Three possible sites named for business building

Three possible sites have been identified for the University's new $12.1 million College of Business building approved in January by the Legislature and Gov. Blanche. The sites all are within the 1971 Campus Master Plan designation for the location of academic buildings.

The possible sites are:
- North of the Fetzer Center and east of the Health Center.
- The parking lot that faces the Fetzer Center.
- On Steers Avenue across Marion Avenue from Rood Hall and Everett Tower.

The sites were presented to the Business and Finance Committee of the Board of Trustees March 14 as an information item by Robert M. Beam, vice president for finance.

Beam also presented an eight-step site selection plan mandated by President Haenicke to insure broad campus participation in the selection process. The selection process includes the presentation of proposals to and discussion with several campus groups. They include the dean and chairpersons in the college; faculty, staff and students in the college; the Campus Planning Council subcommittee on the project; and the council itself.

An administrative review of a site selection recommendation will follow and then a recommendation will be made to the Board of Trustees, beginning with a recommendation to the Board's Budget and Finance Committee. Beam said he expects a recommendation to be made to the Board in May or June.

Meanwhile, the committee was told, an elaborate procedure prescribed by the state for the selection of an architect has been initiated. The procedure could take four months. A committee on the project appointed by Beam and Dean Darrell G. Jones, business, will recommend three finalists to the Board, which will make a recommendation to the state Office of Management and Budget. That office will make the final decision.

Members of the project committee are Nicholas C. Batch, finance and commercial law; Andrew A. Brougowicz, marketing; Thomas A. Carey, management; Thomas M. Clark, associate vice president for operations; Earl E. Halvas, business information systems; and William Welke, chairperson of accounting. Ex officio members are Larry K. Adams, planning and engineering; Michele M. Moe, academic advising; College of Business; and Pamela S. Rooney, assistant dean of the College of Business.

Construction, which is expected to take 10 months, could begin as early as the spring of 1987. Beam said. More than 50 firms have expressed interest in the project. The building, with 100,000 square feet, is expected to be a multi-story facility. The state has appropriated $325,000 for the project this year for planning and designing the building by an architect.

A "capstone" gift of $130,000 from Battle Creek philanthropist Beulah Kendall has successfully completed the capital campaign for the $2.8 million Printing Management and Research Center in the College of Engineering and Applied Sciences.

"This capstone gift, for which we are truly grateful, successfully completes one of the most effective capital campaigns I have seen," said President Haenicke. "The partnership formed by leaders of the printing industry, state government and dedicated individuals like Mrs. Kendall will enable Western to contribute to the University through the completed center to the economic development and progress of an important industry in Michigan.

"The center is a joint project with the printing industry designed to meet not only the vital need for undergraduate and continuing education but also the critical research needs of the industry," said Dean James B. Matthews, engineering and applied sciences.

"It will become a national and regional resource for printing management and marketing, serving not only the printing industry but the vast packaging and publishing industries as well, further strengthening our region's economy," Matthews said.

The center will make Western's program in printing management and marketing one of the top three in the country. With a paper pilot press already in place, the center will be the only institution in the world that has both printing and paper pilot plants for testing new materials and techniques.

The campaign has been conducted under the leadership of a 19-member advisory committee headed by Homer C. (Scrap) Cox III, general manager of the Container and Container Division of the General Foods Corp. in Battle Creek and Charles (Chuck) Thompson, vice president of national accounts of the Sun Chemical Corp. in Naples, Ill.

The efforts of Cox and Thompson were recognized by the Board of Trustees at its March 14 meeting.

"On behalf of the industry advisory committee, I want to say how pleased we are to have reached our goal," said Cox, who was present at the meeting. "This will be a marvelous facility.

"We expect to continue our very positive and supportive relationship with the printing industry that this center will serve," he said. "I envy the students who will be entering the program in the future."

"The Printing Management and Research Center represents a giant step forward for our program in printing management and marketing," said Arvin D. Byler, paper and printing science and engineering. "It takes what has been a teaching curriculum and widens its scope to include research and service to the industry and the region.

Kendall is the owner of Kendall Industrial Supplies Inc., which is headquartered in Battle Creek with offices in Benton Harbor and Kalamazoo. A member of the WMU President's Club of major donors, Kendall has supported Western's prestigious $200,000 Medallion Scholarships for academic achievement. In addition, he has supported the Big Park Zoo in Battle Creek.

The Kendall gift brings to $890,000 including interest the total given or pledged by individuals, foundations and the printing industry to the campaign, exceeding the goal by $90,000. The total could reach $1 million by April. In addition, in-kind contributions will be made to the project thi year for planning and design.

"Spring Into Wellness" with a trip to the fair

Mark Wednesday, March 26, on your calendar. It will be a day of free fun, fitness, films and prizes as the University community joins together to assess personal health and lifestyle at Western's first "Spring Into Wellness" fair.

It will run from 10 a.m. to 5 p.m. in the Bernhard Student Center. There will be a variety of health assessment opportunity, including vision testing; computerized nutritional assessment; lung volume assessment; fitness testing for strength, flexibility and body fat composition; osteoporosis assessment; and the leader hip of a joint questionnaire; dental assessment; and blood pressure and immunization evaluation.

"Western is the most important asset," says Christine G. Zimmer, University wellness program. "The growing national priority is toward prevention, health promotion, risk reduction and helping people learn to take care of themselves to enhance their health."

To make the event a University priority, Stanley W. Kelby, employee relations and personnel is urging supervisors to arrange work duties so that employees who wish to attend the fair may do so for about an hour.

The fair is the result of joint efforts of the University Wellness Committee, the University Health Center wellness programs for students, the Zest for Life employee wellness program, the Residence Hall Association and the Eicher/Eveve wellne hall.

Broncos to play Harvard

The Bronco hockey team will travel to Cambridge, Mass., Friday and Saturday, March 21-22, to play Harvard University in the quarterfinal round of the National Collegiate Athletic Association championship tournament. The Broncos are seeded as the No. 3 West team while Harvard is the No. 2 East team. The games will begin at 7:30 p.m. both evenings, and will be broadcast live on WKMJ-AM (1360). The winner of the total-goal series will advance to final four action of the tournament Thursday and Friday, March 27-28, in Providence, R.I.

Contstruction to begin this spring
Kendall gift of $130,000 "caps" campaign for center

Kendall's gift of $130,000, will "cap" the campaign for the Printing Management and Research Center at Western.

The center will make Western's program in printing management and marketing one of the top three in the country. With a paper pilot press already in place, the center will be the only institution in the world that has both printing and paper pilot plants for testing new materials and techniques.

The campaign has been conducted under the leadership of a 19-member advisory committee headed by Homer C. (Scrap) Cox III, general manager of the Container and Container Division of the General Foods Corp. in Battle Creek and Charles (Chuck) Thompson, vice president of national accounts of the Sun Chemical Corp. in Naples, Ill.

The efforts of Cox and Thompson were recognized by the Board of Trustees at its March 14 meeting.

"On behalf of the industry advisory committee, I want to say how pleased we are to have reached our goal," said Cox, who was present at the meeting. "This will be a marvelous facility.

"We expect to continue our very positive and supportive relationship with the printing industry that this center will serve," he said. "I envy the students who will be entering the program in the future."

"The Printing Management and Research Center represents a giant step forward for our program in printing management and marketing," said Arvin D. Byler, paper and printing science and engineering. "It takes what has been a teaching curriculum and widens its scope to include research and service to the industry and the region.

Kendall is the owner of Kendall Industrial Supplies Inc., which is headquartered in Battle Creek with offices in Benton Harbor and Kalamazoo. A member of the WMU President's Club of major donors, Kendall has supported Western's prestigious $200,000 Medallion Scholarships for academic achievement. In addition, he has supported the Big Park Zoo in Battle Creek.

The Kendall gift brings to $890,000 including interest the total given or pledged by individuals, foundations and the printing industry to the campaign, exceeding the goal by $90,000. The total could reach $1 million by April. In addition, in-kind contributions will be made to the project this year for planning and design.

1,200 expected for 'Meet WMU Night'

More than 1,200 prospective and admitted students and their parents are expected to participate in "Meet WMU Night" from 7:30 to 10 p.m. Friday, March 21, in Miller Auditorium.

"Meet WMU Night" is one of the most popular events sponsored by the Office of Admissions," said Danny E. Sledge, admissions, who is coordinator of the annual event.

The event is open to all high school and non-WMU college students and their parents who are interested in finding out more about Western. "Special presentations will focus on housing and financial aid, the two most important areas of interest for new students," Sledge said.

Most of the University's colleges, schools and departments will have representatives available to talk with visitors, Sledge continued. Orientation and academic advising also will be represented.

"Western is committed to the personal and professional success of its students," Sledge said. "Meet WMU Night" is one of the first important steps a student can take to achieve success at Western.

The evening begins at 7 p.m. with informal entertainment by Western's Music Theatre Company, a donora donation of the Department of Theatre. A general session begins at 7:30 p.m. in the auditorium. It includes an official welcome as well as presentations on housing and financial aid.

Guests then can visit informally with campus representatives in the auditorium's first- and second-floor lobbies between 8:30 and 10 p.m.
Board issues statement on academic freedom

In a statement read by its chairperson, Fred W. Adams of Grosse Pointe, the Board of Trustees Michigan State University "expressed its serious concern" over threats to academic freedom posed by such groups as "Academic In Academia." The group, related to "Academic in Academia," has proposed to hold lectures by faculty members across the country be monitored for "accuracy" using student and faculty citizens, so that the Board would report to the group. The statement was a response to a re-quest by Mary C. Cain, education and professional development and president of the Western chapter of the American Association of University Professors, for a statement by the Board on the duty of faculty members’ "right responsibly to teach" as they know it.

"The fundamental strength of American colleges and universities is rooted in their commitment to the free pursuit and sharing of truth by competent, responsible faculty members," the Board stated. "Nothing could further undermine that strength than the monitoring of teachers and materials in a zealous search for presumed 'inac-curacies' of ideas and opinions, as defined by the orthodoxies of that organization or any other."

Cain said she requested a Board statement even though "the chapter's executive committee believes that Western Michigan University is secure in its constitutional and contrac-tual right to academic freedom."

The Board’s statement on academic freedom continued, "Freedom, diversity, and exchange are essential qualities of a healthy university, and they cannot flourish in an atmosphere of intimidation and suppression. History has shown very clearly that the surest defense against the growth of an atmosphere of intimidation, suppression, but, instead, the expression of better, sounder ideas."

"The University of Michigan will rely, as it always has, on a qualified, ingenuous, and independent faculty, and a classroom environment which encourages questions, argument and a respectful exchange between faculty and students. That reliance has served us well throughout our history, and we are confident that it will continue to do so."

Philosopher to be visiting scholar

John Searle, professor of philosophy at the University of California at Berkeley, will make three presentations at Western Michigan University. The talks are scheduled to be part of the Visiting Scholar’s Program.

Searle, who holds a chair in philosophy, is also a member of the American Academy of Arts and Sciences. The Visiting Scholar’s Program was established in 1960 and has provided more than 100 teachers with opportunities to represent their disciplines.

Searle’s visits are being coordinated by Michael S. Pritchard, chairperson of philosophy. The Visiting Scholar’s Committee is chaired by James D. Crisp and students in education and professional development.

Board meeting dates set

The Board of Trustees met on Friday, March 22, and approved a schedule of regular meeting dates for the remainder of 1986. Most meetings will be on the third Friday of the month. Chauncey J. Brown, secretary to the Board and vice president for University Relations, noted that no meeting is scheduled for July and detailed a list of the dates to be on the fourth Friday to coincide with college breaks.

Here are the dates of the meetings: April 25, May 16, June 20, July 18, Sept. 19, Oct., Nov., Dec.

The meetings are scheduled to begin at 9:30 a.m. and are open to the public.

Contributions sought for Kana’an scholarship

The Department of Chemistry is soliciting contributions to establish a Scholarship Fund for the Kana’an Scholarship. The Kana’an Scholarship, in honor of the late Dr. K. S. Kana’an, who died this past January.

A faculty member in the department for 20 years, Kana’an was known as an outstanding researcher in high temperature chemistry, thermodynamics, and spectroscopy. In recognition of high achievement in chemistry, the department will award a memorial one-time prize to an outstanding upper level undergraduate chemistry major each year. The fund will also include proficiency in physical chemistry.

For more information, please send a contribution to the Department of Chemistry at 3-1737.

Applications available for Denefeld award

The Department of Political Science is accepting applications for the Mark Denefeld Memorial Endowed Scholarship. The Scholarship is available to entering freshmen for the 1986-87 academic year.

The award is open to students entering their senior year who are pursuing a declared major in the Department of Political Science. This includes persons who are majoring in public administration.

Applications must be submitted by April 1, 1986. They are available from the Office of Alumni Relations, 3-610.
The Board of Trustees March 14 approved amendments to the constitution of the Faculty Senate, addressed the Senate’s areas of responsibility, and set new meeting dates. The amendments were developed by the Senate Committee, adopted by the Board of Trustees in October 1985, and were the subject of a memorandum to all faculty, heard by the Senate Executive Committee, and approved by President Haeckle approved them in January for submission to the Board of Trustees this month.

### Board approves new grievance procedure

The Board of Trustees March 14 approved a new grievance procedure for all non-bargaining-unit employees for immediate promulgation by the administration, replacing former procedures. All forms of grievances of non-bargaining-unit employees, including discrimination and sexual harassment, will be handled under the new procedure. Representatives of the Clerical-Technical Organization, the Administrative Professional Association and public safety employees were conferred with in the development of the procedure.

### Board okays changes in Senate constitution

The Board of Trustees March 14 approved amendments to the Senate constitution for student structure of amendments to academic screening committee. They and educational light University. The changes are being made at the request of the Senate, were approved by the Board of Trustees, and are scheduled for board for a total of $2,627 for winter and $1,581 for summer, for a total of $4,218 for the two semesters.

### Increase in room and board rates tabled

A recommendation to increase room and board rates by 4 percent was tabled by the Board of Trustees, which is scheduled for a vote until its April 25 meeting to allow time for student comment.

**Media**

“The Malpractice Mess” will be the subject of a special “Newsview” program at 8 p.m. Tuesday, March 25, on WMUK-FM (102.1). Discussion of the topic will be led by director Tony Griffin will be State Rep. Mary Brown, who is a member of the House Insurance Committee; Raymond D. Swann of Kalamazoo, a physician who has been involved in some risk obstetrics; and Ford, an attorney from Kalamazoo; and Victor Adams, an insurance vice president of the Physician's Insurance Co. of Michigan. Listeners call will be welcome after the program.

### Board approves new grievance procedure

The Board of Trustees March 14 approved a new grievance procedure for all non-bargaining-unit employees for immediate promulgation by the administration, replacing former procedures. All forms of grievances of non-bargaining-unit employees, including discrimination and sexual harassment, will be handled under the new procedure. Representatives of the Clerical-Technical Organization, the Administrative Professional Association and public safety employees were conferred with in the development of the procedure.

### Personal

WMU introduces new Personal Benefits Statement

All fringe benefit eligible employees will soon be receiving a new informational Personal Benefits Statement. This document will spell out in layperson's terms the various components of the employee's benefits plan as they apply to each employee. The statement will provide the dollar value of current benefits, based on the person's present age, pay rate and eligibility for various benefit plans. The major plans described in the statement are: hospital-medicai; disability benefits; life, supplemental life and travel insurance; estimated WMU retirement benefits; and estimated Social Security benefits.

Many employee benefits provided by the University are not described on the个人 Benefits Statement, such as workers compensation or long-term disability benefits. The statement also includes with personal financial planning by supplying information that will enable persons to judge if additional insurance are needed to supplement the coverage provided by the University. The estimated retirement and Social Security benefits as stated on the statement are based on the University's actuarial projection of the employee's earning history.

In related action, the Board approved the continued establishment of a $25 per semester and $12.50 per semester in residence halls and $5 per semester in Greek living. The rates are unchanged.

### Gymnastics to compete here

Read Fieldhouse will be the site of the Mid-American Conference women's gymnastics championships beginning Saturday, March 22. Western will be among the teams competing for the title, and the event is free and available at the athletic ticket office, 3:170.

### Bafna elected to post

Kabish Bafna, industrial engineering, has been elected chairperson of programs and activities for the College Indonesia Council on Material Handling Education. The council is supported by the Material Handling Industry of Inc., a trade association of manufacturers and suppliers of material handling equipment, related products, systems and services.

### BROWN SCHOLARSHIP—Members of the Western Brass Quintet surround Russel W. Brown, center, a founding member of the group, after his last public recital Feb. 26. A $250,000 scholarship in honor of Mr. Brown was established as the School of Music was announced at the recital by Donald P. Bolluck, director of the school. The program will provide for five scholarships, each with a value of $20,800 over four years, for talented brass students. Brown is to retire June 30 after 35 years as a faculty member here. The program, established by an anonymous donor, begins in the fall of 1986 and the Brown Honors Brass Quintet will be established in the fall of 1987. With him are, from left, Bolluck and Stephen Jones, trumpet; Johnny Paeba, French horn; and Robert Whaley, tuba.

### Jobs

The listing below is currently being posted by the University employment office. Interested regular full-time or part-time employees are encouraged to apply to positions that are currently listed. Interested Western employees are encouraged to apply to positions that are currently listed.

- S-01 and S-02 clerical positions are not required to be posted. Interested University employees are encouraged to apply to positions that are currently listed.
- S-01 and S-02 clerical positions are not required to be posted. Interested University employees are encouraged to apply to positions that are currently listed.

Film, "The Weavers: Wasn't That a Time!," 2750 Knauss Hall, 4:15-5 p.m.
Workshop, "Farm Families: A Time of Transition—Farmers and the Law," Robert Wardop, bankruptcy attorney, and Ronald Baylor, liability and litigation attorney, Miller, Canfield, Paddock and Stone, Fetzer Center, 7-9 p.m.
*Film, "The Weavers: Wasn't That a Time!," 2750 Knauss Hall, 4:15-5 p.m.
*Workshop, "Farm Families: A Time of Transition—Farmers and the Law," Robert Wardop, bankruptcy attorney, and Ronald Baylor, liability and litigation attorney, Miller, Canfield, Paddock and Stone, Fetzer Center, 7-9 p.m.
*Film, "The Weavers: Wasn't That a Time!," 2750 Knauss Hall, 4:15-5 p.m.

Vocal festivals here today, Saturday

Two vocal music festivals will be conducted on campus this week, both featuring events that are open to the community.

The 48th annual Southwestern Michigan Vocal Festival, presented each year in cooperation with the School of Music, will take place Thursday, March 20. The 1,200-voice festival chorus, composed of students from 29 Michigan high schools, will give a free public performance at 7 that evening in Miller Auditorium.

The sixth annual Gold Company Invitational Vocal Jazz Festival is scheduled for Saturday, March 22, in the Dalton Center Recital Hall. The all-day event, which also is presented by the School of Music, will feature performance by 21 high school, junior college, and university groups from seven states.

The event will conclude with an 8 p.m. concert by Western's Gold Company in the Dalton Center Recital Hall. Tickets for the daytime events are $3, while tickets for the evening events are $5. Both will be on sale at the door.

Printing center

(Continued from page 1)
gifts of equipment valued at $700,000 have been or will be received from the industry.

State support of the center totals $1.3 million, of which $900,000 already has been appropriated. The remaining $400,000 is expected to be appropriated by the Legislature in the next fiscal year. The center will be a part of the newly renamed Department of Paper and Printing Science and Engineering. The campaign began in September 1983.

The center will be located in expanded and renovated facilities named for the late Elmer Kalamazoo and a WMU alumnus at the corner of West Michigan and Buckout Street. The structure is now occupied by central stores. Construction is expected to be completed by 1985.
