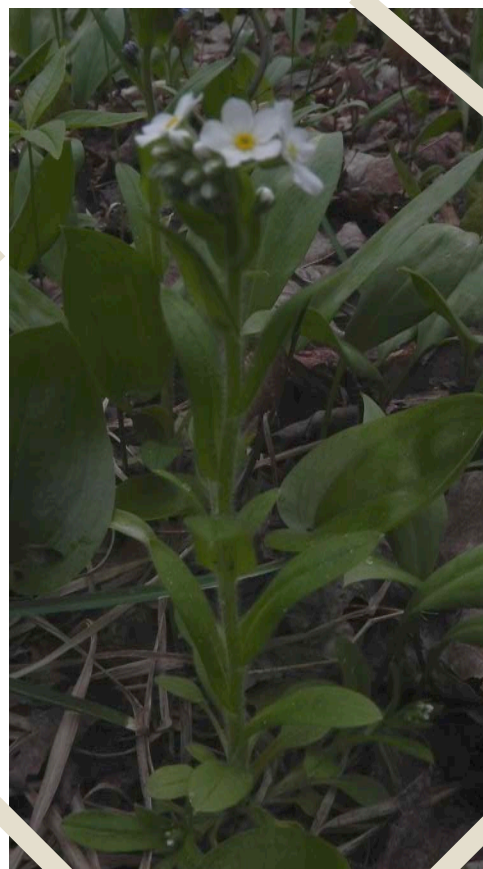

Species: *Trillium grandiflorum*

Common Name: Large-flowered trillium

Location: Forest leading to Grand Sable Dunes, Alger
County, Michigan

Date: May 7, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000014

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Myosotis sylvatica*

Common Name: Garden forget-me-not

Location: Field before Grand Sable Dunes, Alger County,
Michigan

Date: May 7, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000015

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Myosotis scorpioides*

Common Name: Forget-me-not

Location: Field before Grand Sable Dunes, Alger County,
Michigan

Date: May 7, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000016

Patterson Expedition

To the source of the Mississippi River, 2010

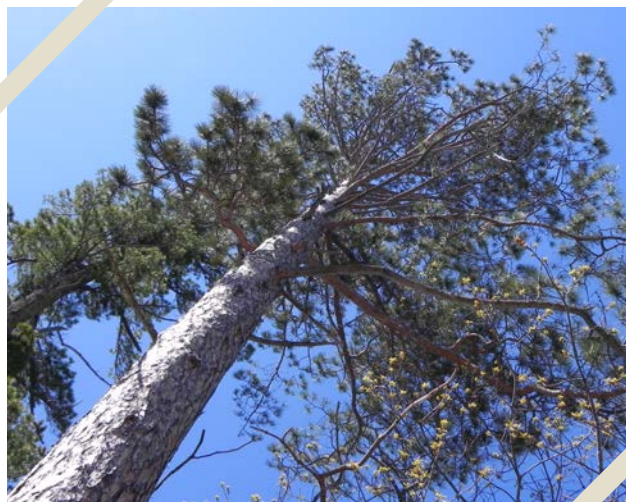

Species: *Prunus pumila*

Common Name: Sand cherry

Location: Grand Sable Dunes, Alger County, Michigan

Date: May 7, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000017

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus resinosa*

Common Name: Red pine

Location: Granite Point, Marquette, Michigan

Date: May 9, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000018

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Abies balsamea*

Common Name: Balsam fir

Location: Granite Point, Marquette, Michigan

Date: May 9, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000019

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus strobus*

Common Name: Eastern white pine

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000020

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Betula alleghaniensis*

Common Name: Yellow birch

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000021

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Erythronium americanum*

Common Name: Yellow trout lily

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River and in the marsh

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000022

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Prunus cerasus*

Common Name: Sour cherry

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000023

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Betula papyifera*

Common Name: Paper birch

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000024

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Anemone quinquefolia*

Common Name: Wood anemone

Location: Nara Nature Park, Houghton, Michigan, wooded trail by Pilgrim River

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000025

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Alnus rugosa*

Common Name: Speckled alder

Location: Nara Nature Park, Houghton, Michigan, marsh trail

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000026

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Salix amygdaloides*

Common Name: Peachleaf willow

Location: Nara Nature Park, Houghton, Michigan, marsh trail

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000027

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Viburnum lentago*

Common Name: Nannyberry

Location: Nara Nature Park, Houghton, Michigan, marsh trail

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000028

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Betula papyrifera*

Common Name: Paper birch

Location: Nara Nature Park, Houghton, Michigan, marsh trail

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000029

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Typha latifolia*

Common Name: Common cattail

Location: Nara Nature Park, Houghton, Michigan, marsh trail

Date: May 11, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000030

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Acer saccharum*

Common Name: Sugar maple

Location: Porcupine Mountains State Park, Ontonagon,
Michigan, Lake of the Clouds overlook

Date: May 12, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000031

Patterson Expedition

To the source of the Mississippi River, 2010

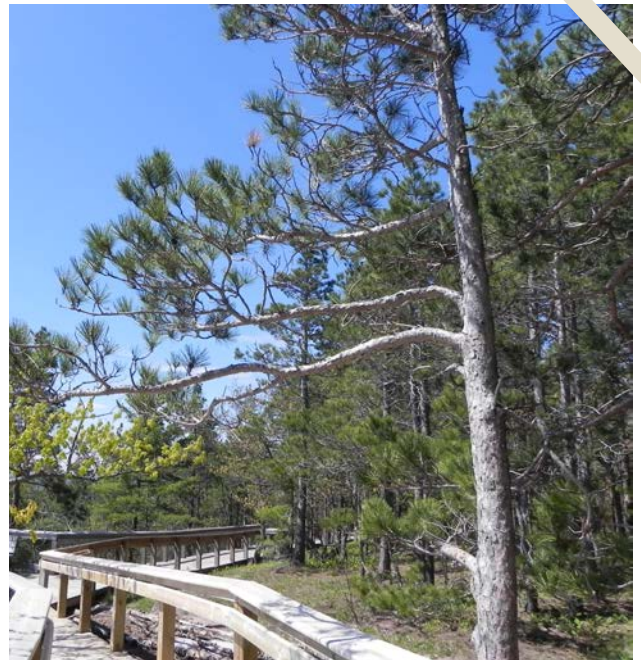

Species: *Tsuga canadensis*

Common Name: Eastern Hemlock

Location: Porcupine Mountains State Park, Ontonagon,
Michigan, Lake of the Clouds overlook

Date: May 12, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000032

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus nigra*

Common Name: Austrian pine

Location: Porcupine Mountains State Park, Ontonagon,
Michigan, Lake of the Clouds overlook

Date: May 12, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000033

Patterson Expedition

To the source of the Mississippi River, 2010

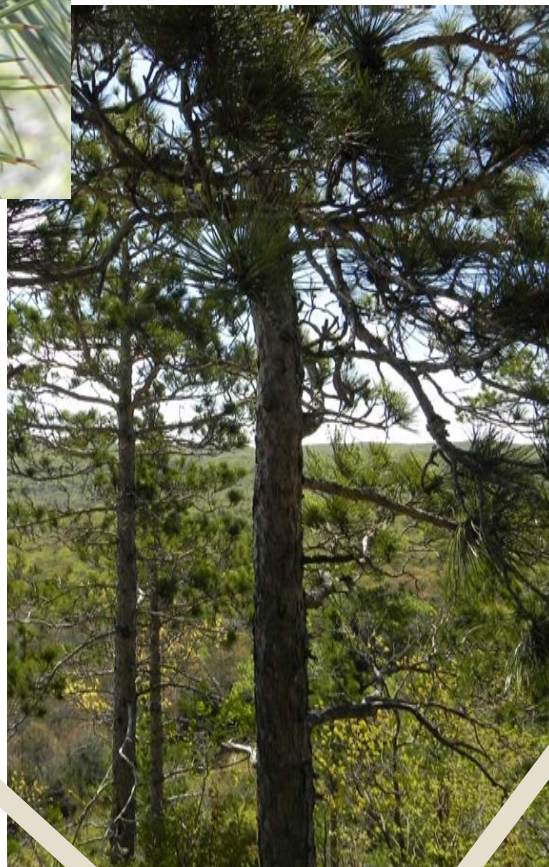

Species: *Thuja occidentalis*

Common Name: Eastern white cedar

Location: Porcupine Mountains State Park, Ontonagon,
Michigan, Lake of the Clouds overlook

Date: May 12, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000034

Patterson Expedition

To the source of the Mississippi River, 2010

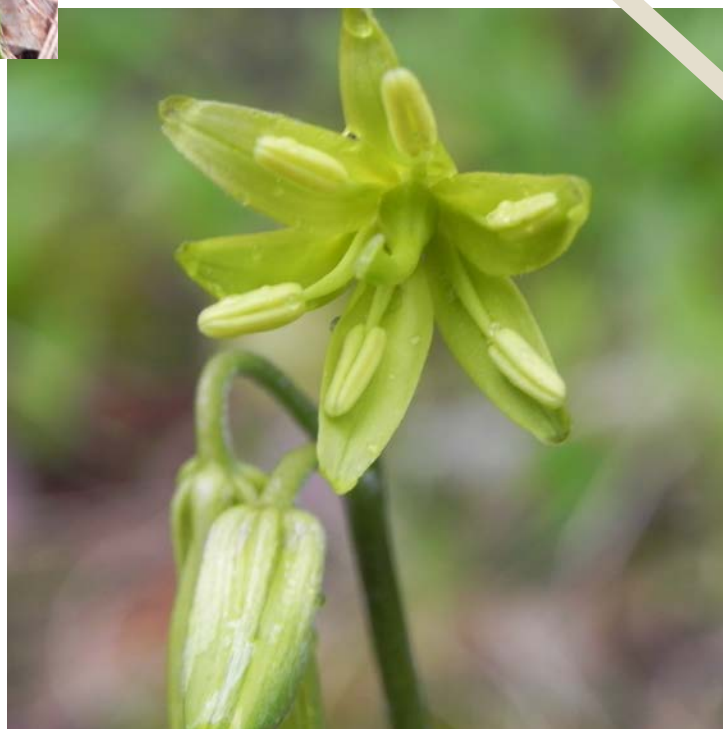

Species: *Pinus ponderosa*

Common Name: Ponderosa pine

Location: Porcupine Mountains State Park, Ontonagon,
Michigan, Lake of the Clouds overlook

Date: May 12, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000035

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Clintonia borealis*

Common Name: Corn lily, bluebead lily

Location: Near Black River, Gogebic County, Michigan

Date: May 13, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000036

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Trientalis borealis*

Common Name: Star flower

Location: Near Black River, Gogebic County, Michigan

Date: May 13, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000037

Patterson Expedition
To the source of the Mississippi River, 2010

Species: *Viola conspersa*

Common Name: Dog violet

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000038

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Polygala paucifolia*

Common Name: Fringed polygala

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000039

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Anemone quinquefolia*

Common Name: Wood anemone

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000040

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Vaccinium angustifolium*

Common Name: Low sweet blueberry

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000041

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Walsteinia fragarioides*

Common Name: Barren strawberry

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000042

Patterson Expedition
To the source of the Mississippi River, 2010

Species: *Larix laricina*

Common Name: Tamarack

Location: Brule-St. Croix Portage, marsh near the east fork
of Brule River, Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000043

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Abies balsamea*

Common Name: Balsam fir

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000044

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus glauca*

Common Name: White spruce

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000045

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus resinosa*

Common Name: Red pine

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000046

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Anemone quinquefolia*

Common Name: Wood anemone

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000047

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Prunus serotina*

Common Name: Black cherry

Location: Brule-St. Croix Portage, woods near trail,
Douglas County, Wisconsin

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000048

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Viola pubescens*

Common Name: Downy yellow violet

Location: Jay Cooke State Park, Grand Portage trail,
Thomson Township, Minnesota

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000049

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Erythronium albidum*

Common Name: White trout lily

Location: Jay Cooke State Park, Grand Portage trail,
Thomson Township, Minnesota

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000050

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Trillium grandiflorum*

Common Name: Large-flowered trillium

Location: Jay Cooke State Park, Grand Portage trail,
Thomson Township, Minnesota

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000051

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Betula papyrifera*

Common Name: Paper birch

Location: Jay Cooke State Park, Grand Portage trail,
Thomson Township, Minnesota

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000052

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Acer saccharum*

Common Name: Sugar maple

Location: Jay Cooke State Park, Grand Portage trail,
Thomson Township, Minnesota

Date: May 16, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000053

Patterson Expedition
To the source of the Mississippi River, 2010

Species: *Pinus resinosa*

Common Name: Red pine

Location: Schoolcraft State Park, Deer River, Minnesota

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000054

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Larix laricina*

Common Name: Tamarack

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000055

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Caltha palustris*

Common Name: Marsh marigold

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000056

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Rhododendron groenlandicum*

Common Name: Labrador tea

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000057

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Sarracenia purpurea*

Common Name: Pitcher plant

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000058

Patterson Expedition
To the source of the Mississippi River, 2010

Species: *Picea mariana*

Common Name: Black spruce

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000059

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Typha latifolia*

Common Name: Common cattail

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000060

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Andromeda polifolia*

Common Name: Bog rosemary

Location: Bemidji State Park, Bemidji, Minnesota, bog
walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000061

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Populus tremuloides*

Common Name: Quaking aspen

Location: Bemidji State Park, Bemidji, Minnesota, woods
near the bog walk

Date: May 18, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000062

Patterson Expedition
To the source of the Mississippi River, 2010

Species: *Juniperus virginiana*

Common Name: Eastern redcedar

Location: Itasca State Park, Minnesota, near the
headwaters of the Mississippi River

Date: May 19, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000063

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Uvularia grandiflora*

Common Name: Large-flowered bellwort

Location: Itasca State Park, Minnesota, Interpretive trail

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000064

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Viola pubescens*

Common Name: Downy yellow violet

Location: Itasca State Park, Minnesota, Interpretive trail

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000065

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Corallorhiza striata*

Common Name: Striped coral root

Location: Itasca State Park, Minnesota, Interpretive trail

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000066

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Fragaria virginiana*

Common Name: Wild strawberry

Location: Itasca State Park, Minnesota, Interpretive trail

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000067

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Pinus strobus*

Common Name: White pine

Location: Itasca State Park, Minnesota, the largest white pine in the park

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000068

Patterson Expedition

To the source of the Mississippi River, 2010

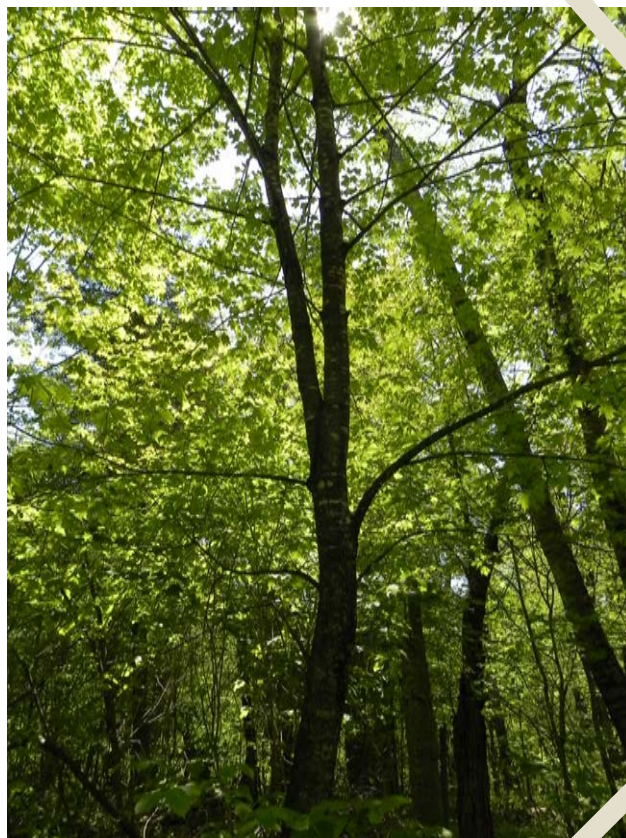

Species: *Thalictrum dioicum*

Common Name: Early meadow rue

Location: Itasca State Park, Minnesota, near the fire tower

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000069

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Acer rubrum*

Common Name: Red maple

Location: Itasca State Park, Minnesota, near the fire tower

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000070

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Hepatica americana*

Common Name: Roundlobe hepatica

Location: Itasca State Park, Minnesota, Bohall trail

Date: May 20, 2010

Collector: Lorah Patterson

Lorah Patterson Herbarium

000071

Patterson Expedition

To the source of the Mississippi River, 2010

Species: *Uvularia sessilifolia*
