National Research Center on Grandparents Raising Grandchildren

Mission
Our mission is to improve the well-being of grandparent-headed families by promoting best practices in community-based service delivery, and advancing the work of practitioners and scholars in the development, implementation and evaluation of new knowledge in the field.

Core Beliefs
Grandparents contribute to the preservation of whole family systems when taking on the responsibility of raising their grandchildren.

Grandchildren, as well as all children, deserve to loved and cherished in safe and nurturing families.

Parents should have primary responsibility for their children, but when they are unable/unwilling to assume that role, grandparents should be given the resources and support to assume parental responsibilities.

Communities are better served by grandparents taking on the custodial care of their grandchildren, when needed.
