Faculty Publications 1967-68 is the sixth major compilation of the publications of the Faculty of Western Michigan University. The first listed materials that were published between July 1, 1957 and June 30, 1961; the second, between July 1, 1961 and June 30, 1963; the third between July 1, 1963 and June 30, 1965; the fourth, between July 1, 1965 and June 30, 1966; and the fifth, between July 1, 1966 and June 30, 1967. It is designed mainly to apprise the Faculty of the University of the breadth of writing of their colleagues.

As with previous listings, the information here is not a criterion for evaluating the contributions of any Faculty member either on the basis of numbers or merit. Many scholarly articles that have appeared in the Western Michigan University Magazine, and in other publications distributed mainly within the University have not been included. The few exceptions are those in which the author has prepared a complete publication that was later disseminated on a nationwide basis.

The Graduate Office sought to poll every Faculty member to obtain complete and accurate citations. As with the previous compilations, omissions and errors are inevitable. The writer takes full responsibility for these and expresses his apologies.

It is hoped that Faculty Contributions 1967-68 will prove to be useful.
