-Approved by the Board of Trustees 12/8/11

Introduction

Western Michigan University is a national research university with a small college feel that was founded in 1903. It is a public institution firmly focused on students succeeding on campus and in life. To that end, WMU offers a learner centered, discovery driven, and globally engaged environment in which its nearly 25,000 students from across the United States and more than 90 other countries can flourish. This dynamic environment includes the top-notch programs, faculty, facilities, and hands-on learning opportunities students need to prepare for and excel in graduate school or the workplace.

- The Carnegie Foundation classifies WMU as one of the nation's 207 research universities.
- Phi Beta Kappa, the nation's most prestigious honor society, has chosen to grant chapters to WMU and fewer than 100 other public institutions.
- *U.S. News & World Report* names WMU among the nation's best national universities, and has done so for 22 consecutive years.
- *The Princeton Review* includes WMU on its annual online list of the Best Midwestern Colleges.
- *Military Times* ranks WMU 49th on its list of the country's best four-year colleges for military veterans, and WMU is the higher ranking of the two Michigan schools on this list.
- The Sustainable Endowments Institute green report card puts WMU in an elite cadre of some 80 institutions nationwide that are billed as "Campus Sustainability Leaders". Only two other Michigan universities are in this elite group.

WMU offers 247 degree programs through seven degree-granting colleges: Arts and Sciences, Aviation, Education and Human Development, Engineering and Applied Sciences, Fine Arts, Haworth College of Business, and Health and Human Services. Students may choose from 145 bachelor's programs, 71 master's programs, and 30 doctoral programs. Many of these offerings have earned a national or international reputation, and several are offered close to home through regional sites in the Michigan cities of Battle Creek, Benton Harbor, Grand Rapids, Lansing, Muskegon, Royal Oak, and Traverse City.

WMU attracts faculty members who have been trained at the world's leading universities and who bring a global perspective to the classroom. These scholars conduct \$20-\$30 million in externally funded research each year and share their cutting-edge discoveries in the classroom. This robust academic environment is bolstered by some of the finest instructional facilities in the Midwest as well as a rich array of study-abroad programs, internship opportunities, research institutes and business-industry partnerships.

Despite its size, complexity and status as a major research institution, WMU remains one of the most affordable and accessible schools in Michigan. The University ranked 10th in tuition and fees among the state's 15 public universities in 2012-13, while continuing to provide the close personal attention usually associated with small private colleges. At WMU, more than two-thirds of all undergraduate classes have 30 or fewer students, and first-year mentoring programs, experienced advisors and tutors, and extensive career and employment services are within easy reach.

LEE HONORS COLLEGE

Page 1 of 2

The mission of the Carl and Winifred Lee Honors College is to provide a lively, rigorous undergraduate experience for academically talented and highly motivated students. We will do this by focusing on the quality of each student's undergraduate experience. The signature organizing principle for the Lee Honors College is the creation of "The Distinctive Student." Our mission is to help students become distinctive in a way of their own choosing. This principle shapes what we do in the Lee Honors College. Students are our most important partners in this endeavor. We believe that becoming a distinctive student will provide students with a realistic opportunity to position themselves for a successful career and life.

The Lee Honors College was founded in 1962 and remains a well-respected center for academic honors education among the 500 institutional members of the National Collegiate Honors Council.

Over 1,530 students participate in a learning environment that provides undergraduates with the ambience and benefits of a small private college but with the resources and diverse programs of a major university. The Lee Honors College offers a four-year academic program, co-curricular activities, and special opportunities to complement all disciplinary majors.

Students take a minimum of six honors courses, which can include a research-oriented independent study, study abroad, or an internship. A cohort group of students enroll in two courses where connections among the disciplines can be drawn and assignments are made that are common to the linked classes. Varieties of clusters are offered every semester, including Science and Technology, Exploring the Humanities, Biomedical Sciences, and Environmental Studies. Upper-level honors courses generally provide students with a range of special topics and interdisciplinary approaches to issues, events, or problems. All students are required to participate in community service.

A thesis, design project, or performance serves as a capstone to the four-year program. This integrative activity focuses and applies the knowledge and skills of the entire honors program through critical thinking and creative expression. Upon completion of the honors program, students graduate from the Lee Honors College with recognition in the commencement program, on the diploma, and with special notation on the academic transcript.

To assist students in the thesis process, there is the Dean's Summer Research Thesis Award. The Lee Honors College also offers several study abroad scholarships. Unique opportunities are provided through various internships for honors students to learn from valuable contacts with experts in a variety of fields and for each student to gather data for his or her thesis.

On behalf of the University, The Lee Honors College recruits and prepares qualified applicants for prestigious scholarships: The Rhodes, The Gates Cambridge, The British Marshall, The Goldwater, The Truman, Fulbright, The Mellon Fellowship, and The Morris K. Udall Scholarship. Highly qualified WMU candidates have recently been recognized nationally; these include two Truman finalists, one Truman winner, two Goldwater winners, four Morris K. Udall winners, two state finalists for the Rhodes and The British Marshall, and three Rotary International Ambassadorial Scholarships.

DEFINITIONS OF TERMS USED IN THE 2012-13 FACT BOOK

All Students indicates all students taking courses at WMU and additional locations.

Bargaining unit faculty are those faculty appointed by the Board of Trustees who are represented by the WMU chapter of the American Association of University Professors (AAUP). As such, they all have academic rank. Most of the positions have an instructional function; however, some, notably those in the library and counseling center, are not instructional and are omitted from counts that specify instructional faculty. See [Faculty Information, Faculty Data Definitions](#) for more detail about definitions of items related to faculty.

Census refers to the first business day after the drop/add period of a semester.

Data on Students Enrolled is a statistical summary report based on census enrollment.

Degree-seeking students are those students who are officially admitted to the University in a degree program as either full-time or part-time students.

FYES is an abbreviation for Fiscal Year Equated Students. To calculate FYES, the total student credit hours (SCH) for the fiscal year are grouped by student level. The SCH at the undergraduate level are divided by 30, SCH at the master's level are divided by 24, and doctoral and specialist credits are divided by 16. FYES is commonly used among Michigan colleges and universities to provide comparative enrollment data. FYES should be distinguished from the definition of individual students who attend full-time or part-time.

FTIAC stands for First Time In Any College and refers to full-time, degree-seeking, undergraduate students enrolled for the first time in any college.

Full-time instructional faculty refers to instructional bargaining unit faculty and academic department chairs who are full-time. Inclusion and exclusion of individuals are based on the instructions for reporting to government agencies, i.e., IPEDS. (See [Faculty Information, Faculty Data Definitions](#) for more detail about definitions of items related to faculty.)

Full-time student/part-time student refers to the classification of individual students based on the number of credits each is carrying in a semester. Undergraduates are considered full-time when they take 12 or more credits during the fall or spring and 6 credit hours during the summer sessions. Graduate (master's, specialist, and doctoral) students are considered full-time when they take 6 or more credits during the fall or spring and at least 3 credits during the summer sessions.

IPEDS stands for Integrated Postsecondary Education Data System, a system for annual reporting of institutional data to the federal government.

Major is a concentration of related courses generally consisting of 30 to 50 semester hours of credit. A student may have more than one major.

Program is a complete program of study, as defined by a college, leading to a degree.

Student Credit Hours (SCH) is the enrollment in a course multiplied by the credit hour value of the course. For example, if 30 students attend a three credit hour course, the SCH for that course is 90. The total SCH for the University is the sum for all course sections.

Student headcount is the count of individual students enrolled for one or more credit-bearing courses during the time period illustrated. This count is taken at the same time each semester (Census Day) as set by the Board of Trustees.

Note: Full-time/part-time status for each row is determined by the credit hours taken at the indicated campus. For example, an undergraduate student taking 12 main campus credits and three EUP credits would be counted as full-time on the main campus, part-time in EUP and full-time based on total hours. As a result, full-time main campus plus full-time EUP may not equal the full-time total.

* The percentage of return is based on the number in the freshman class; for example, there were 3,621 freshmen in the 1998 entering class, 80.0% returned for their sophomore year, and 41.1% (of the original 3,621) returned for their 5th year.

** The cohorts are adjusted for students that are deceased or on active military leave in the calculation of the retention and graduation rates as specified by the CSRDE. Starting in 2010, active military leave is no longer included in the adjustment.

First Year Pride Alliance

The First Year Pride Alliance is a cohort of first year students who meet in a relaxed, inclusive, and safe space to find a peer support while learning more about LBGT history, social justice and LBGT-supportive resources. The alliance prepares first year students to succeed by addressing many of the unique challenges facing LBGT and ally individuals while providing the tools to thrive in a University environment. First Year Pride Alliance builds relationships and knowledge among first year students to support their entire college experience.

Lavender Graduation

Lavender Graduation is a celebration that recognizes graduating LBGTA students' contributions to the university and acknowledges their achievements throughout their college experience. Students are recognized for their leadership, success, and achievement. The ceremony recognizes students, faculty, staff and groups who have made significant contributions to LBGTA-inclusion at WMU.

LBGT Resource Room and Library

The Resource Room is open 9 a.m. to 5 p.m., Monday through Friday during the fall and spring semesters. As a safe, non-judgment space the Resource Room is open to students, faculty and staff as a place to study, find resources, rest between classes, watch movies, and more. Walk-ins are always welcome.

LBGT Student Advisory Council

The Student Advisory Council meets with various university units to inform the Office of LBGT Student Services on diversity and inclusion efforts. The council works to identify areas of opportunity throughout the university with a focus on creating a safe and welcoming campus inclusive of sexual orientation and gender identity.

FACULTY DATA DEFINITIONS

Faculty Data: The tables and graphs in this section of the Fact Book contain data about WMU faculty. Several of the tables provide faculty headcounts based on different categorizations.

For general purposes the University describes its faculty number as 913 regular and 543 part-time. Other groupings of faculty represented in the following tables are described below:

American Association of University Professors (AAUP) Reports: Each year, the University participates in a national study of the salaries of full-time instructional faculty prepared by the American Association of University Professors. The data are prepared in compliance with the definitions supplied by the National AAUP. Data from this study are compiled in Table 36.

Bargaining Unit Faculty: The AAUP represents 861 faculty (Fall 2012), including board-appointed ranked faculty. Ranked faculty includes ranked faculty in the Library, Academic Affairs, the Career English Language Center for International Students, and Sindecuse Health Center. Administrative positions, including department chairs and directors, are excluded from the bargaining unit. A specific listing of those included and excluded in the bargaining unit is provided in Article I of the contract between the AAUP and the University.

Term Appointment: Term appointment refers to a board-appointed faculty position represented by the AAUP that has a specific duration, usually one year. A person in such a position is not eligible for tenure.

WMU Alumni Geographic Distribution (2013)

WMU Alumni Geographic Distribution (2013)

Total addressable alumni*

There are 180,000 WMU alumni worldwide.

About 96 percent of all WMU alumni (177,038) live in the United States.

The largest populations of WMU alumni outside the United States are in Malaysia (about 1,500), India (800), Japan (600), China (500), Canada (400) and Thailand (400).

Of the 177,038 alumni who live in the U.S., about three-fourths (130,000 alumni) live within a five-hour driving radius (300 miles) of Kalamazoo, which includes Milwaukee, Chicago, Indianapolis, Cleveland and Columbus, Ohio, and most of Michigan's Lower Peninsula.

There are 123,294 WMU alumni in Michigan.

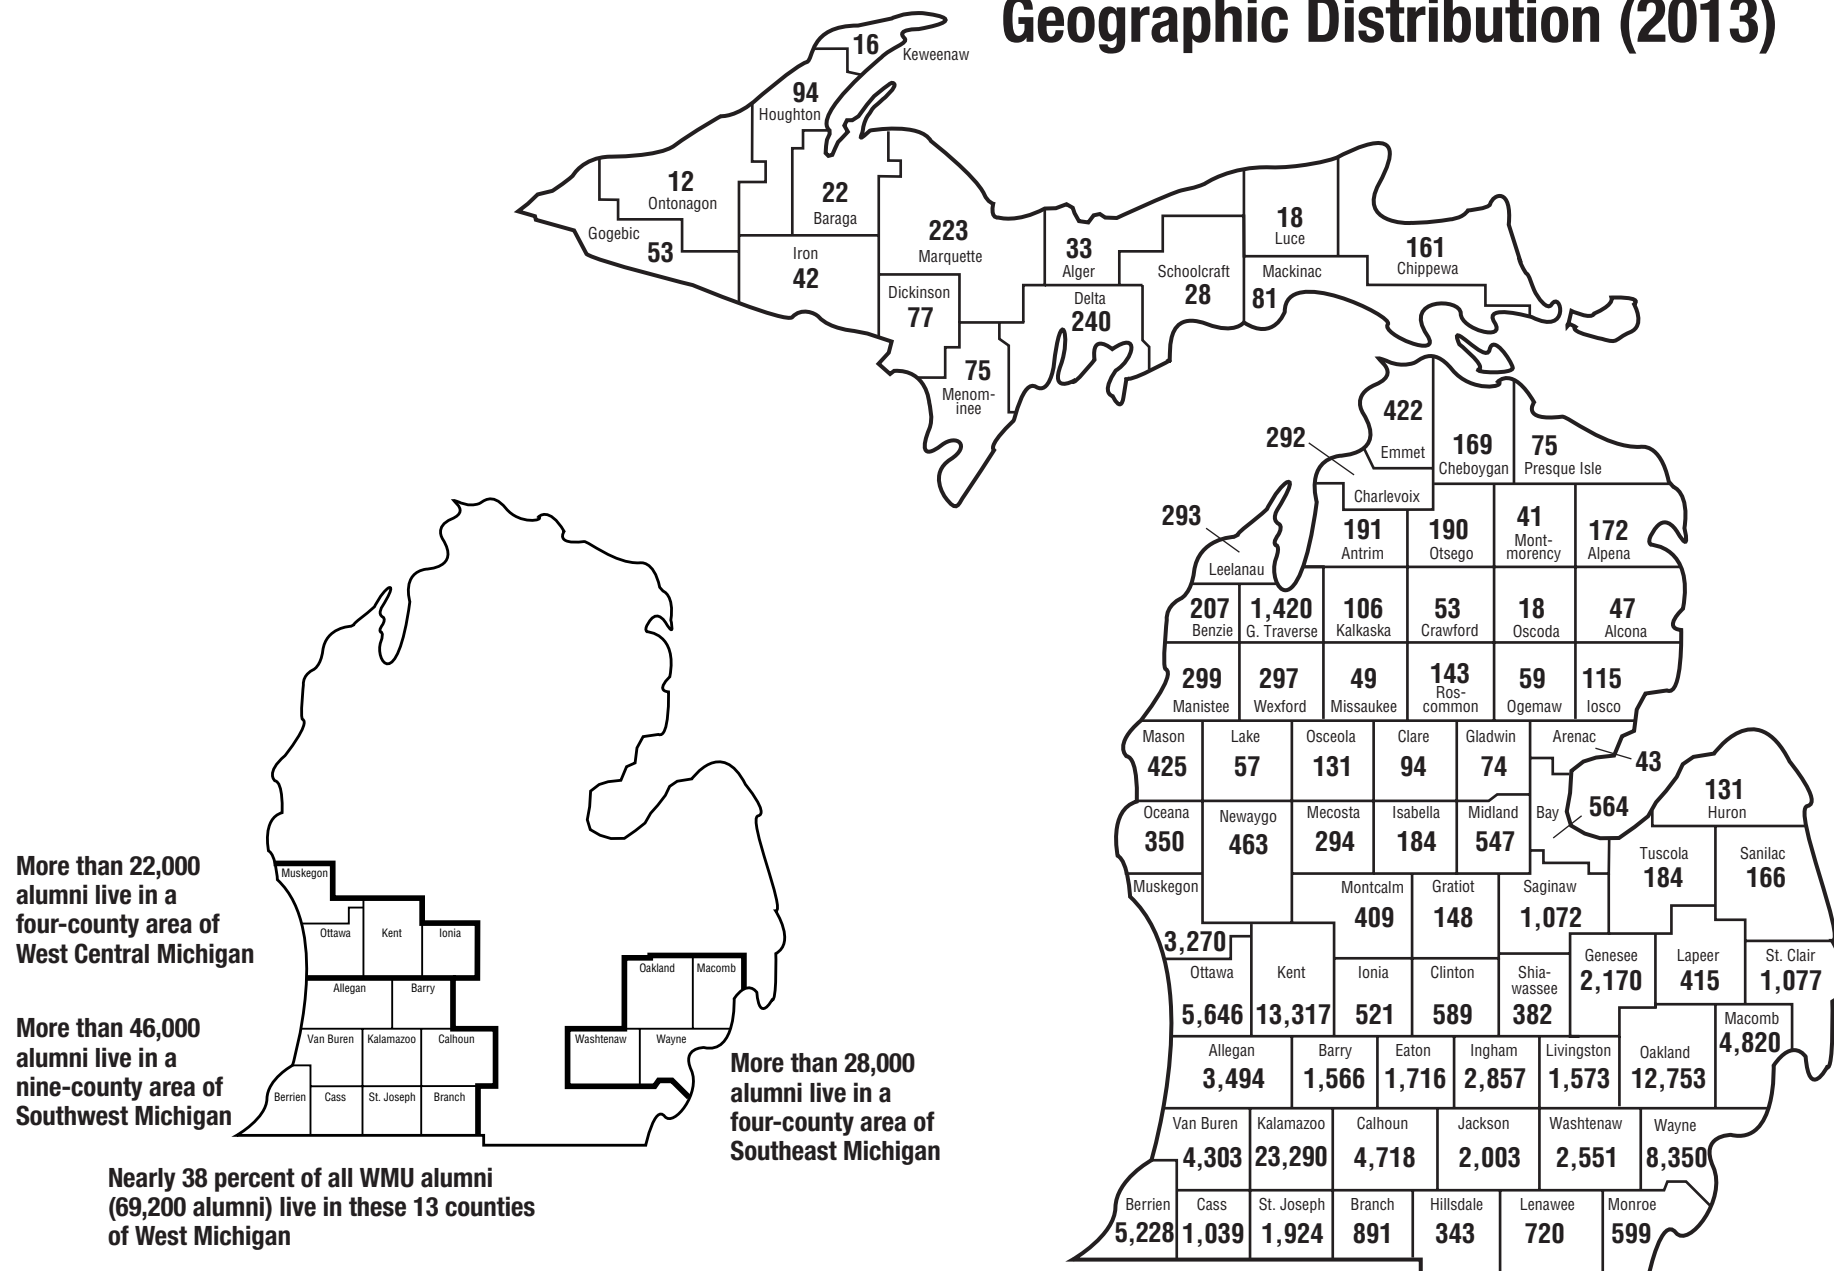

Two-thirds (67 percent) of all WMU alumni live in Michigan.

More than 90 percent of Michigan's WMU alumni live in the Lower Peninsula, south of a line extending from Muskegon County in the west to St. Clair County in the east.

*Verifiable, living alumni, includes both those who earned degrees at Western Michigan University and some former students who did not earn degrees. The WMU definition for "non-graduate alumni" has varied over the years. The alumni population is continually changing. Within one year of this report, actual alumni counts may vary by plus or minus 20 percent of the figures presented here. Population relationships and ratios are less likely to vary significantly.
