CEAS Senior Receives the Outstanding Student Engineer of the Year!

On June 23rd at the award ceremony in Detroit, the Engineering Society of Detroit (ESD) presented the Outstanding Student Engineer of the Year Award to Casey Kick. Casey is a senior here at Western Michigan University majoring in Paper Engineering, Chemical Engineering and Imaging. Casey's hometown is Iron Mountain, Mich. While at WMU, he has held various internships and co-op positions, including participating in the WMU Engineering Study Abroad Program in China.

CEAS Faculty Retirement

Dr. Richard Hathaway is retiring from the Mechanical and Aeronautical Engineering Department, after 34 years at WMU.

13th Annual Hands-On Metal Casting Workshop

This summer Dr. Sam Ramrattan offered students the opportunity to get real experience designing and creating their own metal casting projects. This was the 13th year he has guided participants through the processes of metal casting methods, and trends. Students examined metal casting from the perspectives of manufacturing (molding, melting, filling, and finishing), engineering, quality control, purchasing, marketing, and sales. ME Master's students, Sean Derrick and AJ Oman chipped in to help the camp students too. Dr. Ramrattan uses the workshop to identify and promote the variety of viable metal-casting careers available today. The camp is open to up to 15 area tenth- through-twelfth-grade students. Students who attended the program were selected on the basis of aptitude for math and science and were sponsored by various chapters of the American Foundry Society (AFS) and the North American Die Casting Association (NADCA). There was no cost to the students for the weeklong camp, who stayed in WMU dorms and experienced a taste of campus life. Information on future summer metal-casting camp is available at sam.ramrattan@wmich.edu.

WMU Parkview to Host BTR Bike Race

The CEAS Parkview campus will be the site of the BTR criterium bike race from 8:30 a.m. to 4:30 p.m. Saturday, July 16. Rain or shine the Men’s Elite 4 will be the first event at 8:00 a.m. and the Junior Women will conclude the competition at 4:11 p.m. There is prize money totaling $6650 that will be awarded for event categories. There will be food and beverage provided by Scott’s Pig Roast for purchase on site, and spectators are welcome to come and enjoy the races free of charge.

To register for racing events visit: BRT Park Criterium

For more race information on all the activities visit: Kalamazoo Bicycle Club

WMU’s College of Engineering and Applies Sciences campus in the BTR Park provides smooth pavement with three 90° turns and several broad curves. There are small elevation changes periodically and with the winds it should make for a very interesting day of competition. This track is the perfect combination for quick, hard line, and fun racing excitement. There is also a kid’s fun race at 1:15 p.m., the registration for the kid’s race is free and the entry fee for the other races range from $10 to $30.

Online registration closes July 14 at 11:59 p.m.

USA Cycling sanctions this event.
