**About**

Initiated in 2006, the Distinguished Teaching Award is the highest honor given by the University to recognize faculty members for their work. A similar honors program, the WMU Alumni Association Teaching Excellence program, ran at the University between 1966 and 2001 and honored 131 faculty members during that time.

Each year Western Michigan University recognizes outstanding teaching by awarding one or more Distinguished Teaching Awards. Outstanding teaching is not fixed in form or venue and is not easily assessed. Whether instruction takes place in lecture courses, seminars, or laboratories or whether it is pitched at introductory or advanced levels, exceptional pedagogy is marked by the active, critical role of the instructor and mentor whose demanding presence fosters critical thinking and inspires students to engage the quest for knowledge as a value in itself and as a craft.

**Submissions after March 31, will be considered for the 2018 - 19 Distinguished Teaching Award nominations.**
