LEE HONORS COLLEGE

The mission of the Carl and Winifred Lee Honors College is to provide a lively, rigorous undergraduate program for bright, highly motivated, and active students. The College was founded in 1962, and because of its continued leadership in the national honors movement, it remains a well-respected center for academic training among the 500 institutional members of the National Collegiate Honors Council.

More than one thousand students participate in a learning and living environment that provides undergraduates with the sense of being enrolled in a small private college, but with the resources of a major university. The Lee Honors College offers a four-year academic program, co-curricular activities, and special opportunities to complement all disciplinary majors.

Freshman/sophomore-level students take linked courses built on the learning community model. General Education courses are grouped around a general theme or major issues in order to present a more coherent view of knowledge or methodology. A cohort group of students attends two or three courses or integrating seminars where connections among the disciplines are drawn and assignments are made which are common to the linked classes. Varieties of clusters are offered every semester; some of these are entitled “Mind and Body,” “Science and Technology,” “Exploring These United States,” and “Looking into Nature and Outdoors.”

At the junior and senior levels, honors course selections consist of seminars with special topics, which bring together multi- and interdisciplinary approaches to issues, events, or problems. Honors students take a minimum of two seminars and may substitute a research-oriented independent study, foreign study, or an internship for one of these two upper-level honors course requirements.

A thesis, extended project, or performance serves as a capstone to the four-year program. This culminating activity focuses and applies knowledge and skills of the entire honors program through critical thinking and creative expression. Upon completion of the honors program of study, students graduate from Lee Honors College with recognition in the commencement program, on the diploma, and special notation on the academic transcript.

To assist students in the thesis process, there is The Dean’s Summer Research Thesis Award, and the Honors College also administers the Siebert Undergraduate Research and Creative Activities Award program for the University. We also try through various internships, to provide unique opportunities for honors students to learn from valuable contacts with experts in a variety of fields and for each student to gather data for his or her thesis.

The Lee Honors College recruits and advises qualified applicants from the entire University community for prestigious scholarships: The Rhodes, The Gates Cambridge, The British Marshall, The Goldwater, The Truman, The Mellon Fellowship, and The Morris K. Udall Scholarship. Highly qualified WMU candidates have recently been recognized nationally; these include two Truman finalists, one Truman winner, two Goldwater winners, four Morris K. Udall winners, and two state finalists for the Rhodes and The British Marshall, and three Rotary International Ambassadorial Scholarships. Most recently, one of our students was selected for a Gates-Cambridge Scholarship.

DEFINITIONS OF TERMS USED IN THE 2006-2007 FACT BOOK

All Students indicates students from on and off campus.

Bargaining unit faculty are those faculty appointed by the Board of Trustees who are represented by the WMU chapter of the American Association of University Professors (AAUP). As such, they all have academic rank. Most of the positions have an instructional function; however, some, notably those in the library and counseling center, are not instructional and are omitted from counts that specify instructional faculty. See Faculty Information, Faculty Data Definitions for more detail about definitions of items related to faculty.

Census refers to the first business day after the drop and add period of a semester.

Curriculum is a complete program of study, as defined by a college, leading to a degree. The term “Curriculum” is now referred to as “Primary Program”.

Data on Students Enrolled is data collected by the Registrar’s office from the census day reports, which are completed at the beginning of each semester the evening of the sixth day of classes.

Degree seeking students are those students who are officially admitted to the University in a degree program as either full or part time students.

FYES is an abbreviation for Fiscal Year Equated Students. To calculate FYES, the total student credit hours (SCH) for the fiscal year are grouped by student level. The SCH at the undergraduate level are divided by 30, SCH at the master’s are divided by 24, and doctoral and specialist credits

are divided by 16. FYES is commonly used among Michigan colleges and universities to provide comparative enrollment data. FYES should be distinguished from the definition of individual students who attend full time or part time. (See **full time student**.)

FTIAC refers to degree seeking students enrolled for the first time in any college.

Full time instructional faculty is instructional bargaining unit faculty (described above) and academic department chairs who are full time. Inclusion and exclusion of individuals is based on the instructions for reporting to government agencies, i.e., IPEDS. See Faculty Information, Faculty Data Definitions for more detail about definitions of items related to faculty.

Full time student/part time student refers to the classification of individual students based on the number of credits each is carrying in a semester. Undergraduates are considered full time when they take 12 or more credits during the Fall or Spring, and 6 credit hours during the Summer sessions. Graduate (Master’s, Specialist, and Doctoral) students are considered full time when they take 6 or more credits during the Fall or Spring, and at least 3 credits during the Summer sessions.

IPEDS stands for Integrated Postsecondary Education Data System, a system for annual reporting of institutional data to the federal government.

Major is a concentration of related courses generally consisting of 30 to 50 semester hours of credit. A student may have more than one major.

Other, as used in Table 3, includes guest students, non-admitted students with permission to take classes, undecided students, and Military Science students. When used in Tables 4 and 4A, it includes Guest Students, students with permission to take classes, and undecided students.

PTC is an abbreviation for permission to take classes and applies to undergraduate non-degree seeking students.

PTG is an abbreviation for permission to take graduate classes for those students who have a bachelor’s degree and are awaiting admittance to a graduate degree program or wishing to enroll in a graduate level course.

Student Credit Hours (SCH) is the enrollment in a course multiplied by the credit hour value of the course. For example, if a three credit hour class includes 30 students, the SCH is 90. Total SCH for the University is the sum for all course sections.

Student headcount is the count of individual students enrolled for one or more credit courses during the time period illustrated. The Registrar takes this count at the same time each semester (Census Day) as set by the Board of Trustees and reported.

MEDALLION SCHOLARSHIP PROGRAM 2006-2007

THE PROGRAM

The Western Michigan University Medallion Scholarships were created in 1984 under the leadership of Trustee Emeritus J. Michael Kemp. These \$40,000 awards are among the largest merit-based scholarships at any public university in the United States. These awards have been made possible through the generosity of alumni, friends, corporations, foundations, and other organizations. More than 15,000 outstanding high school seniors from numerous states have participated in the Medallion Program since its inception. A total of 407 students have been named Medallion Scholars and have received the top awards, totaling more than six million dollars.

CAMPUS LIFE

The Division of Student Affairs

The mission of the Division of Student Affairs is to engage students in learning and personal development. All of the programs and services within the division are intentionally designed to support the academic mission of the University, create and sustain optimal learning environments both in and outside of the classroom and provide appropriate challenge and support for students. A vital component of WMU, the division helps to guide development of students into responsible citizens and future leaders.

Residence Life

The Residence Life program strives to create living/learning environments where students learn, grow and develop into successful members of the University community. Learning is woven into all aspects of the residence life experience through programs, academic resources and services, opportunities for involvement, and Living/Learning Themes.

Each hall has a theme that directly relates to student learning. Some of these themes include Leadership, Health & Wellness, First-Year Experience, Diversity, Arts & Athletics and Honors & Success.

Opportunities for involvement and leadership development are numerous, such as attending hall programs, holding leadership positions in the hall and serving on campus wide residence life committees.

Approximately 5,000 students live in the 22 residence halls on campus. Each hall offers a different living option; whether it is suite-style or traditional community options, upper class-only halls, extended quiet hours and super singles.

For more information about Residence Life, please visit www.reslife.wmich.edu or call 269-387-4735.

For general purposes the University describes its faculty number as 924 regular and 488 part time. Other groupings of faculty represented in the following tables are described below:

American Association of University Professors (AAUP) Reports: Each year the University participates in the national study of the salaries of full-time instructional faculty that is prepared by the American Association of University Professors. The data are prepared in compliance with the definitions supplied by the National AAUP. Data from this study is compiled in Table 36.

Bargaining Unit Faculty: The AAUP represents 875 faculty (Fall 2006), including Board-appointed ranked faculty and post-doctoral fellows. “Ranked faculty” includes ranked faculty in the Library, Academic Affairs, the Career English Language Center for International Students, and the Counseling Center. WMU Alumni Geographic Distribution (2007)

WMU Alumni Geographic Distribution (2007)

Total addressable alumni*

There are 164,000 WMU alumni worldwide.

About 97 percent of all WMU alumni (159,000) live in the United States.

The largest populations of WMU alumni outside the United States are in Malaysia (about 1,300), Japan (500), Thailand (400) and Canada (400).

Of the 159,000 alumni who live in the U.S., about three-fourths (119,000 alumni) live within a five-hour driving radius (300 miles) of Kalamazoo, which includes Milwaukee, Chicago, Indianapolis, Cleveland and Columbus, Ohio, and most of Michigan's Lower Peninsula.

There are 111,121 WMU alumni in Michigan.

Two-thirds (68 percent) of all WMU alumni live in Michigan.

More than 90 percent of Michigan's WMU alumni live in the Lower Peninsula, south of a line extending from Muskegon County in the west to St. Clair County in the east.

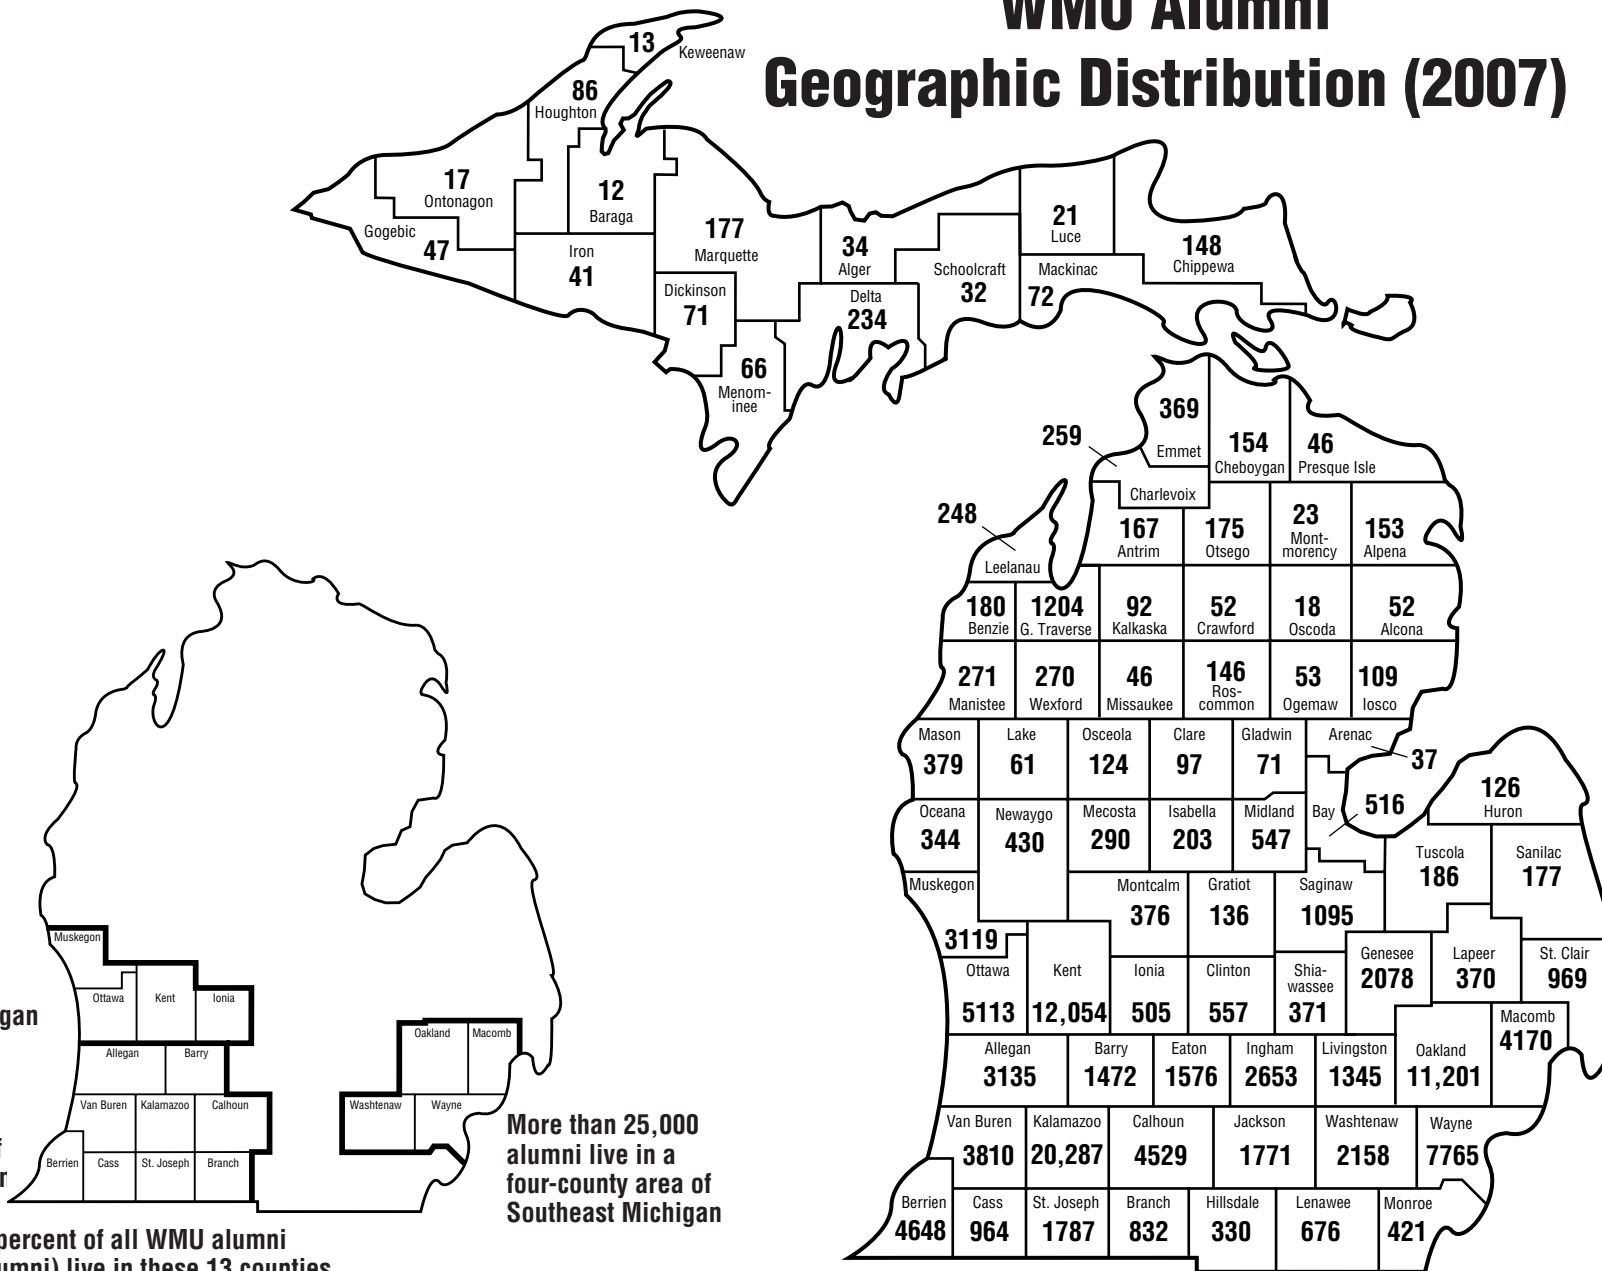

*Verifiable, living alumni, includes both those who earned degrees at Western Michigan University and some former students who did not earn degrees. The WMU definition for "non-graduate alumni" has varied over the years. The alumni population is continually changing. Within one year of this report, actual alumni counts may vary by plus or minus 20 percent of the figures presented here. Population relationships and ratios are less likely to vary significantly.

WMU Alumni Geographic Distribution (2007)

More than 20,000 alumni live in a four-county area of West Central Michigan

More than 41,000 alumni live in a nine-county area of Southwest Michigan

Nearly 40 percent of all WMU alumni (62,400 alumni) live in these 13 counties of West Michigan
