Special on-campus showings of videotapes made of the public forums for each of the three finalists for the presidency of Western Michigan University will be scheduled for next week. Persons also may arrange individual showings through Media Services.

The showings are part of an effort by the Board of Trustees to encourage participation in the search process by all members of the University community. "We want as much feedback as possible," said Trustee Charles H. Hirose, chairperson of the presidential search committee.

The public forums will be shown at 3 p.m. on designated dates on Channel 9 in three campus locations: the Student Center lounge; 2303 Squires Hall; and G-130 Waldo lounge. The finals and showing dates are:
- George E. Ayers, president of Chicago State University, Monday, April 22; and Carol C. Hart, vice president for administration at Ohio University, Tuesday, April 23; and
- Dietter H. Hoenicke, vice president and provost of Ohio State University, Wednesday, April 24. In these showings, both the 15- to 20-minute presentations by the candidates on issues facing higher education in the next 10 years and the subsequent question-and-answer sessions may be viewed.

In addition, the 15- to 20-minute presentation segments will be combined into a single tape for viewing at 3 p.m. Thursday, April 25, on Channel 9 in the same locations. The approximately one-hour tape will be played, then immediately re-played a second time. The showings may be seen on any campus set. To arrange an individual showing, persons may call Betty Foucher in Media Services at 3-4927.

The Career Opportunities for Women conference is Friday
The Career Opportunities for Women conference is Friday, April 19, in the Student Center. Titled "The Challenge of Change," the conference aims to further the personal and professional development of women at Western.

Applications due for new program
Applications are due Wednesday, May 15, for the 1985-86 Administrative Associates Program, according to V. Jean Ramsey, faculty development and coordinator of the program.

The program is designed to increase the number of qualified individuals holding administration positions at Western. Its objective is to provide an opportunity for qualified individuals, especially women and minorities, to work as administrative associates with senior management personnel of the University.

The program is a merger of the former Administration and Management Associates programs. "The merger will provide increased flexibility for both programs," said Ramsey.

All full-time regular status faculty and staff are eligible to apply. Applicants must have been employed at Western for at least three consecutive years. The goal is to have at least three faculty and three staff associates selected each year.

Administrative associates will work closely with the coordinator and a program committee to design an administrative experience that will fit their skills, interests and goals. Some options will include a traditional, in-house internship experience, a professional growth plan or a temporary assistant vice president position.

Associates will serve for a variable period of up to one year. Percentage of time spent in the associate position is also flexible, ranging from half-time for one semester to full-time for a second semester.

Applications are available in deans' offices, the Personnel Department, Waldo Library and all branch libraries. The selection process will be completed by Monday, July 1. The program is directed by a committee appointed by President Bernard and consisting of: Thomas E. Coyne, vice president for student services; Robert H. Luscombe, fine arts, made a successful bid to bring the 1985-86 Festivals to Western. The festival will be the culmination of a year-long search for the finest artistic talent in Michigan. Jane Bass and Eugene Mills, both dance, are serving as coordinators for the 1985 MYAF.
WINNING WRITERS—Winners in the Whitney Young Scholars Competition were honored at the 14th annual Whitney Young Scholars Awards Program last month. The competition encourages graduate and upper-level minority students to write proposals and essays related to social problems. Competition winners were Elise Rice, senior, second from left, a graduate student from Panama City, Panama, and Donna C. Richardson, second from right, a senior from Chicago. The winners were congratulated by Deloris J. Phillips, left, and Philip H. Kramer, right, both social work. The program was established in 1971 as a memorial to Whitney Moore Young Jr., an internationally-known social worker who died that year.

Commemoration date changed

Students planning to graduate after spring or summer sessions this year should mark their calendars for Saturday, Aug. 24, rather than Friday, Aug. 22.

The commemoration date has been changed from Friday to Saturday so that exercises may be conducted in Miller Auditorium instead of Waldo Stadium. "Miller Auditorium provides a nicer environment for a commemoration," said Dennis Boyle, registrar. "It's more convenient and we don't have to worry about poor weather conditions."

Candidates will graduate by college in one of two ceremonies scheduled for 10 a.m. and 1 p.m.

Stech to deliver Brown lecture

Ernest L. Stech, communication arts and sciences, will deliver the 1985 address for the Charles T. Brown Lecture Series at 3 p.m. Thursday, April 18, in 3029 Friedmann Hall.

Stech will speak on "Communication, Leadership and the Creation of Reality" in a talk that is open to the public free of charge.

The Charles T. Brown Lecture Series was created in 1984 in honor of the contributions made by Brown, professor emeritus of communication arts and sciences.

Service

These faculty and staff members are recognized for five, 10, 15 and 20 years of service to the university in April.

20 years — Elise M. Kinsey, residence hall custodial; Keith D. Manion, paper science and engineering; Sandra A. Khan, international student services; Darle F. Killingsworth, food services; Roger K. Mills, electrical shop; and Nancey E. Struck, research and sponsored programs.

15 years — Jeannette E. Fisher, archives.

10 years — Victoria Y. Blackmon, personnel.

5 years — Joyce N. Bail, food services; Judy K. Dinda, residence hall custodial; Doris T. Fitch, paper science and engineering; Sandra A. Khan, international student services; Darle F. Killingsworth, food services; Roger K. Mills, electrical shop; and Nancey E. Struck, research and sponsored programs.

Exchange

WANTED—12-volt automobile battery. Call 372-3731 or 3-1745.

Briefs

Representatives of the Academic Computer Center, the College of Engineering and Applied Sciences and the Department of Computer Science will participate in the 1985 Michigan Technology Fair Saturday and Sunday, April 20 and 21, in Ann Arbor.
