United Way goal surpassed

Western has surpassed its United Way goal of $80,000. As of Nov. 5, $80,084.23 had been collected from faculty, staff and students for the Greater Kalamazoo United Way. Some donations still are being counted. Those who have not yet given but would like to do so should call the Office of the Vice President for Finance at 3-1720.

WMUK-FM exceeds goal

For the third consecutive year, WMUK-FM (102.1) has exceeded a goal of $80,000 during its on-air fund-raising campaign. A total of 1,572 listeners pledged $80,478 in support of the University's public radio station during the OPUS IV fund-raising drive. Scheduled to last from Oct. 25 until Nov. 3, the campaign concluded shortly after 6 p.m. Nov. 1 when the $80,000 pledge mark was surpassed.

Funds raised during the campaign will be used for general support of the station. A total of 670 listeners made their first pledges to WMUK-FM. The amount of the average pledge was $51. Pledges came from listeners throughout Southwest Michigan and Northern Indiana.

Two student receptions set

Receptions for two special guests of students will take place from 4 to 5:30 p.m. Monday, Nov. 18, in the Fetter Center.

An open house for new minority students will take place from 9 to 10 a.m. Monday, Nov. 18, in the Fetter Center.

The latter event is being sponsored by the University Retention Policy Committee, the Office of Special Programs, the Black American Students Program and the Black Caucus at WMU.

Grant project targets high risk infants

A project designed to expand and upgrade the services provided by speech language pathologists, audiologists and related professionals to infants who are at high risk for communication disorders and their parents was unvelled Oct. 31 at Western.

Instituted in September, the project is being carried out by the Department of Speech Pathology and Audiology in the College of Health and Human Services. Funding of $196,637 for the three-year project has come from a grant from the Robert Wood Johnson Foundation of Princeton, N.J.

"By large, the efforts of members of our profession have been devoted to the identification and early intervention with children who are at high risk for communication disorders," said Robert L. Erickson, chairperson of speech pathology and audiology. "Thus, it is important we begin helping these children before they reach the age of 2 to 3 years old," said Shirley N. Sparks, speech pathology and audiology and coordinator of the project with Erickson. "They come to us at that age with a problem and we start remediation. A project like this is aimed at preventing communication disorders. This is a major prevention goal of the project.

Through the project, financial stipends will be provided to selected WMU graduate students to work in clinics across the area with infants at high risk. These students will work at sites in Kalamazoo and Calhoun counties where infants at risk are seen routinely by health care professionals.

Our project is aimed at helping professionals help parents communicate with their infants. Initially, professionals doing remediation work with a child at three years of age, we're helping parents teach communication skills at a much earlier age." Erickson termed the development of projects such as Western's a "high priority" within the profession and said all students at Western's speech pathology and audiology program would benefit from the project. "This course content relating to prevention will grow throughout the curriculum because of the project," he said. "This will be particularly true at the graduate level.

Erickson characterized the grant as the first given in the area of speech pathology and audiology profession by the Robert Wood Johnson Foundation, which is one of the largest philanthropic organizations in the country.

In addition to its grant to Western, the foundation is also assisting five research and diagnostic centers in the state to improve the competence of practicing physicians in dealing with communicative disorders in children.

Soviet citizens visit to conduct Dialogue for Peace

Three citizens from the Soviet Union will visit the campuses of WMU and Kalamazoo College Sunday through Tuesday, Nov. 10-12, to participate in a program titled "Dialogue for Peace.

The program is being organized by the WMU chapter of United Campuses to Prevent Nuclear War (UCAM), and is part of a two-week, six-city tour of the United States organized by the national office of UCAM. The Kalamazoo visit will be the delegation's only stop in Michigan.

For the third consecutive year, Soviet citizens from the Valley of Silence and other books and articles on defense policy.

The panel will be moderated by Hodding Carter III, chair of the PBS series "Capitol Journal," and assistant secretary of state for public affairs from 1977-80. In addition to speaking at Western, the western conference will be co-sponsored by WMU's Student Community Access Television channel 5 at these times: 9 p.m. Thursday, Nov. 14; 5 p.m. Sunday, Nov. 17; and 8:30 p.m. Tuesday, Nov. 19. It also will be on Portage Community Access Television channel 6 at these times: 5 p.m. Monday, Nov. 25, and at 1 A.M. Wednesday, Nov. 27.

The panels in the Kalamazoo area have been arranged by Western's Science Council and are cosponsored by the WMU chapter of Physicians for Social Responsibility and Western's Campus to Prevent Nuclear War.

These graduate students will work at sites in Kalamazoo and Calhoun counties where infants at risk are seen routinely by health care professionals.

The grant also will support the production of three audio-visual educational modules to be used by professionals and their parents. The modules will focus on communicative disorders, prevention, early identification and family, and consultation services. They will be made available for national distribution.

According to Sparks, a growing number of infants are high risk to develop speech, language and hearing problems.

"Because of advances in medical technology, we're saving more low birth weight and birth defective babies, and more babies are being born into disadvantaged families. These are the types of infants at high risk to develop communicative disorders," she said.

"Our project is aimed at helping professionals help parents communicate with their infants. Initially, professionals doing remediation work with a child at three years of age, we're helping parents teach communication skills at a much earlier age." Erickson termed the development of projects such as Western's a "high priority" within the profession and said all students at Western's speech pathology and audiology program would benefit from the project.

"This course content relating to prevention will grow throughout the curriculum because of the project," he said. "This will be particularly true at the graduate level.

Erickson characterized the grant as the first given in the area of speech pathology and audiology profession by the Robert Wood Johnson Foundation, which is one of the largest philanthropic organizations in the country.

In addition to its grant to Western, the foundation is also assisting five research and diagnostic centers in the state to improve the competence of practicing physicians in dealing with communicative disorders in children.
On campus

HE'S A DRIVIN' MACHINE—By day, he's seen maneuvering a gargantuan garbage truck around campus. By night, he's also the sleek Corvette out of its parking place for the drive home from work. This driver of vehicles of all shapes and sizes is James L. Berro. He's been an equipment operator in the physical plant for 18 years and a Corvette collector for longer than that. Berro says his current 1980 model is his "seventh or eighth." He says he's become so accustomed to driving small cars over the years, that the transition from the truck to the 'vette each day really doesn't faze him. Berro says he likes his job in the Physical Plant Department because "you're by yourself and almost your own boss. I like being able to make my own decisions."

Interest in ethics results in new center at Western

Such national scandals as Watergate and Love Canal and such developments as heightened in medical technology have sparked renewed and increased interest in ethics—the analysis of what may be right or wrong in a given situation.

At Western, that interest has resulted in the establishment of the Center for the Study of Ethics in Society, the first such center at a public university in Michigan.

"One of the most striking developments in recent years in higher education is the renewed interest in ethics as an important area of academic concern," said Michael S. Pritchard, chairperson of philosophy and director of the center's executive committee. "Established officially in September, the center sponsors an ethics workshop in August to explore "common ground" within the university setting for establishing the center. Plenty was found, apparently, and a wide variety of activities already have been undertaken or planned.

Shirley Bach, science area, past chairperson of Western's Human Subjects In

Performance to feature letters of alumni

"Breaking the Seal," a unique performance by two WMU alumni, will be presented at 8:30 p.m. Monday, Nov. 11, in the 13324 Brown Hall.

The performance will be based on a forthcoming book of the same name by Elizabeth Kerlikowske, a 1979 graduate, and Teri L. Vazquez, a 1985 graduate. The book developed from their lively and performance, like the book and the letters

Translation expert to be Visiting Scholar

Marilyn Gaddis Rose, professor of comparative literature and director of the National Resource Center for Translation and Interpretation at the State University of New York at Binghamton, will speak at Western Monday and Tuesday, Nov. 11-12, as part of the Visiting Scholars Program.

Rose will present a lecture on translation, the teaching of translation and on translation in comparative literature. Rose will make three public presentations at Western.

Dybek wins $25,000 Whiting Writers’ Award

Stuart J. Dybek, English, is one of 10 writers named for the first recipients of $25,000 Whiting Writers’ Awards from the Whiting Foundation, a private philanthropic organization in New York.

The intention of the award is to reward "exceptionally promising emerging talen

Reception Friday to honor Perg Scholarship winners

This year's recipients of Theodores and Hazel Perg Scholarship will be honored at a reception at 3:30 p.m. Friday, Nov. 8, in the Fetter Center.

The recipients, all students at Western and the School of Education at Bronson Methodist Hospital, are Kristy M. Bradley, Linda M. Dowling, and Teri L. Vischer, all of Kalamazoo; Nancy S. Hentschel of Portage and Jolene A. Todd of Brady. The scholarships were established last year by the Thomas L. and Theodores Perg, of New York, in honor of friends and family of Kalamazoo.

Such numbers, as the Whiting Writers’ Award, is one of the largest ever given in the United States.

kye, also was named the winner of an O. Henry Award for literature. His work, "Hot, Hot," was published by Anchor/Doubleday in the anthology, "Prize Stories: O. Henry Awards.

A recipient of past fellowships from the Guggenheim Foundation for the Arts, Dybek also has won awards for works including his collection of short stories, "Childhood and Other Stories," published by Vik

Maier to conduct seminar

The second in a series of seminars and in- formal discussions on the theory and prac- tice of good teaching will be conducted at the University of Western Michigan Honors College, Hillside West. All faculty and staff members are invited to at- tend.

Paul L. Maier, history, will give a "Dharkanum and related dialects: their com- mon form of instruction will receive an un- usual interactive treatment by a master lecture.

The discussions are part of a larger series of activities on "Investigation and Learning," organized by the Office of Faculty Development, the Office of In- structional Development, the WMU Honors College and the Intellectual Skills Development Center. For more information, persons may call V. Jean Ramsey, faculty development, 3-1557.

Jamison elected to office

Frank R. Jamison, academic services and media services, has been named the national secretary of the National Feder- ation of Local College Program- mers (NCLCP).

Jamison, who also was re-elected to a two-year term on the federation's 23-member board, has been active in local cable matters for a number of years. He is a co-organizer of the Kalamazoo Citizens Committee to monitor cable service, and sat on the Citizens Advisory Committee for Cable TV for the City of Portage, a group that recently completed its review process.

In- ternationally, he served on the founding board of the NCLCP and is currently one of three individuals serving on the NCLCP board.

As a member of the national board for the federation, Jamison has worked with the Department of Management at Western to provide an analysis of the federation's membership and marketing plans. He also supervised the first com- plete publication of audience research conducted in Kalamazoo.

Dahlberg serves on U.N. panel

Kenneth A. Dahlberg, a political sci- ence, was one of two experts from the United States invited to serve on a special United Na- tions panel to dis- cuss "Science and Technology in Food Self-Sufficiency."

The panel, which also included ex- perts from Brazil, Nigeria, India, Poland, Germany, France, and the United Kingdom, met this fall at the Egyptian Academy of Research and Technology in Cairo.

Sponsored by the United Nations Center for Science and Technology, the panel is charged with developing strategic recommendations to help the people of world increase their food self-sufficiency. Its recommendations will be presented to

institutional Review Board, said, "When ethical issues are analyzed, we're asking, 'Given a certain situation, what could be con- sidered, what ought to be done?' That question was coined by Dr. Martin Ben- jamin, a Michigan State University phi- losopher.

The review board, now chaired by Prit- chard, is charged with examining ethical aspects of research at WMU involving human subjects. Back, a member of the executive committee of the ethics center.

The center, in the planning stages for two years, will help support individual and group research, help faculty members select course materials and even teaching modules in ethics, conduct University and community service for public pro- grams, and serve as a resource center for the dissemination of information. Col-

The faculty members on the advisory committee for the center are: James A. Akass, communication arts and sciences; and member of the center's executive committee; Maryanne Bynde, evaluation Center; Ralph C. Chandler, the executive committee; Robert W. Kaufman, political science; Joseph S. Ellis, philosophy; Robert W. Kauffman, political science; Philip H. Purcell, the public social work; Donald C. Kramer, sociology; E. Thomas Lawson, religion; Larry D. Ophfger, politics; James C. Kesterson, sociology; Lavern H. Stillwell, theatre; Roger L. Brown, management; and Franklin K. Wolfe, industrial engineering.

Dahlberg serves on U.N. panel

The center advisory committee early next year.

Dahlberg's previous work in this area includes the book, "Beyond the Green Revolution," his recently completed National Science Founda- tion-funded report on the Center for World Affairs and the National Humanities grant project on agricultural research priorities and international politics. He is currently a member of the advisory panel for the Office of Technology Assessment's study on "Technologies to Maintain Biological Diversity."

Red Cross honors Klanner

Waldamar Klanner, emeritus, has received the Outstanding Achievement Award from Kalamazoo County Red Cross Safety Services.

Klanner's efforts led to the establishment of a local Vial of Life program for vehicle glove compartments.
Nominations sought for faculty scholar awards

Nominations for the 1986 Distinguished Faculty Scholar Awards are being sought by the University Distinguished Faculty Scholar Committee. The deadline for nominations is Monday, Jan. 13. All current, continuing Board-appointed persons with faculty rank and at least five academic years of service at the University are eligible for the awards, including part-time faculty individually may receive the award more than once. Award winners will be announced in the fall issue of the Western News and will receive plaques and $2,000 stipends. Recipients will be invited to present a lecture, exhibit, or perform.

Castel colloquium is Nov. 12

Albert Castel, history, will present his Distinguished Faculty Scholar Colloquium at 4 p.m. Tuesday, Nov. 12, in the Brown and Gold Room of the Bernhard Student Center.

He will speak on "The Confessions of a Christian Skeptic," preceded by a reception at 3:30 p.m. and will be broadcast live by WMUK-FM (102.1). Jobs

This listing below is currently being posted by the University personnel department for full-time or part-time University employees. Applicants should submit a job application to the personnel department during the posting period.

(1) (S-01) Custodian (1 position), M-2, Custodian, 85-700, 11/5-11/11/85.

(1) Groundsperson/Labourer (1 position), M-2, Physical Plant, 85-542, 11/3-11/13/85.

(1) Secretary II (retape), 5-06, Div. of Communications, Grand Rapids, 85-466, 11/13-11/15/85.

(1) New Position (Replacement), WMU is an EEO/AA employer.

Obituaries

Florence Barrett Thompson, believed to have been the oldest living graduate of WMU, died Oct. 22 in the Barton Acute Care Center in Okla. She was 102. A long-time resident of Pine River, she had received her teaching certificate from Western in 1909.

Esther D. Schroeder, a member faculty at Western from 1946-68, died Nov. 2 in Tucson, Ariz. She was 82. Schroeder taught several areas of Education where her primary interest was in the elementary field.

Grace I. Gish, a faculty member at WMU, died Oct. 21 in Fresno, Calif. She was 86. Gish taught mathematics and science in the school system.

Media

Christine Ferreira, Graduate College, English and humanities, discusses female postgraduate education for young women on "Focus," a five-minute radio program produced by the Office of University Communications.

This week’s "Focus" is scheduled to air Saturday, Nov. 9, at 6:10 a.m. on WKPR-AM (1420).

Senate

The Undergraduate Studies Council of the Faculty Senate will meet at 3 p.m. Tuesday, Nov. 12, in Conference Room A of Seiber Administration Building. Agenda items include a review of the University General Education Curriculum moratorium on general education courses.

Campus beautification efforts recognized

The Board of Trustees approved a resolution Sept. 20 recognizing "the special and highly successful efforts of many members of the University community" to make the campus more attractive.

The Board of Trustees expresses its deep appreciation for this beautification of our campus," the resolution stated. More than 20,000 flowers were planted on Western's campus this past spring and fall by members of the University. The beautification project was an outgrowth of Campus Beautification Effort.

- Involved in Teaching and Learning seminar and informal discussion, "Discourses on the Lecture," Paul Maitre, history, Hillside West, 2 p.m.
- Computer science colloquium, "Introduction to Artificial Intelligence," Rick Dukes, Synchrodon, Inc., 3550 Danhar Hall, 4 p.m.
- Movie, "Face to Face," 2750 Knau's Hall, 4:15 and 8 p.m.
- Concert, Gold Company, Dalton Center Recital Hall, 8 p.m.
- *Approval charged.

**Bronco sports events to be teletcast**
- A total of 16 home Bronco athletic events in four sports will be teletcast either on a live or tape-delayed basis through the end of the basketball season:
- Participation in the teletcasts will be WUH-Q TV, channel 41; WMX-TV, channel 17; the Pro-Am Sports System (PASS) and the Mid-American Conference basketball network.
- The schedule, including sport, date, opponent, and broadcast information is:
- **Hockey** — Sunday, Nov. 7, Canadian National Team, PASS; Friday, Nov. 12, Miami, WUH-Q TV, tape-delayed; Sunday, Dec. 1, Ferris State, PASS; live: Friday, Dec. 6, Michigan, PASS; live: Sunday, Jan. 5, Michigan State, WMX-TV; live.

**Traineeships in Scandinavia available for students**
- The American-Scandinavian Foundation is offering paid traineeship opportunities in Denmark, Finland, Norway and Sweden for American students in technical fields.
- Students majoring in engineering, chemistry, food technology, forestry and geology may apply for job openings in paper mills, laboratories, construction sites, computer operations and more.
- Applicants must be full-time students with at least junior status and a 2.5 grade point average. Knowledge of a Scandinavian language is not required. For more information, please contact Edna Kawraskas, foreign study office, 2112 24, Arizona State, WMX-TV, live; Friday, Nov. 29, Notre Dame, WUH-Q TV, tape-delayed.
- **Men's basketball** — Monday, Nov. 25, Oakland, PASS; live: Saturday, Dec. 7, Valparaiso, WUH-Q TV, live; Thursday, Jan. 2, Central Michigan, WMX-TV, live; Wednesday, Jan. 8, Eastern Michigan, PASS; live; Saturday, Feb. 6, Toledo, WMX-TV, live; Sunday, Feb. 14, Kent State, PASS; live and Sunday, Feb. 22, Miami, Mid-American Conference basketball network, live.
- **Tuition subsidy applications due Nov. 15**
- The deadline for faculty members to apply for a tuition subsidy is Friday, Nov. 15. The tuition subsidy program of the Office of Faculty Development supplements the regular benefits policy of the University by paying the remaining 25 percent of the tuition for six credit hours taken by faculty for professional development purposes. Tuition subsidy also is available to faculty members taking graduate courses at other institutions. Persons may obtain applications and guidelines by writing to the Office of Faculty Development, 3-1357.

**THE DAY AFTER THE FOURTH—Lanford Wilson’s play, "The Fifth of July," will be presented at the University Theatre at 8 each evening through Saturday, Nov. 9, and at 2 p.m. Sunday, Nov. 10, in Shaw Theatre. The play deals with a group of friends who came of age in the 1960s, separated as the decade drew to a close and now gather for a reunion at an old farmhouse in Missouri. Performing roles are, from left, Jamie L. Mayhew, a senior from Lansing, as Aunt Sally; Lee Levy, a senior from Kalamazoo, as Shirley; Ray Slater, a part-time theatre student from Portage, as Kenneth Talley Jr.; and J. T. Miller, a senior from South Haven, as Jed Jenkins. The production is being directed by David P. Karsten, theatre. It will be WMU's entry in the 18th annual American College Theatre Festival. Persons may obtain ticket information by calling 3-0933.
- "Some Theatre --The Case of Nigeria," Dick Aitkens, sociology, 210 Bernhard Student Center, noon.
