Accounting group is tops

Western's chapter of Beta Alpha Psi has been selected as a "superior chapter" by its national organization for the 10th consecutive year.

There are 182 chapters of the professional accounting honorary fraternity in the country and only 50 achieved superior status in 1987. The organization is designed to excel academically and to be involved in professional activities and community service. To qualify for the honor, chapters had to earn at least 88 percent of the total points possible, which was 25 percent higher than the national average.

On Nov. 16, he said, Cunningham offered a $1,000 reward for information leading to the arrest and conviction of anyone responsible for the murder.

It has since been decided that Cunningham's reward would be for information leading only to an arrest. That means criteria for rewards of $5,000 each offered by the Silent Observer program and William Van Dorn, local chapter president of HOT in NOW Hamburger Be, Inc., Southwest Michigan fast-food chain based in Kalamazoo.

"I am addressing this open letter to the University community to review what we have done so far and to outline the points we must take to reduce risks."

Haenicke listed a set of "dos" and "don'ts" for Western students to the campus foot patrol.

The students also will begin patrolling the student center from 7 p.m. to 1 a.m. nightly.

In addition, to have an off-campus phone or coin phone (no pay phones are allowed), they may dial 9-1-1. The University will be reviewed all safety procedures to determine what additional measures may be taken to strengthen the security on this page)."

The University of Western Michigan police have formed a task force of area law enforcement agencies to coordinate the investigation of the Nov. 14 murder of Julie K. Cunningham, a freshman from Vicksburg, Mich.

The leads have come in response to the murder. Cunningham, 18, a freshman from Vicksburg, was murdered last Thursday, Nov. 14, in a dormitory on the campus.

The funeral will be at 3:30 p.m. Tuesday, Nov. 24, at Kanley Chapel.

An autopsy conducted Nov. 16 confirmed that Cunningham had been sexually assaulted and strangled.

"Each lead will, of course, be followed up," Wilde said. "There are still no suspects in the case."

"Maybe by working together, we can solve this terrible crime," said Ruth Hoag, vice president and director of security for First of America Inc. in Kalamazoo and president of Silent Observer.

A flyer announcing the combined reward and seeking relevant information is to be distributed through three HOT 'n NOW locations in Kalamazoo, as well as through the Kalamazoo community for a total of 35,000 copies, Hoag said.

The flyer is being produced by Media Services and Printing Services at Western in cooperation with Silent Observer.

Several counseling and safety measures have been implemented since the crime. Residents of the third floor of Siedschlag Hall, where Cunningham lived, were informed of the murder at a meeting at 10 p.m. Nov. 15. A second meeting for residents of the entire Draper-Siedschlag complex took place a half-hour later. Professional staff members of the Counseling Center were available to assist students in small groups after both meetings.

On Nov. 16, locks to the entrances of the residence hall complex where Cunningham lived were changed because no keys were found with the victim or in her clothing, University officials said. Those exterior doors were guarded throughout Sunday night.

This fall, a number of new safety features have been implemented, including improved campus lighting, a student escort service and a student foot patrol. Additional measures will be put in place immediately (see related story on page four).

University flags will be flown at half-staff until after the Steen Memorial service, which is scheduled for noon Tuesday, Nov. 24, at Kanley Chapel. College of Business Administration.
